Will your father say that?????

Will your father accept a Covid-19 Dictator that will cause civil war and violence with the local governments over forced vaccinations?

Will your father accept corrupt Federal Judges that ignore evidence, ignore witnesses, always say the U.S. Attorney Assistant is always right when nobody is always right?

We have a Constitution because we do not have a Government of angels. There is good and bad people in our Government. We do not accept fraud or corruption. Even Brian's Probation Officer understands how corrupt that Federal Judge is, that was why he wanted a change of jurisdiction.

Question is will your father accept fraud and corruption when he said Drain the Swamp?

Will you accept a world of fraud, deceit, evidence destruction, and corruption by a corrupt Federal Court?

Brian can easily be granted a full pardon and this judicial corruption ends. Brian can't be wrong about every damn motion that he files. Do you seriously think that Eric Trump????????????? Do you just take the world of a corrupt Federal Judge that ignored case law, and refuses to have any evidentiary hearings even over Brian's claim of actual innocence, they won't give him discovery and refuse to even appoint him an attorney for that process which is guaranteed by the U.S. Supreme Court for actual innocence claims?

Brian is sending evidence to The White House each and every week with new evidence coming. Brian has every right to prove his innocence and shouldn't be stonewalled by a SKULL AND BONES 322 New World Order appointed Federal Judge. Even the Bush family doesn't like your father and your gonna stick up for a corrupt dictatorial Federal Judge that was appointed by a Skull and Bones secret society President George W. Bush???

I thought you were better than that Eric Trump or maybe your not in the know. Maybe you know nothing of what is really going on here. Brian doesn't need your approval. He may be blocked from phone calling White House phone numbers without a reason but he can still mail very important evidence to them. Trump is Brian's only hope and you know it!!!! He went from alternative media to becoming a loser and everyone turning his back on him and Alex Jones was the first traitor like Peter of the Catholic Church who denied Jesus Christ three times. Alex Jones betrayed Brian like Peter and Judas betrayed Jesus. Because of that he got a crappy court appointed lawyer who refused to even disclose all discovery material and he was never allowed to actually read it all until after he falsely plead guilty like General Michael Thomas Flynn.

If you can't stand by the truth of Brian D. Hill, Brian's truth, Brian's story, then Brian will go somewhere else until he receives acquittal or pardon.

Your father was falsely accused of being a pedophile, a rapist, and other bad things like women peeing on a mattress for Trump in PeePeeGate. Are you gonna tell me that you refuse to believe Brian's story but accept that your father is as innocent as a newborn babe and never did anything wrong but refuse to investigate all the errors and corruption documented in a Federal Case that doesn't happen too often except those who resist the Deep State Swamp during the Obama Administration.

re you in the know Eric Trump or do you just pretend that you are in the know????

Does Alex Jones spoonfeed you what you need to know and you just go along with it? Are you a puppet of Alex Jones to be spoonfed that he some sort of messiah that is the "Tip of the Spear" who fights the New World Order while everyone underneath him are losers that are worth nothing and are nothing? Is Brian a loser? Is Brian a shield hero?

All Brian has ever been doing now is being on the defensive while they keep attacking him. He is never given the right to prove his innocence, he is given no right except to be a loser because he doesn't have the corporate media in the palm of his hand. Even his dad managed to get him local press coverage for Righthaven LLC but Brian is basically unable to influence anything except with the truth and asking people to investigate.

He has written the FBI and DOJ many times and faxed them many times and they refuse to even talk to him. One FBI Agent did manage to speak with him and then his boss told him to stop talking to Brian.

Do you declare Brian a loser too just like Alex Jones and Dan Johnson and all others who have turned their backs on him when his luck was down the tubes like in a Casino?

Is Brian a loser when all he ever wanted was a fair trial and a good lawyer to prove his case but was never given such because he wasn't a political puppet child molester like Joe Biden? Is Brian a loser because he doesn't sacrifice birds and doesn't worship Lucifer? Is Brian a loser because he doesn't have the money for a good lawyer? Is Brian a loser because he operated USWGO Alternative News without getting Alex Jones's permission and become Alex Jones's servant? Is Brian a loser because he let himself be hacked by computer hackers and let himself be ruined and threatened? Is Brian a loser because he pissed off corrupt State Senator Philip Edward Berger when Brian was not registered under any political party and remained neutral? Is Brian a loser because you think it so?

We have a Republic, a Constitutional Government for a reason. Do you even believe so Eric??????

While you contemplate on the questions, this email is also sent to Eric Clark, Stella and Kenneth Forinash, and Roberta Hill. They can give their input on why it is wrong what is happening to Brian D. Hill. He is not a pedophile and you know it Eric Trump. Your father was accused of that, Brett Kavanaugh was falsely accused of that. Should you believe the falsehoods against Brian D. Hill because he doesn't have the money for a team of lawyers like your father had then maybe Trump is a pedophile and it is not defamation to call him one. Since you want to believe that Brian is guilty and is a loser, then your father is guilty of pedophilia and is a loser too. If that makes you mad what I just said about your father to you then try to understand who Brian D. Hill is. I don't like to play games here, I only want results. I want justice, I want liberty, Constitution following, a free country. We have none of that right now under the Deep State Swamp. Does your father have what it takes to end the CORRUPT CIA Deep State people and then Brian can finally achieve justice and truth that he is innocent of possession of child pornography. If you find out that he has no victims, no victims at all are in his Federal Case, the download dates are 11 months after his computer was seized. Never refuted, the forensic report destroyed by the Government and they admitted to it in his FOIA lawsuit. Maybe General Flynn is guilty too and deserves all suffering that he may get, maybe Roger Stone deserves to still be harshly sentenced. I hate to be cruel to you but cruelty is the way of this world. It is wise to know that there is duality here. This is a world of conflict, we are in the age of conflict according to the Hindu. We are now in the age of conflict. The Christians call it "Armageddon". The Mayans calendar ended in 2012.

Understand that we cannot allow Brian D. Hill to remain a loser while they look down upon him to build themselves up like with the Shield Hero in that anime

Note: There will always be those asking what Brian's criminal charge is but doing so creates social stigmatization and scorn over what his charge was. So for those who want to know, it is obvious when you go to the [We Are Change article](#) or [Activistpost article](#) about what Brian was charged with. It happened to [Millie Weaver](#), the deep state tried to set her up with the very thing they charged Brian under. Brian has proven his innocence, the prosecutor is running scared and doing all kinds of fraud and evidence destruction to maintain his federal criminal conviction.

Brian D. Hill, formerly of USWGO alternative news has finally taken the gloves off. Brian has filed a final motion asking the [DisHonorable Judge Thomas David Schroeder](#) to act on the four pending uncontested motions or even just grant them without a hearing as a matter of law by proving [fraud upon the court](#). That is to overturn all fraudulent begotten judgments including the first supervised release violation over Brian's autistic meltdown which the Judge misconstrued as Brian threatening his ex [Probation Officer Kristy L. Burton](#) even though there is no evidence of such, it is a fraudulent judgment. Second violation came after Brian was in long-term exposed to [Carbon Monoxide gas poisoning](#).

The Clerk of the U.S. Supreme Court has still refused to file [Brian's petition for rehearing](#). More details may come out if the U.S. Supreme Court makes some unprecedented moves against Brian. This blog ain't afraid to stand up to corruption in the U.S. Supreme Court if any is discovered. That was over the [fourth circuit denying Brian's writ of mandamus petition](#) asking to compel the Judge to act on the pending uncontested [motions for sanctions](#) or to grant them as a matter of law. Sanctions is a legal term referring to punishment of an offending party, meaning a party who did something wrong in a case before the Court. When an attorney commits a fraud and acts dishonestly before the Court, especially a state or federal prosecutor, then a Court has the right to punish that attorney to protect the integrity and credibility of that Court from falling into ruin.

Where is the "Petition for Rehearing"?????

Brian isn't waiting for the corruption in the Supreme Court to block him from proving his actual innocence and that the federal prosecutor defrauded the U.S. District Court since [Brian's initial charge in December, 2013](#), and being arrested by [Department of Homeland Security special agent](#) Brian Dexter of [Winston-Salem, NC](#).

Brian filed an affidavit in the Court as well as two exhibits and a supplement document. Brian has finally shown the proof in his federal criminal case that city of Martinsville police Chief G. E. Cassidy had refused to open up an envelope for investigating. The envelope was cleared mailed to Martinsville Police Department with the intent of [sending them evidence for investigating](#) for their assigned investigator Sgt. Robert Jones, who arrested Brian over indecent exposure at night **without ever investigating the blood vials which Brian claimed would have contained the levels of Carbon Monoxide poisoning in his blood**. However the claim was that the blood vials were destroyed by Sovah Hospital of Martinsville, Virginia, then the body-camera footage was also destroyed by law enforcement under the watch of corrupt Commonwealth-Attorney Glen Andrew Hall, Esquire, as well as his former assigned Public Defender assistant Scott Albrecht, Lauren McGarry, and Matthew Clark.

Here are the filed documents:

MOTION entitled "Motion to Grant Four Pending uncontested Motions" filed by BRIAN DAVID HILL. Response to Motion due by 11/25/2020. (Attachments: # 1 Envelope – Front and Back) (Garland, Leah) (Entered: 11/04/2020) – [Courtlistener](#), [this blog](#); Envelope on [Courtlistener](#) and [this blog](#).
DECLARATION of BRIAN HILL to 264 Motion for Miscellaneous Relief, filed by BRIAN DAVID HILL. (Attachments: # 1 Exhibit 1, # 2 Exhibit 2, # 3 Envelope – Front and Back) (Garland, Leah) (Entered: 11/04/2020) – [Courtlistener](#), [this blog](#); Exhibit 1 on [Courtlistener](#) and [this blog](#); Exhibit 2 on [Courtlistener](#) and [this blog](#); Envelope on [Courtlistener](#) and [this blog](#).
ADDENDUM to 265 Declaration, filed by BRIAN DAVID HILL. (Attachments: # 1 Supplement 1, # 2 Envelope – Front and Back) (Garland, Leah) (Entered: 11/04/2020) – [Courtlistener](#), [this blog](#); Supplement on [Courtlistener](#) and [this blog](#); Envelope on [Courtlistener](#) and [this blog](#).

The documents are there and documented on this blog. Four motions which were asking to vacate the two fraudulent begotten supervised release violations on Brian's criminal record history were uncontested beyond the response due date. Brian even went further and shown that the Clerk's office through a [roseboro letter](#) had directed that the "Respondents" had two weeks to respond to a Party's objections in the 2255 case. Those were never responded to either, which had even more [detail of fraud upon the court allegations](#) and investigation report data submitted by Brian's grandmother Stella Forinash.

Brian had explained to the Court that he is entitled to vacatur of both his probation violations and vacatur of his criminal conviction as a matter of law. Brian used the ["Sixth Circuit's" interpretation](#) of a standard set for Courts to find enough of merit in regards to discovered and documented fraud upon the court and what a Court can do about such fraud when discovered and documented before the Court.

Demjanjuk v. Petrovsky, 10 F.3d 338, 348 (6th Cir. 1993): "The elements of fraud on the court include conduct: 1) on the part of an officer of the court; 2) that is directed at the judicial machinery itself; 3) that is intentionally false, willfully blind to the truth, or is in reckless disregard for the truth; 4) that is a positive averment or a concealment when one is under a duty to disclose; and 5) that deceives the court."

Brian argued that the factors of fraud weigh heavily against the federal prosecutor.

"Based on Respondent's/Plaintiff's repeated pattern of fraud and inability to hold his key-witness accountable for false statements under oath which is perjury, every Chambers v. NASCO, Inc. factor and every Demjanjuk factor weighs heavily against Respondent/Plaintiff and in favor of this Court entering a decision on the four (4) uncontested pending motions before the Court."

Cited from "Conclusion", Page 16 of Brian's motion

Brian had shown proof to the Federal Court that the Martinsville Police refused to investigate any evidence mailed to them. That the Sovah Hospital refused to check Brian's diabetic blood sugar on record as documented. They released Brian to "JAIL" knowing that two times Brian's vital signs were checked and he exhibited "tachycardia" blood pulse readings. So the Hospital had essentially neglected Brian and then the U.S. Probation Office and the police lied in Brian's case that he was medically cleared and thus can be held culpable for indecent exposure. That was a fraud according to Brian's testimony and Brian's family's testimony.

The supplement shows that a filing was also made in his state criminal case case also asserting fraud upon the court. That state pleading can also be looked at under Courtlistener. It appears to have been filed twice in his state criminal case.

Will the Courts rule against the frauds upon the court or will they stay silent over these issues and illegitimize their judicial processes???? Will both the U.S. District Court and the Virginia Circuit Court in Martinsville act illegitimate with no integrity? Will the Hon. Giles Carter Greer act as tyrannical as Judge Schroeder?
