**PETITIONER'S NOTICE OF APPEAL**

NOW COMES the Petitioner, by and through Brian David Hill ("Brian D. Hill"), "Petitioner", or "Hill"), that is acting pro se in this action before this Honorable Court in the Middle District of North Carolina, and hereby respectfully moves to file this notice of appeal.

Notice is hereby given that Defendant/Petitioner Brian David Hill in the above named case hereby appeal to the United States Court of Appeals for the Fourth Circuit from an order entered in this action on November 17, 2020 (Document #268).

\*See Fed. R. App. P. 3(c) for permissible ways of identifying appellants.

This NOTICE OF APPEAL concerns the abuse of discretion, ignoring the evidence, and allowing the frauds upon the court by Anand Prakash Ramaswamy against party: Brian David Hill by the corrupt United States Attorney Office for the Middle District of North Carolina.

It is clear that this appeal will go all the way up to the United States Supreme Court and I will ask the President Donald John Trump for a full pardon. It is clear that no justice can come from this Court, this Court is partial and not impartial. This court always rules the Government is Always right. The Government is NOT always right. It is all one-sided like a Casino where the House always wins. This Court acts similar to a Las Vegas Casino where I will never win no matter what, where I do not stand a chance no matter what. This Court cannot protect fraud legally and fraud should not be protected here, this Court cannot constitutionally certify that fraud is not fraud. This is a clear miscarriage of justice. All courts have inherit and implied powers to vacate fraudulent begotten judgments. Inherit powers do not get overwritten by 28 U.S.C. § 2255. The All Writs Act under 28 U.S.C. § 1651 do not get overwritten by 28 U.S.C. § 2255. Frauds upon the court are not subject to a statute of limitations. This Court should not be allowed to protect fraud and certifying fraud as not fraud with branding the fraud as entirely “meritless” just like the corrupt FBI Office at Stanley Road in Greensboro, NC telling FBI Agent Jerry Pickford that the perjury of Kristy Burton is meritless. Why is that even happening under a corrupt Obama FBI and DOJ stay-behind networks????? This is all corrupt. They all use the same exact term, “meritless” to discredit their enemies.

Judge Schroeder ruling that the motions for sanctions being meritless because they should have been filed under 28 U.S.C. § 2255 when Documents #199, #206, #217, and #222 were all filed in the 2255 case under Civil Action No. 1:17-CV-1036. It was filed in the 2255 case and thus what Judge Schroeder had just said was a lie, thinking that the general public will just read his order and think it is true. It is not true. I will investigate the lies found in his order and send the findings to the U.S. Congress for possible impeachment proceedings, hopefully Trump will just pardon me and end all of this. After the election is certified, I will direct my

Congressman or Congresswomen to open up investigations and ask for impeachment proceedings immediately if the Laws and Rules is not being followed when the Canons of Professional Conduct require such after the election issues are resolved. This isn't right. None of this is. None of this makes any sense. I do not stand any chance of winning no matter what evidence I have. **This is a rigged legal system and that is not constitutional. Normally courts would punish those who defraud the Court and this Court is not one of them who would punish fraud by the U.S. Attorney Office. Fraud is acceptable in the Middle District of North Carolina if it is the Government doing such.**

I will expose the lies and errors upon Appeal which is my legal right, and fully expose the lies in the Appellate Court, and in the Supreme Court. Anybody in Government or the U.S. Attorney Office who disagrees with each and every miscarriage of justice and wants to blow the whistle on Anand Prakash Ramaswamy can go to my friend's/family run, operated website [JusticeForUSWGO.wordpress.com/pardon](https://JusticeForUSWGO.wordpress.com/pardon). It is time for whistleblowers to come forth and testify on the possible crimes of Anand Prakash Ramaswamy. This madness has to stop. The supervised release violations are fraudulent and I do not recognize them as legal judgments. Officer Robert Jones was clearly misled on me being medically cleared and then admitted in Transcript (Doc. #215) under oath that he did not subpoena the Hospital records. Later the Hospital records prove that no lab tests were even done, blood glucose was never checked, I had tested positive two times under "Vital Signs" for Tachycardia meaning resting blood pulse being over the range of 100. See Document #267, #266. The state court was warned of this level of fraud. I have never lied to this Court; my only falsehood was me falsely pleading guilty and I will ask President Trump to pardon me for my false guilty plea as well. This fraud is as bad as the election fraud that President

Trump and Attorney Sidney Powell spoken of on television. Fraud, Fraud, and more Fraud. This Court will clearly do nothing about any fraud, doesn't matter what fraud I had proven. Doesn't matter about Stella Forinash's affidavit about the fraud upon the court under Document #213, Page 91 through 137. Doesn't matter about Pete Compton a chimney expert that found gas was flowing into my Apartment which caused me to have neurological problems which caused the indecent exposure on September 21, 2018. The source of the carbon monoxide was removed and that behavior stopped. On September 21, 2018, I said the F-word cuss word to Officer Robert Jones saying and I quote "F\*\*K you" (Quoting Doc. #152, #153, #154) to Martinsville Police Department because I was clearly not thinking before I had acted which can be caused by carbon monoxide poisoning and making Autism symptoms worse including wandering. I never cussed out the police prior to that date and it was unlike me. The Hospital did not conduct the laboratory results while Officer Robert Jones thought they had done so. They Sovah Hospital of Martinsville, Virginia had and former Public Defender Scott Albrecht knowingly allowed destruction of blood vials which is spoliation of evidence and would have proven beyond a reasonable doubt that I had carbon monoxide poisoning by examining the levels in my blood. This Court is clearly unable to bring any kind of impartial justice to my case. I have no choice but to push for a full pardon from President Trump. I want to hold Government officials accountable when they hold my life in their hands. They should not be above the law. Nobody is above the law.

Respectfully filed with the Court, this the 18th day of November, 2020.

**ORDER**

This case is before the court on several motions by the Defendant, Brian David Hill: Motion for Sanctions and to Vacate Judgment in Plaintiff's/Respondent's Favor (Doc. 199); Petitioner's Second Motion for Sanctions and to Vacate Judgment that was in Plaintiff's/Respondent's Favor (Doc. 206); Request that the U.S. District Court Vacate Fraudulent Begotten Judgment, Vacate the Frauds upon the Court against Brian David Hill (Doc. 217); Petitioner's third Motion for Sanctions, Motion for Default Judgment in 2255 case and to Vacate Judgment that was in Plaintiff/Respondent's favor (Doc. 222); and Motion to Grant Four Pending uncontested Motions (Doc. 264).

Having reviewed all the pending motions,

IT IS ORDERED as follows:

1. Mr. Hill's Motion for Sanctions and to Vacate Judgment in Plaintiff's/Respondent's Favor (Doc. 199) is DENIED as meritless as filed, as is the Request that the U.S. District Court Vacate Fraudulent Begotten Judgment, Vacate the Frauds upon the

Court against Brian David Hill (Doc. 217), which is DENIED as meritless as filed to the extent it involves the same issues as, or is filed in support of, the Motion for Sanctions and to Vacate Judgment in Plaintiff's/Respondent's Favor, and is otherwise DENIED without prejudice. The proper route for attacking the court's judgment as to Mr. Hill's first supervised release revocation, following an unsuccessful appeal, would have been a motion pursuant to 28 U.S.C. § 2255. Mr. Hill can obtain proper forms from the Clerk of Court and file such a motion should he choose. However, by stating such, the court does not intimate that any such motion should be successful. The court cautions Mr. Hill that this Order does not affect the timeliness or successiveness of any § 2255 motion, and the parties can litigate those issues as appropriate if Mr. Hill files a § 2255 motion.

2. Mr. Hill's Second Motion for Sanctions and to Vacate Judgment that was in Plaintiff's/Respondent's Favor (Doc. 206) is DENIED as meritless as filed, as is the Request that the U.S. District Court Vacate Fraudulent Begotten Judgment, Vacate the Frauds upon the Court against Brian David Hill (Doc. 217), which is DENIED as meritless as filed to the extent it involves the same issues as, or is filed in support of, the Second Motion for Sanctions and to Vacate Judgment that was in Plaintiff's/Respondent's Favor, and is otherwise DENIED without prejudice. Mr. Hill can obtain proper forms from the Clerk of

Court and file a § 2255 motion should he choose. However, by stating such, the court does not intimate that any such motion should be successful. And again, the court cautions Mr. Hill that this Order does not affect the timeliness or successiveness of any § 2255 filing, and the parties can litigate those issues as appropriate if Mr. Hill files a § 2255 motion.

3. Mr. Hill's Third Motion for Sanctions, Motion for Default Judgment in 2255 case and to Vacate Judgment that was in Plaintiff/Respondent's Favor (Doc. 222) is DENIED as both MOOT in light of the denial of the prior § 2255 motion and as being frivolous.

4. Mr. Hill's Motion to Grant Four Pending Uncontested Motions (Doc. 264) is DENIED in light of the court's denial of all of the other motions noted above.

**Petitioner's Motion to grant Four Pending Uncontested Motions**

**Motion and Brief/Memorandum of Law in support of Requesting the  
Honorable Court in this case grant this motion to grant the four pending  
uncontested motions**

Criminal Defendant and § 2255 Motion Petitioner Brian David Hill (“Brian D. Hill”, “Hill”, “Brian”, “Defendant”, “Petitioner”) is respectfully requesting that the Honorable U.S. District Court grant this motion requesting that the Judicial Officer of this Court to make a ruling/decision on four uncontested/undisputed pending motions that were properly filed before this court as a matter of law and as a matter of procedural due process. That is since the Plaintiff/Respondent the attorneys for the United States of America, the Government, did not file any response by the set due dates to three of the pending motions and therefore waives the right to any file any objections to those motions. This is pursuant to Local Civil Rules of the Middle District of North Carolina under LR 7.3 MOTION PRACTICE, as well as the inherit power or implied power of the U.S. District Court (Courts § 18 - inherent or implied powers, *Chambers v. NASCO, Inc.*, 501 U.S. 32, 44 (1991),

Courts § 225.1; Equity § 47 - power to vacate fraudulent judgment) (See Supplement 1 — Document #199, Attachment #1 ECF No. 199-1).

The exact relief that Petitioner is requesting is that the assigned Judicial Officer of the U.S. District Court enter a decision on the following motions or grant the following uncontested/undisputed pending motions:

1. Document #199 MOTION entitled “Motion for Sanctions and to Vacate Judgment in Plaintiff's/Respondent's Favor” “Motion and Brief/Memorandum of Law in Support of Requesting the Honorable Court in this case Vacate Fraudulent Begotten Judgment or Judgments” filed by BRIAN DAVID HILL. Response to Motion due by 10/25/2019. (Attachments: # (1) Supplement 1, # (2) Supplement 2, # (3) Exhibit 1, # (4) Exhibit 2, # (5) Envelope - Front and Back) (Civil Case number: 17CV1036) (Garland, Leah).”
2. Document #206 MOTION entitled “MOTION entitled "Petitioner's Second Motion for Sanctions and to Vacate Judgment that was in Plaintiff's/Respondent's Favor; Motion and Brief/Memorandum of Law in support of Requesting the Honorable Court in this case Vacate Fraudulent begotten Judgment or Judgments" filed by BRIAN DAVID HILL. Response to Motion due by 11/5/2019. (Attachments: # (1) Exhibit 1, # (2) Exhibit 2, # (3) Supplement 1, # (4) Supplement 2, # (5) Supplement 3, # (6) Supplement 4, # (7) Envelope - Front and Back) (Garland, Leah).”
3. Document #217 MOTION entitled "Request that the U.S. District Court Vacate Fraudulent Begotten Judgment, Vacate the Frauds upon the Court against Brian David Hill", filed by BRIAN DAVID

HILL re: [199] Motion. Response to Motion due by 12/2/2019  
(Attachments: # (1) Envelope - Front and Back) (Garland, Leah)  
Modified on 11/12/2019 to correctly link document. (Garland,  
Leah)”

4. Document #222 MOTION entitled "Petitioner's third Motion for Sanctions, Motion for Default Judgment in 2255 case and to Vacate Judgment that was in Plaintiff/Respondent's favor" filed by BRIAN DAVID HILL. (Attachments: # 1 Exhibit 1, # 2 Exhibit 2, # 3 Exhibit 3, # 4 Exhibit 4, # 5 Exhibit 5, # 6 Exhibit 6, # 7 Exhibit 7, # 8 Exhibit 8, # 9 Exhibit 9, # 10 Exhibit 10, # 11 Supplement 1, # 12 Envelope - Front and Back) (Garland, Leah) (Entered: 11/21/2019)

Petitioner had attempted to file a Writ of Mandamus to compel the Judge to enter a decision on those uncontested motions under U.S. Court of Appeals for the Fourth Circuit case no. 19-2338. Due to likely some defects in the Writ of Mandamus out of Petitioner feeling emotional distress over the imprisonment order last year (Document #200), the Court of Appeals mistakenly denied the Writ over assuming that it was a circumvent to direct appeal. However, the Supreme Court and the Virginia Supreme Court both made rulings on Mandamus relief being appropriate to get a judge to act where he/she refuses to act and ought to act. Petitioner plans on filing a Writ of Mandamus Petition in the U.S. Supreme Court or again in the Fourth Circuit correcting the defects from the other failed petition but more precisely asking simply for removing a block to appellate relief, which Petitioner is entitled to relief in that regard. Petitioner is entitled to appellate relief upon a non-favorable decision to those four uncontested pending motions.

WHEREFORE, before Petitioner attempts another Mandamus petition over his right to relief to request action on four (4) pending uncontested motions, that were never acted upon, never denied or granted, Petitioner asks for action to be taken by the Court on those foregoing pending motions.

**Brief/Memorandum of Law in support of Requesting the Honorable Court in this case grant the four pending uncontested motions**

NOW COMES the Brian David Hill, by and through Brian David Hill, and submit this brief / memorandum in support of its Petitioner's Motion to grant Four Pending Uncontested Motions and moves this Court for an order granting this motion by entering a decision, judgment, or action, on the four (4) uncontested pending motions that were never decided upon by the Court as of yet.

**I. STATEMENT OF THE CASE**

On October 4, 2019, Petitioner had filed the Document #199, MOTION entitled "Motion for Sanctions and to Vacate Judgment in Plaintiff's/Respondent's Favor" "Motion and Brief/Memorandum of Law in Support of Requesting the Honorable Court in this case Vacate Fraudulent Begotten Judgment or Judgments" filed by BRIAN DAVID HILL. Response to Motion due by 10/25/2019. (Attachments: # (1) Supplement 1, # (2) Supplement 2, # (3) Exhibit 1, # (4) Exhibit 2, # (5) Envelope - Front and Back) (Civil Case number: 17CV1036) (Garland, Leah)." The Respondent/Plaintiff never filed any response by the due date of 10/25/2019 which would have been the date of October 25, 2019.

On October 15, 2019, Petitioner had filed the Document #206, MOTION entitled "MOTION entitled "Petitioner's Second Motion for Sanctions and to Vacate Judgment that was in Plaintiff's/Respondent's Favor; Motion and Brief/Memorandum of Law in support of Requesting the Honorable Court in this case Vacate Fraudulent begotten Judgment or Judgments" filed by BRIAN DAVID HILL. Response to Motion due by 11/5/2019. (Attachments: # (1) Exhibit 1, # (2) Exhibit 2, # (3) Supplement 1, # (4) Supplement 2, # (5) Supplement 3, # (6) Supplement 4, # (7) Envelope - Front and Back) (Garland, Leah)." filed on the docket. The Respondent/Plaintiff never filed any response by the due date of 11/5/2019 which would have been the date of November 5, 2019.

On November 8, 2019, Petitioner had filed the Document #217, "MOTION entitled "Request that the U.S. District Court Vacate Fraudulent Begotten Judgment, Vacate the Frauds upon the Court against Brian David Hill", filed by BRIAN DAVID HILL re: [199] Motion. Response to Motion due by 12/2/2019 (Attachments: # (1) Envelope - Front and Back) (Garland, Leah) Modified on 11/12/2019 to correctly link document. (Garland, Leah)" filed on the docket. The Respondent/Plaintiff never filed any response by the due date of 10/25/2019 which would have been the date of December 2, 2019.

On November 21, 2019, Petitioner had filed the Document #222, MOTION entitled "Petitioner's third Motion for Sanctions, Motion for Default Judgment in 2255 case and to Vacate Judgment that was in Plaintiff/Respondent's favor" filed by BRIAN DAVID HILL. (Attachments: # 1 Exhibit 1, # 2 Exhibit 2, # 3 Exhibit 3, # 4 Exhibit 4, # 5 Exhibit 5, # 6 Exhibit 6, # 7 Exhibit 7, # 8 Exhibit 8, # 9 Exhibit 9, # 10 Exhibit 10, # 11 Supplement 1, # 12 Envelope - Front and Back) (Garland, Leah) (Entered: 11/21/2019). The Clerk forgot to enter a response date, but this motion had never been responded to by the Respondent/Plaintiff in about

almost an entire year since it was filed, and as of the date of November 2, 2020, that would be exactly 11 months, 1 week, 5 days or calculated as 347 days without ever a response from the U.S. Attorney Office.

The Petitioner now moves this Court for an order granting this motion to make a decision on the four (4) pending uncontested motions in the case, captioned above, that were properly filed and entitled as MOTIONS before this Court.

## **II. STATEMENT OF FACTS**

Those four (4) uncontested motions were filed in the civil/criminal case regarding the § 2255 Motion and supporting documents, and Petitioner had not been represented by counsel throughout the entire § 2255 case. Petitioner has not been appointed legal counsel to represent him over any matters and requests under this Court's inherent powers as it is not following a normal statutory remedy process but based upon inherent powers affirmed to all Courts by the United States Supreme Court. Even though the § 2255 case had initially been dismissed on New Years Eves around December 31, 2019 (Doc #236, #237) the four uncontested motions have still not been acted upon and it is the Judge's ministerial duty to act upon those pending motions properly filed in the record of this court by the clerk which is a judicial officer of the court, even Mandamus relief may be used to remedy such dereliction of duty when not acting upon pending motions which were not responded to by a certain due date.

The four (4) pending motions had sought the following forms of relief:

- #199: Sanction the Attorney/Attorneys of the Respondent/Plaintiff of the United States of America and Vacate the fraudulent begotten judgment entered on July 24, 2015 (Document #122). Fraud allegations were not

contested and therefore the Government had waived it's right to contest, so it is proven to be factual, prima facie.

- #206: Sanction the Attorney/Attorneys of the Respondent/Plaintiff of the United States of America and Vacate the fraudulent begotten judgment entered on October 7, 2019 (Document #200). Fraud allegations were not contested and therefore the Government had waived it's right to contest, so it is proven to be factual, prima facie.
- Request that the Court vacate any or all fraudulent begotten judgments as what was argued in Document #217.
- #222: Sanction the Attorney/Attorneys of the Respondent/Plaintiff of the United States of America and Vacate the fraudulent begotten judgment entered on November 12, 2014 (Document #54). Fraud allegations were not contested and therefore the Government had waived it's right to contest, so it is proven to be factual, prima facie.

### **III. STANDARD OF REVIEW**

The All Writs Act, 28 U.S.C. § 1651, grants federal courts authority to issue all writs necessary or appropriate in aid of their respective jurisdiction and agreeable to the usages and principles of law. The Supreme Court has held that “the inherent power [of a federal court] allows [it] to vacate its own judgment upon proof that a fraud has been perpetrated upon the court.” *Chambers v. NASCO, Inc.*, 501 U.S. 32, 44 (1991) (citing *Hazel-Atlas Glass Co. v. Hartford-Empire Co.*, 322 U.S. 238 (1944)). Thus, a motion alleging fraud on the court is sometimes called a “Hazel-Atlas” motion.

The Fourth Circuit may or may not have established a case law standard of review in regards to Fraud Upon the Court. As the Supreme Court has already made an authoritative/controlling opinion on this issue, The Sixth Circuit had established a

good standard for fraud upon the Federal Courts. Therefore, Petitioner asks this Court to adopt the Sixth Circuit standard for the elements of fraud:

The elements of fraud on the court include conduct: 1) on the part of an officer of the court; 2) that is directed at the judicial machinery itself; 3) that is intentionally false, willfully blind to the truth, or is in reckless disregard for the truth; 4) that is a positive averment or a concealment when one is under a duty to disclose; and 5) that deceives the court. See *Demjanjuk v. Petrovsky*, 10 F.3d 338, 348 (6th Cir. 1993).

It should also be noted that the Roseboro letter under Document #211:

“Rule 72(b), Fed. R. Civ. P. provides in pertinent part: (b) Dispositive Motions and Prisoner Petitions.”

“Within 14 days after being served with a copy of the recommended disposition, a party may serve and file specific written objections to the proposed findings and recommendations. A party may respond to another party’s objections within 14 days after being served with a copy. Unless the district judge orders otherwise, the objecting party must promptly arrange for transcribing the record, or whatever portion of it the parties agree to or the magistrate judge considered sufficient.”

The U.S. Attorney was directed in a written letter by the Deputy Clerk Leah J. Garland, that a party may respond to another party’s objections within 14 days after being served with a copy, which of course they were served by CM/ECF Notice of Electronic Filing on the date that objections were filed by the Deputy Clerk. Fraud upon the court allegations against the elements of Petitioner’s guilt presented/prosecuted by the Respondent/Plaintiff were also undisputed and uncontested.

See Document #213, Page 3 of 137:

“Before I raise such objections, one of the issues that may not be subject to time bar is fraud upon the court, especially a repeated pattern of fraud upon the court.”

And

“If this court decides to dismiss Brian's 2255 case and allow the repeated pattern of frauds by the Respondent, and then use those frauds against the Petitioner to increase his imprisonment and punishment, then this court no longer holds integrity and no longer is to be trustworthy. Any judgments rendered by this court when they allow frauds, ignore evidence, and ignore Supreme Court case law is void judgments. It no longer is a legitimate Article III court and should be held to scrutiny by either the U.S. Congress in impeachment proceedings or the U.S. Military for possibly high treason. Legitimate Article III courts must provide due process and must provide relief to victims of frauds upon the court and must correct such frauds in order to maintain trust and integrity.”

Last issue is the fraud upon the court Supplement under Page 92 of 137, Dkt. 213.

The U.S. Attorney (Respondent) did not respond to those fraud allegations and evidence either. Default judgment of vacatur of the fraudulent begotten judgments must be honored by this Court.

#### **IV. ARGUMENT**

If this Court or even the Fourth Circuit wishes to adopt the decision of the Sixth Circuit's interpretation on frauds upon the court, *The Chambers v. NASCO, Inc.* or *Demjanjuk v. Petrovsky* (“Demjanjuk”) factors for determining whether the court should enter an order granting the uncontested pending motions for sanctions based upon the court's inherent or implied powers is to the extent which the Plaintiff/Respondent has filed and shown the elements of: 1) on the part of an officer of the court; 2) that is directed at the judicial machinery itself; 3) that is intentionally false, willfully blind to the truth, or is in reckless disregard for the

truth; 4) that is a positive averment or a concealment when one is under a duty to disclose; and 5) that deceives the court.

The first Demjanjuk factor is that the fraud was conducted on the part of an officer of the court. As Anand Prakash Ramaswamy, Esq., is an attorney of law which means that he is an officer of the court, the main prosecutor who had charged Petitioner with his criminal charge and prosecuted that charge as well as prosecuting the two supervised release violations, and therefore satisfies that factor.

The second Demjanjuk factor is that it is directed at the judicial machinery itself. As the Plaintiff/Respondent had prosecuted the charges of both the “possession of child pornography” charge (Doc. #1) and the two probation violation charges (Doc. #88 and #156, #157, #158), the fraud allegations that were uncontested in the four (4) pending motions were all regards to prosecution and frauds being directed at the judicial machinery to obtain a favorable judgment. Therefore, this satisfies the second factor.

The third Demjanjuk factor is that it is intentionally false, willfully blind to the truth, or is in reckless disregard for the truth. As the Plaintiff/Respondent had prosecuted the first probation violation under Document #88 by allowing and knowingly permitting his witness Kristy L. Burton, United States Probation Officer for the Western District of Virginia in Danville, to make multiple false statements verbally under oath on June 30, 2015. The Respondent was warned on multiple occasions about his key-witness Kristy L. Burton making false statements under oath including Document #137 and Document #145-1. Instead the Respondent had attempted to brush all of the fraud aside by pushing for a pre-filing injunction under Document #148 and #149, to justify the frauds and make it nearly impossible to have challenged them. It was denied under Document #210 by the

Magistrate Judge. Kristy L. Burton was caught lying multiple times which is perjury, it doesn't matter what justification that the Plaintiff/Respondent has for those false statements when Judge Osteen had made remarks in September 30, 2014 about Attorney Susan Basko (Document #46) was at risk of a perjury charge for statements she had made regarding Mr. Hill's innocence in the case under oath. If Susan Basko faced a risk of perjury for her claims made in Declaration under pleading 46, then so should Kristy L. Burton, since Probation Officers are also officers of the court and therefore can be subject to sanctions by the Court. Ramaswamy the officer of the court had knowingly allowed false statements and false facts or misconstrued facts to go upon the public record in this court and be used against Petitioner Brian David Hill. Ramaswamy had never apologized for having a witness who had made multiple false statements and had never shown acceptance of responsibility for his own mistakes, she never shown any remorse and neither has AUSA Ramaswamy. He knowingly prosecuted falsehoods and distorted truths to fir the prosecution's narrative when falsehoods should not be used to bolster a federal prosecution of a criminal or civil case. Therefore, that satisfies the third factor.

The fourth Demjanjuk factor is that it is a positive averment or a concealment when one is under a duty to disclose. As discovered in the Government's response to Brian's Freedom of Information Act ("FOIA") lawsuit in the Western District of Virginia, case no. 4:17-cv-00027, Hill v. EOUSA; The Respondent/Plaintiff had destroyed the evidence of the North Carolina State Bureau of Investigation forensic case file proving that supposed child pornography was downloading between the dates July 20, 2012, and July 28, 2013, when the computer was seized on August 28, 2012. See Document #49 and all attachments in case Hill v. Executive Office for United States Attorneys, case no. 4:17-cv-

00027, Western District of Virginia. Destroying evidence which would conceal it from ever being proven as fact. That itself is wrong. The purpose of the frauds was to be a positive averment in favor of the party who engaged in fraud through its officer of the Court, Anand Prakash Ramaswamy. That is to obtain a favorable judgment in adverse to Brian David Hill leading to wrongful imprisonment and wrongful punishments. Using fraud and deception to punish an innocent man and repeatedly attempt to revoke his supervised release is a repeated pattern of miscarriages of justice, in violation of the U.S. Constitution's prohibition on cruel and unusual punishments from its clause under the 8th Amendment. Therefore, that satisfies the fourth factor.

The fifth Demjanjuk factor is that it deceives the court. The Court had wrongfully been given the impression that Brian had threatened his Probation Officer Kristy L. Burton (Document #122) when there was no evidence of ever in reference to "threatening" Kristy L. Burton. Because of the false statements produced under oath on June 30, 2015, which is perjury by Kristy L. Burton, none of her statements should have been taken at face value without physical or corroborating evidence. There was nothing in the transcript ever stating that there were threats directed at Kristy L. Burton. The Court was deceived by the false statements and was given the impression that Brian David Hill had somehow intentionally made threatening statements or gestures towards Kristy L. Burton while Brian was having an autistic mental breakdown under his Autism Spectrum Disorder, also known as meltdowns which are common in those who suffer under the Autism Spectrum Disorder. Mental breakdowns happen to people in society, especially those with neurological and mental health issues documented in this case and other cases. There was no threat directed towards his former Probation Officer Kristy L. Burton and no intent of such. No evidence of such. That violation

which was fraudulently based on perjured testimony as documented under Document #88 escalated into the issue of the second supervised release violation under Documents #156, #157, and #158. So, the frauds from the first violation escalated into the second violation charge. There were frauds and issues from the original charge of possession of child pornography. The prosecutor was wrong about a lot of things in the case. The confession made on August 29, 2012, was a false confession. The SBI forensic report that was destroyed by the Government had a lot of issues that contradict the so-called facts of guilt alleged by the Plaintiff/Respondent. In fact, the Government never responded to the fraud allegations in Document #169 (Responses due by 2/20/2019) motion with the claims alleging that *“The ‘Factual Basis’ of my guilt provided by the Government prior to Sentencing was Fraudulent. My confession statements were proven to be inaccurate and false, a false confession caused by my Autism because of the way I was interrogated”*, and the Government did not respond to that direct allegation challenging the factual basis of guilt and slamming it as entirely fraudulent. The Government never owned up to any of these issues, even when confronted with these issues. The fact they even tried to push for a pre-filing injunction meant that the Government wanted to cover-up the truth and block any and all remedies Brian David Hill could ever request to relieve him of any wrongful punishments in his federal criminal case. They rather fight Petitioner tooth and nail, rather than admit that they were wrong about anything false that they had ever presented before the Court. Therefore, that satisfies the fifth factor.

The inherent power to “fashion appropriate sanction[s] for conduct which abuses the judicial process” was reaffirmed by the Supreme Court in *Chambers v. NASCO, Inc.* 501 U.S. 32, 44 (1991).

Where falsification occurs in the midst of ongoing judicial proceedings, and is specifically directed at affecting those proceedings, it often is termed “fraud on the court.” A court, as an exercise of this inherent authority, may sanction fraud on the court through dismissal (if the falsifier is the plaintiff) or default (if the falsifier is the defendant).

Some examples are: *Breezevale Ltd. v. Dickinson*, 879 A.2d 957, 964 (D.C. 2005) (affirming sanction of dismissal where top executives of plaintiff company engaged in scheme to forge documents and subsequently denied the forgery in pleadings and sworn testimony); *Synanon Found., Inc. v. Bernstein*, 503 A.2d 1254, 1263 (D.C. 1986) (affirming sanction of dismissal where plaintiff, inter alia, destroyed audiotapes and made false statements to the court “that no responsive documents could be found” in order “to deceive the court, and to improperly influence the court in its decision on the defendants’ motions to compel, with the ultimate aim of preventing the judicial process from operating in an impartial fashion”); *Cox v. Burke*, 706 So. 2d 43 (Fla. Dist. Ct. App. 1998) (affirming sanction of dismissal where plaintiff gave false answers to interrogatories and deceptive deposition testimony); *Pope v. Fed. Express Corp.*, 974 F.2d 982, 984 (8th Cir. 1992) (affirming sanction of dismissal for plaintiff’s forgery of, and reliance on, a single document); *Aoude v. Mobil Oil Corp.*, 892 F.2d 1115 (1st Cir. 1989) (affirming dismissal where plaintiff concocted a single document); *Tramel v. Bass*, 672 So. 2d 78, 82 (Fla. Dist. Ct. App. 1996) (affirming default judgment against defendant who excised damaging six-second portion of videotape before producing it during discovery). See 501 U.S. at 56–57; see also *Synanon Found., Inc. v. Bernstein*, 517 A.2d 28, 43 (D.C. 1986) (once a party embarks on a “pattern of fraud,” and “[r]egardless of the relevance of these [fraudulent] materials to the

substantive legal issue in the case,” this is enough to “completely taint [the party’s] entire litigation strategy from the date on which the abuse actually began”).

It has always been understood—the inference, indeed, is one of the simplest in human experience—that a party’s falsehood or other fraud in the preparation and presentation of his cause, his fabrication or suppression of evidence by bribery or spoliation, and all similar conduct is receivable against him as an indication of his consciousness that his case is a weak or unfounded one; and from that consciousness may be inferred the fact itself of the cause’s lack of truth and merit. The inference thus does not necessarily apply to any specific fact in the cause, but operates, indefinitely though strongly, against the whole mass of alleged facts constituting his cause.

The arguments cited from Attorney report titled "Responding to Falsification of Evidence" by Jonathan K. Tycko. Jonathan K. Tycko is a partner with Tycko Zavareei & Spiva LLP in Washington, D.C. He can be reached at (202) 973-0900 or by email at [jtycko@tzslaw.com](mailto:jtycko@tzslaw.com).

There is the Local Rule 7.3 of this Court, since the 2255 case is both under the civil and criminal rules, even the local rules, and it states that uncontested motions are granted in normal course. See LR 7.3 MOTION PRACTICE (k):

“(k) Failure to File and Serve Motion Papers. The failure to file a brief or response within the time specified in this rule shall constitute a waiver of the right thereafter to file such brief or response, except upon a showing of excusable neglect. A motion unaccompanied by a required brief may, in the discretion of the Court, be summarily denied. A response unaccompanied by a required brief may, in the discretion of the Court, be disregarded and the pending motion may be considered and decided as an uncontested motion. If a respondent fails to file a response within the time required by this rule, the motion will be considered and decided as an uncontested motion, and ordinarily will be granted without further notice.”

According to that local rule in the Middle District of North Carolina, motions not responded to are uncontested and ordinarily will be granted “without further notice”.

The Respondent/Plaintiff never responded to the fraud allegations against the Government’s factual basis of guilt under Document #169. The Respondent/Plaintiff never responded to the four pending motions under Documents #199, #206, #217, and #222. Those four were uncontested and therefore the Petitioner is entitled to the relief requested in each pending uncontested motion. Those pending motions should be granted immediately without further delay as a matter of law, as a matter for conscious sake, and to restore this Court’s integrity in this case.

## V. CONCLUSION

Based on Respondent’s/Plaintiff’s repeated pattern of fraud and inability to hold his key-witness accountable for false statements under oath which is perjury, every *Chambers v. NASCO, Inc.* factor and every *Demjanjuk* factor weighs heavily against Respondent/Plaintiff and in favor of this Court entering a decision on the four (4) uncontested pending motions before the Court.

Therefore, the Petitioner respectfully requests that this Court enter an order granting the four (4) uncontested motions pending before this Court.

WHEREFORE, the Petitioner respectfully request that the Court:

(1) Grant this Motion for action upon the pending uncontested motions on the record;

(2) Enter an Order granting the four pending uncontested motions #199, #206, #217, and #222. Provide the relief requested in each of those pending

uncontested motions including but not limited to vacatur of all fraudulent begotten judgments such as Document #54, Document #88, and Document #200.

(3) Order that the Respondent/Plaintiff respond to the claims and facts brought up in the uncontested pending motions, if the Court finds it necessary. Order that if the Government does not want to file any response, to vacate the fraudulent begotten judgments and maybe even order a hearing for the Government to personally be asked questions regarding the United States of America counsel's frauds.

(4) Order that the Government be sanctioned by paying the pro se non-attorney legal fees as a penalty/sanction for the frauds upon the court and the costs it took Brian David Hill to be able to defend against such frauds. Costs such as paper, ink cartridge, printer replacement, envelopes, and postage, basically they are only legal case reimbursement costs and nothing more requested by Petitioner.

**ADDITIONAL CASE LAW AUTHORITIES IN SUPPORT OF THIS  
MOTION**

In *Stoesel v. American Home*, 362 S.W.2d 350, and 199 S.W.2d 798 (1935), the court ruled and determined that, "Under Illinois Law and Federal Law, when any officer of the Court has committed "fraud on the Court", the order and judgment of that court are void and of no legal force and effect." In *Sparks v. Duval County Ranch*, 604 F.2d 976 (1979), the court ruled and determined that, "No immunity exists for co-conspirators of judge. There is no derivative immunity for extra-judicial actions of fraud, deceit and collusion." In *Edwards v. Wiley*, 374 P.2d 284, the court ruled and determined that, "Judicial officers are not liable for erroneous exercise of judicial powers vested in them, but they are not immune from liability when they act wholly in excess of jurisdiction." See also, *Vickery v. Dunnivan*, 279

P.2d 853, (1955). In *Beall v. Reidy*, 457 P.2d 376, the court ruled and determined, “Except by consent of all parties a judge is disqualified to sit in trial of a case if he comes within any of the grounds of disqualification named in the Constitution. In *Taylor v. O’Grady*, 888 F.2d 1189, 7<sup>th</sup> Cir. (1989), the circuit ruled, “Further, the judge has a legal duty to disqualify, even if there is no motion asking for his disqualification.” Also, when a lower court has no jurisdiction to enter judgment, the question of jurisdiction may be raised for the first time on appeal. See *DeBaca v. Wilcox*, 68 P. 922. The right to a tribunal free from bias and prejudice is based on the Due Process Clause. Should a judge issue any order after he has been disqualified by law, and if the party has been denied of any of his/her property, then the judge has engaged in the crime of interference with interstate commerce; the judge has acted in his/her personal capacity and not in the judge’s judicial capacity. See *U.S. v. Scinto*, 521 F.2d 842 at page 845, 7<sup>th</sup> circuit, 1996. Party can attack subject matter jurisdiction at anytime in the proceeding, even raising jurisdiction for the first time on appeal, *State v. Begay*, 734 P.2d 278. “A prejudiced, biased judge who tries a case deprives a party adversely affected of due process.” See *Nelson v. Cox*, 66 N.M. 397.

*Destafano v. State Farm Mutual Automobile Insurance Co.*, 28 Fla. L. Weekly D1077 (Fla. 1st DCA April 28, 2003), and *Long v. Swofford*, 805 So. 2d 882 (Fla. 3d DCA 2003), have been more favorably disposed to affirm dismissals with prejudice for serious, palpable “fraud on the court.”

Respectfully filed with the Court, this the 2nd day of November, 2020.

Respectfully submitted,

Update: I always tell the truth. When I discover something, I always correct the record.

Roger Stone did respond and did read my messages that were sent to him via Signal. I sent him screenshots of my letter to Eric Frederick Trump. He said that I won't be able to get your attention today but "I love you like a brother but hold your fire until we get through tonight."

Fair enough, Roger Stone is right. I am being hit with a lot of attacks from the corrupt lawyers. One of them wants to take away my federally protected SSI benefits and wants to garnish them away. One is corrupt Commonwealth Attorney Glen Andrew Hall of Martinsville Virginia who knew that I am a victim of carbon monoxide poisoning but chooses to ignore all of that evidence. He doesn't care that the Hospital threw away the blood vials and destroyed evidence that would have prevented my supervised release violation conviction in Federal Court.

I do ask that if they block me from proving carbon monoxide poisoning and prevent me from ever being allowed to prove innocence in my state case, that you should pardon me for the federal violation dated September 21, 2018. You have a right to pardon probation violations.

So, I am requesting that you pardon me for the federal offense of violating supervised release on September 21, 2018, of indecent exposure as I am was a victim of carbon monoxide poisoning and judicial and prosecutorial corruption. They destroyed evidence aka Brady material that I had requested in 2018 to 2019. I had initially requested the body camera footage of Officer Robert Jones but that evidence was knowingly destroyed and my requests ignored by former defense counsel Scott Albrecht the former Public Defender of Martinsville. Lauren McGarry also allowed the evidence to be destroyed and retaliated against me for pushing to have her withdraw as counsel. I can mail further evidence of this retaliation and obstruction of justice by both Scott Albrecht and Lauren McGarry. They knew I was facing revocation of my federal supervised probation and yet they allowed evidence to be permanently destroyed knowing that it would acquit me of my state criminal charge and the federal probation violation.

I will declare my innocence under oath or affirmation to your office, I am willing to risk perjury because I am not perjuring on this fact that I believe in my heart and to the best of the evidence I hold in my possession and facts that I know that I am innocent of indecent exposure and must be acquitted of that federal violation. I am innocent under Mens Rea for that violation.

God bless you!

ATTN: Donald John Trump, President of the United States

The White House  
1600 Pennsylvania Avenue, NW  
Washington, DC 20500

I am Brian David Hill, I am now mailing a CD-ROM disc to The White House with the words entitled as "Evidence for Eric Trump - November 3, 2020". As well as a copy of a letter I have mailed to your son Eric Trump. I didn't want to do this, I thought I could fight this judicial corruption on my own, but I can't, I have failed because of the CORRUPT FEDERAL AND STATE JUDGES who do not care about the Constitution, Supreme Court, federal law, state law.

I am blocked from phone calling the White House phone numbers including the Switchboard and Roger Stone is ignoring me because he loves Alex Jones of Infowars and Infowars turned their backs on me back in 2013. We had a falling out, all because I was framed with child porn and what makes me SUPER ANGRY is that Alex Jones claimed he was almost being set up with child porn and mainstream media outlets slandered him as a pedophile but they still ignore me, even Rob Dew ignores me and Darrin McBreen blocked me from phone calling him in 2018. Rob Dew lied to me, they all lied to me at Infowars, they bailed on me.

I am being attacked so much by the judicial corruption, it makes me think about suicide, but if I do that then the corrupt federal judges will laugh at my corpse. I am being attacked right and left. People breaking the law, ignoring the law, ignoring the evidence, not allowing any expert witnesses, constantly punishing me and saying it is all my fault and that is what can make me suicidal. They don't care about the evidence, they don't care about the truth, all they care about is punishing me constantly throwing me in prison and using my Autism Spectrum Disorder against me, they are bullies and they don't care about evidence or case law. All they care about is getting me and my family. Infowars bailed on me when I needed them the most. How Ironical!

So, I have no choice but to ask your son Eric Frederick Trump for help because I don't know what to do anymore. The judicial system keeps working against me, I don't know why. Was it because I tried to fight the New World Order with USWGO Alternative News from 2009 to 2012? I don't know what to do Mr. President, I keep being attacked and my family is under attack from this criminal mafia type behavior of judicial corruption and corruption. The FBI does nothing about any of it so I and my family continue receiving things like the threatening greeting card, then my mother gets a similar coded threat on her YouTube video likely by the Deep State Swamp. They are coming after me man until I die, they are relentless. They don't care about my actual innocence, they don't care about the law, all they care about is hurting me. God bless you!

Please arrest the Deep State criminals and stop them from hurting me! Where We Go One We Go All

**Dear Eric Frederick Trump,**

**Thank you for hearing me out and hope you have received the emails from my family members on the discrimination and judicial corruption going on in the Middle District of North Carolina under Chief Judge Thomas David Schroeder who was appointed by George W. Bush who was a Skull and Bones President and his father promoted the “New World Order” agenda using the United Nations as a vehicle. That is of course for World Government.**

**I also understand that your father, the Honorable U.S. President Donald John Trump is against the New World Order and is part of an ongoing operation to Drain The Swamp.**

**I am Brian D. Hill, a former alternative news journalist who had once operated the website USWGO Alternative News at uswgo.com. In 2011 I was sued by Righthaven LLC for copyright infringement and of course Righthaven LLC allegedly had tied to the Obama Administration through Steve Gibson. I revealed that on FederalJack back in 2011. I kept being persistent to the extent which kinda annoyed my defense lawyer David S. Kerr but kept with me and ended up defeating Righthaven LLC which had landed me in the New York Times in a 2011 article and even Reporters Without Borders had written a letter decrying their copyright troll tactics to go after the free press, so even Reporters Without Borders supported my alternative media operations in 2011.**

**I also had written an affidavit in the Roger Stone case in support of him receiving a lesser sentence which would be in his case under Case 1:19-cr-00018-ABJ, Document #262, Filed 11/18/19.**

I thought what had happened to Roger Stone was wrong because I had suffered judicial corruption and felt he had suffered far worse with that gag order placed upon his mouth, so I sent a letter in support of Roger Stone because what was happening to him last year had happened to me, being a victim of a corrupt judicial system when it is contaminated by Globalist Deep State Puppets.

I was once involved with Alex Jones and Infowars until we had a falling out and Darrin McBreen also had turned his back on me in 2018 when he blocked my phone number and didn't want me calling him anymore. After my initial criminal charge, despite my constant pleas that I was innocent and was willing to prove it and show Infowars the discovery evidence material, they didn't want to have anything to do with me which I was deeply disappointed in them. Although my ranting about Infowars is not the focal point of this letter to you Mr. Eric Trump. Although maybe I should call you Mr. Eric instead.

I am also bringing up the text messages as proof that you did initiate a reply back to me, so that the staff at the Trump Organization knows we are in contact and won't block me from getting this letter to you.

The evidence is being compiled for you and whoever you trust, to investigate. If you find any good FBI Agents or DOJ officials to investigate this including John Durham and William Barr than GREAT!!!! There needs to be an investigation into the obstruction of justice and subornation of perjury by Assistant U.S. Attorney Anand Prakash Ramaswamy and for a repeated pattern of defrauding the U.S. District Court in my criminal case. He has violated State Bar Rules 3.8 and 4.1. He has destroyed evidence that would be favorable to proving my actual innocence. He had colluded with Eric David Placke, Assistant Federal Public Pretender who knew things in the discovery evidence that would have helped proven my actual innocence but never even shown me my entire discovery material in my federal criminal case until after I falsely plead guilty (*Like General Flynn did to protect his son from harassment and lies from the Robert Mueller team*) and accepted the decision of the U.S. District Court to get time served but ten years of supervised release.

I have proven my innocence Mr. Eric. Here is a brief explanation of how I had proven it.

My grandmother Stella Forinash typed up an affidavit in Document #213 (Case 1:13-cr-00435-TDS, Document 213, Filed 11/01/19, Page 91 of 137) about the different frauds upon the court and the Assistant U.S. Attorney Anand Prakash Ramaswamy had two weeks to respond to the frauds. He did not file any contest. I filed in Document #169, a letter to the Magistrate Judge and to AUSA Ramaswamy about the entire case being a fraud and that I have proven that I did forensically given a false confession when cross examined and that it was caused by my Autism Spectrum Disorder and delayed echolalia. I also said that the State Bureau of Investigation forensic report from North Carolina was fraudulent. They never responded to that letter which was entitled as a motion when the Clerk considered my letter as a pro se motion. I filed three different "Motions for Sanctions" and one motion asking to vacate the fraudulent begotten judgments. They were all filed last year in 2019, and those motions were still pending before the Court this year. So pretty much about almost a year or a year since I had filed motions to vacate the fraudulent begotten judgments in my criminal case and yet the DisHonorable Judge Thomas David Schroeder knows he cannot deny them as I am entitled to those motions being granted as a matter of law so he denies the motion above that number or even below that number but then ignores that particular motion as if it doesn't exist even though it does and was properly filed by the Clerk. The Clerk directed response to three of the pending motions and no response was ever entered by the "Response due by" date. Under the local law and common sense, when the Government does not respond to a motion or allegations by the final response date, it is considered uncontested and should normally be granted or the relief given as a matter of law.

I will attach a copy of the following:

1. One (1) CD-ROM Disc of "Evidence of Judicial Corruption in Federal Court Case Oct. 27, 2020" that was originally mailed to The White House on October 28, 2020.
2. 30 pages of letter that was mailed to The White House multiple times. 4 Page letter requesting full unconditional pardon and 26 pages of Affidavit explaining in that Affidavit briefly as possible how I am actually innocent of my federal charge and was railroaded into a wrongful conviction by Judicial Corruption.
3. One original CD-ROM disc with a copy that my family printed of every article published on Justice for Brian D. Hill of USWGO Alternative News political blog by both Laurie Azgard and Stanley Bolten. It gives brief explanations about different activities that had gone on throughout the entire case including FBI corruption in Greensboro, North Carolina, corruption of Chief Judge Thomas David Schroeder, the rebellion against the U.S. Supreme Court case law, ignoring evidence. That PDF file has a lot

of pages and the original articles can be viewed at JusticeForUSWGO.wordpress.com or JusticeForUSWGO.NL. The links can be clicked there and thoroughly investigated by anybody you choose to investigate my claims.

Judge Schroeder knows the entire federal criminal case is a fraud. He knows that the guilty plea was false and that my lawyer was so ineffective when I argued the facts destroying the elements of my guilt, all within my first filed 2255 Motion, affidavit, and brief/memorandum of law. Then the cowardly U.S. Magistrate Judge Joe Webster said that even if I have merit it will be denied and ignored. Here is how he technically said it:

Document #210: g. The Merits

*"As explained above, all of Petitioner's grounds are time-barred. However, if the Court were to reach the merits of Petitioner's grounds for relief, it would deny them."*

That argument right there is full of lies and misinterpretation of the law. Actual Innocence is not time-barred and should not be subject to a procedural time bar as ruled for years by our U.S. Supreme Court. Then he said even if the Court were to reach the merits, it would deny them all no matter what was argued.

False guilty pleas do not matter when the basis of a criminal case is grounded upon fraud. I made false confession statements because I was coerced just like Lt. General Michael Thomas Flynn was when they threatened to come after his son if he didn't confess and if he didn't plead guilty to something he is not guilty of.

I said in written affidavit after written affidavit throughout my entire federal criminal case and in the FOIA Lawsuit in Danville, Virginia, that I am innocent and had falsely confessed because Mayodan Chief of Police Charles J. Caruso said "Fess Up! We know you did it!! You better fess up, or else, your mother will be held responsible!!!!". I argued with him about how computers can be hacked and he told me to shut up. Then later on the SBI report said that it was downloading on my computer between July 20, 2012, and July 28, 2013. That was about 11 months after my computer was seized by law enforcement. So my false confession matches that SBI forensic claim of alleged download dates from eMule but was downloading 11 months after it was seized on August 28, 2012, and that creates kinda a problem for the Jury if they had seen the download dates. They would be baffled how it would download to my seized computer after it was already seized. That right there is an admission of evidence planting, evidence tampering, or is clearly an erroneous report. In fact the State law for forensic examinations make clear standards about how to conduct a investigation of somebodies computer in a safe and secure manner. Affidavits are required of a forensic scientist when conducting a forensic report for a criminal case otherwise that forensic report is inadmissible under North Carolina law. There was no evidence of a forensic scientist affidavit. Me, my mother Roberta Hill, my grandmother Stella Forinash, and grandfather USAF veteran Kenneth Forinash all looked through the discovery materials of the entire criminal case. It was all a bunch of BS. They scared me and my family to get me to falsely plead guilty when I was

not able and not allowed to review over all of the discovery evidence material. Placke lied to me and lied to my family. After I falsely plead guilty I review over the discovery evidence and it was not what the Government represented it truly to be. A fraud upon the court and they know it.

There was no affidavit at all in the alleged forensic report, the State Crime Laboratory had no knowledge of my computer being forensically examined and would not take responsibility when I complained to them about it. It was entire examined by one SBI Agent Rodney V. White of Greensboro, NC. He did no affidavit as required by state law for a forensic report to even be admissible and scientifically valid under law. He did not specify the standards and he did not specify why alleged supposed child porn files would download for 11 months after it was seized by law enforcement. None of it made any sense. They don't specify the names of each supposed child porn file, they don't show any blurred thumbnails and no thumbnails at all so there is no proof that it is even of what they claim it is. Even the National Center for Missing and Exploited Children (NCMEC) said I had no victims because no victims could be identified as the alleged child porn files were "not of a known series." That was in the Pre-Sentence Investigation Report which I also brought up that paragraph. Even the Bureau of Prisons knew I had no victims, and sounded happy when they told me in FMC Lexington, Kentucky that I had no victims so they didn't have to notify any of them before releasing me the same day I was to report to that prison. It is all a fraud. I was fraudulently convicted, placed into fear that they had a ton of evidence against me if I don't plead guilty and then later find out that the evidence was Mickey Mouse fake news garbage crap. Fake, false, fraud, phony. They know it, they all know it. They didn't even contest my allegations of fraud upon the court because they knew it was all just put together to paint me a certain way to destroy USWGO Alternative News by assassinating my character.

Don't believe I was alternative media, go on the WayBack Machine and lookup uswgo.com from 2009 to 2012. Read my news articles. Watch my interviews on YouTube, USWGO YouTube channel. Read the Las Vegas Sun articles about uswgo.com in 2011. Read the Westword publication about me when I was sued by Righthaven LLC. Watch my speeches before the Mayodan Town Council in 2012. I have the minutes records filed on Federal Court record to prove it. I interviewed Orly Taitz on USWGO Alternative News. I interviewed Preston Nichols of the Montauk Project. I interviewed Elton Crisman Jr. who told me off record that he cannot admit about Area 51 or he would get in trouble. So I even interviewed somebody who had worked on the Stealth Airplane. The reason I believe I was framed was to permanently ruin me and ruin USWGO Alternative News and end my political volunteer work for the rest of my life. That itself violates the First Amendment of the U.S. Constitution, that people would dare frame me with child porn to force me to give up running an alternative media website and YouTube channel.

I am still going to exhaust all remedies as I have told you in my text messages to you. I am worried if Joe Biden steals the election, that I will never get a full pardon after I exhaust all my remedies in good faith and fail under a broken and corrupt judicial system that I have gone through since December, 2013.

I am planning to continue my Supreme Court petition for rehearing unless it fails then my next step is another Writ of Mandamus in both the Fourth Circuit and U.S. Supreme Court asking for the Judge to take action on four motions requesting vacatur of fraudulent begotten judgments. If all of that fails when those were submitted in good faith and those motions just sit indefinitely without ever a ruling made on them, then I am being held hostage to an illegal fraudulent conviction. At that point if no judges will do anything when I have proven the frauds upon the court and they continue wanting to keep me trapped forever without a right to an evidentiary hearing for my actual innocence, then my only option left is a "full unconditional pardon" from your father, Donald John Trump.

There is a lot of corrupt politics going on, and people in the White House trying to keep President Trump walled off. I have tried to call White House numbers other than the Switchboard in 2019 and then my entire phone number got blocked from calling any and all White House numbers between 202-456-0000 to 202-456-9999. I couldn't call specific people working at the White House anymore to persuade them to convey my request to the President to investigate the crimes of Assistant U.S. Attorney Anand Prakash Ramswamy and to grant me an Absolute Actual Innocence Pardon from President Trump declaring my actual innocence, expunge my conviction by Executive Order.

The Supreme Court said in *Ex Parte Garland* after the civil war in the 1800s that a President can declare somebody innocent by a Pardon because when the pardon is full it blots out of existence the guilt as if in the eye of the law the offender is innocent as if he never committed the offense.

I have gone through the Pardon Attorney process at the DOJ. I submitted my formal application in late 2018 telling them that I am actually innocent of my charge but my pardon application was rejected because of pending litigation of my 2255 motion that was also filed on the ground of actual innocence. The DOJ does not care that I am actually innocent, they want me convicted and do not give a rats ass what evidence I had to prove it or that the Government had a weak case or never a case to begin with. I don't like going through the Office of the Pardon Attorney because I kept writing them or faxing them for years telling them I am actually innocent and deserve a pardon but each time they just ignore it, reject it, or use some policy excuse. Now you know why I am reaching out to you, I hate having to go this route because your father being the President. I want to go be acquitted any other way but my options are extremely limited with the corruption still in the DOJ and the FBI. It hasn't yet been 100% cleaned out yet because of the Pendleton Act and the Merit Based Protection Board. So corrupt employees in the DOJ and FBI are difficult to remove because of the legal protections that they have including absolute immunity, sovereign immunity. So much red tape and legalese that Judges hands are tied or lawyers hands are tied. They do not care, morals be damned, they do not care about morals. It is moral that when I am innocent I should be acquitted as soon as humanly possible.

If I can prove to you beyond a reasonable doubt that I am innocent of my charge possession of child pornography, that my lawyer was ineffective and caused my false guilty plea and based upon the fact that I was misled about the discovery evidence material being stacked up against me but was multiple copies of the same papers multiple times to look as big as an old telephone book. If I can prove that the criminal charge was based upon fraud as I have already proven with uncontested fraud upon the court allegations from Documents #169, #199, #213, #206, #222, #217. If I can prove it to you or if you feel that I have already proven it then you know that I have a credible claim of factual innocence and should be acquitted right away.

There are a few suggestions I have for you if you want to reach out to President Donald John Trump to explain to him that I have proven my claims of actual innocence and fraud upon the court by the federal prosecutor who refuses to acquit me despite proving him wrong over and over again:

1. You can ask President Trump to file an Executive Order directing Attorney General William Barr to fully and thoroughly investigate my entire federal criminal case including my claims of fraud, the faxes I sent to the DOJ years ago, investigate Anand Prakash Ramaswamy for destroying evidence that was beneficial. To the defense. To have an entire investigation into the very evidence, prosecution, ethics violations, and defrauding the court on multiple occasions. Then if the investigation determines that the prosecution was wrongful that President Trump or William Barr can file an order directing them to file a Motion for Judgment of Acquittal in my federal case that I will not contest and thus I can be acquitted of my wrongful conviction.
2. You can ask President Trump to file an Executive Order directing Attorney General William Barr to fully and thoroughly investigate my entire federal criminal case including my claims of fraud, the faxes I sent to the DOJ years ago, investigate Anand Prakash Ramaswamy for destroying evidence that was beneficial. To the defense. To have an entire investigation into the very evidence, prosecution, ethics violations, and defrauding the court on multiple occasions. Then if the investigation determines that the prosecution was wrongful that President Trump can file a Presidential full pardon unconditional pardon and filing an Executive Order for expunging my wrongful conviction as fraudulent and should not ever be held against me in any public record. Then the order to expunge my conviction will free me from the perpetual nightmare.
3. If you feel confident that I have proven my innocence and frauds upon the court claims then you can transmit that evidence to the President and his Counsel staff at the White House as justification for granting me a full pardon based upon my Actual Innocence and me being entitled to relief as a matter of law. The President can write in the Pardon paper that He feels confident or is convinced that I am Actually Innocent and grants me this special pardon because the Courts are so tied

up in paperwork and bureaucracy that he feels that they cannot acquit me when I was rightfully entitled to such relief as a matter of law.

I do ask you to wait until I exhaust all remedies unless Joe Biden somehow steals the 2020 election and cheats to be nominated as President. Kamala Harris is a former state prosecutor, and she sticks with her prosecutions even when a man or woman was found innocent of a crime by DNA evidence. She knowingly convicted innocent people and kept them convicted. I know she would never ever pardon me. She would probably install far more corrupt U.S. Attorneys who will nail me to the wall till I commit suicide or die in federal prison. Joe Biden is cocoo so I doubt that he would ever consider granting me a full pardon or asking for an investigation into my case by special counsel, not Robert Mueller though as he is a bad man, very bad man as even Trump your father called him a dirty cop. So I don't trust Mueller to investigate my case. I would say a special counsel who is against the Deep State Swamp and is against the pedophile rings, yes I want somebody who is against the New World Order to investigate my case as the New World Order is clearly operated by pedophiles. I want somebody who is against the pedophiles, and understands their dirty tactics, to investigate my case and determine whether the case was fraudulent and whether I was framed or not.

I am that confident that I can prove my actual innocence, I am willing to risk everything to clear my name. You have my word Eric Trump. I am willing to risk life or limb to clear my name Mr. Eric. So I do ask you for your help Mr. Eric. If you feel that I have done enough to prove my actual innocence and frauds upon the court, go ahead and recommend to President Trump that he order my acquittal by Executive Order to the U.S. Attorney Office or that he grant me a full unconditional pardon on the basis that I am actually innocent and that the entire criminal case is tainted in fraud upon the court by the federal prosecution and such fraud cannot be undone without vacating the entire case as null and void.

I will still exhaust my remedies, I will continue fighting for acquittal until I am unable to continue physically filing pleadings to fight for my acquittal. Thank You Eric for hearing me out. Thank you for listening to me and responding to my friend's email. If I do receive a pardon, I also ask that I be pardoned for falsely pleading guilty on June 10, 2014. Defense Attorney said if I am found actually innocent I will face a perjury charge for falsely pleading guilty which isn't right. So please ask President Trump to pardon me for falsely pleading guilty, as it wastes tax money to try me for my false guilty plea.

Thank You,

I am Brian David Hill, formerly of USWGO Alternative News which was at uswgo.com and that website can be accessed from 2009-2012 through WayBack Machine at web.archive.org. That website was also getting a lot of traffic from U.S. Military and U.S. Government IP Addresses in 2012 before I was framed with the federal charge of possession of child pornography. The Federal Courts and the Federal Prosecutor as well as my court appointed lawyers are blocking me from proving my actual innocence. I am being blocked from having a independent computer forensic expert examine my seized computer to prove that I was framed including them blocking former FBI expert Kevin Wetzel from North Carolina from even finding the seized computer.

**I heard about how the Trump Organization's and Donald J. Trump's affiliates or staff was being placed under surveillance due to Foreign Intelligence Surveillance Act/Court (FISA/FISC) and that they created a parallel construction against Donald Trump by fabricated evidence that he was involved with the Russians to undermine the 2016 elections. Essentially, they created a false crime on Trump to surveil him.**

**I suspect that I was also under FISA/FISC surveillance from 2009-2012 and I cannot find out about this without an Executive Order from the President declassifying any potential records about this. Only the President can do something about what I am requesting here.**

I am requesting from the President of the United States, declassifying records on whether I was under surveillance from 2009 to 2012 before and during around time in 2012 that my computer was hacked and then I was set up with alleged supposed child porn.

Search terms for records I am requesting are "uswgo", "uswgo.com", Brian D. Hill, Brian David Hill, 413 North Avenue in Mayodan NC 27027, IP Address "24.148.156.211", Win32:MoliVampire.A. Records pertaining to myself essentially.

Please let me request access to or even copies of or redacted copies of those records pertaining to myself as they will be used to prove my actual innocence claim to my charge of possession of child pornography, case no. 1:13-cr-435-1, Middle District of North Carolina. Please I need records of this stuff about myself, As Soon As Possible, Mr. President. God bless you!

I am Brian David Hill, I am now mailing a CD-ROM disc to The White House with the words entitled as "Evidence of Judicial Corruption in Federal Case" "October 27, 2020".

This disc shall contain case files of the entire legal battle since the 2255 motion and case had been filed in 2017 before I was poisoned by carbon monoxide from October, 2017, to September 21, 2018. It shall contain evidence of judicial corruption by TYRANT THOMAS DAVID SCHROEDER of the Winston-Salem, NC Federal Courthouse. This TYRANT has worked against the facts and the truth. He ignores any facts that do not match his personal opinion or viewpoint even when it causes wrongful imprisonment, wrongful repercussions, FRAUD.

This disc contains evidence of the Fourth Circuit of the U.S. Court of Appeals knowingly permitting this Judge to engage in judicial activism, corruption, and fraud. That is why I have spoken with somebody from the Trump family and has agreed to hear me out and I explained to that family member via text message that if I exhaust all remedies and have been wrongfully deprived of justice all the way for suffering multiple miscarriages of justice and unlawful discrimination against me over my neurological disability of Autism Spectrum Disorder, that I will ask that the Trump family member contact the President directly on my behalf with the evidence that I am mailing The White House and will mail to Trump Tower, to receive a "FULL UNCONDITIONAL PARDON" and reprieves from the two wrongful probation violations since they are meritless and based upon fraud and swift miscarriages of justice upon a reasonable request for a delay. I have proven frauds to all two probation violations as well as the original criminal conviction judgment founded upon fraud and coercion, they were uncontested, undisputed, and yet the TYRANT JUDGE Thomas David Schroeder sits on those pending motions for about a year and never makes a ruling on them because he knows that I am entitled to relief as a matter of law, that I have the constitutional right to such relief. I have the right to vacatur of both probation violations and the original wrongful conviction on November 12, 2014, just like Lt. General Michael Thomas Flynn who falsely plead guilty to protect his son during the Mueller prosecution. I have been wrongfully persecuted and deprived of all constitutional rights throughout my federal criminal case. I will show proof to Trump Tower and to The White House. This proof justifies my request to the President for relief from the judicial tyranny by executive order as requested in my original letter dated October 6, 2020. God bless you!

 INNOCENT MAN HELD HOSTAGE TO CORRUPT  
 FEDERAL JUDGE AND CORRUPT PROSECUTOR  
 VIOLATING LAWS AND RULES**

JusticeForUSWGO.wordpress.com

Dear Honorable U.S. President Donald John Trump,

*LEGAL NOTE: Please do not forward this EMERGENCY REQUEST to any Government Agency. Please give this letter directly to the President of the United States or any other personnel working directly for the White House. Due to the conflict of interest with the corrupt U.S. Attorney Office and the Pardon Attorney working in favor with the prosecutor, please give this to the U.S. President or his aides only. Donald Trump granted clemency to Roger Stone and he did not fill out a "Pardon Application", special circumstances warrant DIRECT INTERVENTION by the White House and ONLY the White House. According to the CFR rules, special counsel must be involved in this matter or John Durham to investigate the affidavit attached to this Letter. Thanks!*

I know and understand Mr. President that you were going to fully pardon Roger Stone if he had exhausted all of his remedies in the judicial legal system and wrongfully failed due to judicial corruption of the Deep State Swamp. When Judge Amy Berman Jackson was willing to sentence Roger Stone to death in a Covid-19 infested prison because of that corrupt judge being out to get Roger, you intervened with a grant of clemency. You have the sole and discretionary power

Mr. President to file an emergency or urgent grant of “full pardon” to an individual who has proven his Actual Innocence in the Federal Court and proven a repeated pattern of fraud upon the court by the Federal Prosecutor but cannot possibly obtain justice in a corrupt U.S. District Court or corrupt Federal Court of Appeals.

**No law can prevent a person from requesting a Pardon from the White House directly in emergency and urgent circumstances.** No act of Congress can ever limit the Executive Pardon and Clemency powers. As to going directly through the Pardon Attorney has also been exhausted as multiple attempts were tried but the **Department of Justice kept refusing to process my pardon application due to some stupid policy so all I have left is direct request with the President.** In accordance with the Supreme Court, a **President can declare a man INNOCENT of a crime.** See Ex parte Garland, 71 U.S. 333 (1866):

Page 71 U. S. 380: “*Such being the case, the inquiry arises as to the effect and operation of a pardon, and on this point all the authorities concur. A pardon reaches both the punishment prescribed for the offence and the guilt of the offender, and when the pardon is full, it releases the punishment and blots out of existence the guilt, so that, in the eye of the law, the offender is as innocent as if he had never committed the offence. If granted before conviction, it prevents any of the penalties and disabilities consequent upon conviction from attaching; if granted after conviction, it removes the penalties and disabilities and restores him to all his civil rights; it makes him, as it were, a new man, and gives him a new credit and capacity.*”

The case law authority says it all Mr. President. When I present clear and compelling evidence to you in a single unsworn Declaration or notarized affidavit showing you that **I am being held unconstitutionally hostage to a corrupt Federal Judge who refuses to recuse himself after I had proved that even the Judge is lying about me in my federal criminal case and the Judicial Council is refusing or failing to do anything about it** because Judges protect each other even the corruption aka the Deep State Swamp is VERY DEEP like a brotherhood secret society. The Federal Courts should NOT OPERATE like this, not like some brotherhood of the robes.

I hereby attach to this letter, the 26-page  
“DECLARATION/UNSWORN AFFIDAVIT OF BRIAN DAVID HILL  
IN FAVOR OF HIS REQUEST TO UNITED STATES PRESIDENT  
DONALD JOHN TRUMP TO GRANT BRIAN DAVID HILL A FULL  
PARDON FOR HIS ACTUAL INNOCENCE TO HIS FEDERAL  
CHARGE CASE NO. 1:13-CR-435-1, AND AS TO EVIDENCE OF  
DUE PROCESS DEPRIVATION, RELENTLESS JUDICIAL  
CORRUPTION AND TYRANNY, AND FRAUD UPON THE COURT  
AS OUTLINED IN SUPREME COURT CASE NO. 19-8684 AND  
COURT OF APPEALS CASE NO. 19-2338”. This is the proof and the  
compelling reasoning why the White House must intervene to this  
EMERGENCY or URGENT request for a “full pardon” to resolve the  
situation of being held hostage to a corrupt Deep State Federal  
Judge. You see Mr. President, Roger Stone tried to recuse Judge Amy  
Berman Jackson in his criminal case and she refused to leave. Lt.  
General Michael Thomas Flynn formerly worked at the White House  
was also wrongfully convicted by false guilty plea and that Judge  
keeps unconstitutionally fighting him and refusing to recuse himself  
from his case. Some of the CORRUPT Federal Judges have become  
Deep State political Assassins which will assassinate the character of  
their victims and play prosecutor, judge, jury, and executioner. Some  
Judges are overriding their own authority and responsibilities and  
are acting as petty Dictators or Tyrants because they are appointed  
for life so they want to lock up Trump supporters for life even on  
fraudulent pretenses. I am one of their victims, I am attaching clear  
and convincing evidence why EMERGENCY investigation and  
intervention is necessary. Read the 26 pages of evidence declaration  
and you will understand that a man’s life, liberty, constitutional  
rights, and freedom are all at stake including the right to vote. An  
innocent man needs your help, I am that man, please help me Mr.  
President, the DOJ won’t help me, the FBI won’t help me. William  
Barr may help investigate the bad things that were done to me by the  
Federal Court System and Anand Prakash Ramaswamy.

Your my only hope Mr. President, I have tried everything, sent  
letters to so many people and paid hundreds to thousands of dollars  
overtime out of my limited SSI disability money because I have no  
other choice, I don’t know what to do, I have no recourse. My

evidence is being ignored, my case law authorities is being entirely ignored, my witnesses are being ignored, I am not allowed to present any expert witnesses to the Court, I have been deprived of Due Process and the Constitutional to prove my Actual Innocence. President Trump can end my suffering and misery for years under a selfish cruel District Court in the Middle District of North Carolina. I need your help Mr. President; I am exhausting all my remedies and have gotten nowhere like a hamster on a wheel. Please help me Trump.

DATED this 6th day of October, 2020.

Respectfully submitted,

**DECLARATION/UNSWORN AFFIDAVIT OF BRIAN DAVID HILL IN FAVOR OF HIS REQUEST TO UNITED STATES PRESIDENT DONALD JOHN TRUMP TO GRANT BRIAN DAVID HILL A FULL PARDON FOR HIS ACTUAL INNOCENCE TO HIS FEDERAL CHARGE CASE NO. 1:13-CR-435-1, AND AS TO EVIDENCE OF DUE PROCESS DEPRIVATION, RELENTLESS JUDICIAL CORRUPTION AND TYRANNY, AND FRAUD UPON THE COURT AS OUTLINED IN SUPREME COURT CASE NO. 19-8684 AND COURT OF APPEALS CASE NO. 19-2338**

Pursuant to 28 U.S.C. §1746, I declare under penalty of perjury that the foregoing is true and correct.

I, Brian David Hill hereby affix my signature to this declaration/unsworn affidavit under oath explaining to U.S. President Donald J. Trump at the White House why I am worthy of receiving a grant of a full pardon for Brian David Hill of his federal charge in case no. 1:13-cr-435-1. My request is outside of the "Pardon Attorney" because the "Pardon Attorney" works for the same government agency of the prosecutor Anand Prakash Ramaswamy that prosecuted me, defrauded the court in my case, and lied about me multiple times in Federal Court. That agency is the United States Department of Justice ("U.S. DOJ"), the Pardon Attorney and any investigation they would conduct would be potentially in conflict of interest and I believe they will likely defend the lies and fraud that was perpetuated against me by Assistant U.S. Attorney Anand Prakash Ramaswamy and any other Assistant U.S. Attorney working with him against me. The Pardon Attorney refused to accept my pardon application for the ground of "actual innocence" as my family member told me because of me prosecuting against the Government by filing my 2255 motion and as it was a pending litigation, they refused to accept my pardon application

even though the means of justice support why I need a full pardon on me being actually innocent of my federal criminal charge I was indicted on in November, 2013. My mother or grandparents said they got a letter from the Pardon Attorney that they cannot accept my Pardon Application of me being actually innocent because of my pending 2255 litigation back in late 2018. They refuse to acquit me an innocent man who has worked hard for months and years to prove my innocence. I recommend that special counsel be appointed to investigate my claims in this affidavit or Attorney General William Barr or U.S. Attorney John Durham thoroughly investigate my claims before the U.S. President Trump make a decision on my request for a grant of a "full pardon" from the President himself. Please do not forward this to the Pardon Attorney due to the conflict of interest.

I will state the facts that I am alleging herein as to why I am actually innocent of my federal charge of possession of child pornography as charged under grand jury indictment under Federal Court case no. 1:13-cr-435-1, Middle District of North Carolina. I will state the facts herein that I have exhausted remedies and may or may not have any more remedies left and/or that I am confident that I will receive no remedy regardless of whatever I try in the legal system in the future because of judicial corruption and tyranny. I will state the facts herein that I have been deprived of due process of law repeatedly for years and deprived of equal protection under the laws throughout my entire federal criminal case from my indictment to the denial of my 2255 motion, dismissal of my 2255 case, and the judge refusing to act upon three simple motions with evidence and supporting case law asking for sanctions against federal prosecutor Anand Prakash Ramaswamy for fraud upon the court. Since I may never receive due process ever in my criminal case and never had received genuine due process due to what I believe to be judicial corruption, tyranny, and prosecutorial corruption and fraud, that I deserve receiving a "FULL PARDON" from the President Donald J. Trump as it is my only remedy that can relieve me of being a continued victim of judicial tyranny.

When referencing the District Court Case, it refers to case no. 1:13-cr-435 in the U.S. District Court for the Middle District of North Carolina in the criminal case, as well as referencing the 2255 civil case no. 1:17-cv-1036. When referencing the Supreme Court Case, it refers to case no. 19-8684, Petition for Writ of Certiorari. When referring to U.S. Appeals Court Case, it refers to case no. 19-2338, In Re: Brian David Hill, Writ of Mandamus, U.S. Court of Appeals for the Fourth Circuit.

FACT 1. I have filed over two different motions or requests in the District Court Case asking for an independent computer forensic expert to examine my seized computer. First motion I filed under Doc. #36 (09/18/2014) I was in jail and I felt like I had wrongfully been coerced and misled (*I never got to see my full discovery materials until after I falsely plead guilty to get out of jail*) into falsely pleading guilty on June 10, 2014, and I had wanted a computer forensic expert all along to prove my innocence to my federal charge. I had nothing to hide on my seized computer. I didn't know at the time until January 22, 2015 when me and my family reviewed over the discovery materials pertaining to my criminal case and the North Carolina ("NC") State Bureau of Investigation ("SBI") forensic report said that 454 files had been downloading on eMule on my seized computer between the dates July 20, 2012, and July 28, 2013. That same seized computer pursuant to a claim of investigating child pornography by search warrant was seized on August 28, 2012. That would mean the writer of the forensic report who was Special Agent Rodney V. White had admitted that supposed files/images/videos of interest which may or may not be of child pornography was downloading on eMule on my seized computer for 11 months after it was seized from me and changed custody to Town of Mayodan Police Department and then to the NC SBI. I had filed a pleading with those dates on Doc. #136, Page 4 of 11, and the AUSA Ramaswamy never

refuted it, and Special Agent Rodney White never ever refuted those dates from his own forensic report, even though those download dates would cause a problem in the prosecution's attempt to establish a factual claim of guilt that only Brian David Hill could have downloaded from eMule and not some computer hacker or the CIA or NSA or anybody else in the Deep State Swamp. Also brought up those download dates in Doc. #71 page 11, in March 3, 2015. The Government has never refuted those download dates from their own discovery papers. They knew the claim would establish a favorable argument for the defense that supposed child porn was downloading when Brian didn't even have the computer, any reasonable juror would have found me not guilty but I had a corrupt ineffective (*I wouldn't call him a defense lawyer*) lawyer Eric David Placke (Slacky Placke) who ignored the download dates completely. Also again brought up in Doc. #71 Attachment 6 (#71-6) and Attachment 1 (#71-1). Why were those download dates never refuted even though it could totally derail the Prosecutor's guilty factual elements of the alleged offense allegations? Regardless of the report's date claims and whether it proves that somebody else was downloading supposed alleged child pornography to my seized computer, I still had every constitutional or legal right to the effective assistance of legal counsel which includes the right to the usage of forensic experts which would help assist in my defense to the charge I was indicted on and would be beneficial in me attempting to fully prove my actual innocence to my charge. The Court denied my first motion of Doc. #36 requesting a computer forensic expert by oral order on November 10, 2014. I filed a second motion under Doc. #76 (04/22/2015) again asking for an independent computer forensic expert to examine my computer that was seized by law enforcement and in NC SBI custody and find evidence of a virus or any evidence that I was actually innocent of my charge and had no intent to possess child pornography because I was framed. The District Court also denied that

motion under Doc. #87. I had also filed in my brief/memorandum of law with my 2255 motion a request and/or recommendation that the District Court have a independent computer forensic expert examine my seized computer to find any evidence that would prove me actually innocent of possession of child pornography by verifying the download dates as to being 11 months after the computer was seized by law enforcement of the Town of Mayodan, on August 28, 2012. The Magistrate Judge refused to accept that I wanted to prove actual innocence, denied me such opportunity and recommended dismissal of my entire 2255 case according to his order and recommendation under Doc. #210, and acted as though I didn't need a computer forensic expert as it was to be dismissed for being filed untimely under the Anti-Terrorism and Effective Death Penalty Act which revised the 2255 statute to have a one year statute of limitations despite the U.S. Supreme Court and appellate court rulings that establish that the District Courts must allow a federal prisoner or probationer to have the opportunity to prove actual innocence and if proven then the 2255 Petitioner can be subject to relief of vacating the sentence and conviction of guilt upon enough proof of actual innocence to convince any reasonable juror beyond reasonable doubt that the Petitioner is actually innocent of his criminal charge. I filed objections to all claims by the Magistrate Judge under Doc. #213 but the Chief Judge Thomas David Schroeder dismissed my 2255 case on New Year's Eve of 2019 and denied my 2255 motion and refused to let me prove my actual innocence facts on December 31, 2019, on New Years Eve. As of the time of this declaration, the appeal for the 2555 dismissal is still pending in the U.S. Appeals Court of the Fourth Circuit. Since 2014, my wishes to get my computer forensically examined to prove my actual innocence has been without success due to judicial corruption or incompetence. I have been constitutionally deprived of my Due Process right to prove my innocence in regards to the fact that I did not have any intent

to possess child pornography as I was framed by evidence planting and/or evidence tampering and/or by computer hacking, I was denied all my rights to a expert or independent forensic expert to assist in my defense in 2014 and in my 2255 case in my District Court Case. Also an Attorney named Cynthia Everson in North Carolina wasted my time in 2015 and used up a lot of time acting as though she would find a computer forensic expert which would charge a reasonable rate that I could afford under my SSI disability disbursement money, and then be able to prove my actual innocence then file a 2255 motion. Cynthia wasted my time and it went beyond after the one year after judgment which would be used to default my claims. I suspected that Cynthia Everson the attorney was meant to waste my time in 2015 to invalidate my 2255 motion and make it untimely and subject to default denial which would give the Court an excuse to ignore everything in my 2255 motion. I suspect she was threatened, manipulated, coerced, bribed, maybe her family threatened, maybe they threatened to take away her bar license, or maybe she was blackmailed behind the scenes which would explain her unusual behavior of not doing her job as an attorney. The way she wasted my time, wasted my families time and caused me to file untimely. She was the reason I failed in my 2255. Not just her but the home detention I had to wrongfully serve in 2015. Different reasons of my circumstances led to my failure to timely file a 2255 motion. Then she quit being my lawyer in 2016 because my friend or ex-friend had started a legal fundraiser on Go-fund-me and had claimed it was unethical in North Carolina and she bailed on me like a cowardly traitor. She never even filed a notice of appearance ever in my District Court case and never asked for an extension of time to file the 2255 motion beyond the one-year statute of limitations. She helped ruin my life and likely made sure to waste my time to prevent me from filing the timely 2255 motion. Maybe I should

have sued her for failing to file a timely 2255 case and permanently ruin my life by wasting my time in 2015.

FACT 2. I had declared under oath in my 2255 motion that one of my grounds for requesting relief in my District Court Case was that I was “actually innocent” of my charge. I had filed evidence under Doc. #129 with an article detailing suspicions I had in 2013 about the Government setting me up with child pornography because I knew my computer was hacked with some kind of virus that I had caught in the Task Manager in Windows with the file names ares.exe, emule.exe, and shareaza.exe and believed that the malware/virus that may have been responsible was Win32/MoliVampire.A was reported by ESET VirusRadar website and the virus was discovered reportedly in July, 2012, coincidentally (Or Not) around the exact same timeline of when Mayodan Police and Reidsville Detective claimed the download had begun on eMule. I had reported my suspicions to an ex-alternative-media-buddy who then reported this information to Before It’s News and then was placed on the American Live Wire article and was mirrored to Truth Frequency Radio website back in 2013. That was when I had no idea that it was downloading all the way up to July 28, 2013. If I had known about the forensic report stating that alleged supposed possibly child porn aka “images of interest” and “videos of interest” was downloading to my computer while in law enforcement custody, I would have immediately notified American Live Wire and Before It’s News proving my earlier alleged claims and it could have steered me towards acquittal or pardon by the President as the public embarrassment would have forced President Obama to consider pardoning me or order my acquittal to get me off his back publicity-wise. I had also signed a notarized or sworn affidavit on Doc. #134, page 17 and 18 of page 99 (11/14/2017) also declaring my actual innocence to my federal charge and explained briefly about the elements of my actual innocence. That was why I had filed 53 exhibits in

support of my 2255 motion and brief in the District Court Case. That was why I had filed additional evidence Declarations and additional evidence in 2018. That is because I believe and had always believed that I was actually innocent of my charge and had never attempted to possess child pornography. I feel there is no proven intent based upon the alleged download dates by Special Agent Rodney V. White. I feel there is no proven intent due to my false confession caused by coercion and my Autism and Obsessive Compulsive Disorder (“OCD”). I had gone into great detail and cross examined my confession statements with what I recalled from the SBI forensic report and in my 2255 brief/memorandum of law I had accurately and in detail had proven that I had Autism Spectrum Disorder and I think my OCD since I was really young and that my confession statements to Mayodan Police of North Carolina on August 29, 2012, were proven false when compared with the forensic report and other factors. My entire family members of my grandma, grandpa, and my mother had reviewed over the discovery evidence on January 22, 2015, and my family members also reviewed over my Mayodan Police Report – Incident report that I had received as per my request to the Town of Mayodan. They, my family assisted me in the production of my 2255 motion and brief/memorandum of law, as well as the exhibits. My family members Stella Forinash my grandmother, Kenneth Forinash my grandpa who had served in the U.S. Air Force at one time so he is a veteran who was honorably discharged, and Roberta Hill my mother and caretaker. They had evidence that they believe that Mayodan Police had lied about me, and evidence that the U.S. Attorney’s witness Kristy L. Burton had also lied about me but in her case, it was under oath. My whole family who had reviewed over the discovery evidence material and took notes feel after reviewing over everything the U.S. Attorney had against me for the child porn possession charge, they feel the evidence did not in fact prove my guilt and that my family thought I had plenty of

reasonable doubt at one time but agreed that the discovery materials can actually be used towards proving my actual innocence by showing the contradictions and lack of solid evidence. In fact, my family and I saw NO AFFIDAVIT by Rodney V. White who personally done the forensic examination of my computer and he Agent White had made the download date claim that was 11 months after my computer was seized by law enforcement. It is shoddy forensics at best which proves that somebody else likely downloaded the materials on eMule without his knowledge and he was just an incompetent moron, or that he knew alleged supposed child porn was downloading to my computer while it was in his custody which is A MAJOR NO! NO! for any criminal investigation when it comes to secure storage and testing of forensic evidence standards. So, either it was evidence neglect or mistreatment, stupidity, lack of proper forensic security and procedures for any law enforcement agency, evidence contamination and/or unknowing allowing a third-party hacker or source to conduct evidence planting or tampering by an unknown source, or it was deliberate evidence planting and/or tampering. Either way it was the District Court's duty to investigate that bizarre claim but instead they had ignored it. The "images of interest" and "videos of interest" say exactly that, it did not say whether or not those files "*of interest*" were indeed child pornography or not, it gives a misleading statements to give the grand jury the perception/impression that Brian David Hill had these type of files and the large number of such files but do not prove it and have no solid evidence to prove it, to back it. Well what I can say the "Grand Jury can and will indict a ham sandwich". Even the Pre-Sentence Investigation ("PSI") Report under Doc. #33 in the District Court Case had said that the National Center for Missing and Exploited Children ("NCMEC") claimed that the files found on my computer was "not of a known series", that there were no victims noted and no names of any victims, no victims. That contradicts the claim of Rodney V. White and the

Mayodan Detective and the other Detective Robert Bridge that Brian David Hill or somebody through the IP Address 24.148.156.211 had downloaded known child pornography files, but the NCMEC says not of a known series. So, they do not seem to even know what types or kinds of child pornography files they supposedly were when the NCMEC says not of a known series but according to the search warrant they claimed they went to the home of Brian David Hill because of known child pornography files being downloaded over eMule through the IP Address 24.148.156.211 linked to the home's IP Address. So why is the federal prosecution and the NCMEC contradicting what Robert Bridge the Police Detective had claimed in his search warrant affidavit? No affidavit of Rodney V. White, no documentation as to his scientific forensic qualifications and the standards he would have to have been using when supposedly conducting this so-called professional forensic examination of Brian's computer equipment that was seized for the criminal investigation against Brian David Hill from 2012-2013. There are no thumbnails and not even blurred thumbnails of the alleged child pornography when the FBI would have done better at proving evidence that this suspect or that suspect had these types of pornographic images and allowing the jury to determine each file to ascertain along with the experts of the Government. That did not seem to be the case at all when the discovery evidence was reviewed, no finding of an affidavit or declaration on forensic scientific expertise and educational University/College degrees or any other factors of qualifications of the so-called forensic expert to make the evidence credibility and valid under the strict standards of the Federal Rules of Evidence. There could have been an affidavit but none was found when family reviewed over each and every page and found repeats of the same discovery materials which may be an attempt to make the copy of the evidence pages look as large as an old telephone book to make it appear that the Government had a lot of evidence against Brian and it appears

overwhelming, the discovery evidence bulk of pages being repeats of the same reports or materials show that it was meant to intimidate and deceive Brian David Hill and his family into believing that the Government had overwhelming evidence on him that he would be used to have Brian believe that he would have been found guilty by a jury and had no chance at trial. That is deceptive even by his own lawyer Eric David Placke, that is corruption by his own supposed defense attorney. That is the truth about my case from my own eye-witness knowledge. If I had known all of these facts back in early 2014, I never would have falsely plead guilty and would have insisted upon going to trial and bring up these contradictions with the jury of my peers even if I had to point these out without a lawyer. I would have appeared pro se, orally fired my lawyer right at the jury trial for them to see, and demanded that I represent myself at the jury trial and ask the Judge for my discovery papers to be held by my own hands and in my own hands during the trial and go over different pages and make arguments as to the jury to look at certain specific pages of the discovery materials to see what I am talking about to convince them that I am innocent. **If it had been a fair trial from the very beginning and not a kangaroo court process, I never ever would have plead guilty and would have convinced the jury that I did not knowingly possess child pornography and that the evidence is insufficient to prove that each and every supposed “image of interest” and “video of interest” was indeed child pornography. Because that which the federal prosecutor perpetuated in regards to my supposed guilt was never proven in the discovery materials, it is a perpetuated fraud upon the court in my viewpoint.** My family feels the same way, that it was a perpetuated fraud upon the court by the federal prosecutor Assistant U.S. Attorney (“AUSA”) Anand Prakash Ramawamy.

FACT 3. I had filed three motions for sanctions that such pleadings had accused Anand Prakash Ramaswamy of defrauding the court and providing a witness against me who had lied multiple times on the stand in open court which is perjury and was deceiving the court to getting a verdict or judgment favorable to the Government. I had initially filed the Doc. #199 motion entitled "Motion for Sanctions and Vacate Judgment in Plaintiff's/Respondent's favor" on October 4, 2019. "Response to Motion due by 10/25/2019". The AUSA Ramaswamy never filed a response to that motion by that date that would technically be considered that the motion was uncontested in accordance with Middle District of North Carolina local civil rule "LR 7.3" paragraph (k) saying that "If a respondent fails to file a response within the time required by this rule, the motion will be considered and decided as an uncontested motion, and ordinarily will be granted without further notice." That local rule is as solid as law as a local court rule, has the same force and effect as a law passed by Congress since it isn't a national rule but a local court rule. That local rule said that if the Respondent does not file a timely response as allotted by that rule then it is considered uncontested and that the uncontested motion is to be granted in the normal course, and that is in a federal civil case which 2255 cases are under both civil and criminal rules, and 2255 cases are considered civil federal cases when they assigned a civil case number. Paragraph (f) of that local rule said 21 days is the date to respond to a motion before it would be considered uncontested if no response filed by that response due date. The first motion under #199 should have been GRANTED by the Hon. Thomas David Schroeder. He did not because he is a corrupt federal judge who has neglected to do his duty and that he is doing the bidding of AUSA Anand Prakash Ramaswamy and any other U.S. Attorney personnel. He is protecting the corrupt U.S. Attorney employee or employees, anybody who I had proven and caught defrauding the court, documented it in

a motion, filed it and it was uncontested. That motion was uncontested and the response date was within 21 days from its filing in the Court's Electronic Court Filing system that sends an email to the U.S. Attorney office with the pleading which is considered service of process for indigent filers and it asks for a response or notes that there is a response due date as set by the Clerk of the Court, the Clerk is an official officer of the Court who serves the Court and can request a response of the other parties. Ramaswamy is guilty of the allegations of defrauding the court under #199 because he did not defend himself by not contesting the allegations and neither of the relief requested in the Doc. #199 motion. It is by judicial corruption that the motion was never acted upon by the Hon. Thomas David Schroeder and is still sitting on the Docket Sheet without anything in the record ever showing that it was ever acted upon. Judge Schroeder is corrupt and should have removed himself from the case as neglecting to follow his duties of granting or denying any motions that are referred before him after being filed properly with the "Clerk of the Court". That first judgment was wrongfully obtained and was proven as a fraudulent begotten judgment against Brian David Hill and was being used as a factor or element in securing nine (9) months of imprisonment against Brian David Hill in his District Court case after wrongfully revoking his federal probation.

FACT 4. I had initially filed the second motion of Doc. #206 motion entitled "Petitioner's Second Motion for Sanctions and Vacate Judgment in Plaintiff's/Respondent's favor; Motion and Brief/Memorandum of Law in support of Requesting the Honorable Court in this case Vacate Fraudulent begotten Judgment or Judgments" on October 15, 2019. "Response to Motion due by 11/05/2019". The AUSA Ramaswamy never filed a response to that motion by that date and that would technically be considered that the motion was uncontested in

accordance with Middle District of North Carolina local civil rule “LR 7.3” paragraph (k). Ramaswamy is guilty of the allegations of defrauding the court under #206 because he did not defend himself by not contesting the allegations and neither of the relief requested in the Doc. #206 motion. It should have also been granted in its usual course. However Chief Judge Hon. Thomas David Schroeder also refused to make a decision on that motion as well, he ordered dismissal of the entire 2255 case without first making a decision or action on the uncontested motions in regards to fraud upon the court and requesting vacatur of the fraudulent begotten judgments as is the Court’s constitutionally vested inherit and implied powers when Congress does not have every situation in mind when it comes to internal court matters. Congress left the “fraud upon the court” issues to the Court itself which the Supreme Court had said all courts have the inherit power to deter frauds and contempt actions as what was brought up in case *Chambers v. NASCO, Inc.*, 501 U.S. 32 (1991). The District Court had every legal right to GRANT the two motions for sanctions when uncontested or even when contested which would have normally triggered an evidentiary hearing to see who was lying and who was telling the truth, and to get to the bottom of the claims of the Movant of the motion with the allegations of the fraud. The Judge however did not do anything and instead left it pending and hanging there. A judge is not supposed to do that, it is the ministerial duty of every judge to act upon a motion that comes properly before him/her. If the Judge doesn’t like the motion or disagrees with it, he/she has the discretionary right to simply deny it and leave it to the Court of Appeals or the Supreme Court to overturn that decision as an error or abuse of discretion or wrongful/unconstitutional usurpation of power. The judge Thomas David Schroeder assigned to Brian Hill’s criminal case has no absolute right to refuse to act upon a pending motion, if he disagrees then he needs to deny it and let the Movant have an opportunity to the

right to appeal to a higher court in disagreement with the Judge's decision. Thomas Schroeder denied Brian David Hill due process protections under the 5<sup>th</sup> Amendment of the U.S. Constitution and deprived Brian David Hill and other party of the right to appeal a non-favorable or favorable decision. That right there proves the unconstitutional corruption by Thomas Schroeder, the corrupt judge that has proven that he is corrupt and biased and doesn't want to admit that the U.S. Attorney may have been wrong about his criminal allegations against Brian David Hill. Judge Schroeder rather abuse his power and abuse his discretion to protect a corrupt lying and deceiving United States Attorney and Assistant Anand Prakash Ramaswamy. That right there violates American Bar Rule 3.8 and Rule 4.1. AUSA Ramaswamy is an unethical attorney and Brian had proven it with the evidence and direct allegations and the allegations were uncontested. Had the local Court rule been enforced then the Judge would have no other choice but to grant the uncontested motions in favor of Brian David Hill. Those two motions would have removed/vacated the two probation violations against Brian David Hill, and would clear his criminal record in regards to any violations of supervised release as alleged by the U.S. Probation Office. Yet CORRUPT JUDGE THOMAS DAVID SCHROEDER rather keep the probation violations on record against Brian David Hill for the rest of his life as if a trophy to bolster the prosecution by Anand Prakash Ramaswamy, and to give him a harsher sentence the next time he is accused of yet another violation. This federal THUG Judge had justified fraud and allowed fraud before his court on court record, this judge had destroyed any integrity and credibility his Court may have ever had left in the entire Middle District of North Carolina. This federal judge is CORRUPT, proven to be corrupt, doesn't follow or enforce the rules if it is not favorable to the United States Attorney, that is corrupt and partiality and does not prove the judge to being an impartial mediator between two or more parties of a criminal or

civil case like a sports referee during a game. Judge Schroeder is partial in my criminal and civil cases in violation of his constitutional obligations. He is acting corrupt like a criminal THUG and acting on his own as if he is above the law and the case law authorities and controlling case law by the Supreme Court does not apply to him at all. That is wicked and corrupt, and he should not be serving the bench by acting like a petty child and a Dictator that doesn't get his way. His actions against Brian David Hill since 2015 shows his true colors when being given nearly-god-like powers of legal proportions in the federal judicial system.

FACT 5. I had initially filed the motion of Doc. #217 motion entitled "Request that the U.S. District Court Vacate Fraudulent Begotten Judgment, Vacate the Frauds upon the Court against Brian David Hill" on November 8, 2019. "Response to Motion due by 12/02/2019". The AUSA Ramaswamy never filed a response to that motion either by that date and that would technically be considered that the motion was uncontested in accordance with Middle District of North Carolina local civil rule "LR 7.3" paragraph (k). It should have been granted too since it was legally uncontested and should have been enforced by the very local rules that was decided by a committee which includes an Assistant U.S. Attorney in that local rule-making committee. So the U.S. Attorneys understand the local rules and can enforce it on a criminal or civil defendant or plaintiff but yet when Anand Prakash Ramaswamy doesn't file any response when the rule clearly states that a motion will be considered uncontested by filing no response, the local rule should be enforced against the Government or the District Court had acted corrupt by dereliction of duty, in excess of jurisdiction, deprived the Movant of due process. A Movant is the party that files the motion in a case. Such judicial corruption and malfeasance.

FACT 6. I had initially filed the third motion of Doc. #222 motion entitled “Petitioner’s third Motion for Sanctions, Motion for Default Judgment in 2255 case and to Vacate Judgment that was in Plaintiff’s/Respondent’s favor” on November 21, 2019. No response due date was ever entered for that motion even though it was filed directly in the 2255 case and should have clearly been marked as such and given the same timeframe deadline as with the other two to three motions. The clerk had clearly screwed up or may have acted corrupt due to behind the scenes pressure (*likely Judge Schroeder?*) to prevent a major case from being opened against Judge Thomas Schroeder for knowingly holding myself, Brian David Hill hostage to a corrupt judicial mechanism where I am being forced to go to federal prison for every alleged probation violation allegations based upon an illegal conviction and illegal sentence. I believe my conviction should have been vacated once I had proven the frauds by the federal prosecutor in the District Court case. This final motion seemed to be pushing for the Court’s inherit powers to deter fraud and that a Court may use its sole discretion to throw out all favorable judgments to the Government upon any evidence surfacing that the Government’s Attorney had a history of a repeated pattern of defrauding the court not just one time but multiple times. The AUSA Ramaswamy did not file any contest to the three motions excluding the “third Motion for Sanctions” that had allegations of fraud including the request to vacate the fraudulent begotten judgments. The AUSA Ramaswamy did not file any contest to the fraud allegations in the Doc. #213 “objections” pleading to the “order and recommendation” and did not file any pleading contesting similar allegations under Doc. #169 which a “responses due by 01/20/2019” was placed on the docket for that filing. Brian David Hill which is myself had proven the frauds when the Government did not feel the need to defend themselves on federal court records in my District Court Case knowing that any lawyer or the general public itself can access

those court documents on PACER.GOV or COURTLISTENER.COM from what my family informed me of in regards to websites that host public federal court documents that are not-sealed. My family showed md courtlistsner.com and saved me PDF files and made PDF printouts so I do not need to be online to know about this stuff. The AUSA Ramaswamy never filed a response to that motion either even months into the year of 2020 and so that third motion for sanctions would also technically be considered uncontested in accordance with Middle District of North Carolina local civil rule "LR 7.3" paragraph (k) had the Clerk not screwed up and filed the entry properly, however that motion should have been acted upon by the Judge. It is almost an entire year since the third motion for sanctions was filed and the Judge still had not acted upon that motion, that is very corrupt, VERY! VERY! CORRUPT and is a cause for concern that a Federal Judge would ignore motions with exculpatory evidence favorable to the Petitioner/Defense and not contested by the criminal prosecutor/Respondent/Plaintiff. It should have also been granted in its usual course. I have proven that this Federal Judge is acting corrupt and conducting corrupt biased partial behavior and is getting away with it in my District Court Case.

FACT 7. I had attempted to end this façade of a criminal case. So I noticed the Judge was refusing to act upon pending motions when the highest U.S. Supreme Court and the Virginia Supreme Court had controlling and compelling case law regarding a Judge's right and duty to act upon all pending motions and matters before him/her when properly filed and such request was properly presented before the Court. U.S. Supreme Court set controlling and authoritative case law under case entitled "Roche v. Evaporated Milk Assn, 319 U.S. 21, 26 (1943)" ("while a function of mandamus in aid of appellate jurisdiction is to remove obstacles to appeal, it may not appropriately be used merely as a substitute for the appeal

procedure prescribed by the statute.”). “Roche v. Evaperrated Milk Assn, 319 U.S. 21, 26 (1943)” (“The traditional use of the writ in aid of appellate jurisdiction both at common law and in the federal courts has been to confine an inferior court to a lawful exercise of its prescribed jurisdiction or to compel it to exercise its authority when it is its duty to do so. Ex parte Peru, supra, p.584, and cases cited; Ex parte Newman, 14 Wall. 152, 165-6, 169; Ex parte Sawyer, 21 Wall. 235, 238; Interstate Commerce Comm’n v. United States ex rel. Campbell, 289 U.S. 385, 394.”). Virginia Supreme Court controlling and persuasive case law said under In re Commonwealth of Virginia, 278 VA. 1, 22 (Va. 2009) (“Specifically with regard to mandamus directed to an inferior court, we have previously explained that”, “mandamus may be appropriately used and is often used to compel courts to act where they refuse to act and ought to act, but not to direct and control the judicial discretion to be exercised in the performance of the act to be done; to compel courts to hear and decide where they have jurisdiction, but not to pre-determine the decision to be made; to require them to proceed to judgment, but not to fix and prescribe the judgment to be rendered.”. I, Brian David Hill, had filed a Writ of Mandamus and had properly served it with the Judge in the District Court case and with the federal prosecutor attorneys. The U.S. Court of Appeals denied the petition, dismissed the case under erroneous or false pretenses of it being used as only a vehicle around the direct appeal when the sole purpose of that petition was challenging jurisdiction and compel Judge Schroeder to act upon three to four pending motions that he never acted upon even after being served with the Mandamus petition. AUSA Ramaswamy acting on behalf of the Judge Thomas Schroeder asked for the Mandamus petition and/or it’s additional motion for stay of judgment to be denied and finally addressed the allegations briefly in the higher court record but not in the District Court Case. Made a claim that Brian David Hill did not show any proof of fraud and a reply pleading was

filed by me proving AUSA Ramaswamy wrong by pointing to different documents about the different frauds by the U.S. Attorney thanks to research done by my grandma. Again, under false pretenses of by the Panel's reasoning that the Mandamus petition was only being used as a substitute for direct appeal of a judgment. That is not true when the entire Mandamus relief was merely compelling that the pending motions be acted upon and then would not create a barrier to the right to appeal a direct judgment, a direct appeal it is called. The denial of the Mandamus relief left me with no other recourse but to file a Petition for the Writ of Certiorari with the U.S. Supreme Court. The appeal case was under case no. 19-2338, In Re: Brian David Hill, Writ of Mandamus, U.S. Court of Appeals for the Fourth Circuit. It was appealed to the Supreme Court under case no. 19-8684. However, it was considered filed on May 06, 2020, it was entered onto the docket system on June 12, 2020. The Solicitor General Noel Francisco filed a one-page letter waiving the right to respond to the petition without stating the reason as to why, and without explaining about the fraud upon the court. I knew that this was an attempt to have the petition thrown out as it is usual that any pro se filed Supreme Court petition or any petition before the Supreme Court that the Government waives the right to respond, those petitions are always usually denied without comment or opinion. I acted to put a stop to this attempt by filing a "Blanket Consent" letter on July 6, 2020 giving any or all lawyers or law professors the consent to file an amicus curiae brief as to why my petition should be granted or given a second look instead of flat out denied. Nobody filed an amicus brief or curiae. Then I sent a letter to Justice Brett M. Kavanaugh dated July 21, 2020, filed a second letter with Justice Clarence Thomas dated September 15, 2020. However, both letters didn't seem to mean anything. On October 5, 2020, my family looked at the Supreme Court docket page for my case as well as the order of that date, and there was a big list of just case numbers

and case names of “CERTIORARI DENIED” and my case number was in there. I was horrified. I thought I had established extraordinary circumstances as to why intervention was necessary, even in my letters to the two Justices, those letters I asked my mother to email to Stanley Bolten or Laurie Azgard to publish on the blog JusticeForUSWGO.wordpress.com website. I even signed an affidavit of service stating that I had served copies of both letters to both Justices with all Respondents so that the letters are not considered ex-parte and thus would be able to be taken into consideration when making a decision that could have far-reaching consequences. However, both letters didn’t seem to mean a damn thing. Pardon my French. The Justices all denied it without comment, without opinion, without any record of who would have voted for or against the petition. It was just denied in a sea of other denied petitions that day. That made me feel like I have no hope, no way to be relieved of being held hostage under the Middle District of North Carolina corrupt judicial leadership under the horrible unconstitutional treasonous DICTATOR known as Chief Judge Thomas David Schroeder, who acts as a dictator who wants to keep throwing me in prison or keep punishing me over and over again, he has knowingly lied about me and made false statements against me which is slander/defamation-of-character but I may not be allowed to even sue him for lying about me in his local court opinions. He has defamed me, knowingly made false statements against me in favor of the federal prosecution, and even considered frauds as facts and credible testimony or evidence. This judge has me scared, has me fearing for my life. He can have ARMED UNITED STATES MARSHALS come in and violently/forcefully grab me and remove me from my home at any time if the U.S. Attorney can openly and knowingly defraud the court to try to revoke my federal supervised probation and force me to report to a federal prison and deprive me of all of my constitutional rights to relief unless such relief is agreed upon by Ramaswamy

the prosecutorial dictator where if he doesn't have mercy then I am screwed to HELL. Judge Schroeder did agree with my request to travel to stay at a hotel before I march off to federal hospital prison in Kentucky and so those type of pro se motions he grants without a problem. He knew HE VIOLATED my right to a jury trial as my court appointed attorney Edward Ryan Kennedy of Clarksburg, West Virginia, had argued before the Fourth Circuit U.S. Court of Appeals. Not only did Judge Schroeder wanted me in federal prison knowing my evidence and allegations disproving what the U.S. Attorney said before the Court and disproving lies by the U.S. Probation Office, all of that is fraud and the fraud allegations were uncontested and should have been considered by the District Court. Judge Schroeder just sat on it and did nothing, wanted me to go to prison on the day of the revocation when HE FREAKING KNEW THAT I had a state criminal trial de novo pending, he ignored my constitutional rights to a jury trial or bench trial and wanted me to be forcefully taken by ARMED U.S. MARSHALS against my will to be deprived of all my constitutional rights including my right to appeal and stay of judgment. Judge Schroeder is a MONSTER, and I hate him for what he has done to me, he is judicially raping me not literally raping me but he is judicially symbolically raping me and he knows he is in the wrong. The Supreme Court is letting him get away with HOLDING ME HOSTAGE, HOSTAGE TO ARMED U.S. MARSHALS AND CORRUPT PROBATION OFFICERS IN THE MIDDLE DISTRICT OF NORTH CAROLINA, not the good Probation Officer Jason McMurray who was reasonable and had a lick of common sense as the Probation Officer working for the Western District of Virginia, at one point was even going to get a promotion due to his good conduct. I give good credit where it is due. Judge Schroeder does not care, he has been so bad that even my Probation Officer Mr. McMurray understands how bad or corrupt this corrupt FEDERAL THUG of a JUDGE IS and nobody is punishing this JUDGE, nobody is

holding him accountable, nobody is impeaching him or making him resign from his post, not even the Judicial Council of the Fourth Circuit as far as I am aware. I have not received any decision they may have made in regards to my complaint last year to the Judicial Council. Judge Schroeder knew I complained about him, exposed him as a LIAR on his court records system, and yet he denied the motion to request that he had to recuse himself under federal law, he refused to leave the case and have it assigned to a new Federal Judge that would have acted more impartial as required by constitutional law and the “Canons of Professional Conduct”. **I know and understand that I am being held hostage to the corrupt judicial Tyrant Judge Thomas Schroeder, he is holding me hostage to a corrupt federal prosecutor Anand Prakash Ramaswamy who is being given a blank check of symbolic power to be allowed to lie about me and file perjury and use perjury of their own witness or witnesses against an innocent man, and that is me.** After what the Supreme Court had done, I have to publicly declare that I am being held hostage to an illegal tribunal that isn’t even comporting to the authoritative and controlling case law that had been set for decades and centuries by our United States Supreme Court and appellate courts of federal jurisdiction. I am being held hostage by Judge Schroeder to the corrupt federal prosecutor who could ask for my arrest and detention at any time and lie about me anytime he wishes and then I go to prison at his leisure and he can have me imprisoned repeatedly if he wanted to and get away with it as me proving any lies or fraud by Anand Prakash Ramaswamy of the U.S. Attorney Office is ignored and belittled. He can sit there and call me a “danger to society” or “danger to the community” as represented under oath by the corrupt Greensboro, NC U.S. Probation Office which that statement itself is PERJURY. This corrupt Judge wants to belittle anything I say, any affidavits I file, any other witnesses I wish to present, and any evidence I present, and any case law or

statutes or anything I file which supports my claims and arguments. **This judge is the ultimate "JUDGE FROM HELL".** This Judge will imprison me at any time and act like a good Christian moral hero for what he is doing when he is acting like the deceptive little demon when he is violating my due process, allowing fraud after fraud after fraud and he gets away with it and forcing me to go to a federal prison based upon fraudulent or unconstitutional pretenses. This is uncalled for and it is clear to me that the U.S. Supreme Court does not want to intervene in asking the Court of Appeals to mandate the mandamus relief to compel the Judge to act upon pending motions he is refusing to act upon by denying my petition for Writ of Certiorari under case no. 19-8684. It is clear this Supreme Court will allow me to continually be abused by the corrupt Federal Tyrant Judge that seems to want to act as my personal executioner who wants to execute me politically instead of being a mediator between myself and the accuser. He wants to act as judge, jury, prosecutor, and executioner. None of this is right, this Judge has seriously and aggravatedly attempted to hold me hostage to unlawful sentences and punishments over matters of proven fraud and jurisdictional issues. This JUDGE wants me destroyed by any means necessary, he is my enemy and is acting as my personal enemy in my criminal case. He is not impartial and must be recused. If no court wishes to recuse him, then I am being held hostage to the whims of this corrupt Judge and corrupt federal prosecutor working hand-in-hand.

I have made it clear in this affidavit that I am not safe under this corrupt Federal Chief Judge Thomas David Schroeder that has been assigned to my District Court Case in the Middle District of North Carolina. That this judge is acting as a prosecutor, as judge, jury, and executioner. He is acting above his duty, above his role, and is acting above the law, usurping power away from his constitutional duties and obligations. This judge is dangerous to our civil liberties, to our Constitutional republic.

If the Supreme Court and the Fourth Circuit U.S. Court of Appeals refuse to do anything to relieve me of this tyrannical usurper and his tyranny and his lust to constantly throw me in federal prison or on constant home detention or electronic monitoring under questionable or incorrect facts or basis, then this Judge is hurting me an innocent man. This judge is hurting me and emotionally hurting my family and my mother had thought about suicide and she admitted to me that she had thought about killing herself while I was sitting in federal prison for a crime that I am innocent of and this Judge refuses to let me prove my innocence in my criminal case in any way, shape, or form. This judge is pure evil, a judicial monster, hell bent on ruining my life. I need a full pardon from President Donald John Trump. I have demonstrated a compelling need for the White House aka the Executive Branch to intervene in my case in an URGENT or EMERGENCY matter. I need a pardon or my life may be a danger, I may be killed in a federal prison in the future or I may be killed by some other method that the Deep State Swamp may prescribe. I may be deprived of diabetic insulin again in a jail or jails and this Judge would care less if I die of a diabetic seizure or coma. He is violating the Geneva Conventions and the Nuremburg code. He is violating Constitutional law and case law right and left.

I need a pardon from President Trump, As Soon as Possible (ASAP). I promise that I will do what I can to file a Petition for Rehearing in the Supreme Court and try to get them to reconsider their decision in denying my Petition for Writ of Certiorari. If that fails then I plan on filing a Writ of Mandamus requesting the same relief of compelling a Judge to act upon pending motions that he never acted upon but this time in the U.S. Supreme Court and explain to them that I had attempted it in the Fourth Circuit but they denied my Petition under incorrect or false pretenses. If that fails, then I have exhausted all of my remedies and am being held hostage to a corrupt judicial system out of North Carolina that will lie about me, commit fraud against me, and operate like armed mafia type thugs to enforce the judicial tyranny that is never-ending against me for the rest of my life unless I kill myself to end it all or die of constant fear and stress that takes my life with disease. I have no choice but to ask President Trump for a "full pardon"

and this affidavit shall cite the facts justifying such request for relief from the President of the United States.

Please help me President Trump, please free me from being held hostage to a judicial nightmare of lies, fraud, corruption, medical neglect, and tyranny. Please help me Trump or this Judge will come and get me, if he finds out this about this letter he may try to kill me or imprison me, he scares me. He makes me think about this every day and I fear him, I fear that this judge will keep coming after me over and over again. I fear for my life Mr. President. Please help me, please protect me from this Judge, from this tyrant. God bless America.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on October 6, 2020.
