|---|--|

Dear Mr. President Donald J. Trump,

If Mar-a-Lago Club rather that I have my mother email you any future letters, I can do that Mr. President. As I have said in my PROCLIMATION LETTER and my LETTER BEGGING FOR REMEDY, you should have both letters since you don't have the White House Staffers blocking my mailings, Evidence DVDS and Audio CD discs mailed to you since October, 2020, and all of them have been blocked.

Roger Stone told me what was really going on, that things are being blocked from your attention including stuff from Roger Stone. So again I am not angry at him and he did the best that he could to try to get you to give me a full pardon.

With how complex my criminal case was, you didn't have enough time to investigate every facet of wrongness done in my case before you even felt like such pardon is warranted. You have been so busy simply being the President. I wish Roger Stone had sent you this information two years ago but he was arrested and his hands were tied. Roger Stone was too late in trying to persuade you to pardon me with the facts in my 30 page letter to you, that is 26 page Affidavit and 4 page Letter. You didn't have the time to simply verify everything I have claimed to you why a pardon is warranted.

Mr. President, you are my President and you are lawfully the President if the electoral college was not rigged on top of rigging the popular vote with fake ballots or fraudulent ballots. I have read so many different case law, federal and state case laws saying that if you prove fraud of the prosecutor in a case or prove fraud against the adverse party to a case which you are a party, then it doesn't matter about the fraudulent party's cause and evidence, it is simply necessary to throw out the fraud and rule in favor of the party that was victim of the fraud as the Court was a victim of fraud and must make rulings to sanction that fraud and deter such fraud in the future.

The Court should have ruled that if you proven a WIDE AMOUNT of election fraud, and overwhelming amount of evidence from different states, a Court should rule in your favor without further notice. The Courts have failed you because they are being blackmailed with child rape and murder videotapes aka child porn and child snuff films. Attorney L. Lin Wood made it clear that children were sexually abused and murdered on videotapes to create the perfect storm of blackmail and control. Judges of our Federal and State Courts including State and Federal Supreme Courts are all puppets on strings.

I am grateful for what L. Lin Wood had done because he shown us all why our Government acts so corrupt. For years I have tried to warn people about child porn set up operations. I have asked to be a witness but the FBI and DOJ have failed me. I have been interviewed by different people such as Pete Compton, Bob Tuskin, Laurie Alexander, Mike Serour, Spitfire Sentinel, and probably others.

Look I may be the only witness out there that wants to publicly say what I know what it is like being actually framed with alleged supposed child pornography material. I and my entire family had read over the discovery materials over my criminal case in the Federal Court System. We all knew what was in it. Took photographs of some of the pages, I took a risk by doing that but the U.S. Attorney admitted to destroying the forensic evidence and SBI report shortly afterwards. They admitted to destroying the forensic report in response to my Freedom of Information Act lawsuit in Danville Virginia. The Vaughn Index also does not report the SBI forensic report from the discovery material because it was destroyed by the Government. Eric Placke admitted that the SBI report was in PDF Format and yet they somehow decided to destroy that exact forensic report but other discovery material was not destroyed from the U.S. Attorney Office. Look Mr. President, if I was really guilty I wouldn't have bother writing the FBI and DOJ so many times, faxing them, calling the FBI and trying to talk to FBI Agents. Me and my family even visited the FBI Office in Roanoke, Virginia and they refused to take me in for questioning. It is all about keeping me stuck in a hole for the rest of my life Mr. President. Gosh, the SBI report said that 454 files had been downloaded with the eMule program between July 20, 2012, and July 18, 2013. I have the Search Warrant Affidavit and it should be within the Superior Court records of Rockingham County, North Carolina. My computer was seized on August 28, 2012. So from August 28, 2012, to July 28, 2013, alleged supposed child porn files or like they said "images of interest" were downloading almost 95% while in the custody of the Mayodan Police department and North Carolina State Bureau of Investigation. They had no affidavit of SBI Special Agent Rodney V. White on his supposed forensic expertise. The North Carolina statute required all computer and science forensic based criminal investigations must be done by a certain protocol and standards. SBI Agent Rodney V. White of Greensboro, NC did not write any affidavit at all regarding how he complied

with the forensic standards and chain of custody protocols. The whole child porn investigation was a scam to come after me for my USWGO.COM, USWGO alternative News from 2009 to 2012 when I was forced to shut down my website because I knew I was being targeted over my political news articles. I even interviewed somebody who had been involved with Military Base "AREA 51," yes Elton Crisman Junior. He spoke on a boat with me and my family about Bill Clinton's time with Operation P-Code and I was interested in his talk and wanted to interview him. I went to his Condo, with him and his wife, I set up my Netbook, and microphone and interviewed him about P-Code and his involvement with the creation of the Military Stealth Airplane. He was involved with NASA. He said stuff that I had no choice but to ask him if he had even been to Area 51, and he said "no comment". He told me off record that if he even admits that Area 51 exists he would get in trouble. I interviewed former Congressman Virgil Goode who tried running for President under the Constitution Party. I even met Alex Jones in June, 2012, and took video there along with Stewart Rhodes who Alex Jones had interviewed. That was the first time I actually met the guy and the first time I met Stewart Rhodes. Then a month later my computer was hacked. I tried to fight the virus but it kept rolling along until July 28, 2013. Heck the SBI forensic report says so.

Mr. President, I have over 10 boxes, plastic boxes filled with papers, some discs, and envelopes. I even have my filing cabinet filled with papers, files, and other junk. I have a lot of evidence I am swimming in it Mr. President. I even have papers I did not review over because it would take a lot of my time to scan, organize, and review over those old papers and envelopes. I had offered for the Military to have those boxes with physical photocopies of everything I ever mailed out to anybody Government. I have Gigabytes of legal files. I have copies of my past FOIA Requests. I have even sent a FOIA request to the CIA regarding records of myself. Mr. President I have done everything I ever could possible to fight for proving my Actual Innocence.

Roger Stone felt that I was telling him the truth and I was, he felt with all of the evidence I ever text messaged to him on Signal App, and things I had mailed to Roger Stone. I wish he could have had more time to try to get my Affidavit to you but he failed because there wasn't enough time for you to thoroughly investigate my case and be able to confront the media with why you would pardon me fully and save my life Mr. President. If you only had the time, felt the evidence compelling enough to pardon me.

Since I may not be able to legally get a pardon from you unless you defeat the Corporate UNITED STATES OF AMERICA like George Washington and restore the original Government of Constitutional proportions, I want a Military Tribunal on the grounds that I have been a criminal victim of the UNITED STATES OF AMERICA and a victim of a corrupt Federal Chief Judge Thomas David Schroeder and former Chief

Judge William Lindsey Osteen Junior, and that fact by Attorney L. Lin Wood that a lot of politicians and Judges may be in child rape and murder blackmail snuff films. If the Judges involved in my criminal case were already child rapists, then they have no business judging me as guilty or innocent, it is Unconstitutional and ILLEGAL, they have no right judging me at all and should not even be on the benches being protected by the U.S. Marshals as if they are GOD and I am considered dirty peasant filth.

These Judges have no right deciding if I have effective counsel or ineffective counsel if they raped children and were videotaped doing it prior to trying my criminal charge. They even defend the corrupt public pretenders. How shameful.

Mr. President, I need to know if Phil Berger Senior the corrupt State Senator of North Carolina had ever raped a child and was videotaped doing such because that evidence I could file in my Federal Case as soon as I get an Affidavit. Look, my mom was near him at the Mayodan Town Council in 2012 because he was the Town Lawyer. He is the President Pro Tempore. That would be a good position for the Swamp to compromise. My mom took a photograph of me and Phil Berger and looked into his eyes afterwards and felt a dark presence. So he may have been possessed by a demon. If he did get put in a bad position where they threatened him to rape and murder a child on videotape, that would horrify him enough to make him want to kill himself and be possessed by one of Satan's legions. Heck the demons can possess anybody that they can kick somebody when they are down and make them feel so horrible. It's hard to know the whole truth and I may never find out why I was set up with child porn. I may never get to understand the full truth of what had ever happened to me. I need to know truth.

I need to know if the Judges were compromised and when they were compromised. That would be useful, an Affidavit is all I need. I don't want no stinking snuff videos. The Lizard Squad hacker group can keep them were they are needed for the good military to arrest these filthy scumbags. I don't want the videos, I just want affidavits, anything tangible that can be used to overturn these corrupt judges decisions. I want a new trial, I want a fair jury trial, or I want my entire criminal case to Go Away. I have been a victim of injustice for 7 to 8 fucking years. My life is slipping through my fingers. I want Justice and I want it ASAP. I am tired of being a victim, the stigmatization while lies keep being spread against me. I am tired of being lied about. I have been slandered for so long, I don't even care how worse my reputation can get, I don't even care anymore. I just want my freedom. I want my liberty back.

Look something had happened in 2013, I may had shut down uswgo.com in late, 2012, but I still published articles at federaljack.com asking for whistleblowers to come forth and admit that I was set up with child porn but nobody will come forth because

then they will get many years in federal prison if they even admit whoever took part in setting me up, for freeing one innocent person whoever the culprit is will never admit it as it can put their whole family in jeopardy, imprisonment probably forever.

Anyways, I went on two cruise ships in 2013 before I was arrested. I was finally able to do that because back in Mayodan we hardly had any money to survive. In Virginia my mother was getting paid as my caretaker and that caused enough money to be saved up. I also understand passport applications are processed by the U.S. State Department. On one of the cruise ships I was on, probably Carnival Dream, I bet it was that one unless it was Carnival Fantasy. I was either approached by somebody or I approached somebody, I can't remember but I remember this man could have been an old man, he told me some very weird stuff that just seems kind of weird for somebody to talk to me about things that may have been classified or part of some form of military intelligence. He told me a story about military people getting ready to arrest former President Barack Obama but was President in 2013 when I was told this story. I don't know if they tried to surround him but I heard they were all executed in the White House. After I returned from the cruise ship and cleared customs, I quickly went to the internet searches to find this story I was told, nothing came up no matter what keywords I searched. So military group was supposed to go after Obama and arrest him but were all murdered, executed, killed instead. Probably murdered by the secret service but was not told the specifics of who fired the shots. I could only make assumptions as to who in the military tried to capture and arrest President Obama. I never saw that man again, maybe he approached me or spoke to me because he knew that I was USWGO Alternative News. I had left my USWGO.com cards at random military bases when my grandpa Kenneth Forinash and my family stayed at Military bases at Inns when we went on trips including Onslow Beach, Camp Legune, North Carolina. I kept placing my political alternative news cards at different military bases and commissaries. I had noticed I had gotten a lot of U.S. Military traffic in 2012 for my website uswgo.com. So for somebody to approach me or speak to me, telling me of something that happened at the White House, military people being executed when trying to arrest Obama, I had a feeling it was military intelligence as only Military Intelligence would tell something that crazy and the news never reported on the Military coup type arrest of President Obama. Maybe they knew he was illegitimate and wasn't a Natural Born Citizen as Attorney Orly Taitz had suggested. Maybe they knew his CIA history, maybe he was even related to Osama Bin Laden as his face looked a similar to Osama Bin Laden.

I written interesting news articles back in my day about Ed's Flywheel at Coral Castle in Florida, 26 magnets in a circle like the 26 elders around the throne of God. He was a Mason I was sure he was involved with the Masons, FreeMasons. I also highly suspected that the CERN's largest Particle Accelerator, the Hadron Collider, had opened

up Wormholes and acted as a kind of STARGATE like STARGATE SG1. I did a animated GIF of a wormhole opening up based upon video footage of a weird thing opening up in in the sky in Norway. I knew that the bottomless pit that the Bible talked about had opened up and was probably opened up in Norway during the whole Norway Spiral. The demons or whatever they are came out of the bottomless pit after the Hadron Collider opened up wormholes to prove that other dimensions had existed. They opened up wormholes I believe and the demons came out and wreaked havoc on Earth.

There were also an article I had did at uswgo.com about HAARP and I had interviewed somebody regarding the HAARP program. I even interviewed Preston Nichols who was involved with the Montauk Project. That was years before he died. I also interviewed Dr. Michael Coffman in 2012.

I did a lot of work Mr. President. I did research and found out that the Town of Mayodan was in debt, 2 million dollars back in 2012, they were considered a Corporation and body-politic. They sold their old abandoned factory and the bricks were sold to China. I did an article on that too, nobody else written articles about this at that time that I was aware of. Phil Berger was very cold and could care less what the citizens of North Carolina had wanted, especially in Mayodan.

I don't know who exactly set me up with child porn or why it was downloading for 11 months after it was seized by Mayodan Police. I don't know why my Federal Attorney Eric Placke never showed me those download dates. I was deceived and never got my fair trial that I had always wanted for my federal charge. If I had known the download dates I would have risked 20 years in prison as Placke told my family, and told the jury to look at Page IV, read those download dates, that itself is at least one reasonable doubt. I want to do everything in my power to be exonerated. I have tried everything Mr. President, even wanted a private eye. I have done everything I could.

I am being blocked from proving my Actual Innocence, WHY???????????????

Signed

God bless you,
