## pleadings filed today in Brian's cases in the Court of Appeals of Virginia

Dear Ms. Hill,

Please find attached pleadings I filed today in the Court of Appeals in Brian's cases. I am moving to withdraw, and consistent with court rules, I also filed petitions for appeal in both cases raising arguments I think the record might support. The motions for extensions of time are to ask the court to allow Brian to file pro se petitions for appeal in the two cases.

I want to let Brian know that I'm not being blackmailed or any such business. All the same, I wish him the best and hope he is able to achieve justice in this case. My hands were tied by the fact that the misdemeanor appeal was withdrawn--it waives a lot of potential appealable issues. If Brian has any questions, let him know he can call me at either the number he has or [REDACTED] (my personal cell phone).

Best regards,

John Jones
