

VIRGINIA: IN THE GENERAL DISTRICT COURT FOR THE CITY OF
MARTINSVILLE

COMMONWEALTH OF VIRGINIA,)
CITY OF MARTINSVILLE,)

V.)

CASE NO: C18-3138

BRIAN DAVID HILL,)
DEFENDANT.)

**MOTION FOR CONTEMPT PROCEEDING/CHARGE AGAINST
OFFICER OF THE COURT, COUNSEL
GLEN ANDREW HALL, ESQ. FOR CONTEMPT OF COURT**

COMES NOW the Defendant, BRIAN DAVID HILL (“Defendant”), by and through himself pro se, and moves this Honorable Court for the following, as provided by the inherit or implied powers of a Court to sanction and prevent misconduct by an officer of the Court:

See the inherit or implied power and authority of all Courts under *Chambers v. Nasco, Inc.* (90-256), 501 U.S. 32 (1991); *Hazel-Atlas Glass Co. v Hartford-Empire Co.*, 322 U.S. 238 (1944).

1. The General District Court of Martinsville had made an Order on the date of November 28, 2018. See **ATTACHMENT 1** to this filing.

2. This Court did not know that the Commonwealth of Virginia and the City of Martinsville, through it's legal counsel named Glen Andrew Hall, Esquire, had not followed the Court Order of November 28, 2018. That he did not comply with that Court Order and flagrantly violated that Court Order without giving a good reason to justify such action(s).

3. Evidence in the Court record attached thereto had proven that the Defendant had repeatedly asked for the police body-camera footage and made statements under Affidavit in the Federal Court and had sent written letters to Martinsville Police Department. All of them asked for the Police body-camera footage as was supposed to be to comply with the General District Court's order dated November 28, 2018. See **ATTACHMENTS 2 AND 3**.

4. Scott Abrecht was too afraid to push for a contempt proceeding against Glen Andrew Hall, Esquire, for failing and refusing to turn over a copy of the Martinsville Police body-camera footage which is relevant non-subjective evidence dated September 21, 2018, and refused or failed to allow inspection or copying of this relevant non-subjective evidence to defense attorney Scott Abrecht. Defendant kept asking for this body-camera footage over and over again. His requests went unanswered and then the body-camera footage was later destroyed as Defendant found out from Attorney Matthew Clark that Martinsville Police Department had a body-camera footage evidence retention period before destroying the evidence. It doesn't matter about the evidence retention period, because the Court Order demanded that his Brady material be turned over to the Defendant and his counsel to have it inspected and make copies for the purpose of legal defense to the criminal prosecution's charge.

5. The Martinsville Police Department who originally had filed the complaint in this case, is and was represented by Glen Andrew Hall, Esquire, and the Martinsville Police Department is the client of the Commonwealth Attorney Glen Andrew Hall, Esquire. As the client, the client as well as it's

representative legal counsel has to comply with whatever Court Orders are entered at the direct of this Court. Defendant was charged with Virginia Code § 18.2-387, Indecent Exposure, in the City of Martinsville.

6. Martinsville Police Department did retain the body-camera footage as was outlined in a public news article printout titled: “Body Cameras Proving Useful for Martinsville Police | WSET”. See ATTACHMENT 2.

7. While the General District court can argue that they transferred the case to the Circuit Court of Martinsville. This order originally came from the General District Court of the city of Martinsville. The Circuit Court will not hold the legal counsel in contempt for violating a General District Court order. However Glen Andrew Hall, Esquire, did violate that General District Court Order with all intents and purposes described in this Motion and it's attachments herein. This Court still has the power from it's inherit powers to push for a contempt charge or contempt proceeding against Glen Andrew Hall for not complying with the Court Order in ATTACHMENT 1.

8. Since it was up to Attorney Scott Albrecht entirely to ensure the proper following of the Orders of this Court, Scott Albrecht should also be considered part of the contempt behavior of the Commonwealth Attorney Glen Andrew Hall, Esquire, since he allowed such blatant violation of this Court's Order for discovery.

Citation of Court Order:

It appearing to the Court that discovery pursuant to Rule

7C:5 should be granted to the Defendant, it is hereby ORDERED and DECREED that the Commonwealth's Attorney permit counsel for the Defendant to inspect and copy or photograph, within a reasonable time, before the preliminary hearing, the following:

(1) Any relevant written or recorded statements or confessions made by the Defendant, or copies thereof, or the substance of any oral statements or confessions made by the Defendant to any law enforcement officer, the existence of which is known to the attorney for the Commonwealth;

(2) [citation omitted]

(3) Any exculpatory information or evidence as set forth by Brady v. Maryland and its progeny that is known to the Commonwealth.

[Citations reformatted above.]

9. That order said: “Any relevant written or recorded statements or confessions made by the Defendant, or copies thereof, or the substance of any oral statements or confessions made by the Defendant to any law enforcement officer, the existence of which is known to the attorney for the Commonwealth”. They did know about it because any letters mailed to the Chief of Police or the Commonwealth Attorney are known to the Commonwealth Attorney. This was likely during the evidence retention period

still in effect at that time for the Police body-camera footage. However the evidence retention period should not matter during a pending criminal litigation. Whether it be a civil litigation hold letter request or a criminal case proceeding, destruction of any evidence which is relevant and directly relevant to the prosecution of the case and to the defense of that said criminal prosecution is in direct violation of that Court Order. The multiple letters mailed by Brian David Hill on a pro se basis to the Martinsville Police Department and the letter mailed by Kenneth Ray Forinash and/or Stella Forinash who had mailed a typed copy of that same letter Brian had mailed multiple times to the Martinsville Police Department requesting that body-camera footage as it was supposed to have been turned over pursuant to the Court Order received by Glen Andrew Hall, Esquire, and ordered of Glen Andrew Hall, Esquire, an officer of the Court. Licensed to practice law in that Court, licensed to practice law in the Commonwealth of Virginia. They knew as multiple letters were mailed, the Court had ordered such evidence to be turned over pursuant to Brady v. Maryland and Virginia Court Rules.

10. It is clear that the evidence being destroyed is a fragrant non-compliance with the General District Court order dated November 28, 2018. Refusing to comply with a Court Order when ordered to do such a thing is usually considered "Contempt of Court". It is also considered defrauding the Court when the destruction of such evidence led to the Guilty verdict against Brian David Hill. Had the evidence not been destroyed, Brian would have had a good chance at winning as evidence inside of the body-camera footage could have been used to point out various things favorable to Brian David Hill's legal innocence to his charge of Indecent Exposure under Virginia Code § 18.2-387. Legal defense to the charge, Legal Innocence, referring to the same

matter.

11. All Courts and Judges have the exclusive Constitutional inherit and implied powers to enforce their Court Orders and handle their own affairs. Courts also have the right to overturn a case fueled by FRAUD. Courts also consider destruction of evidence to be defrauding the Court as it had deceived the Court since the Court is a fact finding venue, a fact finding Judicial branch of Government. If evidence is destroyed, then they cannot have the integrity to conduct proper fact finding in a criminal or civil case. It distorts and tears at the Judicial Machinery. When a Court Orders evidence and that evidence is destroyed, evidence they were supposed to have and turn over or allow a copy to be made or whatever the case may be, then this leads to the Court having no legal power to do anything and nobody has to respect the Court and nobody has to respect it's authority and not respect it's officers when there is no punishment or sanction against a rebellious officer rebelling against a lawful order of the Court. An officer of the Court is under higher standards than pro se filers because they swore an oath, that they will conduct their lawful duties and follow the laws including rules of the Court as well as the Bar rules of Professional Conduct for licensed attorneys.

12. The City of Martinsville and it's Martinsville Police department had destroyed the body-camera footage which is technically termed as: Spoliation. Spoliation is defined as the destruction or a significant or meaningful alteration of evidence.

The legal remedy for spoliation is sanctions against the spoliator which may range from exclusion of evidence up to dismissal of a case. In determining the appropriate sanction,

the trial court is required to consider:

1. Whether the opposing party suffers prejudice as a result of the destruction of evidence;
2. Whether the prejudice can be cured;
3. The practical importance of the evidence;
4. Whether the spoliator acted in good or bad faith; and
5. The potential for abuse if the evidence was not excluded.

13. As to the first element: The opposing party Defendant Brian David Hill would suffer prejudice because the Court specifically ordered “Any relevant written or recorded statements or confessions made by the Defendant”. The Court demanded this specific evidence from the Commonwealth Attorney regarding the law enforcement officer involved with the Defendant, and they did not comply, they did not comply at all. So this satisfies the first ground. Because the evidence is destroyed and irretrievable, certain specific things in the body-camera footage can never be used to prove Brian David Hill innocent of his charge of indecent exposure. Proof such as discolored lips of suspect: Brian David Hill which would have warranted that Brian David Hill was under some kind of substance, narcotic, or gas that had affected the mental and physical well being of Brian David Hill. The body-camera footage would have contradicted the Affidavit of Sergeant Robert Jones in his original CRIMINAL COMPLAINT with his claim by the affiant that Brian was psychologically and medically cleared. The footage may also have shown Brian's behavior acting a weird or certain abnormal way under certain conditions where a behavioral or psychological expert can disagree with Brian being psychologically and medically cleared which threatens and contradicts the successful prosecution and conviction of Brian David Hill had

any expert in mental behavior saw the body-camera footage. They would disagree and would feel that something was wrong with Brian but that would destroy the prosecution's narrative against the Defendant. The body-camera footage would have shown the discolored lips and one such cause of discolored lips would be that of "CARBON MONOXIDE POISONING". It would not be strange that the Defendant who only at one time was caught naked at night on a walking trail may be the victim or subject of CARBON MONOXIDE GAS POISONING. Even Scott Albrecht did not know about this at the time because nobody knew until 2019. It was too late to use that evidence after the General District Court of December 21, 2018, however the Police body-camera footage would have shown the discolored lips and maybe it would have shown other weird abnormal behaviors of Defendant Brian which would correlate it with symptoms of CARBON MONOXIDE POISONING. The body-camera footage is non-subjective evidence. The mouth and face would have been visible. If the Commonwealth Attorney had known or suspected that Brian was under a narcotic, substance, or gas at the time of his indecent exposure, then this adds credibility to his claims of a man wearing a hoodie threatening Brian to get naked, as drugs could play a role if somebody could have drugged Brian up to make him non-coherent. Coherent means logical and consistent. When drugged up by anybody at night where crime can be more prevalent because of the limited law enforcement presence at night, anybody could have drugged Brian David Hill with a narcotic or substance or gas. That would explain greatly why Brian behaved oddly, never engaged in indecent exposure prior to the alleged charge, and then does so under weird circumstances. This is not a normal indecent exposure case given Brian's written statements, saying that he think he was drugged and told his family that he blackouts in 2018 prior to receiving the knowledge in 2019 that

gas was leaking from the fireplace in his Apartment for months and months, who knows how long the gas had been leaking into Brian's Apartment. The body-camera footage would have further proven Brian's claims of being drugged or subject to CARBON MONOXIDE POISONING. Under a weird odorless substance like that, worse than a narcotic and can cause any irrational behaviors not normally exhibited. Can even cause memory loss. Even the Martinsville Fire Department could have been subpoenaed to testify at the General district Court and could have been Court Ordered to examine Brian's Apartment located at 310 Forest Street, Apartment 2, Martinsville, Virginia in 2018 and they would have found overwhelming evidence of CARBON MONOXIDE GAS POISONING at the very residence Brian David Hill was living in prior to his indecent exposure incident. The body-camera footage would have led to an investigation by the Fire Department or mandated to drug test Brian Hill and test his blood, saliva, and urine for any signs of narcotics or substances. If they had found the evidence of CARBON MONOXIDE POISONING or any injected drugs in Brian's system, then the Defendant did not intentionally engage in any behavior which could have been considered as violating Virginia Code § 18.2-387, Indecent Exposure, in the City of Martinsville. The destruction of the evidence means that it cannot be cured, as the evidence which would have proven Defendant innocent of his charge off the bat, it is gone forever and at the fault of Martinsville Police Department. This explanation also justifies “The practical importance of the evidence”. It was clearly covered up on purpose to prevent the Court from ever learning the truth about Brian's intentions regarding what had happened on the night of September 21, 2018 on the Dick and Willie walking trail. This is a FRAUD ON THE COURT and Glen Andrew Hall knew that he had deceived the Court by permitting the destruction of evidence which

contradicts the Court Order he was supposed to follow. He did not comply with the Court. That is CONTEMPT OF COURT. The last factor is “The potential for abuse if the evidence was not excluded.” There is a way this cannot be abused, because a copy can be made of any original video recording or audio recording. All lawyers nowadays have access to a computer, whether Desktop or Laptop. They can easily make a copy of a video recording which was recorded by law enforcement. The Commonwealth Attorney could have easily added stipulations to protect the privacy of Brian David Hill and yet allow the legal counsel to inspect the footage or even allow expert witnesses to review over the body-camera footage including the GDC Court Ordered psychological evaluation and make a determination how it may come to his defense. If carbon monoxide caused temporary insanity then the Court can easily order this to be turned over to a Mental Hospital with the Carbon Monoxide evidence and then they would have released the Defendant once they have documented that the Carbon Monoxide is out of Brian's system and thus Brian cannot repeat the conduct because sanity would be restored after the Carbon Monoxide Poisoning had left his system and verify that his home had corrected the issue concerning the Carbon Monoxide. There is one concern that the body-camera footage is usually disclosed in the media and the defense counsel can easily ask that it not be kept confidential under strict confidentiality so that it cannot be given to any media as a stipulation to protect Brian David Hill's privacy in the case. The stipulations could have easily been asked of the Court and the Commonwealth Attorney had failed to do so. So this is not a matter of whether it could have been abused or not, they could have reasonably asked the Court for stipulations to protect this evidence from being abused, no trouble at all. The Commonwealth did not want this footage to ever come out in a Court of Law. This is known as a “cover up”.

Evidence is usually covered up for a nefarious purpose. Innocent men do not cover their tracks. The Police had covered up evidence. Defendant voluntarily gave them permission to look at his camera, Brian David Hill covered up no evidence at all even at the risk of forfeiting his right to remain silent under Miranda rights. However, the Commonwealth Attorney covered up plenty of evidence, even more than the body-camera footage. The fourth ground of “Whether the spoliator acted in good or bad faith”and it is obvious that Glen Andrew Hall had acted in bad faith. It is clear that this spoliated/destroyed evidence could have been used to help clear Brian Hill's name from this horrible charge. They never explained why the body-camera footage should have been destroyed, the Court had ordered that the evidence be turned over and this action violates that Court Order, it is a contemptible offense. It isn't just potential evidence that was destroyed that may have fallen through the cracks of the discovery order, the very evidence was DESCRIBED in the DISCOVERY ORDER. The order described the body-camera footage and the evidence matches the description given by the Court Order. It is not a good idea for an officer of the Court to defy a Court order. In fact he defied two Court Orders in the Circuit Court after the case was appealed. So he defied three Court Orders by refusing to turn over that evidence to inspection by the defense counsel and then destroyed the body-camera footage. All elements are met.

14. The case is getting so old, it has been dragged out because the Commonwealth Attorney Glen Andrew Hall had put up such a valiant resistance against Brian David Hill every step of the way, he is one of the worst attorneys Brian had ever been prosecuted by. This attorney does not want Brian to have any relief or remedy. Many attorneys are scared of Glen

Andrew Hall because of how dirty he conducts his business. Brian David Hill had met with 3 or 4 private attorneys in 2019 and all of them seem reluctant to fight to prove Brian's innocence without even examining the entire case. Pretty much all of them said they rather Brian withdraw his appeal without even looking at all of the records, without determining the witnesses and evidence. Even McPheeters was afraid as well. They acted like they were afraid to take on this attorney and tried to find excuses not to fight against him, like there is something going on behind the scenes, some fear that they do not want to cross this horrible lawyer. The attorneys were just afraid to fight against this Commonwealth Attorney. This made things more difficult for Brian David Hill to seek any justice. Nobody wants to push for a contempt proceeding against Glen Andrew Hall despite Brian's repeated requests over and over again in January and/or February 2019 for the body-camera footage. Brian kept asking for it over and over again, yet nothing ever panned out.

15. There was also a situation where the Martinsville Police were with Brian at Sovah Hospital in Martinsville, Virginia on September 21, 2018 while Brian had suffered multiple high resting blood pulse readings over the level of 100 which are normally a sign of a serious heart issue or health concern. Sinus Tachycardia. Brian had blood drawn and multiple vials of his blood. Those blood vials disappeared after Brian was arrested while Brian assumed that the lab-work was conducted and Brian told Scott Albrecht about the blood vials, that he felt he was drugged with a narcotic or substance. However, Scott Albrecht refused to investigate the laboratory tests. By the time in 2019 that Brian was out of Jail and attempted to get access to his medical records from that night, there was no laboratory results and the blood vials aka biological evidence was destroyed without a valid explanation. Another cover up of good

evidence. This evidence was also EXCULPATORY because it was drawn out of Brian at the Hospital after he was found naked at the Dick and Willie walking trail at night, after Brian was handcuffed, he was taken by ambulance to the Hospital with the Police with him. Officer Robert Jones was with Brian the entire time he was in a Hospital bed, when the blood vials were drawn. He even admitted under Oath in Federal Court on September 12, 2019, that he also assumed that the laboratory tests were done and said that they would normally be done but he never got access to Brian's medical records. Little did he know that the laboratory work ordered as COVERED UP, deleted from the chart without explanation. He lied and claimed that Brian was psychologically and medically cleared. He didn't even read Brian's medical records. He was asked by a Federal licensed Attorney if Officer Robert Jones knew that Brian was diabetic, he said "no". He was asked Officer Robert Jones knew that Brian had Obsessive Compulsive disorder (OCD) and the officer seemed clueless. The officer was either part of the cover up or he was misled and the vials were destroyed. Either way, Officer Robert Jones screwed up charging Brian quickly but yet the Commonwealth Attorney did not even attempt to find these blood vials. In fact he rather they be destroyed as it may make things complicated for the simple indecent exposure misdemeanor charge. He rather Brian just be found guilty and keep fighting Brian for the rest of his life if Brian kept resisting through the Legal System. That way Glen Andrew Hall can take part in extortion and racketeering through the legal system, his little racketeering operation where he can charge Brian tens of thousands of dollars in legal fees the longer he fights this, he can keep punishing Brian over and over again until he is pushed into suicide then they can take his SSI money like a good RICO-statute violating criminal cartel or criminal enterprise corrupt racketeering scheme or something. It seems like this is like a

racketeering operation through the criminal justice system and he can make as much money as he wants while destroying any evidence favorable to the defendants he persecutes. He knows a majority cannot afford good lawyers and they are screwed.

16. It is quite clear that with the destruction of both the body-camera footage and the biological evidence both at the allowance of the Corrupt Commonwealth Attorney Glen Andrew Hall, that he will never present a fair and just prosecution. He had destroyed any and all evidence favorable to the ACTUAL INNOCENCE of Brian David Hill to the charge of Virginia Code § 18.2-387, Indecent Exposure, in the City of Martinsville. Mr. Hall did this knowingly and intelligently.

17. It is quite clear that the General District Court should move to sanction Glen Andrew Hall, Esquire for contempt of court, as well as Scott Albrecht for refusing to enforce that Court Order by asking for the body-camera footage in writing and then inform the Court of such non-compliance with the Court Order. Scott Albrecht had colluded with the Commonwealth Attorney in not enforcing the Court Order and allowed the evidence to be destroyed on purpose. Both of them are guilty of allowing evidence to be destroyed. Anything Brian writes on a pro se basis and mailed to the Police Department and/or the Commonwealth Attorney is usually forwarded to his court appointed attorney or private attorney. Scott Albrecht knew that the Court Order was being violated, over and over again with Brian's multiple letters. Scott Albrecht knew that there was the existence of the body-camera footage and purposefully let the Commonwealth of Virginia destroy this footage knowing that it may have repercussions on both parties but the

discolored lips is favorable to Brian David Hill. It would have proven that the Hospital had neglected to find out why Brian David Hill was not medically cleared and something was wrong with his mind and body at the time.

Defendant and his entire family believes with enough cumulative evidence that it was prolonged exposure to CARBON MONOXIDE GAS POISONING in Brian's apartment in 2018. Pete Compton is a witness to that, which is at least one expert witness and one reasonable doubt necessary to have found Brian not guilty of his charge. Gas or drugs can do funny things to people's brains. As Brian is NOT a drug user, never has been, anybody could have given Brian a drug while out there at night on the Dick and Willie trail, even the road areas he took to walk there at night without letting his mother know, anybody could have offered a drug or drugged him and made him have the very issues which led up to his arrest but not make him culpable to the charge as he was not responsible for what had happened. Carbon Monoxide poisoning is a very serious mind twisting odorless gas and can make somebody do erratic or crazy things very easily.

It is clear that both Scott Albrecht and Glen Andrew Hall did not comply and did not attempt to enforce the Court Order on November 28, 2018. Glen Andrew Hall and Martinsville Police department (his client) did not comply with the **ATTACHMENT 1** Court Order dated November 28, 2018. Defendant requests that this Court hold both lawyers in CONTEMPT and maybe even hold CONTEMPT PROCEEDINGS against them and allow further evidence to be shown and developed. Defendant is ready for showing the evidence, it is long overdue. Defendant is ready to demonstrate that both lawyers should be held in contempt of court and recommendations for both to be disbarred from practice of law. Scott Albrecht was Brian David Hill's court appointed legal counsel all of the way until the body-camera footage was destroyed. So he is completely responsible for this spoliation of evidence, not Lauren McGarry and not Matthew Clark but Scott Albrecht who misled Brian David Hill and betrayed him and that was why Brian lost in General District Court. So both should be sanctioned by this Court for wasting all of this time, wasting a lot of resources, causing all of these problems which cannot be undone. Degrading Brian's mental health, and deteriorating his mental and physical health.

WHEREFORE, the Defendant prays that this Honorable Court order the following relief:

1. That the General District Court declare that Glen Andrew Hall, Esquire and/or Scott Albrecht were in Contempt of Court as to the order dated

November 28, 2018;

2. That the General District Court consider the sanction against Glen Andrew Hall by acquitting Brian David Hill of his original charge of Indecent Exposure under Virginia Code § 18.2-387 for the prosecution's violation of the Court Order destroying evidence which would have lead to the automatic acquittal of Brian David Hill whether in Martinsville General District Court or in Trial De Novo in the Circuit Court of Martinsville;
3. That the General District Court consider dismissing this case against Brian David Hill with prejudice as the damage can never be undone and thus these permanent evidence destruction issues only warrant case dismissal with prejudice for good with any and all charge(s) dropped;
4. That the General District Court consider filing a declaration of the Innocence of Brian David Hill or file an order of Judgment of Acquittal of Brian David Hill, whatever is proper;
5. That the General District Court consider providing any other relief or remedy that is just and proper, in the proper administration of justice and integrity for the Court.

Respectfully submitted with the Court,
This the 9th day of September, 2021.

Exhibit 3) 1-Page of U.S.W.G.O. Mailing Log from Brian David Hill of important legal mailings which was mailed while Hill was being mentally evaluated at the Federal Correctional Institution 1 in Butner, North Carolina. The #8 entry was the mailing to the Chief of Police asking for the body-camera footage. Mailing was delivered to the prison Mail Room on January 22, 2019 with

the original letter before the photocopy of that same discovery letter was mailed at a later time (See Exhibit 1). The prison treated the mailing as legal mail and was not fettered with in accordance with Federal Bureau of Prisons policies. **Total of 1-page.**

Exhibit 4) 3-Page letter to the Martinsville Chief of Police, was typed up and mailed to them by Brian David Hill's grandparents. Noted: January 19, 2019 (Typed letter March 13, 2019), “Dear Chief of Police of Martinsville Police Dept: G. Edward Cassady”, “CC: Commonwealth Attorney, Case no C18-3138,”. Note: The Defendant will be looking for the return receipt to see if it can be located in the pile of papers in the multiple boxes full of legal papers, so that the court will have proof of receipt if necessary. Total of 3-pages.

Exhibit 5) A 2-page news article titled “Body Cameras Proving Useful for Martinsville Police | WSET”. It proves that since 2013, Martinsville Police Department records body-camera footage of incidents. That may include recording of Brian David Hill on September 21, 2018, and any statements that he had made in regards to a “man wearing a hoodie” and may be useful in proving that Brian David Hill was not acting right at the time which would help prove that he was under carbon monoxide poisoning. **Total of 2-pages.**

Total evidence of 10 pages of five (5) Exhibits, 5 additional pages for the Exhibit page markers. 15 pages attached to this letter.

ANALYSIS:

From the Virginia Supreme Court rules document:

“The parties have a duty to seasonably supplement and amend discovery responses

pursuant to Rule 4:1(e) of the Rules of Supreme Court of Virginia. Seasonably means as soon as practical. No provision of this Order supersedes the Rules of Supreme Court of Virginia governing discovery. Any discovery motion filed shall contain a certification that counsel has made a good faith effort to resolve the matters set forth in the motion with opposing counsel.”

Since Defendant has sent two letters with “CC: Commonwealth Attorney, Case no. C18-3138,” and family sent one typed letter asking for the police body-camera footage for Hill's case, it is clear that Hill had made a good faith effort to explain to the prosecution and the Police Department that the body-camera footage of what had happened on September 21, 2018, was needed for discovery purposes for the case. The old case number for the General District Court case was referenced because Hill did not know the Circuit Court case number at the time he was sending those letters, but that case number is the very same case number of what was appealed. No responses were ever found or noted. As far as Hill is concerned, there are no responses to his discovery requests. Hill had mailed a copy of the letter (Exhibit 2) to Scott Albrecht while he was still Hill's counsel of record at the time. Attorney Scott Albrecht never informed Hill as to whether or not the body-camera footage was turned over to defense counsel. Therefore no responses are noted and no responses exist in regards to Hill's two attempts to ask for the body-camera footage and Hill's families one attempt in a typed letter asking for the body-camera footage. Three written attempts have been made asking for the body-camera footage this year, in a request to Martinsville Police Department and “CC: Commonwealth Attorney”.

It is clear that Brian David Hill as Defendant is entitled to the police body-camera footage pursuant to Rule 4:1 of the Supreme Court Rules for Virginia Courts as well as Brady v. Maryland case law from the U.S. Supreme Court (law of the land) which also applies to state courts, and any other rule or statute for the discovery process.

Also Hill would like to request from the Commonwealth Attorney and from Martinsville Police Department, that Hill's defense counsel get access to any blood-work or blood samples taken from Hill while he was at Sovah Hospital on September 21, 2018, before he was arrested. This includes any laboratory results, blood vials taken at the time of Hill's arrest, blood samples taken at the time of Hill's arrest, etc etc. Blood was clearly taken from Hill while he was at the Hospital, but since he was arrested, the Hospital likely would have given the blood drawn to the Police for conducting their own laboratory tests including but not limited to possible drugs.

Last page of Exhibit 10 in the evidence Exhibits which were attached to Brian's filed pro se Motion (Seq. # 22, filed 07/19/2019, evidence attached to this filing was filed on 07/22/2019 after being given to Clerk's office) for Defense of Mental Insanity "INSANITY DEF-FILED BY DEF", shows that laboratory results were ordered but later deleted from the chart and then Hill was released to Martinsville City Jail as stated in the medical records. Because Hill was escorted there with law enforcement, the Hospital likely had given the blood vials to the Martinsville Police Department to conduct their own laboratory work. That would mean a possibility that the Police Department has the blood samples, and the blood vials are likely in evidence storage for the indecent exposure investigation. Those are also subject to discovery for defense counsel. The blood vials are needed to conduct laboratory tests to find evidence of Carbon Monoxide poisoning in the blood with a lab test of "carboxyhemoglobin" which would prove that Carbon Monoxide was in the blood of Brian David Hill during the time of the alleged offense on September 21, 2018. Hill had asked Attorney Scott Abrecht, after he had turned himself in (Seq. #15, 05/30/2019, "HILL TURNED HIMSELF IN") to find the laboratory results but Hill later learned from his family that the Commonwealth Attorney didn't have the laboratory results, but the Commonwealth

Attorney never said anything to Scott Albrecht about the blood vials and blood-work that was drawn while Hill was at the hospital. So the blood vials may still exist as evidence and may be retained by Martinsville Police Department due to Sovah Hospital's policy in regards to a patient that is escorted by law enforcement or was with law enforcement.

Therefore for the following reasons, Hill respectfully requests with this honorable Court that the Court grant this motion for Discovery and compel the Commonwealth Attorney and Martinsville Police Department (who the Commonwealth represents) to turn over the evidence of the body-camera footage (*as noted above*) to Defense counsel, and the blood-work and/or blood-vials of Brian David Hill (*at the time he was arrested*) to Defense counsel. That the Court order all discovery evidence that the Commonwealth Attorney and Martinsville Police Department has withheld be turned over to Defense counsel As Soon As Possible.

WHEREFORE, the Defendant, Brian David Hill, prays that this Court enter an Order compelling discovery materials be turned over to Defense Counsel in regards to the issues stated herein.

Hill respectfully files this Motion with this honorable Court, this the 26th day of July, 2019.

Martinsville Circuit Court case

There are more facts that must be known about me in this case which involve my mental/neurological disability/handicap of Autism Spectrum Disorder. The man that had threatened to kill my mother Roberta Hill if I didn't get naked and take pictures of myself is a form of verbal sexual abuse similar to a pedophile threatening a kid to get naked. I almost would have gotten sexually taken advantage of by an inmate named Crutchfield while I'm being evaluated mentally here meaning, I would have been raped if other inmates with life sentences had not taken up for me and protected me that are against rape. Research on Google that people with Autism are more likely to be verbally and physically sexually abused. The man wearing the hoodie wanted to take advantage of me. Please contact Renetta Craighead of Piedmont Community Services and REACH. They will explain to you about my condition. I never should have been arrested and should have been placed in witness protection. This case should be dismissed. I am Innocent. Thank you.

His actions that night were not normal. He was a victim who was arrested and sent to jail by the police who are supposed to protect its citizens and disabled. Martinsville, VA -- The Martinsville Police Department says a small device has been making a big difference in fighting crime.

About a year ago, they got 38 cameras that the officers wear. They received the cameras because of a grant from the Virginia Municipal League. And they say they have really proven themselves.

Even on a very routine call, every word spoken and every movement taken will be captured clearly.

"Having this thing with us is like having someone with us whose memory is infallible," said Sgt. Chad Rhoads with the Martinsville Police Department.

Captain Eddie Cassady calls the cameras "like another officer" watching out for his force.

"They have been very useful for us," said Cassady.

For about a year, every Martinsville Police patrolling officer has worn one of these cameras. And for such a small device, it does a lot even capturing the sound of cars driving by in the distance.

"It helps clear up any disagreements. Anytime you talk to somebody, there are two different versions of what went on," said Rhodes.

And Rhoads explains, this camera shows the real version.

"It helps us investigate cases. It also helps us identify potential witnesses in other crime scenes too," said Cassady.

In the past few months, it did something they didn't even expect. When a man

BRIAN DAVID HILL

Even though I fell down the slope, cuts all over my body, my head likely got hit, I told the police officer, he appeared to have activated his body camera, I was shaken up but I tried to explain the situation as best as I could, I told him I have Autism, I tried to tell him about the guy in the hoodie, I was taken in an ambulance to the hospital, my mother and grandparents showed up, told them as much as I could what had happened. At one point I think that man was Officer R. D. Jones of Martinsville Police. He said that if I am lying, that I can be charged with filing a false report. I looked at him straight in the eyes and told Officer Jones that I told him the truth, all of that went on at the hospital. I was advised that I would be placed under arrest. Nobody walked on the trail when I was seen, hand over my mouth, guy in the hoodie, only time I was seen was the part of the trail where Southern Finishing factory was, where vehicles go by, but hardly any traffic at night. I signaled that I was gagged, that was why my hand was over my mouth. I never masturbated, I told the police the truth.

When I was seen by a passing vehicle, I never masturbated, hand over my mouth and other hand with a flashlight.

(20) My attorney told me that unless I was aroused and masturbated, I wasn't doing anything indecent. He says that I am innocent, I mean not-guilty of indecent exposure.
