Hey Clerk or officer of the Judicial Council for the Fourth Circuit,

I am Roberta Hill, Brian's mother. I am filing this Petition for Review for wrongful dismissal of his Judicial Complaint on two judges named in the COMPLAINT on Brian's behalf due to his federal probation conditions where he is not allowed to use the internet. He is having me file this Petition for Review on his behalf.

Clerk Patricia S. Conner should also review over this too and find out why the Judiciary has become so corrupt because of the Deep State and their criminal influence over Government, and why my son keeps losing no matter what case law he uses. Judges are being blackmailed or bribed or threatened presumably by the Deep State, Shadow Government. Why are so many judges working together in attacking my son and lying about him all the time, wrecking all of his appeals, and ignoring the laws or disregarding the laws. None of this makes any sense here. The only logical explanation is that the **judges are being directed to do this by the Deep State by blackmail, surveillance, or threats against them and/or their family members.** Lin Wood had also blamed the Deep State for the coordinated attacks on him this year, and I believe Lin Wood was right in blaming the Deep State. The Deep State can break any law they want to. The CIA and NSA can threaten whoever they want to and get away with it. They are corrupt. I believe the Deep State controls the judiciary. That is why Brian keeps losing in Federal Court no matter what evidence he can prove to the Courts. "You cannot fight a corrupt system with a corrupt system," I keep telling my son. I believe the Courts are corrupt because of the pedophilia and blackmail of it. **Jeffrey Epstein was never charged with possession of child pornography despite the proven evidence after the police raid and he had hundreds of child pornography images in his safe along with Ghislaine Maxwell but never faced the same judicial scrutiny or charge that my son faced when he is innocent.** Both were never charged with child porn and never were held accountable for the child pornography in their safe but the same DOJ freaks go after my son with fraudulent evidence. I've seen the download dates of 11 months after my son's computer was seized by Mayodan Police. I am not stupid. I know my son never did anything, he is innocent. The Clerk should know who she is working for, may be working for a possible child rapist at the high position of the Court if it is ever proven in the videos of that actor, who knows. **It is time for the blackmail videos to be examined by a legal team of people, that the Judicial Council must start demanding that the child rape videos be reviewed and examined by investigators and the subpoenas must**

start coming out. The videos must be reviewed and revealed to the public in a legal way. I recommend you blow the whistle Patricia Conner if you are aware of any of this criminal activity in the Judiciary. There is Project Veritas and National File. They should protect your identity if you wish to blow the whistle.

If Brian's petition for review is denied and dismissed, then the Judicial Council may become an accessory to or protective of any crimes committed by the Federal Judges in that circuit of District Courts who may have raped children. Then that makes the Council as bad as those judges who raped kids. By refusing to investigate any of it and refusing to actually review over the videos, this makes them as guilty as the crime committing judges. This is heinous, child rape and murder. Luckily my son never got snatched and grabbed when he was a kid. The videos need to be investigated, the videos reviewed. It needs to be looked at and the corruption needs to be arrested.

Please acknowledge receipt of the attached Petition for Review and **please consider sending me a pdf file response from the Clerk** and a mailing letter to my son, Brian Hill. It would be helpful if you can **send a pdf file to Attorney L. Lin Wood regarding the acceptance of the Petition for Review.** Thanks.
