Virginia Department of Health Professions - Enforcement Division,

I am filing a complaint on my son's behalf with exhibits and a brief. This complaint is against MD, Brant D. Hinchman, License no. 0102204592, SOVAH HEALTH MARTINSVILLE - Hospital. The document has been reduced file size to fit in this email. I have tried to file this complaint on behalf of Brian David Hill on your online form but have no confirmation that it was successful. Intake ID: 33964. So I am emailing this here.

This doctor never checked my son's diabetic blood sugar knowing he was diabetic before discharging him. Almost killed my son because of this. My son was not medically cleared but this doctor fraudulently medically cleared my son. Evidence shows otherwise. It could have been low and the Hospital didn't care.

Thanks,
Roberta Hill
