MOTION FOR JUDGMENT OF ACQUITTAL OR NEW TRIAL PURSUANT TO RULE
3A:15 BASED UPON NEW EVIDENCE OF SUSPECT JACODY CASSELL OF
BUSINESS ENTITY: THE CHIMNEY SWEEP WHO CAUSED CARBON
MONOXIDE POISONING INTOXICATION OF CRIMINAL DEFENDANT
WARRANTING NEW TRIAL OR ACQUITTAL 1
Table of Contents..... 2
SUMMARY 8

Odum standard: *Odum v. Commonwealth*, 225 Va. 123, 124 (Va. 1983) (“1. Motions for new trials based on after-discovered evidence are within the discretion of the Trial Judge, are not favored, are considered carefully and cautiously, and are reluctantly awarded. 2. The movant for a new trial for after-discovered evidence bears the burden to prove the evidence (a) was discovered after trial, (b) could not have been discovered earlier by reasonable diligence, (c) is not merely cumulative, corroborative or collateral, and (d) is material and should produce opposite results on new trial.”)..... 11

Tweed standard: *Commonwealth v. Tweed*, 264 Va. 524, (Va. 2002) (“2. Motions for new trials based on after-discovered evidence are addressed to the sound discretion of the trial judge, are not looked upon with favor, are considered with special care and caution, and are awarded with great reluctance. 3. A party who seeks a new trial based upon after-discovered evidence bears the burden to establish that the evidence (1) appears to have been discovered subsequent to the trial; (2) could not have been secured for use at the trial in the exercise of reasonable diligence by the movant; (3) is not merely cumulative, corroborative, or collateral; and (4) **is material, and such as should produce**

opposite results on the merits at another trial. The litigant must establish each of these mandatory criteria.”).....11

CRIMINAL DEFENSE PROFFERED BY DEFENDANT, DEFENSE OF INVOLUNTARY INTOXICATION BY INTRODUCTION OF SUSPECT: JACODY CASSELL OF COMPANY: THE CHIMNEY SWEEP15

STATEMENT OF THE FACTS26

Element 1: The Chimney Sweep was paid \$300 on October 5, 2017 by Roberta Hill (owner of the Triplex, mother of defendant) to install some type of chimney cap or screening to prevent invasive species of birds from invading the chimney of the Triplex at 310 Forest Street, Martinsville, VA, Apartment 2 of that Triplex being the apartment of Brian David Hill, the criminal Defendant of this case. Proof of the \$300 payment to JaCody Cassell, owner of the business entity known as The Chimney Sweep is authenticated by banking records provided by TRUIST Bank, formerly SunTrust bank. BB&T was reportedly bought up by TRUIST. TRUIST branch bank is located in Rocky Mount, VA, the same town as The Chimney Sweep.....26

Element 2: Telephone records printed from xFinity/Comcast account in 2017, proved that Roberta Hill’s/Defendant’s phone number 276-790-3505 was in contact with the mobile phone number (540) 483-2468 of the business referred to as The Chimney Sweep, that phone number listed in their logo and on the Better Business Bureau (BBB) website. That phone number was in contact with Roberta Hill for 3 minutes and 11 seconds on September 26, 2017. On October 5, 2017, there were two matches of contact with that phone number (540) 483-2468 on October 5, 2017, the same day which Mr. Cassell of The Chimney Sweep was paid \$300 for the job they were paid for.....28

- Element 3: It was discovered by chimney service expert Pete Compton of ACE Chimney & Wildlife that he found metal tin on top of the chimney flues at 310 Forest Street, Martinsville, VA. It was found on January 30, 2019. That metal tin had blocked the exhaust of multiple gas appliances which had used the chimney flue for exhausting usage of natural gas provided by company: Southwestern Virginia Gas Company. The gas appliances at issue here are a hot water heater, and a gas furnace/radiator which heats Apartment 1 and Apartment 2, and its pipes heats up the Apartment 3 below Apartment 2.29**
- Element 4: There were no other chimney services hired between the timeframe of The Chimney Sweep on October 5, 2017 and ACE Chimney & Wildlife on January 30, 2019 where the metal tin was found.30**
- Element 5: It is believed that the metal tin blocking the exhaust of gas appliances had caused toxicity of Carbon Monoxide gas. Carbon monoxide (chemical formula CO) is a colorless, highly poisonous, odorless, tasteless, flammable gas that is slightly less dense than air. Carbon monoxide consists of one carbon atom and one oxygen atom connected by a triple bond. It is the simplest molecule of the oxocarbon family. In coordination complexes the carbon monoxide ligand is called carbonyl. It is a key ingredient in many processes in industrial chemistry. See Bierhals, Jürgen (2001). "Carbon Monoxide". Ullmann's Encyclopedia of Industrial Chemistry. Weinheim: Wiley-VCH. doi:10.1002/14356007.a05_203.31**
- Element 6: Brian David Hill, the criminal defendant was exposed to the Carbon Monoxide gas between October 5, 2017, the date of when it started after metal tin was installed on top of the chimney flues, and the date of September 20, 2018 late at night when Defendant left the home and was found naked in a public place by Officer Robert Jones (Martinsville Police Department) on September, 21, 2018, who charged Defendant with indecent exposure. The term of carbon monoxide**

exposure is long-term, meaning that the exposure to the dangerous gas was not acute and was for a period longer than a brief or acute period. In Brian’s case, it was 11 months, 2 weeks, 1 day exposure to the gas before he left home and was arrested for indecent exposure a day later. A total of 350 days. Short of 365 days which makes a year. Short of 15 days, Defendant was exposed to Carbon Monoxide gas 15 days short of a one year Earth cycle, 365 days on the human calendar.....32

Element 7: Defendant is asserting with this Circuit Court that he proffers a criminal defense of involuntary intoxication, involuntary intoxication caused by the long term exposure to Carbon Monoxide, not acute exposure which isn’t long term. It is involuntary because Defendant never asked to be poisoned long-term to the Carbon Monoxide gas. Defendant was not aware of being exposed to Carbon Monoxide until February or March, 2019, while family had visitation with Defendant at the Federal Correctional Institution in Butner, North Carolina during a court ordered mental evaluation. Defendant found out about the carbon monoxide gas after his family told him about the issue, and Defendant informed his family that it may have been what caused the indecent exposure. Family did further research and discovered Defendant had suffered a lot of symptoms during the timeframe period of the Carbon Monoxide exposure. Symptoms such as mental confusion, psychosis, abnormal White Blood Cell (WBC) count, abnormal Mean Platelet Volume (MPV), Sinus Tachycardia, having blackout of memories, feeling like he may have been drugged but didn’t know why at the time, fainting or dizzy spell which caused the blood wound of Brian Hill on November 19, 2017 where blood was coming out of the laceration of his head. Defendant believes there is enough evidence for necessary appointment of a Carbon Monoxide expert of some kind necessary to explain to this Circuit Court that Carbon Monoxide gas poisoning, long term, can induce the criminal Defendant with Autism Spectrum

Disorder to exhibit a weird abnormal behavior of walking around naked in a public place at night. An expert will be needed to confirm the elements facts of how Carbon Monoxide gas induced the charged indecent exposure behavior of Brian David Hill on September 21, 2018.33

Element 8: Defendant had filed a complaint against The Chimney Sweep with the Fire Marshals in September, 2019, by fax. Nothing ever panned out from that complaint and request for inquiry/investigation. Defendant found out about the consumer complaint process at the Office of the Attorney General, to protect consumers from fraud and business wrongdoings. Defendant filed a complaint on May 17, 2022. The Chimney Sweep was served with the complaint and attached evidence. They responded through its owner JaCody Cassell who hired a lawyer Eric Ferguson to respond to Defendant’s complaint.....40

Element 9: This lawyer, Eric Ferguson, who represented JaCody Cassell had lied to the Dispute Resolution Unit of the Office of the Attorney General. They lied to a Government office, an office under the authority and control of the Attorney General for the Commonwealth of Virginia. They lied to a government agency of this Commonwealth. Here is how it can be proven. Eric claimed his client never conducted an estimate for Roberta Hill, never did any work for Roberta Hill, has no records of any work for Roberta Hill, and cannot remember anything and has no belief of ever doing a job for Roberta Hill involving her chimney in 2017. The attorney also raised the issue that the complaint filer Brian David Hill had waited up till 5 years to file the complaint. Of course the Defendant was not aware of the carbon monoxide until February or March, 2019. Defendant filed a complaint with the Fire Marshals by fax in September, 2019. It proved that Defendant did not wait 5 years before deciding to complain about The Chimney Sweep. The first

time he complained was in the same year he found out about the carbon monoxide.43

Element 10: The evidence disproving the lies of JaCody Cassell through his legal counsel Eric Ferguson are the following: (i.)

xFinity/

Comcast Telephone records of 276-790-3505 in September and October of 2017. In contact with the phone number (540) 483-2468. One phone call contact lasted for the time length period of 3 minutes and 11 seconds. (ii.) Signed bank check record of cashed in check from Roberta Hill paying \$300 by check to The Chimney Sweep, and it was signed for by Cassell. Paid for on October 6, 2017. It is authenticated by TRUIST bank records research. 45

REQUEST FOR COURT TO PROVIDE EQUITABLE RELIEF AND ANY OTHER RELIEF84

CERTIFICATE OF SERVICE, CERTIFICATE OF FILING86

SUMMARY

COMES NOW the Defendant, BRIAN DAVID HILL (“Defendant”), by and through himself pro se, and moves this Honorable Court for the following, for judgment of acquittal or a New Trial pursuant to **Virginia Rules of the Sup. Ct. 3A:15** based upon new evidence not previously submitted to this court, and new evidence not previously known to this Court which creates a criminal defense of involuntary intoxication to the charge in **Exhibit 0** (See **Exhibit 0**, Copy of Arrest Warrant and Criminal Complaint in original General District Court charge), prosecuted by both the City of Martinsville and Commonwealth of Virginia, the Plaintiffs’.

This MOTION contains 4 levels of EXHIBITS:

1. **EXHIBIT 0**, Copy of Arrest Warrant and Criminal Complaint in original General District Court charge
2. **EXHIBIT 1**, ORDER IN MISDEMEANOR OR TRAFFIC INFRACTION PROCEEDING
3. **EXHIBIT 2**, STATUS REPORT OF PETITIONER SEPTEMBER 27, 2018, RE-MAILED ON OCTOBER 10, 2018

4. **EXHIBIT APPENDIX, VOLUME I OF II (Pages 1 – 532)**, IN
SUPPORT OF MOTION FOR JUDGMENT OF ACQUITTAL OR NEW
TRIAL PURSUANT TO RULE 3A:15 BASED UPON NEW
EVIDENCE OF SUSPECT JACODY CASSELL OF BUSINESS
ENTITY: THE CHIMNEY SWEEP WHO CAUSED CARBON
MONOXIDE POISONING INTOXICATION OF CRIMINAL
DEFENDANT WARRANTING NEW TRIAL OR ACQUITTAL. Index
page is 5 pages and is marked as roman numerals at footer.
5. **EXHIBIT APPENDIX, VOLUME II OF II (Pages 1 – 79)**, IN
SUPPORT OF MOTION FOR JUDGMENT OF ACQUITTAL OR NEW
TRIAL PURSUANT TO RULE 3A:15 BASED UPON NEW
EVIDENCE OF SUSPECT JACODY CASSELL OF BUSINESS
ENTITY: THE CHIMNEY SWEEP WHO CAUSED CARBON
MONOXIDE POISONING INTOXICATION OF CRIMINAL
DEFENDANT WARRANTING NEW TRIAL OR ACQUITTAL. Index
page is 2 pages and is marked as roman numerals at footer.

Exhibit Appendixes are necessary since the amount of evidence records of correspondence and filings with the Commonwealth of Virginia's Dispute Resolution Unit case or cases required to make the exhibits admissible would make an estimate of 100 or more exhibits. All pages of this exhibit appendix

are numbered as EXHIBIT APPENDIX PG. ??? OF 532. All are attached to this motion as supporting evidence documents.

This Motion is pursuant to Virginia Rules of the Sup. Ct. 3A:15; Virginia Code § 19.2-271.6, as well as the Supreme Court of Virginia case law authorities of *Commonwealth v. Tweed*, 264 Va. 524, 570 S.E.2d 797 (Va. 2002), (the “Tweed standard”), and *Odum v. Commonwealth*, 225 Va. 123, 301 S.E.2d 145 (Va. 1983), (the “Odum standard”). This Court does have lawful jurisdiction and authority to act on this motion, provide an evidentiary hearing to both parties, request the Commonwealth Attorney to respond to the motion, and then this Court can come to a conclusion whether Defendant’s request for a new trial should be granted or his request for a judgment of acquittal should be granted in lieu of new trial if the Court finds the new evidence sufficient to create a criminal defense of involuntary intoxication to further disprove enough elements of the Commonwealth’s criminal prosecution that no criminal conviction can be sustained, that no criminal conviction can stand even with a trial by jury. The burden of evidence for a judgment of acquittal is likely higher of a standard and burden than the burden of proof standard for requesting a new trial. The burden of proof for involuntary intoxication is less than the burden for proving a defense of mental insanity at the time of an alleged offense allegation.

Involuntary intoxication is a recognized defense in Virginia with its own specific jury instruction, and it has been used with some success elsewhere in the country. It is similar to an insanity defense in that the defendant argues he didn't understand the nature and consequences of his act or could not distinguish right from wrong. That essentially leaves two situations where intoxication is a defense in Virginia for most crimes: (1) being surreptitiously intoxicated without your knowledge or (2) consuming a substance as directed by your physician but where the physician mistakenly prescribed the wrong dose. In this case, that substance was CARBON Monoxide GAS, long term exposure.

Odum standard: *Odum v. Commonwealth*, 225 Va. 123, 124 (Va. 1983) (“1. Motions for new trials based on after-discovered evidence are within the discretion of the Trial Judge, are not favored, are considered carefully and cautiously, and are reluctantly awarded. 2. The movant for a new trial for after-discovered evidence bears the burden to prove the evidence (a) was discovered after trial, (b) could not have been discovered earlier by reasonable diligence, (c) is not merely cumulative, corroborative or collateral, and (d) is material and should produce opposite results on new trial.”).

Tweed standard: *Commonwealth v. Tweed*, 264 Va. 524, (Va. 2002) (“2. Motions for new trials based on after-discovered evidence are addressed to the sound discretion of the trial judge, are not looked upon with favor, are considered

with special care and caution, and are awarded with great reluctance. 3. A party who seeks a new trial based upon after-discovered evidence bears the burden to establish that the evidence (1) appears to have been discovered subsequent to the trial; (2) could not have been secured for use at the trial in the exercise of reasonable diligence by the movant; (3) is not merely cumulative, corroborative, or collateral; and (4) **is material, and such as should produce opposite results on the merits at another trial.** The litigant must establish each of these mandatory criteria.”)

With the new evidence Exhibits 2, EXHIBIT APPENDIX, VOLUME I OF II (Pages 1 – 532), EXHIBIT APPENDIX, VOLUME II OF II (Pages 1 – 79), attached thereto this motion, any reasonable juror would find Brian David Hill not guilty beyond a reasonable doubt and a rational trier of fact will even find him not guilty upon preponderance of the evidence, even under the preponderance of the evidence standard.

See **Exhibit 0** ARREST WARRANT and CRIMINAL COMPLAINT for the basis of the originating arrest and criminal complaint against Brian David Hill, dated September 21, 2018, in the General District Court.

The criminal complaint and arrest warrant has three elements which can be disproven. **Brian David Hill never plead guilty even when filing a motion to withdraw appeal.**

See **EXHIBIT 1**, a copy of the Trial Court's record of: "ORDER IN MISDEMEANOR OR TRAFFIC INFRACTION PROCEEDING". EXHIBIT INDEX PAGE 6 OF 18. See stricken words marked out: "~~DEF CHANGED HIS PLEA TO GUILTY AND~~ AFFIRMED JUDG GDC, PAY COURT COSTS.". The court did not consider withdrawing appeal a guilty plea. Defendant is still entitled to his rights to new trial or judgment of acquittal.

EXHIBIT INDEX PAGE 2 OF 18 of **Exhibit 0**, ARREST WARRANT said in the originating charge that Defendant was charged with: "intentionally make an obscene display of the accused's person or private parts in a public place or in a place where others were present."

EXHIBIT INDEX PAGE 4 OF 18 of CRIMINAL COMPLAINT said in the originating charge that Defendant was: "was medically and psychologically cleared." Charged by Officer Robert Jones of Martinsville Police Department aka City of Martinsville and Commonwealth of Virginia.

See **Exhibit 2**, STATUS REPORT OF PETITIONER SEPTEMBER 27, 2018, RE-MAILED ON OCTOBER 10, 2018. This is a federal affidavit letter statement. It does show evidence of possibly intoxication. Since the hospital deleted the ordered laboratory tests from the chart at the time of arrest, the Commonwealth cannot disprove intoxication at the time of the arrest and at the time of the incident.

Under both the Virginia Constitutional law and United States Constitutional law and what it requires for all criminal cases, regardless of whether the charge is a misdemeanor or felony, all criminal defendants are presumed innocent until proven guilty and must be proven guilty beyond a reasonable doubt. This includes the requirement that ALL ELEMENTS of a crime which is charged against an innocent person must be proven beyond a reasonable doubt to the satisfaction of a trier of fact or triers of fact before a criminal conviction can be sustained and made final. Yes, Defendant did withdrawn his appeal, but he did preserve his Constitutional and legal rights to challenge his criminal charge and conviction collaterally or in any other way with future evidence acquired. He did preserve his right to prove his actual innocence, that was why the Honorable Giles Carter Greer or his clerk marked out (stricken from the record) any notion of Defendant pleading guilty because the Defendant did not plead guilty but simply entered an Alford Plea, and an Alford Plea can later be contested if new evidence surfaces favorable to the Defendant which proved that the criminal conviction was erroneous because the prosecution was done in error. Defendant entered an Alford Plea in the Circuit Court when he had withdrawn his appeal. He maintained his innocence but at the time accepted that he could have been convicted at jury trial in November, 2019 when the jury trial was set for December 2, 2019. Now with new evidence and

changes of Virginia law regarding admissibility of evidence, Defendant is confident he can be found not guilty by a jury of his peers. New trial is warranted here.

CRIMINAL DEFENSE PROFFERED BY DEFENDANT, DEFENSE OF INVOLUNTARY INTOXICATION BY INTRODUCTION OF SUSPECT: JACODY CASSELL OF COMPANY: THE CHIMNEY SWEEP

Here are the elements of the criminal defense of involuntary intoxication by proving the existence of suspect named JaCody Cassell who owns the business entitled as: The Chimney Sweep. Located in Franklin County, Virginia, in the town of Rocky Mount, Virginia. He is a suspect because he has not admitted to the conduct of the proffered witness evidence and allegations in the complaint filed by Defendant on May 17, 2022 in the Office of the Attorney General and was forwarded to the Dispute Resolution Unit opening a case, so he is a suspect until he either admits to the conduct or if is ever found guilty of the conduct if ever charged for the conduct. Here are the elements of this suspect which support the criminal Defendant's proffered defense of involuntary intoxication:

1. Element 1: The Chimney Sweep was paid \$300 on October 5, 2017 by Roberta Hill (owner of the Triplex, mother of defendant) to install some type of chimney cap or screening to prevent invasive species of birds from invading the chimney of the Triplex at 310 Forest Street, Martinsville, VA, Apartment 2 of that Triplex being the apartment of

Brian David Hill, the criminal Defendant of this case. Proof of the \$300 payment to JaCody Cassell, owner of the business entity known as The Chimney Sweep is authenticated by banking records provided by TRUIST Bank, formerly SunTrust bank. BB&T was reportedly bought up by TRUIST. TRUIST branch bank is located in Rocky Mount, VA, the same town as The Chimney Sweep.

2. Element 2: Telephone records printed from xFinity/Comcast account in 2017, proved that Roberta Hill's/Defendant's phone number 276-790-3505 was in contact with the mobile phone number (540) 483-2468 of the business referred to as The Chimney Sweep, that phone number listed in their logo and on the Better Business Bureau (BBB) website. That phone number was in contact with Roberta Hill for 3 minutes and 11 seconds on September 26, 2017. On October 5, 2017, there were two matches of contact with that phone number (540) 483-2468 on October 5, 2017, the same day which Mr. Cassell of The Chimney Sweep was paid \$300 for the job they were paid for.
3. Element 3: It was discovered by chimney service expert Pete Compton of ACE Chimney & Wildlife that he found metal tin on top of the chimney flues at 310 Forest Street, Martinsville, VA. It was found on January 30, 2019. That metal tin had blocked the exhaust of multiple

gas appliances which had used the chimney flue for exhausting usage of natural gas provided by company: Southwestern Virginia Gas Company. The gas appliances at issue here are a hot water heater, and a gas furnace/radiator which heats Apartment 1 and Apartment 2, and its pipes heats up the Apartment 3 below Apartment 2.

4. Element 4: There were no other chimney services hired between the timeframe of The Chimney Sweep on October 5, 2017 and ACE Chimney & Wildlife on January 30, 2019 where the metal tin was found.
5. Element 5: It is believed that the metal tin blocking the exhaust of gas appliances had caused toxicity of Carbon Monoxide gas. Carbon monoxide (chemical formula CO) is a colorless, highly poisonous, odorless, tasteless, flammable gas that is slightly less dense than air. Carbon monoxide consists of one carbon atom and one oxygen atom connected by a triple bond. It is the simplest molecule of the oxocarbon family. In coordination complexes the carbon monoxide ligand is called carbonyl. It is a key ingredient in many processes in industrial chemistry. See Bierhals, Jürgen (2001). "Carbon Monoxide". Ullmann's Encyclopedia of Industrial Chemistry. Weinheim: Wiley-VCH. doi:10.1002/14356007.a05_203.

6. Element 6: Brian David Hill, the criminal defendant was exposed to the Carbon Monoxide gas between October 5, 2017, the date of when it started after metal tin was installed on top of the chimney flues, and the date of September 20, 2018 late at night when Defendant left the home and was found naked in a public place by Officer Robert Jones (Martinsville Police Department) on September, 21, 2018, who charged Defendant with indecent exposure. The term of carbon monoxide exposure is long-term, meaning that the exposure to the dangerous gas was not acute and was for a period longer than a brief or acute period. In Brian's case, it was 11 months, 2 weeks, 1 day exposure to the gas before he left home and was arrested for indecent exposure a day later. A total of 350 days. Short of 365 days which makes a year. Short of 15 days, Defendant was exposed to Carbon Monoxide gas 15 days short of a one year Earth cycle, 365 days on the human calendar.

7. Element 7: Defendant is asserting with this Circuit Court that he proffers a criminal defense of involuntary intoxication, involuntary intoxication caused by the long term exposure to Carbon Monoxide, not acute exposure which isn't long term. It is involuntary because Defendant never asked to be poisoned long-term to the Carbon

Monoxide gas. Defendant was not aware of being exposed to Carbon Monoxide until February or March, 2019, while family had visitation with Defendant at the Federal Correctional Institution in Butner, North Carolina during a court ordered mental evaluation. Defendant found out about the carbon monoxide gas after his family told him about the issue, and Defendant informed his family that it may have been what caused the indecent exposure. Family did further research and discovered Defendant had suffered a lot of symptoms during the timeframe period of the Carbon Monoxide exposure. Symptoms such as mental confusion, psychosis, abnormal White Blood Cell (WBC) count, abnormal Mean Platelet Volume (MPV), Sinus Tachycardia, having blackout of memories, feeling like he may have been drugged but didn't know why at the time, fainting or dizzy spell which caused the blood wound of Brian Hill on November 19, 2017 where blood was coming out of the laceration of his head. Defendant believes there is enough evidence for necessary appointment of a Carbon Monoxide expert of some kind necessary to explain to this Circuit Court that Carbon Monoxide gas poisoning, long term, can induce the criminal Defendant with Autism Spectrum Disorder to exhibit a weird abnormal behavior of walking around naked in a public place at night. An expert

will be needed to confirm the elements facts of how Carbon Monoxide gas induced the charged indecent exposure behavior of Brian David Hill on September 21, 2018.

8. Element 8: Defendant had filed a complaint against The Chimney Sweep with the Fire Marshals in September, 2019, by fax. Nothing ever panned out from that complaint and request for inquiry/investigation. Defendant found out about the consumer complaint process at the Office of the Attorney General, to protect consumers from fraud and business wrongdoings. Defendant filed a complaint on May 17, 2022. The Chimney Sweep was served with the complaint and attached evidence. They responded through its owner JaCody Cassell who hired a lawyer Eric Ferguson to respond to Defendant's complaint.
9. Element 9: This lawyer, Eric Ferguson, who represented JaCody Cassell had lied to the Dispute Resolution Unit of the Office of the Attorney General. They lied to a Government office, an office under the authority and control of the Attorney General for the Commonwealth of Virginia. They lied to a government agency of this Commonwealth. Here is how it can be proven. Eric claimed his client never conducted an estimate for Roberta Hill, never did any work for

Roberta Hill, has no records of any work for Roberta Hill, and cannot remember anything and has no belief of ever doing a job for Roberta Hill involving her chimney in 2017. The attorney also raised the issue that the complaint filer Brian David Hill had waited up till 5 years to file the complaint. Of course the Defendant was not aware of the carbon monoxide until February or March, 2019. Defendant filed a complaint with the Fire Marshals by fax in September, 2019. It proved that Defendant did not wait 5 years before deciding to complain about The Chimney Sweep. The first time he complained was in the same year he found out about the carbon monoxide.

10. Element 10: The evidence disproving the lies of JaCody Cassell through his legal counsel Eric Ferguson are of the following:

- i. xFinity/Comcast Telephone records of 276-790-3505 in September and October of 2017. In contact with the phone number (540) 483-2468. One phone call contact lasted for the time length period of 3 minutes and 11 seconds.
- ii. Signed bank check record of cashed in check from Roberta Hill paying \$300 by check to The Chimney Sweep, and it was signed for by Cassell. Paid for on

October 6, 2017. It is authenticated by TRUIST bank records research.

This motion, the attached exhibits, arguments, and its STATEMENT OF THE FACTS will prove that Defendant Brian David Hill was involuntarily intoxicated by carbon monoxide gas. The suspect is JaCody Cassell of his business entity known as The Chimney Sweep, located at 1492 Blue Bend Rd, Rocky Mount, VA 24151-6568. This involuntary intoxication was caused by The Chimney Sweep, they poisoned and intoxicated Brian David Hill by human error at minimum since October 5, 2017, and September 20, 2018, when Defendant left home and was arrested on September 21, 2018. This disproves two necessary elements of the criminal charge for indecent exposure. It disproves the element of obscenity, and disproves the element of intent. Both are needed to sustain a criminal conviction of indecent exposure. That is the law. See Price v. Commonwealth, 201 S.E.2d 798, 800 (Va. 1974); Romick v. Commonwealth, No. 1580-12-4, 2013 WL 6094240, at *2 (Va. Ct. App. Nov. 19, 2013)(unpublished), other case law authorities.

Again, there are two situations where intoxication is a defense in Virginia for most crimes: (1) being surreptitiously intoxicated without your knowledge or (2) consuming a substance as directed by your physician but where the physician mistakenly prescribed the wrong dose. Case law is provided on the authorities of

this standard, see section: “LEGAL ARGUMENT AS TO WHY CIRCUIT COURT HAS THE JURISDICTION, AUTHORITY, AND CASE LAW TO JUSTIFY THE RELIEF SOUGHT BY GRANTING THIS MOTION AND EVEN HOLDING AN EVIDENTIARY HEARING”.

Intoxication on an involuntary basis proves beyond a shadow of doubt that intent and obscenity cannot be proven by the City of Martinsville and Commonwealth of Virginia. No jury of any kind and no rational trier of fact will convict the Defendant is found to have been involuntary intoxicated as involuntary intoxication negates/nullifies the obscenity element and intent element. Carbon monoxide gas exposure and poisoning can cause intoxication, similar to that of a street drug or alcohol. It is a tasteless and odorless gas, so it cannot be detected without a Carbon Monoxide detector, and cannot be detected without a blood sample checking the levels of CarboxyHemoGlobin. Multiple carbon monoxide detectors were installed in the Triplex after Pete Compton found such issues on January 30, 2019. Carbon Monoxide was never detected after the detectors were placed in the home since the metal tin was removed from the chimney flue where the exhaust was blocked, and was unblocked after Pete Compton discovered that it caused the carbon monoxide gas.

With proving that a criminal defense of involuntary intoxication disproves two elements of the criminal charge in **Exhibit 0**, a conviction cannot be sustained

as a matter of law and as a matter of fact. **It would be an error of fact, error of law, and an abuse of discretion to convict Brian David Hill of this crime after the Circuit Court reviews over this motion, it's STATEMENT OF THE FACTS, it's exhibits, it's case law authorities and legal arguments, and review over the merit of the arguments.** The Commonwealth is free to respond to this

motion and they should respond to this motion. The conviction should be overturned, the charge should be thrown out or a new trial must be had. Defendant requests a new trial or judgment of acquittal under the Tweed Standard and Odum Standard, or any other standard which can be applied under the authorities of the Supreme Court of Virginia and Court of Appeals of Virginia.

The request for judgment of acquittal or new trial is for criminal case no. CR19000009-00; charge of violating Virginia Code § 18.2-387. Indecent exposure dated September 21, 2018; and the criminal conviction judgment which was rendered on November 18, 2019. See **Exhibit 0** for the original Arrest Warrant and Criminal Complaint. See **Exhibit 1**, for the “ORDER IN MISDEMEANOR OR TRAFFIC INFRACTION PROCEEDING”, the judgment of conviction for the charged crime.

Defendant requests in this motion that the Court consider all new **STATEMENT OF FACTS, EXHIBITS, and arguments in this motion** concerning new facts of toxication by carbon monoxide gas and suspect JaCody

Casell lying about what had caused the carbon monoxide gas on October 5, 2017 thus not being medically and psychologically cleared as previously assumed by law enforcement which were not known at the time of the criminal conviction. JaCody Cassell lied to an officer of the Commonwealth of Virginia in the Dispute Resolution Unit, an office under the jurisdiction of the Attorney General.

This is new evidence because it was not secured during the trial set for December 2, 2019 because in 2019 The Chimney Sweep did not lie to the allegations in complaint brought against The Chimney Sweep until Defendant filed the complaint in May 17, 2022 with the Office of Attorney General when complaint was filed and the lying began on June 28, 2022 in response to Defendant's complaint.

These STATEMENT OF FACTS warrant a judgment of acquittal, or a New Trial, or an evidentiary hearing to make a determination on the new facts and allow both sides to present additional arguments, and responses or any additional evidence to the Court; present any witnesses for direct examination and cross examination; and make a determination if Defendant had made a requisite showing of being innocent of multiple essential elements of the charged crime, meaning that the Virginia law and Local Law was never violated on September 21, 2018. This proves that a conviction cannot be sustained with the new evidence as a matter of law. Defendant kindly and respectfully asks that the Honorable Giles Carter Greer

review over all evidence, exhibits, and arguments in this motion and not ignore it. Please do not ignore any of this, Defendant has the evidence Brian David Hill is innocent and the judgment of acquittal or new trial is warranted.

STATEMENT OF THE FACTS

This STATEMENT OF THE FACTS contains 27 paragraphs, pages 26-53)

The Statement of Facts is hereby presented to the Circuit Court for Martinsville based on the following new pieces of evidence:

Element 1: The Chimney Sweep was paid \$300 on October 5, 2017 by Roberta Hill (owner of the Triplex, mother of defendant) to install some type of chimney cap or screening to prevent invasive species of birds from invading the chimney of the Triplex at 310 Forest Street, Martinsville, VA, Apartment 2 of that Triplex being the apartment of Brian David Hill, the criminal Defendant of this case. Proof of the \$300 payment to JaCody Cassell, owner of the business entity known as The Chimney Sweep is authenticated by banking records provided by TRUIST Bank, formerly SunTrust bank. BB&T was reportedly bought up by TRUIST. TRUIST branch bank is located in Rocky Mount, VA, the same town as The Chimney Sweep.

1. See EXHIBIT APPENDIX PG. 481, 482, and 483 of **EXHIBIT APPENDIX VOLUME I OF II (Pages 1 – 532)**, containing evidence of a 1-page letter from Kathy Bowles the TRUIST Bank employee of Assistant Vice President, Client Resolution Senior Specialist, Consumer Regulatory & Executive Services Team. The signed check on EXHIBIT APPENDIX PG. 482 OF 532 shown that it was signed with the name in cursive handwriting but that last name appears to be

“CASSELL”. The same last name as the business of The Chimney Sweep. The check appears to have been written out to “The Chimney Sweep” on October 5, 2017, and was signed for by a “Cassell”. That check was at the amount of \$300.00. Paid for by Roberta Hill and her bank account. See EXHIBIT APPENDIX PG. 483 OF 532. Roberta Hill was appearing to have been seeking estimates on a chimney cap as there is a voicemail audio recording from Karen Compton of ACE Chimney & Wildlife, and yes related to or married to Pete Compton of ACE Chimney & Wildlife. See EXHIBIT APPENDIX PG. 495 OF 532. The voicemail file 8-25-2022-2017-9-27--1056AM.mp3 proved that Roberta Hill was looking for a chimney cap in September, 2017. The Chimney Sweep only does chimney work hence is the name of the business: “The Chimney Sweep” who of course would do chimney work type services. It is obvious by the name of that business.

2. Photograph of the home of Defendant at the Triplex at 310 Forest Street is listed in EXHIBIT APPENDIX PG. 514 OF 532, PAGE 4 OF 9 - LETTER TO DEMETRICE DAVIS AND ERIC FERGUSON 8-30-2022. Apartment 2 is below Apartment 1. Apartment 1 is the main top apartment with the chimney on top of Apartment 1. See EXHIBIT APPENDIX PG. 278 OF 532, and you will see the address of The Chimney Sweep as being located at: 1492 Blue Bend Rd, Rocky Mount, VA 24151-6568. The TRUIST bank records do show that they do not have just the record of Roberta Hill’s bank account where \$300 was paid for to The

Chimney Sweep, but TRUIST also has the signature of the one who cashed in the check by endorsing his signature, "Cassell". Element 1 has been satisfied.

Element 2: Telephone records printed from xFinity/Comcast account in 2017, proved that Roberta Hill's/Defendant's phone number 276-790-3505 was in contact with the mobile phone number (540) 483-2468 of the business referred to as The Chimney Sweep, that phone number listed in their logo and on the Better Business Bureau (BBB) website. That phone number was in contact with Roberta Hill for 3 minutes and 11 seconds on September 26, 2017. On October 5, 2017, there were two matches of contact with that phone number (540) 483-2468 on October 5, 2017, the same day which Mr. Cassell of The Chimney Sweep was paid \$300 for the job they were paid for.

Again, referencing: **EXHIBIT APPENDIX VOLUME I OF II (Pages 1 – 532).**

3. Defendant has evidence that he had telephone records printed from xFinity/Comcast account in 2017 according to EXHIBIT APPENDIX PG. 503 OF 532, and EXHIBIT APPENDIX PG. 500 OF 532, proved that Roberta Hill's/Defendant's phone number 276-790-3505 was in contact with the mobile phone number (540) 483-2468 through cell phone provider U.S. Cellular of the business referred to as The Chimney Sweep, that phone number listed in their logo (See EXHIBIT APPENDIX PG. 360 OF 532, PAGE 2 OF 12 - LETTER TO AARON ZIGLAR AND ERIC FERGUSON 7-7-2022) and on the Better Business Bureau (BBB) website (See EXHIBIT APPENDIX PG. 279 OF 532, and EXHIBIT APPENDIX PG. 281 OF 532).

4. That phone number (540) 483-2468 was in contact with Roberta Hill for 3 minutes and 11 seconds on September 26, 2017 according to EXHIBIT APPENDIX PG. 503 OF 532). Call was placed on September 26, 2017 11:26 AM EST. On October 5, 2017, there were two matches of contact with that phone number (540) 483-2468 on October 5, 2017, the same day which Mr. Cassell of The Chimney Sweep was paid \$300 for the job they were paid for. See EXHIBIT APPENDIX PG. 500 OF 532. One phone call was placed on 1:22 PM EST and the other phone call was received on 10:04 AM EST. Both two calls on October 5, 2017. Same day as the check was issued by Roberta Hill and was cashed in on October 6, 2017, signed by “Cassell”. Again, see EXHIBIT APPENDIX PG. 481, 482, and 483 of EXHIBIT APPENDIX VOLUME I OF II (Pages 1 – 532). This proven that work was done, and check was issued afterwards. Establishes that chimney service work was conducted on October 5, 2017. Major probability of an estimate conducted, the 3 minutes and 11 seconds. Element 2 has been satisfied.

Element 3: It was discovered by chimney service expert Pete Compton of ACE Chimney & Wildlife that he found metal tin on top of the chimney flues at 310 Forest Street, Martinsville, VA. It was found on January 30, 2019. That metal tin had blocked the exhaust of multiple gas appliances which had used the chimney flue for exhausting usage of natural gas provided by company: Southwestern Virginia Gas Company. The gas appliances at issue here are a hot water heater, and a gas furnace/radiator which heats Apartment 1 and Apartment 2, and its pipes heats up the Apartment 3 below Apartment 2.

5. It was discovered by a man named Pete Compton who is part of the company ACE Chimney & Wildlife, in Bassett, Virginia. See EXHIBIT APPENDIX PG. 497 OF 532. On January 30, 2019, according to his witness letter filed with the Virginia Circuit Court and the federal court, he found metal tin on top of the chimney flues at the Triplex located at 310 Forest Street, Martinsville, VA. Again, said that evidence of carbon monoxide gas was found on January 30, 2019. That metal tin had blocked the exhaust of multiple gas appliances which had used the chimney flue for exhausting usage of natural gas provided by company: Southwestern Virginia Gas Company. Causing the gas exhaust to flow through the fireplaces, causing the carbon monoxide issue. The gas appliances at issue here are a hot water heater, and a gas furnace/radiator which heats Apartment 1 and Apartment 2, and its pipes heats up the Apartment 3 below Apartment 2. The witness letter is self-explanatory on this element and thus this element has been satisfied. Pete Compton is willing to testify under oath about every one of the claims made in the witness letter. He is a credible witness for the Circuit Court and for this criminal case. Again, the fireplace exhausted the carbon monoxide gas due to the blockage of the chimney flues by installation of metal tin.

Element 4: There were no other chimney services hired between the timeframe of The Chimney Sweep on October 5, 2017 and ACE Chimney & Wildlife on January 30, 2019 where the metal tin was found.

6. There were no other chimney services hired between the timeframe of The Chimney Sweep on October 5, 2017 and ACE Chimney & Wildlife on January 30, 2019 where the metal tin was found. Roberta Hill is willing to attest to that fact under oath when questioned under oath and is willing to write an affidavit on request by the Court or by the Commonwealth's Attorney over this fact. The only suspect of who placed the metal tin would be somebody employed at The Chimney Sweep. This element has been satisfied.

Element 5: It is believed that the metal tin blocking the exhaust of gas appliances had caused toxicity of Carbon Monoxide gas. Carbon monoxide (chemical formula CO) is a colorless, highly poisonous, odorless, tasteless, flammable gas that is slightly less dense than air. Carbon monoxide consists of one carbon atom and one oxygen atom connected by a triple bond. It is the simplest molecule of the oxocarbon family. In coordination complexes the carbon monoxide ligand is called carbonyl. It is a key ingredient in many processes in industrial chemistry. See Bierhals, Jürgen (2001). "Carbon Monoxide". Ullmann's Encyclopedia of Industrial Chemistry. Weinheim: Wiley-VCH. doi:10.1002/14356007.a05_203.

7. It is believed that the metal tin blocking the exhaust of gas appliances had caused toxicity of Carbon Monoxide gas due to gas flowing from the fireplaces. This belief came due to the discovery made by Pete Compton, see witness letter: EXHIBIT APPENDIX PG. 497 OF 532. Carbon monoxide (chemical formula CO) is a colorless, highly poisonous, odorless, tasteless, flammable gas that is slightly less dense than air. Carbon monoxide consists of one carbon atom and one oxygen atom connected by a triple bond. It is the simplest molecule of the oxocarbon

family. In coordination complexes the carbon monoxide ligand is called carbonyl. It is a key ingredient in many processes in industrial chemistry. See Bierhals, Jürgen (2001). "Carbon Monoxide". Ullmann's Encyclopedia of Industrial Chemistry. Weinheim: Wiley-VCH. doi:10.1002/14356007.a05_203. An expert witness who understands carbon monoxide gas and carbon monoxide poisoning would be necessary to satisfy this element for the records of this Court and for satisfying the facts presented in this case itself. Expert witnesses are needed and are necessary.

Element 6: Brian David Hill, the criminal defendant was exposed to the Carbon Monoxide gas between October 5, 2017, the date of when it started after metal tin was installed on top of the chimney flues, and the date of September 20, 2018 late at night when Defendant left the home and was found naked in a public place by Officer Robert Jones (Martinsville Police Department) on September, 21, 2018, who charged Defendant with indecent exposure. The term of carbon monoxide exposure is long-term, meaning that the exposure to the dangerous gas was not acute and was for a period longer than a brief or acute period. In Brian's case, it was 11 months, 2 weeks, 1 day exposure to the gas before he left home and was arrested for indecent exposure a day later. A total of 350 days. Short of 365 days which makes a year. Short of 15 days, Defendant was exposed to Carbon Monoxide gas 15 days short of a one year Earth cycle, 365 days on the human calendar.

8. Brian David Hill, the criminal defendant was exposed to the Carbon Monoxide gas between October 5, 2017, the date of when it started after metal tin was installed on top of the chimney flues, and the date of September 20, 2018 late at night when Defendant left the home. The date of October 5, 2017 can be established by questioning the suspect JaCody Cassell in open court under penalty

of perjury. Ordering him to answer these basic questions under penalty of perjury puts him at risk of perjury if he is caught lying in Court. It would motivate him to tell this Court the truth about the date of which he placed the metal tin on top of the chimney flues causing the CO gas to flow through the fireplaces, and was paid \$300 by Roberta Hill and by check afterwards. September 20, 2018 late at night is the time when Defendant reportedly left home clothed but was found naked in a public place by Officer Robert Jones (Martinsville Police Department) on September, 21, 2018 still during the nighttime, which Officer Jones had charged Defendant with indecent exposure. See Exhibit 0.

9. The term period of carbon monoxide exposure is long-term, meaning that the period of exposure to the dangerous gas was not acute (short period) but was for a period longer than a brief or acute period. In Brian's case, it was 11 months, 2 weeks, 1 day of exposure to the gas before he left home and was arrested for indecent exposure a day later. A total of 350 days. Short of 365 days which makes a year. Short of 15 days of an entire year, Defendant was exposed to Carbon Monoxide gas 15 days short of a one year Earth cycle, 365 days on the human calendar. Element 6 has been satisfied.

Element 7: Defendant is asserting with this Circuit Court that he proffers a criminal defense of involuntary intoxication, involuntary intoxication caused by the long term exposure to Carbon Monoxide, not acute exposure which isn't long term. It is involuntary because Defendant never asked to be poisoned long-term to the Carbon Monoxide gas. Defendant was not aware of being exposed to Carbon Monoxide

until February or March, 2019, while family had visitation with Defendant at the Federal Correctional Institution in Butner, North Carolina during a court ordered mental evaluation. Defendant found out about the carbon monoxide gas after his family told him about the issue, and Defendant informed his family that it may have been what caused the indecent exposure. Family did further research and discovered Defendant had suffered a lot of symptoms during the timeframe period of the Carbon Monoxide exposure. Symptoms such as mental confusion, psychosis, abnormal White Blood Cell (WBC) count, abnormal Mean Platelet Volume (MPV), Sinus Tachycardia, having blackout of memories, feeling like he may have been drugged but didn't know why at the time, fainting or dizzy spell which caused the blood wound of Brian Hill on November 19, 2017 where blood was coming out of the laceration of his head. Defendant believes there is enough evidence for necessary appointment of a Carbon Monoxide expert of some kind necessary to explain to this Circuit Court that Carbon Monoxide gas poisoning, long term, can induce the criminal Defendant with Autism Spectrum Disorder to exhibit a weird abnormal behavior of walking around naked in a public place at night. An expert will be needed to confirm the elements facts of how Carbon Monoxide gas induced the charged indecent exposure behavior of Brian David Hill on September 21, 2018.

10. Brian David Hill the criminal Defendant is asserting as fact in the Circuit Court for the City of Martinsville that he was involuntarily intoxicated due to Carbon Monoxide gas poisoning, and the toxicity effects caused by the gas. Because of the metal tin blocking the exhaust at the chimney flues, the gas exhaust had nowhere to go and flowed through the fireplaces. It is a fact because Defendant exhibited a lot of symptoms of the usual symptoms found in medical patients who are even acutely exposed to Carbon Monoxide gas. For clear and convincing evidence proving acute exposure would require the levels by CarboxyHemoglobin laboratory testing. Carboxyhemoglobin, Blood - Carbon monoxide is the most

common of the gaseous poisons. **Malfunctioning or poorly ventilated heating appliances and internal combustion engines are frequent causes of carbon monoxide poisoning.** Carbon monoxide combines reversibly with hemoglobin in a manner almost identical to oxygen resulting in a decrease in the amount of oxygen carried by hemoglobin. **Accidental poisoning can occur even at low levels (greater than 0.01%) of CO in the atmosphere with prolonged exposure.** See link: <https://testdirectory.questdiagnostics.com/test/test-detail/309/carboxyhemoglobin-blood?cc=MASTER> (Disclaimer: Link provided by Brian's family).

11. It is difficult or impossible for case law authorities examples to be found where involuntary intoxication was ever brought up as a defense to indecent exposure where Carbon Monoxide can induce such behavior. However one case was found where there was a pending indecent exposure charge of somebody living in the household, the same household which has alleged a theory of Carbon Monoxide gas, so there is a correlation there but nobody has ever asserted publicly in a criminal context that indecent exposure can be induced by toxicity aka intoxication caused by Carbon Monoxide Gas exposure, especially prolonged exposure to the gas. See *A.M. v. Superior Court of Riverside Cnty.*, No. E054602, 4 (Cal. Ct. App. Dec. 8, 2011) (“had a criminal record that included a pending indecent exposure case. (Pen. Code, § 314.1.) Mother was scheduled for a psychological assessment, but broke it off and became angry because she thought

the doctor was "rude." The evaluator was able to note that Mother's reaction was "verging on paranoid," and that Mother believed people were "conspiring against her.""). A.M. v. Superior Court of Riverside Cnty., No. E054602, 6 (Cal. Ct. App. Dec. 8, 2011) ("She also theorized that this residence was full of carbon monoxide, which had made her ill."). The Circuit Court may need to produce new case law authority regarding involuntary intoxication of Carbon Monoxide gas if proved pro-longed exposure to the gas aka long-term exposure to the gas. This issue may be the new wild west of case law which needs to be developed now. New case law may need to be developed on this issue.

12. It is involuntary because Defendant never asked to be poisoned long-term to the Carbon Monoxide gas. Defendant was not aware of being exposed to Carbon Monoxide until February or March, 2019, while family had visitation with Defendant at the Federal Correctional Institution in Butner, North Carolina during a court ordered mental evaluation. See EXHIBIT APPENDIX PG. 54 THROUGH 65 OF 532, **EXHIBIT APPENDIX VOLUME I OF II (Pages 1 – 532)**.

Defendant found out about the carbon monoxide gas after his family told him about the issue (See EXHIBIT APPENDIX PG. 322-338 OF 532), and Defendant informed his family that it may have been what had caused the indecent exposure. Family did further research and discovered Defendant had suffered a lot of symptoms during the timeframe period of the Carbon Monoxide exposure.

Symptoms such as mental confusion (addressed in filed: MOTION FOR JUDGMENT OF ACQUITTAL OR NEW TRIAL PURSUANT TO RULE 3A:15 BASED UPON NEW EVIDENCE WHICH DISPROVES THE ELEMENTS OF CHARGED CRIME BY PROSECUTION, EVIDENCE WARRANTING NEW TRIAL OR ACQUITTAL, Page 19 of 77, Page 22 of 77, Page 24 of 77), psychosis (See EXHIBIT APPENDIX PG. 66-71 OF 532), abnormal White Blood Cell (WBC) count (See EXHIBIT APPENDIX PG. 211 OF 532), abnormal Mean Platelet Volume (MPV) (See EXHIBIT APPENDIX PG. 211 OF 532), Sinus Tachycardia (See EXHIBIT APPENDIX PG. 210 OF 532), having blackout of memories (See next paragraph at paragraph 13 for the proof), feeling like he may have been drugged but didn't know why at the time (See next paragraph at paragraph 13 for the proof), fainting or dizzy spell which caused the blood wound of Brian Hill on November 19, 2017 where blood was coming out of the laceration of his head (EXHIBIT APPENDIX PG. 203 OF 532). Defendant assumed that it was a diabetic seizure or low blood sugar, but Roberta Hill was a witness to where the wound was caused and the trail of blood at the time. Defendant's mother Roberta Hill found where he fell in his office, hit his head on part of the desk causing part of it to being damaged. Defendant was found in his bed with blood on the pillow, which meant that Defendant fell unconscious and somehow he was able to still move to his bed where the EMT emergency crew found him with the blood

on the pillow, the laceration where blood came out of his head. Defendant assumed it was diabetic low blood sugar episode but it was actually a fainting spell which can be caused by Carbon Monoxide severe exposure along with tachycardia.

13. See Exhibit 2, STATUS REPORT OF PETITIONER SEPTEMBER 27, 2018, RE-MAILED ON OCTOBER 10, 2018. This is a federal affidavit letter statement. Brian said in EXHIBIT 2, Case 1:13-cr-00435-TDS, Document 153, Filed 10/17/18, Page 3 of 11, EXHIBIT INDEX PAGE 10 OF 18: “...*At one point I felt like I might collapse so I may have been drugged. I had to keep sitting on benches*”. EXHIBIT 2, Case 1:13-cr-00435-TDS, Document 153, Filed 10/17/18, Page 2 of 11, EXHIBIT INDEX PAGE 9 OF 18: “On September 20, 2018, Thursday, some of my memories may have been blacked out. I was under an extreme amount of stress and anxiety already due to the pre-filing injunction motion...My mom had also noticed that my doors were not being kept locked, I was psychologically afraid to sleep in my bed. Sometimes sleeping on the couch and I had a bad feeling something bad would happen to me.”. EXHIBIT 2, Case 1:13-cr-00435-TDS, Document 153, Filed 10/17/18, Page 2 of 11, EXHIBIT INDEX PAGE 9 OF 18: “ON SEPTEMBER 18th, 2018, Somebody was in the thicket at the end of my neighbor's property and branches moved whenever I looked in that direction. I was around the period when I was mowing the grass between the time period of 1 to 4PM. That was a tuesday. Likely surveiling me.”

Defendant did also exhibit symptom of irritability as he told Officer Jones “F**k you!” and cussed him out at the time of being arrested. See EXHIBIT INDEX PAGE 13 OF 18, “Case 1:13-cr-00435-TDS Document 153 Filed 10/17/18 Page 6 of 11”.

14. The Centers for Disease Control and prevention (CDC) has credible information about symptoms caused by Carbon Monoxide if the levels cannot be determined and documented. See https://web.archive.org/web/20220903230021/https://www.cdc.gov/disasters/co_guidance.html or https://www.cdc.gov/disasters/co_guidance.html. Symptoms of severe CO poisoning include malaise, shortness of breath, headache, nausea, chest pain, irritability, ataxia, altered mental status, other neurologic symptoms, loss of consciousness, coma, and death; signs include tachycardia, tachypnea, hypotension, various neurologic findings including impaired memory, cognitive and sensory disturbances; metabolic acidosis, arrhythmias, myocardial ischemia or infarction, and noncardiogenic pulmonary edema, although any organ system might be involved. Sinus Tachycardia was documented by the hospital on November 19, 2017.

15. Defendant believes there is enough evidence of matching symptoms for Carbon Monoxide gas exposure (tachycardia, psychosis, mental confusion, possibly hallucinations, abnormal White Blood Cell (WBC) count, abnormal Mean

Platelet Volume (MPV)) for necessary appointment of a Carbon Monoxide expert of some kind by this Court or by the Commonwealth Attorney necessary to explain to this Circuit Court that Carbon Monoxide gas poisoning, long term, can induce the criminal Defendant with Autism Spectrum Disorder to exhibit a weird abnormal behavior of walking around naked in a public place at night. An expert will be needed to confirm the elements facts of how Carbon Monoxide gas induced the charged indecent exposure behavior of Brian David Hill on September 21, 2018. Even University professors should take interest and notice of the claims made in this motion. Element 7 has been satisfied.

Element 8: Defendant had filed a complaint against The Chimney Sweep with the Fire Marshals in September, 2019, by fax. Nothing ever panned out from that complaint and request for inquiry/investigation. Defendant found out about the consumer complaint process at the Office of the Attorney General, to protect consumers from fraud and business wrongdoings. Defendant filed a complaint on May 17, 2022. The Chimney Sweep was served with the complaint and attached evidence. They responded through its owner JaCody Cassell who hired a lawyer Eric Ferguson to respond to Defendant's complaint.

16. Defendant had filed a complaint against The Chimney Sweep with the Fire Marshals in September, 2019, by fax (See EXHIBIT APPENDIX PG. 407-415 OF 532). Nothing ever panned out from that complaint and request for inquiry/investigation into that chimney company. Defendant found out about the consumer complaint process at the Office of the Attorney General, to protect

consumers from fraud and business wrongdoings. If a business injures or kills somebody, it should be of great concern to this Commonwealth and to of Law Enforcement, especially if the company denies ever doing business with a client they injured and almost killed but the signed check record proves the opposite of the lies. Defendant through his mother Roberta Hill filed a complaint on May 17, 2022 (See EXHIBIT APPENDIX PG. 1-113 OF 532, "COMPLAINT FILED BY BRIAN DAVID HILL; w/OAG"). The Chimney Sweep was served with the complaint and attached evidence (See EXHIBIT APPENDIX PG. 114-116 OF 532). They responded through its owner JaCody Cassell who hired a lawyer Eric Ferguson to respond to Defendant's complaint (See EXHIBIT APPENDIX PG. 164-165 OF 532). Claimed the complaint was baseless and denied ever doing an estimate or work for Ms. Hill. However, the telephone phone call logs/records and the signed check from the TRUIST Bank shows the opposite (See EXHIBIT APPENDIX PG. 359-370 OF 532). Because JaCody Cassell was caught lying on two claims on its face in response to the complaint, the Court should consider the entire complaint as true due to lies from the respondent to that complaint as it only accused The Chimney Sweep company under JaCody Cassell of material facts about Brian David Hill and Roberta Hill being poisoned by Carbon Monoxide gas due to installing metal tin on top of the chimney flues, blocking exhaust of gas appliances causing gas to flow through the fireplaces of Apartment 1 and

Apartment 2. All claims in that complaint should be treated as factual by this Court since attorney Eric Ferguson's claim of Defendant's complaint being baseless was based on his client claiming he never did an estimate and never did chimney work for Roberta Hill. The documented evidence records from third parties such as xFinity/Comcast and TRUIST Bank prove that JaCody Cassell is a liar when confronted with the accusations against his company that he or his company poisoned the Defendant and Roberta Hill with carbon monoxide gas by blocking exhaust of the gas. The complaint is true when the accused lies. See EXHIBIT APPENDIX PG. 511-519 OF 532.

17. Mediator Aaron Ziglar of the Office of Attorney General for the Commonwealth of Virginia had warned or advised both parties to the Dispute Resolution Unit case that any responses are voluntary and are not required. Citation of EXHIBIT APPENDIX PG. 114 OF 532: "...participation in our dispute resolution process is voluntary, we do request an acknowledgement of this letter". Defendant had not lied throughout those proceedings, maybe Defendant and Roberta Hill made some hyperbolic rants or political opinions. However, JaCody Cassell did lie and was caught lying throughout those voluntary proceedings. The ones who are caught lying in the face of accusations are usually treated as baseless and treated as though the liar is hiding something and is not being genuine. The complaint was not baseless, JaCody Cassell was baseless in lying in contradiction

to his signed check when he cashed in the \$300 from Roberta Hill, on October 6, 2017, a day after he poisoned Brian David Hill and Roberta Hill with carbon monoxide gas by the installation of metal tin on top of the chimney flues. This caused gas to flow through the fireplaces subjecting the residents of both apartments to suffer Carbon Monoxide gas prolonged exposure, long-term.

Element 8 has been satisfied.

Element 9: This lawyer, Eric Ferguson, who represented JaCody Cassell had lied to the Dispute Resolution Unit of the Office of the Attorney General. They lied to a Government office, an office under the authority and control of the Attorney General for the Commonwealth of Virginia. They lied to a government agency of this Commonwealth. Here is how it can be proven. Eric claimed his client never conducted an estimate for Roberta Hill, never did any work for Roberta Hill, has no records of any work for Roberta Hill, and cannot remember anything and has no belief of ever doing a job for Roberta Hill involving her chimney in 2017. The attorney also raised the issue that the complaint filer Brian David Hill had waited up till 5 years to file the complaint. Of course the Defendant was not aware of the carbon monoxide until February or March, 2019. Defendant filed a complaint with the Fire Marshals by fax in September, 2019. It proved that Defendant did not wait 5 years before deciding to complain about The Chimney Sweep. The first time he complained was in the same year he found out about the carbon monoxide.

18. This lawyer, Eric Ferguson, who represented JaCody Cassell had lied to the Dispute Resolution Unit of the Office of the Attorney General. They lied to a Government office, an office under the authority and control of the Attorney General for the Commonwealth of Virginia. They lied to a government agency of this Commonwealth. Here is how it can be proven. Eric Ferguson the attorney

claimed his client never conducted an estimate for Roberta Hill (See EXHIBIT APPENDIX PG. 164-165 OF 532), never did any work for Roberta Hill (See EXHIBIT APPENDIX PG. 164-165 OF 532), has no records of any work for Roberta Hill (See EXHIBIT APPENDIX PG. 164-165 OF 532), and cannot remember anything and has no belief of ever doing a job for Roberta Hill involving her chimney in 2017 (See EXHIBIT APPENDIX PG. 511 OF 532). Review the full letter to see what it was talking about (See EXHIBIT APPENDIX PG. 511-519 OF 532). That is a complete lie as he signed a check paid for by Roberta Hill to The Chimney Sweep (See EXHIBIT APPENDIX PG. 513 OF 532, "PAGE 3 OF 9 - LETTER TO DEMETRICE DAVIS AND ERIC FERGUSON 8-30-2022"). That is a complete lie as Cassell's mobile phone number was in contact with Roberta Hill in both September 26, 2017 and October 5, 2017 (See EXHIBIT APPENDIX PG. 360-361 OF 532, "PAGE 2 OF 12", "PAGE 3 OF 12" - "LETTER TO AARON ZIGLAR AND ERIC FERGUSON 7-7-2022"). See that full letter to see what it was talking about (See EXHIBIT APPENDIX PG. 359-370 OF 532). October 5, 2017 is the exact same day as the date written on the check as photocopied by the bank, in TRUIST bank records (See, EXHIBIT APPENDIX PG. 481-483 OF 532).

19. The attorney also raised the issue that the complaint filer Brian David Hill had waited up till 5 years to file the complaint (See EXHIBIT APPENDIX

PG. 165 OF 532). The lawyer said a claim either wrong or lying for Cassell, he said: “One would think that it would not take 3-5 years to make a complaint.”

However the complaint to the Fire Marshals faxed by Defendant in September 22, 2019 squashes that claim by Attorney Eric Ferguson, the lying lawyer (See EXHIBIT APPENDIX PG. 401-415 OF 532). Of course the Defendant was not aware of the carbon monoxide until February or March, 2019. Again, Defendant filed a complaint with the Fire Marshals by fax in September, 2019 (See EXHIBIT APPENDIX PG. 407- 415 OF 532). It proved that Defendant did not wait 3-5 years before deciding to complain about The Chimney Sweep. The first time he complained about this chimney company was in the same year he found out about the carbon monoxide. That is due diligence. The Fire Marshals of Henry County and also over Martinsville were negligent and refused to investigate this matter, and refused to ask The Chimney Sweep about the allegations made by Defendant. This is dereliction of duty and proved that Attorney Eric Ferguson lied about Defendant waiting 3-5 years to bring forth a written complaint against The Chimney Sweep. Element 9 has been satisfied.

Element 10: The evidence disproving the lies of JaCody Cassell through his legal counsel Eric Ferguson are the following: (i.) xFinity/Comcast Telephone records of 276-790-3505 in September and October of 2017. In contact with the phone number (540) 483-2468. One phone call contact lasted for the time length period of 3 minutes and 11 seconds. (ii.) Signed bank check record of cashed in check from

Roberta Hill paying \$300 by check to The Chimney Sweep, and it was signed for by Cassell. Paid for on October 6, 2017. It is authenticated by TRUIST bank records research.

20. The evidence disproving the lies of JaCody Cassell through his legal counsel Eric Ferguson are of the following: (i.) xFinity/Comcast Telephone records of 276-790-3505 in September and October of 2017. See EXHIBIT APPENDIX PG. 359- 363 OF 532. One phone call contacting Cassell's phone number lasted for the time length period of 3 minutes and 11 seconds, See EXHIBIT APPENDIX PG. 252 OF 532. Would that not be an estimate during the 3 minute 11 second phone call on September 26, 2017, since Cassell was paid \$300 on October 5, 2017 paid for his business by name by check, and that check was cashed in on October 6, 2017?

21. There exists proof of the (ii.) Signed bank check record of cashed in check from Roberta Hill paying \$300 by check to The Chimney Sweep, and it was signed for by Cassell. Paid for on October 6, 2017. It is authenticated by TRUIST bank records research. See EXHIBIT APPENDIX PG. 480-483 OF 532.

22. At one point the complaint case was closed at the Dispute Resolution Unit on July 18, 2022 due to the lawyer's impatience (EXHIBIT APPENDIX PG. 400 OF 532) and hostility towards Defendant and his mother in the Hills' waiting for the records to produce the photocopy of the signed check. See EXHIBIT APPENDIX PG. 424 OF 523. Saying and I quote: "...The only thing I am

interested in is if The Chimney Sweep did any work for them in 2017. **If they have a check, then produce it. If not, then drop this matter.**” (EXHIBIT APPENDIX PG. 512 OF 532 and EXHIBIT APPENDIX PG. 395 OF 532). Defendant gives appreciation and thanks to his mother Roberta Hill for producing the check and unfortunately this hostile behavior of that lawyer Eric Ferguson refusing to be patient and wait for the records research caused the closure of the complaint. So Defendant filed a second complaint against The Chimney Sweep for lying to the Dispute Resolution Unit, for lying to Aaron Ziglar who works for the Office of Attorney General, who the Attorney General is the chief attorney officer for the Commonwealth of Virginia.

23. See EXHIBIT APPENDIX VOLUME II OF II (Pages 1 – 79), and read the whole new complaint filed against The Chimney Sweep. See EXHIBIT APPENDIX PG. 1 through 79 OF 79. All pages from start to finish to see the new complaint filed on August 16, 2022. That complaint filed by Defendant had not been assigned a case number with the Dispute Resolution Unit as far as Defendant is aware of. Instead the closed complaint was reopened on the new evidence accepting Attorney Eric Ferguson’s challenge directed at Defendant saying: **“If they have a check, then produce it. If not, then drop this matter”**. The check had been produced with the handwritten signature of Cassell. This matter of proving the lie as a lie, proving the lie as far as it can go with Defendant’s limited resources

at his disposal. Defendant was able to disprove the lies of JaCody Cassell and Eric Ferguson's challenge. Defendant's response to that challenge, "CHALLENGE ACCEPTED!!". Now back to EXHIBIT APPENDIX VOLUME I OF II (Pages 1 – 532). See EXHIBIT APPENDIX PG. 512 OF 532.

24. Defendant had Roberta Hill email the evidence of the check signed by Cassell directed at Aaron Ziglar. See EXHIBIT APPENDIX PG. 467-472 OF 532, and was emailed on August 15, 2022.

25. Like clockwork, the closed complaint case in the Dispute Resolution Unit was reopened (See EXHIBIT APPENDIX PG. 473 OF 532) on August 19, 2022 and response was asked of Mr. Ferguson. Ten business days may have elapsed depending on which business days are counted. Likely, if Attorney Eric Ferguson does not respond at all anymore, then it is clear that the Circuit Court and the Commonwealth's Attorney should intervene, to take notice of the evidence of lying by JaCody Cassell and consider him a suspect of poisoning Brian David Hill and Roberta Hill with carbon monoxide gas on October 5, 2017 by installation of a blocking agent to block the exhaust of natural gas exhaust from gas appliances, causing the gas to flow through the fireplaces. Blocking agent is a metal tin as reported by Pete Compton of ACE Chimney & Wildlife. See EXHIBIT APPENDIX PG. 418 OF 532. It is clear that Defendant isn't just innocent of indecent exposure, innocent of his charge, but the suspect or culprit has been

identified and proven by the exhibits in support of this motion herein. Element 10 has been satisfied.

ALL ELEMENTS HAVE BEEN PROVEN AND SATISFIED

22. This Circuit Court should treat the entire COMPLAINT (EXHIBIT APPENDIX PG. 1-113 OF 532) by Brian David Hill, the criminal Defendant, as having merit since the owner of The Chimney Sweep had been caught lying even in the face of documentary evidence disproving what Attorney Eric Ferguson told Aaron Ziglar the mediator for the Office of the Attorney General, Dispute Resolution Unit. People who don't lie have nothing to hide. JaCody Cassell has something to hide, the fact that he would lie to an employee of the Commonwealth of Virginia, he would lie to an employee working for the Office of Attorney General. He had been caught lying and attorney Eric Ferguson continues the wall of denials and his client continues the wall of denials. See EXHIBIT APPENDIX PG. 1-104 OF 532, 105-113 OF 532.

23. All elements have been proven in regard to the fact that Defendant had suffered under carbon monoxide gas from October 5, 2017, until September 20, 2018, late at night when he left the home and was found naked on the Dick and Willie passage walking trail on September 21, 2018. There had been news articles

printouts in exhibits to the filed: MOTION FOR JUDGMENT OF ACQUITTAL OR NEW TRIAL PURSUANT TO RULE 3A:15 BASED UPON NEW EVIDENCE WHICH DISPROVES THE ELEMENTS OF CHARGED CRIME BY PROSECUTION, EVIDENCE WARRANTING NEW TRIAL OR ACQUITTAL, Page **44** of **77**, Page **45** of **77**, Page **46** of **77**. Defendant has Autism Spectrum Disorder (“Autism”) before, during, and after the time he was accused of indecent exposure. The Defendant’s carbon monoxide gas exposure and his Autism are a mixed bag of issues.

24. This Court has nothing to worry about because the source of the carbon monoxide had been removed on January 30, 2019 thanks to Pete Compton of ACE Chimney & Wildlife in Bassett, Virginia (EXHIBIT APPENDIX PG. 418 OF 532). The Court has no need to punish Defendant to deter a behavior which had not been repeated, this is not a serial behavior. Once the carbon monoxide had been removed after Defendant had been away from the carbon monoxide due to his detainment in Martinsville City Jail and in the Feds custody, the behavior had not happened again. This Court has no need to punish the Defendant as there is nothing they need to deter, if that is one of the primary reasons why the Hon. Giles Carter Greer refuses to acquit Brian David Hill out of fear that it could happen again. It has not. It will never happen again. The source of the poisoning has been gone since January 30, 2019, and carbon monoxide detectors have been placed in

Apartment 2 and Apartment 1. The carbon monoxide will never come back again, the Defendant ensures this Court that now that he is aware of the carbon monoxide gas poisoning which induced that behavior, and he will not let it happen again. There is no reason to charge or convict this Defendant with what happened on September 21, 2018 in light of this new evidence. Defendant was involuntarily intoxicated due to the carbon monoxide gas which induced the behavior charged as indecent exposure on September 21, 2018, See **Exhibit 0**.

25. Brian David Hill is actually innocent of all three elements of his criminal charge. The local hospital who gave the erroneous medical clearing did not conduct the laboratory tests ordered on September 21, 2018, after blood was drawn from Defendant's arm. See MOTION FOR JUDGMENT OF ACQUITTAL OR NEW TRIAL PURSUANT TO RULE 3A:15 BASED UPON NEW EVIDENCE WHICH DISPROVES THE ELEMENTS OF CHARGED CRIME BY PROSECUTION, EVIDENCE WARRANTING NEW TRIAL OR ACQUITTAL, Page **37 of 77**, Page **35 of 77**, Page **30 of 77**. Because no laboratory tests were ever conducted by the hospital while police Officer Robert Jones admitted at a federal hearing that they normally do the lab work aka laboratory testing of bodily fluids but he didn't have that because he never asked for the medical records, and no lab work was completed at no fault of Defendant.

26. Defendant wanted a drug test after he was arrested for indecent exposure. Former Assistant Public Defender named Scott Albrecht had been asked by the Defendant for drug tests but Scott Albrecht never subpoenaed the hospital either despite the fact the original charge claimed Defendant was medically and psychologically cleared when he was charged with indecent exposure. It was all ineffective assistance of counsel in violation of the Sixth Amendment of the United States Constitution. See *Strickland v. Washington*, 466 U.S. 668 (1984), *Hill v. Commonwealth*, 8 Va. App. 60, 67-68 (Va. Ct. App. 1989) (“(7) Since its enactment, the Supreme Court has had several occasions to discuss the effect of Code Sec. 19.2-317.1 upon the issue of ineffective assistance of counsel. In *Frye v. Commonwealth*, 231 Va. 370, 345 S.E.2d 267 (1986), the Court said: In view of the seriousness of a charge of ineffective assistance, counsel is entitled to the opportunity to state his reasons for his acts of commission and omission now subjected to challenge. On the other hand, we will not rule as a matter of law, upon this record, that counsel's conduct was consistent with reasonable trial strategy and therefore was not ineffective. We will not impute to counsel a certain rationale and thereby deny the defendant the opportunity to demonstrate, by evidence which might be obtained in a plenary hearing, that counsel had no such tactical basis for his actions. *Id.* at 400, 345 S.E.2d at 288; see also *Correll v. Commonwealth*, 232 Va. 454, 470, 352 S.E.2d 352, 362, cert. denied, 107 S.Ct. 3219 (1987) (a claim of

ineffective counsel cannot be resolved on direct appeal "unless counsel charged with ineffectiveness has had an opportunity to defend himself on the record by giving the rationale for his challenged acts of omission or commission"); Beaver v. Commonwealth, 232 Va. 521, 537-38, 352 S.E.2d 342, 351-52, cert. denied, 107 S.Ct. 3277 (1987); Payne v. Commonwealth, 233 Va. 460, 475, 357 S.E.2d 500, 509, cert. denied, 108 S.Ct. 308 (1987); Payne v. Commonwealth, 5 Va. App. 498, 504, 364 S.E.2d 765, 768 (1987). None of these cases has addressed the issue whether the trial court is permitted to take additional evidence to support an allegation of ineffective assistance of counsel.”)

27. If the Circuit Court is still not convinced, they should hold an evidentiary hearing, ask the Commonwealth Attorney for a response, and appoint an attorney to represent Defendant in this case to fully demonstrate factual innocence and the merits of his defense to the criminal charge, and is proffered as his involuntary intoxication defense to warrant New Trial in this Court or Judgment of Acquittal to prevent a fundamental miscarriage of justice. Convicting an innocent man of violating the indecent exposure statute is a miscarriage of justice.

**LEGAL ARGUMENT AS TO WHY CIRCUIT COURT HAS THE
JURISDICTION, AUTHORITY, AND CASE LAW TO JUSTIFY THE
RELIEF SOUGHT BY GRANTING THIS MOTION AND EVEN HOLDING
AN EVIDENTIARY HEARING**

1. The judge's reasoning why possibly considering to deny this type of post-conviction motion: Citation of Rule 1:1 - Finality of Judgments, Orders and Decrees, Va. R. Sup. Ct. 1:1 (“(a)Expiration of Court's Jurisdiction. - All final judgments, orders, and decrees, irrespective of terms of court, remain under the control of the trial court and may be modified, vacated, or suspended for twenty-one days after the date of entry, and no longer. The date of entry of any final judgment, order, or decree is the date it is signed by the judge either on paper or by electronic means in accord with Rule 1:17. (b)General Rule: Orders Deemed Final. - Unless otherwise provided by rule or statute, a judgment, order, or decree is final if it disposes of the entire matter before the court, including all claim(s) and all cause(s) of action against all parties, gives all the relief contemplated, and leaves nothing to be done by the court except the ministerial execution of the court's judgment, order, or decree.”).

2. However due to the rights of criminal defendants under the U.S. Constitution and Virginia Constitution, (court rules cannot override the Constitution and its protections of criminal defendants) Rule 1:1 does not bar reopening a final criminal judgment or conviction of a case when new evidence is filed with the Court, evidence that was not previously known or discovered, and evidence which could not have been secured at the time of Trial which would have been December 2, 2019 had the Defendant not withdrawn his appeal. New evidence which proves

that a final judgment is erroneous or that a final judgment cannot be sustained based on new evidence can bring jurisdiction to the Circuit Court to act on a motion challenging a final judgment or criminal conviction. Again see Odum standard: *Odum v. Commonwealth*, 225 Va. 123, 124 (Va. 1983) and Tweed standard: *Commonwealth v. Tweed*, 264 Va. 524, (Va. 2002).

3. Also the Supreme Court of Virginia, rules of the Court has a rule on a motion for a new trial or judgment of acquittal if the evidence is enough to show that the Commonwealth cannot sustain a criminal conviction. All elements of a criminal charge must be met before a criminal conviction can be entered constitutionally as part of due process of law. See Rule 3A:15 - Motion to Strike or to Set Aside Verdict; Judgment of Acquittal or New Trial, Va. R. Sup. Ct. 3A:15 (“(c) Judgment of Acquittal or New Trial. The court must enter a judgment of acquittal if it strikes the evidence or sets aside the verdict because the evidence is insufficient as a matter of law to sustain a conviction. The court must grant a new trial if it sets aside the verdict for any other reason.”).

4. It is new evidence which could not have been secured in 2019 during the pending criminal charge on Trial De Novo in the Circuit Court, and the jury would never have heard of any of this because it did not have possibly exist at the time. The new evidence which could not have been secured in 2019 which did not exist are the following:

i. The evidence that suspect or culprit JaCody Cassell of business known as The Chimney sweep had lied to the mediator of the Attorney General's office of Dispute Resolution Unit in email to Aaron Ziglar on June 28, 2022 (EXHIBIT APPENDIX PG. 164-165 OF 532). Lied in response to the allegations and COMPLAINT against The Chimney Sweep (See EXHIBIT APPENDIX PG. 1-104 OF 532, 105-113 OF 532).

ii. Defendant and Defendant's mother Roberta Hill had given JaCody Cassell plenty of chances to admit wrongdoing by human error which almost killed Defendant and his mother after both being damaged health-wise and the human error caused damage to Triplex which required expensive repair work. Instead JaCody Cassell and his hired lawyer Eric Ferguson had repeatedly been hostile towards the victim of The Chimney Sweep's human error aka the Defendant and Defendant's mother. Refusing to admit that the business The Chimney Sweep had poisoned Brian David Hill and Roberta Hill with carbon monoxide gas poisoning due to sealing off exhaust from two gas appliances used in the Triplex of both Defendant's and Roberta's home, caused gas to flow through the fireplaces with

white residue left as evidence of the carbon monoxide, long-term.

iii. The complainant had been completely honest with the Office of the Attorney General and honest with The Chimney Sweep that JaCody's business The Chimney Sweep had caused the carbon monoxide by the installation of metal tin on top of the chimney flues.

iv. The Defendant even said in one or more letters (EXHIBIT APPENDIX PG. 428-431 OF 532) and Roberta Hill had said various times in emails from rbhill67@comcast.net to Aaron Ziglar and Eric Ferguson that what The Chimney Sweep had done was a human error (EXHIBIT APPENDIX PG. 527 OF 532, EXHIBIT APPENDIX PG. 488 OF 532). Defendant was being nice by telling the truth and asserting that it was human error. But with the lying by JaCody Cassell, it makes Defendant wonder if it was on purpose, it makes Defendant not trust them.

v. That Defendant will not hold anger or bitterness towards damaging acts done by human error or mistake, but is angry at The Chimney Sweep for simply lying to the

government employee and claiming they never did any work or estimate knowing that he signed a \$300 check for the chimney work he claimed he denied ever doing such work.

vi. That his denials and the evidence disproving multiple denials from JaCody Cassell makes him a suspect (whether criminal or civil) in the carbon monoxide poisoning of Brian David Hill since October 5, 2017 until when he was arrested for indecent exposure. The jury would not have known about JaCody Cassell lying in 2019 because he lied in response to Defendant on June 28, 2022. Defendant and Roberta Hill had proven that JaCody Cassell is a liar when he had responded through his legal counsel Eric Ferguson to the allegations filed by Defendant on May 17, 2022. Defendant has proven his claims and elements of involuntary intoxication.

5. Let us examine the Tweed Standard and Odum standards which both have a similar requirement for new trials and judgment of acquittal if the new evidence is enough to disprove the elements of guilt presented by the Commonwealth of Virginia which may require acquittal by dismissal of case.

A PARTY SEEKING A NEW TRIAL LEGAL STANDARDS

6. A party who seeks a new trial based upon after-discovered evidence bears the burden to establish that the evidence (1) appears to have been discovered subsequent to the trial; (2) could not have been secured for use at the trial in the exercise of reasonable diligence by the movant; (3) is not merely cumulative, corroborative, or collateral; and (4) **is material, and such as should produce opposite results on the merits at another trial.** The litigant must establish each of these mandatory criteria.

7. To satisfy first criteria, the evidence of proving suspect or culprit JaCody Cassell where his business The Chimney Sweep had caused the poisoning of Defendant with carbon monoxide gas originally by human error as stated in the STATEMENT OF THE FACTS was all discovered after the response from suspect or culprit JaCody Cassell on June 28, 2022. He lied in response and those lies have been proven to be lies by both Roberta Hill and Brian David Hill, the Defendant. The lies have been proven which makes this new evidence. Because the Office of the Attorney General represents the Commonwealth of Virginia, the Dispute Resolution Unit is a government office under the authority of the Commonwealth of Virginia. JaCody Cassell the suspect had lied to the Commonwealth of Virginia in response to Defendant's allegations filed on May 17, 2022 that The Chimney Sweep had caused the carbon monoxide poisoning which may be legally considered involuntary intoxication of Defendant prior to the indecent exposure charge of

September 21, 2018, and that intoxication was not disproven due to deletion of laboratory tests ordered on September 21, 2018 but never completed by the local hospital after being ordered. Lab tests would have proven the levels of carbon monoxide poisoning caused by natural gas.

8. To satisfy second criteria, the evidence could not have been secured for use at trial because of ineffective assistance of counsel in violation of the Sixth Amendment of the U.S. Constitution. As well as the evidence could not have been secured for use at trial because JaCody Cassell had lied in 2022, he had lied by attorney Eric Ferguson's response from his client on June 28, 2022. The trial by jury was set for December 2, 2019. All court appointed lawyers Matthew Scott Thomas Clark, Lauren McGarry, and Scott Albrecht did not ever secure any evidence of the suspect or culprit proving that Defendant was involuntarily intoxicated when charged by Martinsville Police. Evidence could not have been secured pro se because at the time a lawyer was appointed, any pro se filings were ignored by the Circuit Court, any evidence filed pro se would have been disregarded and ignored due to counsel being appointed but did nothing to prove Defendant's innocence, it was ignored for a fact. So the evidence could not have been secured prior to trial because of ineffective assistance of counsel and the Circuit Court ignored all pro se motions and ignored all pro se evidence while counsel was appointed. So ineffective counsel is the cause. See: Dominguez v.

Pruett, 756 S.E.2d 911 (Va. 2014). Shaikh v. Johnson, 666 S.E.2d 325 (Va. 2008). See: Byrd v. Johnson, 708 S.E.2d 896 (Va. 2011). If counsel were effective in securing this evidence, Defendant never would have been convicted in the first place because he is factually innocent since he was never truly medically cleared, and he was intoxicated on an involuntary basis. The entire claim by Officer Robert Jones that Defendant was medically and psychologically cleared was based on only a belief, not based on a fact, not based on evidence, not based on the truth, it was only based on a belief by this police officer.

9. To satisfy third criteria, that it “is not merely cumulative, corroborative, or collateral”, it is not merely just cumulative, corroborative, or collateral evidence but it proves directly that the suspect or culprit JaCody Cassell had lied when allegations were brought up about his company’s (The Chimney Sweep’s) involuntary intoxication caused by their human error of placing metal tin on top of the chimney flues without poking any holes or using chicken wire instead to prevent blockage of exhaust of two gas powered appliances such as gas hot water heater and gas radiator/furnace. Human error is not a criminal act with exception to involuntary manslaughter, usually, but lying about a human error is very suspect and paints a picture of mal-intent. It paints a picture that maybe or possibly JaCody Cassell did it on purpose or rather not correct his mistakes by lying instead of simply telling the truth that he made a simple mistake and felt sorry for it. He

should have felt sorry for causing Defendant to have been wrongfully charged and wrongfully convicted. He should feel sorry for all the damage he and his business caused this innocent man. Defendant asks Jesus Christ to make Cassell feel sorry for what he had done and the abuses the Defendant had gone through in the criminal justice system due to Cassell. If Defendant were never exposed to carbon monoxide, this criminal case would not have existed and Defendant never would have been arrested by Officer Robert Jones on September 21, 2018. Cassell does not feel remorse for what he did to Defendant and Roberta Hill. He feels no remorse. JaCody Cassell feels no remorse for his business causing the carbon monoxide gas intoxication for Defendant and his mother. They could have both been killed which could have caused criminal charges against whoever had placed the metal tin, and the blame would be JaCody Cassell and his company The Chimney Sweep. If you describe someone's words or actions as malicious, you mean that they are intended to harm people or their reputation, or cause them embarrassment and upset. Carbon monoxide harmed Defendant and painted him as an indecent exposurer. Defendant only wants justice and an end to his misery.

10. Proving that suspect or culprit JaCody Cassell by his company The Chimney Sweep had caused the involuntary intoxication, first by human error in October 5, 2017, then lying about the entire thing when a complaint is filed with the human error caused allegations, and the lies are disproven with telephone log

records and signed check photocopied by archived records kept by TRUIST Bank. If this Court questions this suspect or culprit JaCody Cassell by his company The Chimney Sweep, if this Court finds that he did caused intoxication of Defendant since October 5, 2017 until he left his home and was arrested for indecent exposure, then Defendant has a genuine criminal defense of involuntary intoxication. Proof of somebody causing involuntary intoxication of a criminal defendant aka another person would disprove the intent element of the criminal charge in **Exhibit 0**, and would disprove the obscenity element of the criminal charge in **Exhibit 0**.

10. “The ‘obscenity’ element of Code § 18.2–387 may be satisfied when: (1) the accused admits to possessing such intent, *Moses v. Commonwealth*, 611 S.E.2d 607, 608 (Va. App. 2005)(en banc); (2) the defendant is visibly aroused, *Morales v. Commonwealth*, 525 S.E.2d 23, 24 (Va. App. 2000); (3) the defendant engages in masturbatory behavior, *Copeland v. Commonwealth*, 525 S.E.2d 9, 10 (Va. App. 2000); or (4) in other circumstances when the totality of the circumstances supports an inference that the accused had as his dominant purpose a prurient interest in sex, *Hart*, 441 S.E.2d at 707–08. The mere exposure of a naked body is not obscene. See *Price v. Commonwealth*, 201 S.E.2d 798, 800 (Va. 1974) (finding that “[a] portrayal of nudity is not, as a matter of law, a sufficient basis for finding that [it] is obscene’).” *Romick v. Commonwealth*, No. 1580-12-4, 2013 WL 6094240, at *2 (Va. Ct. App. Nov. 19, 2013)(unpublished)(internal citations reformatted).

11. To satisfy the last element, “(4) is material, and such as should produce opposite results on the merits at another trial.” The last element is satisfied because it is directly material that Defendant was not in his right state of mind due to intoxication. Mens Rea, Latin for the state of mind at the time of an accused offense. While Virginia does not appear to have established a clean definition of criminal intent, Black’s Law Dictionary defines it as “[a]n intent to commit an actus reus without any justification, excuse, or other defense.”. A criminal defense, if accepted by the Court on the basis of facts and law, is considered factual innocence and meaning that a Court of Law cannot sustain a conviction for a charged crime when an accepted criminal defense is invoked.

12. That criminal defense disproves the intent and obscenity elements in the CRIMINAL COMPLAINT and is the direct elements of alleged guilt charged. It made the Circuit Court and General District Court believe or be given the wrong impression that Defendant was purposefully out nude in public with presumption of good health and was caught by law enforcement, then made claims as to why he was nude out in public which those claims could not be verified and thus Defendant was arrested and treated as though his claims were only a mere excuse as to why he was out there in the nude. The judge didn’t believe Defendant at the time. New evidence changes the outcome of facts and law and should change the outcome in this case.

13. However, again it should be noted that Defendant was not medically and psychologically cleared. See MOTION FOR JUDGMENT OF ACQUITTAL OR NEW TRIAL PURSUANT TO RULE 3A:15 BASED UPON NEW EVIDENCE WHICH DISPROVES THE ELEMENTS OF CHARGED CRIME BY PROSECUTION, EVIDENCE WARRANTING NEW TRIAL OR ACQUITTAL, Page 37 of 77, Page 35 of 77, Page 30 of 77. Because no laboratory tests were ever conducted by the hospital while police Officer Robert Jones admitted at a federal hearing that they normally do the lab work aka laboratory testing of bodily fluids but he didn't have that because he never asked for the medical records, and no lab work was completed at no fault of Defendant.

13. Now it is documented by the STATEMENT OF THE FACTS and the 10 elements of the proffered criminal defense that the suspect is JaCody Cassell. If he admits to installment/placement of the metal tin causing the involuntary intoxication by carbon monoxide gas and poisoning of Defendant and his mother Roberta Hill since October 5, 2017, then he becomes a culprit to the malicious act of intoxicating Defendant and Roberta Hill. It is clear after that fact under criminal law that Defendant is actually innocent of indecent exposure and has a laser focused criminal defense to his charge on September 21, 2018, in the General District Court for the City of Martinsville, see **Exhibit 0**. Corpus delicti, in Western law, is the principle that a crime must be proved to have occurred before a person can be

convicted of committing that crime. The person must be proven guilty of all elements of the crime before being convicted of a crime. A criminal defense is a legal justification and good legal reason warranting acquittal rather than conviction. A criminal defense is proven by evidence, proven by circumstances, and can be used at any jury trial if warranted by law. As a matter of law, Defendant is innocent of indecent exposure due to being involuntarily intoxicated. Let us look at the legal standards for involuntarily intoxication.

14. Commonwealth v. Shumway, Criminal Case No.: CR06-2141, 2 (Va. Cir. Ct. Feb. 12, 2007) (“Involuntary intoxication is an exception to the general rule that intoxication does not excuse a crime. Johnson v. Commonwealth, 135 Va. 524, 533, 115 S.E. 673, 676 (1923). "Intoxication is involuntary when drunkenness is produced in a person without his willing and knowing use of intoxicating liquor, drugs, other substance." 2-53 VIRGINIA MODEL JURY INSTRUCTIONS-CRIMINAL INSTRUCTION NO. 53.300 (2006).”). Commonwealth v. Shumway, Criminal Case No.: CR06-2141, 2-3 (Va. Cir. Ct. Feb. 12, 2007) (“The involuntary intoxication defense has two parts. First, the defendant must have been unconsciously or unwillingly intoxicated. According to the Supreme Court of Virginia, the "test of involuntary drunkenness, and the one almost if not quite universally found in the authorities, is the absence of an exercise of independent judgment and volition on the part of the accused in taking the intoxicant - as for

example, when he has been made drunk by fraudulent contrivance of others, by casualty, or by error of his physician." *Johnson v. Commonwealth*, 135 Va. at 536. Second, involuntary intoxication only "exempts from punishment, if it unsettles the reason." *Id.* at 534 (citing *MINOR, SYNOPSIS OF CRIMINAL LAW*). See also, *Director of the Department of Corrections v. Jones*, 229 Va. 333, 339, 329 S.E.2d 33, 37 (1985)(jury instruction in lower court stated: "if you believe that Joseph Jones: (1) was unwillingly and unknowingly drunk by the fraudulent contrivance of others, and (2) the drunkenness so unsettled Joseph Jones' ability to reason as to prevent him from exercising his own free will, then you cannot find him guilty.".)”)

15. *Commonwealth v. Shumway*, Criminal Case No.: CR06-2141, 3 (Va. Cir. Ct. Feb. 12, 2007) (“In Virginia, as well as other states, involuntary intoxication and insanity are separate defenses. The Supreme Court of Virginia acknowledged three possible forms of the intoxication defense in *Johnson v. Commonwealth*. 135 Va. at 528-533. See also, *ROGER GROOT, CRIMINAL OFFENSES AND DEFENSES IN VIRGINIA* 325 (4th ed. 1998)(“In its leading case, *Johnson v. Commonwealth*, the Supreme Court recognized three possible forms of an intoxication defense.”). The three forms are as follows: 1) voluntary intoxication, 2) involuntary intoxication; 3) "settled insanity produced by drink." *Id.*”).

16. *Commonwealth v. Shumway*, Criminal Case No.: CR06-2141, 3 (Va. Cir. Ct. Feb. 12, 2007) (“Virginia case law and legal treatises treat the insanity and

involuntary intoxication defenses as separate defenses. See e.g., *Honesty v. Commonwealth*, 81 Va. 283, 283 (1886)(explaining that for both the insanity and intoxication defenses, the defense must show both the condition and that his condition rendered "him incapable of doing a willful, deliberate and premeditated act."); *Baccigalupo v. Commonwealth*, 74 Va. 807, 807 (1880)(referring to the two defenses separately). For example, *CRIMINAL OFFENSES AND DEFENSES IN VIRGINIA* lists intoxication and insanity as separate defenses. See *GROOT*, *supra*, at 301 and 325 (1998). See also, 1-31 *VIRGINIA CRIMINAL LAW AND PROCEDURE* §§31.3 and 31.4 (2005)(the treatise separates the insanity defense (31.4) from the involuntary intoxication defense (31.3)).")

17. *Commonwealth v. Shumway*, Criminal Case No.: CR06-2141, 3-4 (Va. Cir. Ct. Feb. 12, 2007) ("The two defenses are very similar, however. For the involuntary intoxication defense, the Defendant must show that "his inability to control his conduct meets the M'Naghten test for insanity." 1-31 *VIRGINIA CRIMINAL LAW AND PROCEDURE* §31.3 (2005). Indeed, "[m]ost jurisdictions have adopted the M'Naghten test, under which the Defendant must prove that, as a result of a mental disease, he did not know the nature of the act or that the act was wrong." *Id.* "Thus, under the modern definition of involuntary intoxication, the only difference between the definition of this defense and insanity is the cause of the condition. 'For the former, a mental disease or defect is required, for the latter,

involuntarily caused intoxication." Shawn Marie Boyne & Gary Mitchell, *Death in the Desert: A New Look at the Involuntary Intoxication Defense in New Mexico*, 32 N.M.L. REV. 243, 254 (2002). The burden of production and persuasion is much lighter for the involuntary intoxication defense than the insanity defense. For the intoxication defense, the Defendant need only introduce "evidence sufficient to warrant an instruction" to satisfy his burden of production and persuasion. 1-60 VIRGINIA CRIMINAL LAW AND PROCEDURE §60.4 (2005). In contrast, for the insanity defense, the Defendant must establish the defense to the "satisfaction of the fact finder." *Id.* A possible explanation for this disparity is that "it is within the experiential understanding of most jurors to understand how intoxication affects one's thinking. Boyne & Mitchell, *supra*, at 255. However, jurors have less experience with the level of mental illness that satisfies the legal definition of insanity." *Id.*")

18. The jury for this Court, if a request for new trial is granted, will be able to hear from the suspect JaCody Cassell and any employees from his company: The Chimney Sweep about intoxicating Brian David Hill and Roberta Hill since October 5, 2017, until the metal tin was removed from the chimney flue by Pete Compton in January 30, 2019. **The burden of production and persuasion is much lighter for the involuntary intoxication defense than the insanity defense.** For the intoxication defense, the Defendant need only introduce "evidence sufficient to

warrant an instruction" to satisfy his burden of production and persuasion. 1-60 VIRGINIA CRIMINAL LAW AND PROCEDURE §60.4 (2005).

19. Defendant may not have the actual carbon monoxide levels due to deletion of laboratory tests after being ordered by Sovah Health Martinsville at no fault of Defendant, but he has the suspect or culprit for the Court to order his appearance to validate the claims and evidence in this very Motion requesting New Trial or Judgment of Acquittal. The suspect JaCody Cassell should be compelled to speak under oath in this Circuit Court and be compelled in front of a jury to admit or deny Defendant's allegations against his company The Chimney Sweep after being caught lying by Roberta Hill having phone call records/logs from Comcast/xFinity and the signed check from Cassell himself in archive records of TRUIST Bank. She requested the records, Defendant has those records thanks to her.

20. Again, he was not mentally right in the head when he made these statements: Brian said in **EXHIBIT 2**, EXHIBIT INDEX PAGE 10 OF 18, Case 1:13-cr-00435-TDS, Document 153, Filed 10/17/18, Page 3 of 11: "...**At one point I felt like I might collapse so I may have been drugged. I had to keep sitting on benches**". Defendant said he thought he was drugged. And **the Commonwealth of Virginia and City of Martinsville, aka the Commonwealth Attorney cannot disprove Brian David Hill may have been on a drug, narcotic, gas, substance,**

anything. Defendant also made statements in writing in the year 2018 which had proven to any rational investigator or trier of fact that he was not mentally and medically cleared. **EXHIBIT 2**, Case 1:13-cr-00435-TDS, Document 153, Filed 10/17/18, Page 2 of 11, EXHIBIT INDEX PAGE 9 OF 18: “On September 20, 2018, Thursday, some of my memories may have been blacked out. I was under an extreme amount of stress and anxiety already due to the pre-filing injunction motion...My mom had also noticed that my doors were not being kept locked, I was psychologically afraid to sleep in my bed. Sometimes sleeping on the couch and I had a bad feeling something bad would happen to me.”. **EXHIBIT 2**, Case 1:13-cr-00435-TDS, Document 153, Filed 10/17/18, Page 2 of 11, EXHIBIT INDEX PAGE 9 OF 18: “ON SEPTEMBER 18th, 2018, Somebody was in the thicket at the end of my neighbor's property and branches moved whenever I looked in that direction. I was around the period when I was mowing the grass between the time period of 1 to 4PM. That was a tuesday. Likely surveiling me.” These statements were written on September 27, 2018. Six days reportedly after Defendant was arrested. Not psychologically cleared, his statements at that time sounded bazaar and goes along with the carbon monoxide gas poisoning (**EXHIBIT APPENDIX PG. 418 OF 532**) theory. Carbon monoxide gas found in Apartment of Brian David Hill has been proven with evidence of Pete Compton witness letter, the photographs of the white residue and damage in Defendant’s

apartment and the carbon monoxide gas induced damage had got worse while Defendant was in jails in late September 2018, October 2018, November 2018, December 2018, and January 2019 until the source of the carbon monoxide gas had been removed. The evidence showing the existence of carbon monoxide gas had been proven, the levels had not been documented due to lab work ordered but then deleted from the chart of Defendant's medical records. Covered up by hospital?

21. The burden of proof has been met of involuntary intoxication caused by The Chimney Sweep and under the lies by JaCody Cassell, warranting an evidentiary hearing. Enough proof is being filed with this Court to warrant an evidentiary hearing, and to subpoena this witness either by Court or by the Commonwealth's Attorney.

22. This meets the requirement under the Tweed Standard and Odum Standard (Supreme Court of Virginia) that the evidence could not have been secured or be made available at the time of Trial (Citation in part: "... (2) could not have been secured for use at the trial in the exercise of reasonable diligence by the movant") because at that time it was not in existence until Defendant filed a complaint on May 17, 2022 with the allegations in the office of the Commonwealth of Virginia in its Dispute Resolution Unit, and JaCody Cassell lied and denied everything in response to those allegations on June 28, 2022, that is a fact. The mental evaluator Dr. Rebecca Loehner who conducted the mental

evaluation as ordered by the General District Court in this case, was not aware of Defendant's intoxication under carbon monoxide gas at the time of the mental evaluation. Dr. Conrad Daum was not aware of Defendant's intoxication under carbon monoxide gas at the time of the mental evaluation, but he did suspect enough of something odd to diagnose him with "psychosis" which is a symptom of Carbon Monoxide gas exposure. See EXHIBIT APPENDIX PG. 66-76 OF 532.

23. It is clear that all **STATEMENT OF THE FACTS** and all arguments made in this motion support the relief sought. Either a new trial must be had or judgment of acquittal doing away with this criminal charge as unfounded and cannot legally sustain a criminal conviction as a matter of law. The facts being proven of involuntary intoxication caused by The Chimney Sweep to disprove multiple elements (intent, obscenity) of the prosecution's case by the City of Martinsville and Commonwealth of Virginia warrant that it is an error of fact and error of law to sustain a criminal conviction, because constitutionally the Virginia Constitution and U.S. Constitution requires that all elements of a crime must be met with clear and convincing evidence beyond a reasonable doubt before a jury can convict a criminal defendant. Again, Corpus delicti, in Western law, is the principle that a crime must be proved to have occurred before a person can be convicted of committing that crime. The Defendant is presumed innocent, Defendant was supposed to be presumed innocent until proven guilty beyond a

reasonable doubt. All elements must be met, that is a requirement of case law and constitutional law. All elements have not been met, element of being medically and psychologically cleared has not been met. Elements of obscenity and intent have not been met with the criminal defense of involuntary intoxication caused by The Chimney Sweep and its owner JaCody Cassell who lied to the Commonwealth of Virginia in Dispute Resolution Unit.

24. It is a fundamental miscarriage of justice to convict Defendant any longer in this Circuit Court. The General District Court had no basis to convict the Defendant because all elements of the offense had not been proven by the Commonwealth Attorney. Martinsville Police had the belief Defendant was medically cleared and mentally/psychologically cleared, had the false belief that Defendant was obscene and intentionally committed an actus reus without any justification, excuse, or other defense. That is not true. Beliefs under affidavit by Officer Robert Jones do not make them true.

25. The U.S. Supreme Court has supported the emphasis that all state courts must not convict people who are factually innocent of a crime otherwise it is a clear and convincing miscarriage of justice and actual prejudice against an innocent person. See Schlup v. Delo, 513 U.S. at 327 — 28. Settles v. Brooks, Civil Action No. 07-812, 18 n.6 (W.D. Pa. Jun. 26, 2008).

26. This Court has no right to deny this motion on the procedural default or procedural ground that it lacks jurisdiction using Rule 1:1 of the Rules of the Supreme Court of Virginia as an excuse. The judge cannot deny this motion on the excuse that it claimed it may lack jurisdiction because it would create a fundamental miscarriage of justice and prove the courts are broken convicting innocent people and demanding legal fees be paid by innocent people for crimes they are not guilty of which is contrary to justice and contrary to Constitutional law and remedy. Due process of law requires that this Court corrects its errors of fact and errors of law. It is not justice but it is tyranny to convict innocent people of crimes they are innocent of without mercy.

27. See *Settles v. Brooks*, Civil Action No. 07-812, 16 (W.D. Pa. Jun. 26, 2008) (“Petitioner counters that this evidence of his actual innocence overcomes the procedural default because to not entertain his **procedurally defaulted claim of actual innocence would result in a complete miscarriage of justice.**”).

28. See Constitution of Virginia; Article I. Bill of Rights; Section 8.

Criminal prosecutions

CITATION: Section 8. Criminal prosecutions. That in criminal prosecutions a man hath a right to demand the cause and nature of his accusation, to be confronted with the accusers and witnesses, and to call for evidence in his favor, and he shall enjoy the right to a speedy and public trial, by an impartial jury of his vicinage, without whose unanimous consent he cannot be found guilty. He shall not be deprived of life or liberty, except by the law of the land or the judgment of his

peers, nor be compelled in any criminal proceeding to give evidence against himself, nor be put twice in jeopardy for the same offense.

29. See Constitution of Virginia; Article I. Bill of Rights; Section 8.

Criminal prosecutions

Section 11. Due process of law; obligation of contracts; taking or damaging of private property; prohibited discrimination; jury trial in civil cases.

“That no person shall be deprived of his life, liberty, or property without due process of law...”

30. Due process of law requires that this Court act on this motion, due process of law requires that the Commonwealth Attorney be ordered to respond to the claims, arguments, and evidence made in this motion. Due process requires that evidence not be ignored by this Court.

31. If a judge ignores the evidence, it is a due process violation. See *Hunter v. United States*, 548 A.2d 806, (D.C. 1988) (“Because the trial court improperly ignored evidence bearing on appellant's competence to enter a guilty plea, we reverse and remand to the trial court for further proceedings.”) *Lafferty v. Cook*, 949 F.2d 1546, 1555 n.10 (10th Cir. 1992) (“the inquiry on habeas is whether the state court denied the defendant his right to due process by ignoring evidence, including evidence at trial”). *Raghav v. Wolf*, 522 F. Supp. 3d 534, 538 (D. Ariz. 2021) (“Immigration Court violated his due process rights by ignoring evidence of his conditions in India and erroneously applying the law.”). *James v. Bradley*, 19-

870-pr, 2 (2d Cir. Mar. 31, 2020) (“James brought this action alleging that Bradley violated his right to procedural due process by ignoring evidence at the hearing that purportedly showed that the tested urine was taken from someone other than James.”).

32. See *Schlup v. Delo*, 513 U.S. at 327 — 28. *Settles v. Brooks*, Civil Action No. 07-812, 18 n.6 (W.D. Pa. Jun. 26, 2008) (“The Supreme Court in *Schlup* explained that an actual innocence claim in the context of seeking to have a procedural default "forgiven" so as to have the procedurally defaulted claims reviewed on the merits is a "gateway" claim. In other words, the claim of actual innocence in the *Schlup* context is not a claim that because I am actually innocent by virtue of that fact alone I am entitled to federal habeas relief but, rather, is a claim that contends because I am actually innocent, the court should **forgive my procedural default in the State courts and consider my procedurally defaulted claims on their merits.** *Schlup*, 513 U.S. at 315.”)

33. Defendant must be adjudged as acquitted or given a new trial under the Tweed Standard and Odum Standard pursuant to Va. R. Sup. Ct. 3A:15, “Rule 3A:15 - Motion to Strike or to Set Aside Verdict; Judgment of Acquittal or New Trial”. **Defendant should not be denied relief here. He has disproven two elements of the crime, because Defendant has the proof that he was involuntarily intoxicated by carbon monoxide gas and JaCody Cassell of The Chimney Sweep lied about the**

allegations of what started the carbon monoxide intoxication poisoning of Brian David Hill and his mother Roberta Hill since October 5, 2017. Defendant had proven enough to this Court in this motion that the suspect (not culprit unless he has been proven to be the direct culprit or admits to the act) has been identified and proven on the records of the Dispute Resolution Unit of the Office of the Attorney General for the Commonwealth of Virginia. The suspect is JaCody Cassell of The Chimney Sweep who his company started the involuntary intoxication of Defendant from October 5, 2017, until the date of arrest of Defendant, Roberta Hill was still poisoned by the carbon monoxide until; January 30, 2019. Defendant is not guilty of indecent exposure and cannot be convicted because he was not medically cleared and was under involuntary intoxication, and the Commonwealth can never prove otherwise. The Court may have no choice but to subpoena and order this witness: JaCody Cassell to appear before this Court or answer interrogatories to answer questions about him lying to the Office of Attorney General and lying to Defendant's mother Roberta Hill over allegations against The Chimney Sweep filed by Defendant on May 17, 2022. They cannot prove otherwise, Defendant was never guilty and cannot and should not be convicted of indecent exposure regardless of whether it is a local ordinance or state statute. There are legal standards required to secure a criminal conviction of consequences for a crime committed. No crime was committed on September 21, 2018, and no conviction can be secured with three

elements of the charge in jeopardy. Sustaining this criminal conviction is an error of law, error of fact, errors of fact, and is a grave and fundamental miscarriage of justice. It is no justice at all, it is a fabrication of justice, and it is fake justice, not even worthy of a criminal record, not even worthy of State Police notation of a criminal record. Conviction of an innocent man is true obstruction of justice by the Commonwealth.

CONCLUSION

1. It is clear that Defendant was involuntarily intoxicated as caused by The Chimney Sweep on October 5, 2017 and thus was not medically and psychologically cleared, and had no intent and no obscenity as charged on September 21, 2018 as proclaimed in **EXHIBIT 0** ARREST WARRANT and CRIMINAL COMPLAINT.

2. It is clear that not all elements of guilt which was charged are met, referring to the elements of the charged crime presented by the Commonwealth Attorney Glen Andrew Hall representing City of Martinsville and Commonwealth of Virginia. Defendant was not medically and psychologically cleared as charged. Defendant was intoxicated with carbon monoxide gas and that claim cannot be disproven due to destruction of evidence and deletion of evidence by the local hospital at no fault of Defendant. Defendant was not with a clean bill of health. The

officer didn't even subpoena for medical records but asserted under oath or affirmation in CRIMINAL COMPLAINT page 3 that Defendant was medically and psychologically cleared. That was a big fat lie. Officer Jones lied under oath or affirmation or was based on an erroneous belief not based on facts. Defendant was not cleared in the aspect of the charge element. Defendant was intoxicated and that could have been proven had the ordered laboratory tests not been deleted from the chart of his medical records dated September 21, 2018.

3. Because Defendant was not medically cleared and was involuntarily intoxicated by carbon monoxide gas poisoning, intent can never be established even under a trier of fact's broad discretionary powers which such discretion over intent cannot be successfully challenged on appeal alone. However, the evidence that Defendant had psychosis and made paranoid statements and statements of being drugged but lab work which was ordered were deleted by the hospital without a valid explanation or excuse after lab work was ordered on September 21, 2018, on the date of Defendant's arrest. They cannot disprove the carbon monoxide in body of Defendant argument as they do not have the laboratory results. Defendant believes the lab tests would have found the levels of carbon monoxide induced intoxication. Intent can never be proven and any reasonable juror would find that intent cannot be proven without first fully medically and psychologically clearing the Defendant with a clean bill of health which would include completed laboratory

testing and laboratory results. Also the Commonwealth Attorney would have to show any evidence to a jury that there was no carbon monoxide gas long term exposure of Defendant to establish that he was medically cleared. The suspect is JaCody Cassell and there is evidence documented of him lying to the Dispute Resolution Unit of the Commonwealth's Attorney General in response to Defendant's direct allegations against his company had shown a reason to find Defendant not guilty. Since there are no completed laboratory testing and laboratory results, AT THE FAULT OF THE HOSPITAL who gave Officer Robert Jones a false impression or belief that Defendant was medically and psychologically cleared when he in fact wasn't according to the evidence and the passage of Virginia Code § 19.2-271.6 in the year of 2021.

4. Defendant said under federal affidavits that he never masturbated and never had sexual gratification. Defendant also tried to show similar arguments in the General District Court trial that he had no sexual gratification. Defendant never had any sexual gratification because Defendant was involuntarily intoxicated thus not medically and psychologically cleared. Defendant may have been on any street drug or illegal drug or carbon monoxide gas or anything that night at the time he was found naked by Martinsville Police. They never drug tested him but said he was medically and psychologically cleared. That is a proven lie, there is no lab work, and there are no drug tests, no evidence that Defendant had a clean bill of

health, not without the laboratory testings checking the levels of Carbon Monoxide (CarboxyHemoglobin) in his blood. No lab tests were completed, no drug tests were done by Martinsville Police. Defendant can never be proven to have been medically and psychologically cleared as that is a lie, it is only a belief without any supporting evidence proving it. No facts proving medical clearing. Defendant was not cleared and no such impression should have been made of such as that is false statements in a police report. False statements of medical clearing, false statements of being psychologically cleared. It is false at no fault of Defendant. The fault for the carbon monoxide gas poisoning of Defendant and Roberta Hill is none other than The Chimney Sweep, none other than JaCody Cassell who runs the company.

5. The element of Defendant being “medically and psychologically cleared” in **EXHIBIT 0** as charged without clear and convincing evidence by Martinsville Police Department and Sovah Health Martinsville hospital, it was meritless, baseless, frivolous, and without evidence to prove it or support it.

6. The element of Defendant making “an obscene display” in **EXHIBIT 0** as charged without clear and convincing evidence by Martinsville Police Department and Sovah Health Martinsville hospital, it was meritless, baseless, frivolous, and without evidence to prove it. Meritless because obscenity or intent of obscenity cannot be proven without 100% proof of a clean bill of health by the hospital including lab testing results when already ordered and blood already drawn.

7. The element of Defendant intentionally making “an obscene display” in **EXHIBIT 0** as charged without clear and convincing evidence by Martinsville Police Department and Sovah Health Martinsville hospital, it was meritless, baseless, frivolous, and without evidence to prove it. Meritless because obscenity or intent of obscenity cannot be proven without 100% proof of a clean bill of health by the hospital including lab testing results when already ordered, blood drawn.

9. The suspect is JaCody Cassell and he must be questioned by this Court in regards to the evidence cited in and attached in this motion, evidence cited in the Defendant’s complaint. He has a right to plead the Fifth Amendment and have his attorney present, but the Defendant has the evidence that Cassell lied about never doing any work for Ms. Hill and never doing any estimate for Ms. Hill. He must be questioned under oath about his cause of the involuntary intoxication of Defendant.

8. Defendant is innocent, he was not cleared, he was intoxicated, he was not being obscene, and he had no intent. Unless the Commonwealth of Virginia and City of Martinsville can prove otherwise to the claims, Statement of the Facts, Exhibits, and arguments made in this motion, this Court should grant this motion for judgment of acquittal or order a new trial by jury, without any unnecessary delay.

REQUEST FOR COURT TO PROVIDE EQUITABLE RELIEF AND ANY OTHER RELIEF

Therefore, the Defendant prays that this Honorable Court order the following:

1. That the Circuit Court declare or make a factual finding that Defendant was involuntarily intoxicated by carbon monoxide gas at the time of arrest which shows a criminal defense to the three elements (medically cleared, intent, obscenity) of the criminal charge on September 21, 2018 in **EXHIBIT 0** which means that the three elements were meritless, frivolous, baseless, and without clear

and convincing evidence to support that even in light most favorable to the Commonwealth, the evidence is insufficient to sustain a conviction;

2. That the Circuit Court consider ordering a new trial or permanent judgment of acquittal for the criminal charge of Brian David Hill in **EXHIBIT 0**, charged on September 21, 2018, for multiple required elements of guilt lacking the required evidence necessary for a conviction of that charged crime;
3. That the Circuit Court consider the evidence sufficient or order an evidentiary hearing to question JaCody Cassell over the matters of Defendant being involuntarily intoxicated by carbon monoxide gas since October 5, 2017, all the way up until Defendant's arrest on September 21, 2018 while still under the effects of the intoxication at the time of arrest which cannot be disproven without laboratory results;
4. That the Circuit Court consider vacatur or modification of the wrongful conviction dated November 18, 2019 (**EXHIBIT 1**), and consider a New Trial by Jury or Judgment of Acquittal dismissing this case against Brian David Hill with prejudice for lack of evidence to sustain a conviction;
5. That the Circuit Court waive and discharge any and all pending legal fees ever taxed, levied, or ordered against Defendant if the Circuit Court had determined that Defendant is innocent and thus should not be held to pay any fees or fines or any protected SSI disability money since Defendant is innocent;

6. That the Circuit Court waive and discharge any and all pending legal fees ever owed by the Defendant pursuant to all legal matters and cases that had begun from the original charge and prosecution on September 21, 2018, if the Circuit Court had determined that Defendant is innocent and thus should not be held to pay any fees or fines or any protected SSI disability money since Defendant is innocent;
7. That the Circuit Court consider providing any other relief or remedy that is just and proper, in the proper administration of justice and integrity for the Court.

Respectfully submitted with the Court, This
the 4th day of September, 2022.

CERTIFICATE OF SERVICE, CERTIFICATE OF FILING

I hereby certify that a true and accurate copy of the foregoing Motion was faxed or emailed/transmitted by my Assistant Roberta Hill at rbhill67@comcast.net (due to Probation Conditions of not being allowed to use the Internet) or delivered this 4th day of September, 2022, to the following parties:

1. Commonwealth of Virginia
2. City of Martinsville

by having representative Roberta Hill filing his pleading on his behalf with the Court, through email address rbhill67@comcast.net, transmit/faxed a copy of this pleading to the following attorneys who represent the above parties to the case:

Glen Andrew Hall, Esq. Commonwealth Attorney's Office for the City of Martinsville 55 West Church Street P.O. Box 1311 Martinsville, Virginia 24114/24112 Attorney for the Commonwealth Phone: (276) 403-5470 Fax: (276) 403-5478 Email: ahall@ci.martinsville.va.us	Hon. Ashby R. Pritchett, Clerk of the Court Circuit Court for the City of Martinsville Phone: 276-403-5106 Fax: 276-403-5232 55 West Church Street, Room 205 P.O. Box 1206 Martinsville, VA 24114 Email: apritchett@vacourts.gov
--	--

The reason why Brian David Hill must use such a representative to serve such pleading with the Clerk on his behalf is because Brian is currently still under the conditions of Supervised Release for the U.S. District Court barring internet usage without permission. Brian's Probation Officer is aware of Roberta Hill using her email for conducting court business concerning Brian Hill or court business with the Probation Office in regards to Brian David Hill. Therefore Roberta Hill is filing the pleading on

Brian's behalf for official court business. Brian has authorized her to file the pleading. All exhibits or any exhibits with anything printed from any internet based service was printed and researched by Roberta Hill.

That should satisfy the Certificate of Service regarding letters/pleadings during the ongoing Covid-19 pandemic. If the Court wishes to contact the filer over any issues or concerns, please feel free to contact the filer Brian David Hill directly by telephone or by mailing. They can also contact c / o Roberta Hill at rbhill67@comcast.net and request that she forward the message and any documents or attachments to Brian David Hill to view offline for his review.

City County Town

TO ANY AUTHORIZED OFFICER:

You are hereby commanded in the name of the Commonwealth of Virginia forthwith to arrest and bring the Accused before this Court to answer the charge that the Accused, within this city or county, on or about 09/21/2018 did unlawfully in violation of Section 13-17/18.2-387 Code or Ordinances of this city, county or town: intentionally make an obscene display of the accused's person or private parts in a public place or in a place where others were present.

13-17/18.2-387

intentionally make an obscene display of the accused's person or private parts in a public place or in a place where others were present.

I, the undersigned, have found probable cause to believe that the Accused committed the offense charged, based on the sworn statements of

SGT. R.D. JONES MPD, Complainant.

Execution by summons permitted at officer's discretion. not permitted.

CRIMINAL COMPLAINT

RULES 3A:3 AND 7C:3

Commonwealth of Virginia

General District Court

Juvenile and Domestic Relations District Court

Martinsville

CITY OR COUNTY

Under penalty of perjury, I, the undersigned Complainant swear or affirm that I have reason to believe that the Accused committed a criminal offense, on or about

09/21/2018

in the City County Town

DATE OFFENSE OCCURRED

of Martinsville

I base my belief on the following facts: (Print ALL information clearly.)

On the above date I responded to the area of Pine St. at the steps for the Dick and Willie Trail due to a naked white male that had been seen running on Hooker St from Church St. Officers were in the area of Hooker St and had not located the male. I walked down the steps to the trail where i herd foot steps coming towards me. I could see a person walking on the trail and they stopped. I signed my light on the male and he turned and ran. He was naked except for his shoes and socks. The male had items in his hand when he ran. I chased the suspect off the left side of the trail down a bank and into the creek. I was yelling stop and show me your hands during the chase. When the male was detained he was read Miranda and started talking about a black male in a hoodie made him get naked and take pictures of himself. He was transported to the hospital due to knee pain. While at the Hospital he stated that he was alone when he took the photos of himself and he gave Ofc. Warnick promising to view his camera. On the Camera was several photo of himself naked around the city. He was medically and psychologically cleared. He was arrested for indecent Exposure. Mr. Hill's clothing was located in his bag. All took place in the city.

The statements above are true and accurate to the best of my knowledge and belief.

In making this complaint, I have read and fully understand the following:

By swearing to these facts, I agree to appear in court and testify if a warrant or summons is issued.

The charge in this warrant cannot be dismissed except by the court, even at my request.

Sgt. R. Jones #220

IN THE UNITED STATES DISTRICT COURT
FOR THE MIDDLE DISTRICT OF NORTH CAROLINA
Durham Division

Brian David Hill,
Petitioner
v.
United States of America,
Respondent

Case #
1:13-CR-435-1
1:17-CV-1036

STATUS REPORT
OF PETITIONER
SEPTEMBER 27, 2018

I, Brian David Hill ("Brian D. Hill", "Petitioner") in this § 2255 case, acting pro se in this manner, files this status report and Declaration updating the court for this case. Because of the current situation described herein, Petitioner requests a court appointed lawyer.

DECLARATION

I, Brian D. Hill, produce these statements, subject to the penalties of perjury under U.S. Code:

(1) I am currently in Martinsville City Jail over a local criminal case and situation where it must be disclosed to the habeas court over what actually happened. Petitioner believes it is connected over the matter concerning and effecting this § 2255 case.

(2.) ON SEPTEMBER 18th, 2018, Somebody was in the ~~the~~ thicket at the end of my neighbor's property and branches moved ~~at~~ whenever I looked in that direction. I was around the period when I was mowing the grass between the time period of 1 to 4PM. That was a Tuesday. Likely surveilling me.

(3) On September 19, 2018, Wednesday, I called into a political talk show after Sandra Wilson invited me to call into a Family Court issues type of show on Blog Talk Radio, by a I believe it was a woman named Valerie K. Lazarus (hope I spelled it right). Told her about the fraud on the court concerning this case. We also spoke about the Americans with Disabilities Act and the one woman said how if I ~~have~~ had an IEP when I was in school, then they (I assume she meant police) can (or may) get in trouble for violating the Americans with Disabilities Act the way it was handled in regards to my criminal case.

(4) On September 20, 2018, Thursday, some of my memories may have been blacked out. I was under an extreme amount of stress and anxiety already due to the pre-filing injunction Motion. My whole family could tell. My mom had also noticed that my doors were not being kept locked. I was psychologically afraid to sleep in my bed. Sometimes sleeping on the couch and I had a bad feeling something ^{bad} would happen to me.

I was able to go the Massanutten Resort from Monday to Thursday last week in Rockingham County, VA, in my district. I think it was between Sept. 10 through 13/2018 if I am correct from memory. My family noticed that I didn't want to go back home. As if something was terrifying in my psychological mind, and I haven't kept my door or doors locked. Around 11 I went walking beside the road on the sidewalk and as I was around a warehouse or some kind of building near or around the Martinsville, VA downtown area ~~area~~ near the hiking trail of "Dick and Willie", I was approached by a man in a hoodie probably some time between 11 to 12 that night. I think maybe between 5 to 6 feet tall, maybe white told me "You ~~had~~ had better take your clothes off in public and take pictures of yourself and place the SD card around the bench ~~at~~ after the bridge..." "or they would kill my mom Roberta Hill". At one point I felt like I might collapse so I may have been drugged. I had to keep sitting on benches. I didn't want my mother to be killed. My weakness is my Mother. I gave a false confession in 2012 because of being told "You better fess up or else your mother would be held responsible." Whoever threatened me that night knew my weakness. If I walk to the police or don't do what that man said would my mom be shot full of holes while sleeping and killed?

be

I didn't know what to do. I kinda lost my mind when taking pictures of myself. If I didn't get on a good show would my mother be killed like the stuff in Hollywood action movies. I had a feeling it had something to do with the things brought up in my case. The threats from ~~tor~~mail.org messages which were successfully carried out. I knew I couldn't mess with these people, with a threat that serious. Out of fear and desperation I walked, were vehicles would see me with a hand gesture of my hand over my mouth. I was naked on the trail. I was trying to signal with that hand gesture that I was in trouble. I decided not to place the SD card at the bench, as how would they know? Maybe I could still go to the police and warn my mom. As I was walking back I saw a track with a spotlight at me with no way to tell who it was. I was scared so I ran and then noticed a red laser beam light like what private mercenaries, bad guys, and good guys all have. A light came on with a guy yelling at me. I didn't know who he was. I was scared it was them, going to kill me for not exactly following the "hoadie" guys directives. I ran fell down the left side slope of the trail getting cuts and scrapes all over my body, until I fell in the ~~river~~ ~~bed~~ creek bed. They were down there and at that point I realized they were police.

I said over and over again while complying "I have Autism, I have Autism, I have AUTISM, I have Autism." I felt they couldn't hear me out. I said "I was attacked" told Sgt. R.D. Jones that I need to speak with a detective. It was probably around 3 to 4 AM at around Friday, September 21, 2018. He asked me why I was naked on the trail. I tried to explain to him as much of what happened as I could. He mistook my statement of heading towards the YMCA building with the warehouse and I told him "You don't understand Autism," maybe "are you trained in Autism?" Sgt. R.D. Jones said "how do I know you even have Autism." I responded with Dennis Debbaut, a law enforcement trainer. He did a white paper. People with Autism can give false confessions and misleading statements. Officer you misunderstood what I said about the YMCA building," after or before my answer to his "how do I know you even have Autism" was "it was in federal court records." He gave me that book where he didn't want to accept anything I said. He even said "If your lying to me, I will charge you with making (or filing) a false report." I looked at him straight in the eyes and said I am not lying, even told him something about "am I supposed to let my mother be killed" or something to that effect. He still wouldn't ~~accept~~ accept what I had told him. I then told him "You don't understand Autism. You are violating title II of the Americans with Disabilities Act."

5

I was being charged with "indecent exposure".
 I further told Sgt. R.D. Jones that I was going to win the jury trial and sue him for violating the ADA. Argument escalated to me saying to him "f*ck you". At one point things cooled down and I was in a room with a Magistrate. She brought up about my federal criminal conviction and my 2015 probation violation. I explained to her that the case is under a habeas corpus 2255 review for my claim of "actual innocence" or something to that effect. She assumed that it was some kind of an appeal. Told her that the probation violation was over U.S. Probation Officer Kristy L. Burton making false statements, which is perjury and may have mentioned that Anand Prakash Ramaswamy committed subornation of perjury, gave her the federal case number. Also mentioned about fraud on the court. I was given no bond that day. Was charged in Martinsville General District Court, case no. C18-3138. It might be named as Commonwealth of Virginia v. Brian David Hill. At one point I told Sgt. Jones that "you aren't doing anything about the drug dealers in my (or our) neighborhood" that the FBI aren't doing anything about the threats, I don't trust the police.

(5) On September 26, 2018, I had filed a request form for the jail directing that it be forwarded to MPD Sgt. R.D. Jones with more statements incl. a Declaration as evidence.

I explained that witness Roberta Hill had received a threatening "greeting card" postmarked Tennessee, she received some point (or some time) this year. It had no return address. Gave the officer her phone number.

Then I said under Declaration on the back of that "Request for Interview" form that my first received formail.org ~~mess~~ message said that I was set up with child porn, that Alex Jones... and others were next. ^{my friends}

(e)
Some information omitted

I gave this federal criminal case number, cited Document #46 Declaration of Susan Basko. Then ~~told him a~~ told him in writing about the threatening message that was reported to J. Joy Strickland counsel to the N.C. Department of Justice. I explained that one part of the threatening email message said that I would be set up with violent sex crimes if I don't watch my back. If my mother being killed if I ~~did~~ didn't walk naked in public and take pictures, the "indecent exposure" charge may legally be defined as a "violent sex offense". The threats went from formail.org to being physical. I was set up with the violent sex crime of "indecent exposure" just like the 2013 formail threat said would happen.

While I am incarcerated, my diabetic blood sugar reads are getting a lot of highs right now. In the 300's 400's, and 500's. I am suffering nerve pain, and other bad effects of high blood sugar.

The Court may request a copy of my September 26, 2018 filed "Request for interview" form from Martinsville VA City Jail at P.O. Box 1326 Martinsville, VA 24112 or at 300 Clearview Drive, same city. That way that can expand the record for this § 2255 case.

(6) Petitioner requests that an attorney be appointed at this interval for his 2255 case since this incarceration is at a facility that:

(1) Has no law library. The Public Defender in Martinsville cannot represent me for this 2255 case;

(2) Paper and resources are highly limited as per Jail's "rules and regulations". Stamps and envelopes also limited. I won't be able to make valid pleadings compliant with this Court's rules while incarcerated and very limited access to resources needed for this case. I won't be able to properly cite court rules, case law, and statutes while incarcerated;

(3) While incarcerated I will not be able to bring up evidence if the habeas court requests;

(4) Be at a large disadvantage which deprives me of due process under the 14th Amendment of U.S. Constitution. Being deprived of my ability to prove factual innocence in my 2255 case.

If the court cannot appoint court appointed counsel for this 2255 case, alternatively Petitioner asks this honorable Court to delay this 2255 case until Petitioner is not under incarceration.

(7) I make this PROCLAMATION to the hon. Court, to my Mother and family, to the U.S. Probation office, and to Martinsville District Court. The incident of "indecent exposure" is considered isolated and out of character. I swear under oath that it will never happen again. Charge is of a technical nature. I was threatened to get naked I never masturbated, it was a crazy ~~and~~ incident. Whoever threatened me needs to be charged and arrested. My mother hates me over what happened I'm sorry mom I was scared and didn't know what to do. I didn't want my mom to die. I am sorry for leaving around 11. The threats coming at me, the fear, the bad feeling in my gut. Next time I'm threatened I will report to police state police, and FBI. What I did on the hiking trail and leaving, without telling my mom, will never ever happen again. I'm tired of the Legal Terrorism, the criminal threats, and being afraid. I just want to prove my actual innocence and move on with my life. I am tired of feeling afraid for my family and my life. It's tearing me apart. My family can tell my health is degrading. I provided so much evidence to the Habeas Court please let me prove my innocence, have an evidentiary hearing. I have facts of innocence. Let me prove it. People with Autism can be manipulated, easily threatened, abused.

(8) Before this charge, I was working on a ~~Rule~~ Rule 11 Motion for sanctions, case law Chambers v. Nasco Supreme Court case (fraud on the court), and citing state bar rule 3.8. I was going to show fraud on the court in the Respondent's factual basis of guilt, in their pre-filing injunction motion, and in the motion to dismiss.

I wanted to show the fraud on the court by Respondent, give them 21 days (maybe 25 days) to respond before filing, then the court can decide under Chambers v. NASCO whether Respondent's Motions should be summarily denied. Subornation of perjury by Anand P. Ramaswamy is already a fraud on the court in 2015. Respondent's resistance to me proving my innocence clearly violates Rule 3.8 of the state's Model Rules of Professional Conduct, N.C. State Bar. Rule 11 sanctions may be appropriate. I will serve them a rule 11 motion copy once released from jail. To resolve the issues between Respondent and Petitioner, Petitioner requests that the U.S. Attorney General appoint special counsel to represent Respondent for this \$2255 case.

Thank You!

I declare under penalty of perjury that the foregoing is true and correct. Executed on September 27, 2018.

Respectfully filed with the court, this the 27th day of September, 2018. Brian D. Hill
Signed

CERTIFICATE OF SERVICE

Petitioner certifies that he dropped this status report in the Jail institution's mailbox on September 27th 2018, addressed to the Clerk, respectfully requests that all parties to the case are served by CM/ECT or by U.S. mailing. Petitioner asks Clerk to mail ~~the~~ letter certifying receipt of this pleading.

10

Brian D. Hill
Signed

Brian David Hill
Martinsville City Jail
P.O. Box 1326
Martinsville, VA 24112

Clerk: Please send letter confirming receipt.

Declaration and reCertificate of service

Brian David Hill v. United States ~~10~~ October ¹⁰ 2018

I Brian David Hill had mailed the wrong address and ~~is~~ refiled the "Status Report of Petitioner September 27, 2018" on October 10, 2018. The address was mailed to 324 W. Market Street, Suite 1, Martinsville, VA 24112. That address was incorrect. It should have been 324 W. Market Street, Suite 1, Greensboro, NC 27401.

So I recertify under the CERTIFICATE OF SERVICE that I file the pleading on Oct. 10, by depositing the pleading in an envelope prepaid in the Jail's mailing system. Again, I ask the Clerk to send me a letter acknowledging receipt of this pleading, and notify me which Document no.'s or I ask that my docket sheet be printed and sent to me showing my last ~~few~~ few entries.

I learned from Martinsville City Jail that I am limited by Jail policies to 1 short ink pen per month, 5 envelopes per week, no law library at all, and they have to destroy all envelopes including legal mail envelopes directed to inmates in MCJ. Envelopes are evidence but Jail officers can destroy envelopes including mail envelopes from Federal Courts. The Jail's policies seem unconstitutional and block me from continuing to ~~proceed~~ proceed in this 2255.

I ask that I be appointed a lawyer for my 2255.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on October 10, 2018.

Brian D. Hill

**OFFICE OF THE ATTORNEY GENERAL OF VIRGINIA
CONSUMER PROTECTION SECTION**

CONSUMER COMPLAINT FORM

Important information – Please read first

- The Consumer Protection Section of the Office of the Attorney General of Virginia provides protection to consumers from fraud, deception, and illegal practices in the marketplace.
- Our telephone counselors are available to assist you with consumer questions. Please call the Consumer Protection Hotline at (800) 552-9963 if calling from Virginia, or (804) 786-2042 if calling from the Richmond area or from outside Virginia. Our business hours are 8:30 a.m. to 5:00 p.m., Monday through Friday.
- We are authorized to handle complaints related to the advertisement, sale, or lease of goods and services that are intended for personal, family or home use.
- We do not have jurisdiction over complaints related to transactions between private individuals where no business or merchant is involved, or transactions involving products or services that are intended for business or commercial use.
- We are not authorized to offer legal advice, provide legal representation, or pursue matters in court on behalf of individual complainants.
- We will not handle complaints that are scheduled to be heard or have already been heard in a court of law. Likewise, we will not handle complaints that are under investigation or have already been handled by the agency or entity with proper jurisdiction.
- Before you fill out our complaint form, please ensure that we are the proper office to assist you. Certain complaints might be within the jurisdiction of other local, state, or federal offices. Our telephone counselors can help you make this determination, or you can check by yourself by reviewing the "*Where to File A Complaint*" portion of our website at <http://ag.virginia.gov/consumer-protection/index.php/file-a-complaint>.
- If you are going to submit a complaint form to us, please make sure to include **COPIES** of any supporting documents such as contracts, invoices, receipts, etc. Do **NOT** send originals. Also, we do **NOT** need your Social Security Number or any other personal financial information not related to your complaint. Please mark out such information from any documents that you wish to send us.
- Our contact information is as follows:

Office of the Attorney General of Virginia
202 North Ninth Street
Richmond, VA 23219
Consumer Protection Hotline: (800) 552-9963 or (804) 786-2042
Fax: (804) 225-4378
Website: www.ag.virginia.gov

Local office of consumer affairs

- **Fairfax County** has its own locally operated office of consumer affairs. If your complaint resulted from a transaction in that locality, please contact the office directly.

Fairfax County Department of Cable and Consumer Services
Consumer Affairs Branch
12000 Government Center Parkway, Suite 433, Fairfax, VA 22035.
Phone: (703) 222-8435 Website: www.fairfaxcounty.gov/consumer

What happens to your complaint once we receive it?

- We will review your complaint and assign a number to it. We will notify you of our initial course of action or recommendation. Your complaint may be assigned to one of our staff members or it may be referred to the local, state, or federal office that has proper jurisdiction. In some instances, if a negotiated settlement cannot be achieved, we may advise you to consider pursuing your case through the courts.
- If you need to contact us about a complaint that you filed with our office, please have available your case number, the name of the staff member handling your complaint, and any new relevant information you may have.

The courts system

- The resolution of certain complaints may only be pursued through the courts. You should consider seeking legal advice before you pursue matters through the courts. If you do not have an attorney, you may contact one through the Virginia Lawyer Referral Service at (800) 552-7977 or (804) 775-0808. You may also wish to contact your local legal aid society.

Disclaimers

- By signing the Consumer Complaint Form, you authorize those agencies to which we may refer your complaint to evaluate your case on the basis of the information provided in the form, to contact you, and to take whatever lawful actions those agencies deem appropriate to attempt to resolve your complaint.
- Closed complaints will stay in our files until destroyed in accordance with established procedures for destroying public records.
- Closed complaints are subject to public disclosure under the provisions of the Virginia Freedom of Information Act, Virginia Code Section 2.2-3700 et seq. For this reason, we ask that you do not provide us with your Social Security Number or with any other personal financial information not related to this complaint.
- You have the option to request that your personal contact information not be included with any copy of your complaint that is provided in response to a FOIA request. If you do not make this request, your contact information will be included.
- The information requested on the official Consumer Complaint Form, and all subsequent requests by this Office for additional information, are subject to the Government Data Collection and Dissemination Practices Act, Virginia Code Section 2.2-3800 et seq.

Mailing address 310 Forest Street			Apt. or suite number Apt. 2
City Martinsville		State VA	Zip code 24112
Home number, including area code (276) 790-3505		Work number, including area code ()	Fax number, including area code ()
City or county of residence Martinsville		Your e-mail address c/o rbhill67@comcast.net	
Do you prefer to be contacted at home, work or by e-mail? c/o rbhill67@comcast.net		Best time to reach you between 8AM and 5PM? Afternoon	

➤ **SECTION 2 – Name of Company Against Which You Are Complaining**

Full name of company The Chimney Sweep			
Mailing address 1590 Blue Bend Rd			Office or suite number
City Rocky Mount		State VA	Zip code 24151
Company's Internet address (URL)			
Telephone number, incl. area code (540) 483-2468		Fax number, including area code ()	Other contact number, including area code ()

➤ **SECTION 3 – Complaint Information**

Type of product, item, or service involved (For motor vehicles, please specify if automobile, boat, motorcycle, etc.) service to block chimney swifts from entering chimney. Suspect placing metal tin on flues.			
Manufacturer, make or brand Unknown		Model Unknown	Year
Serial number, Vehicle Identification Number (VIN) Unknown			
Date of purchase or lease October 5, 2017		Was this a new or used item? ask them about metal tin	
Did you sign a contract or a lease? Yes [] or No [] Unknown		If yes, please indicate the following Starting date: Expiration date:	
Total amount paid Unknown		Total amount in dispute Unknown	How was payment made? (cash, credit card, check) Ask Roberta Hill
Did you buy an extended service contract? Yes [] or No []		If yes, name of company responsible for extended service contract or extended warranty	
For automobile complaints, indicate type of repairs or services performed (Air conditioner, brakes, oil change, transmission, etc.)			
Before any work was performed, did you ask for and receive a written copy of the cost estimate?			Yes [] or No []
Did you authorize any changes to the original estimate?		Yes [] or No [] If yes, provide details on the next page	
Were the completed repairs different from what you had authorized? Yes [] or No [] If yes, provide details on the next page			

➤ **SECTION 4 – Resolution Attempts You Have Made**

Have you contacted the company? Yes [] or No [X]	If yes, name of person most recently contacted	Their phone number, incl. area code ()
What resolution are you seeking? I want them to admit under affidavit to placing metal tin on the chimney on October 5, 2017. I would like them to reimburse my criminal case legal expenses. See attachment brief and exhibits.		
List any other organizations you have contacted (i.e., other consumer protection offices, Better Business Bureau, etc.)		
Do you have an attorney in this case? Yes [] or No [X]	If yes, name of your attorney	Attorney's number, incl. area code ()
Has your complaint been heard or is it scheduled to be heard in court? Yes [] or No [] If yes, where and when? Unknown		

**BRIEF OF COMPLAINT MADE
BY BRIAN DAVID HILL ON
MAY 17, 2022 AGAINST “THE
CHIMNEY SWEEP” FOR
SERVICE ON OCTOBER 5, 2017
AND DAMAGES CAUSED**

**FILED IN THE CONSUMER PROTECTION
SECTION OF THE OFFICE OF THE
ATTORNEY GENERAL OF VIRGINIA**

I, Brian David Hill, on the date of May 17, 2022, hereby file a complaint with the Consumer Protection Section of the Office of the Attorney General of Virginia. I file a complaint against the business entity known as “The Chimney Sweep” at the address of 1590 Blue Bend Rd, Rocky Mount, VA 24151. I file a complaint for damages against me caused by this company and its service of what was done to the chimney at 310 Forest Street, Martinsville Virginia. I live in Apartment 2 of the Triplex there. Damages done to me and irreparable harm such as both criminal liability against me and misc. civil damages done to me caused by certain procedure which was done or at least believed to have been done on the date of October 5, 2017.

The issue that I have with this company after my mother Roberta Hill of Apartment 1 (*note: owner of the Triplex but did not know of the carbon monoxide issues caused by “The Chimney Sweep” unless informed by Pete Compton so she holds no responsibility as far I am concerned.*) had paid for their service to do

something to prevent the chimney swifts (a type of bird) from coming into the chimney of the Triplex at 310 Forest Street, Martinsville, Virginia. Roberta Hill lives in Apartment 1 in the Triplex and I live in Apartment 2 of the Triplex.

Me and my mother, Roberta Hill did not know what they had done on top of the chimney of the Triplex on the date of October 5, 2017. We did receive service and the chimney swifts which are birds had stopped coming into the chimney thereafter.

This is the issue I had with this company and this company had damaged me far beyond just financial damages. They damaged me after their incompetence on October 5, 2017 had caused me damage almost a year thereafter (See **Exhibit 5**) in the form of me being subject of a criminal litigation as well on September 21, 2018 and will explain herein as to why I believe that to be so. I am willing to testify under oath about this matter.

I do not know if my mother still has any receipts from The Chimney Sweep or if they even gave her any receipt at all but the Attorney General can subpoena that business for the records for Roberta Hill and 310 Forest Street back in October, 2017 for their work I believe was rendered.

Here is how The Chimney Sweep business had damaged me and my mother. The complaint focusing on mainly myself.

1. In October 5, 2017, I believe they had placed metal tin on top of the chimney flues blocking any exhaust of both the Triplex's gas powered hot water heater and gas powered radiator. The reason why is that they never fully explained to my mother what procedure they exactly did as far as I am aware of to prevent the chimney swifts from coming back into the chimney. You can ask her these questions. I do not blame Roberta Hill for any of this, she didn't know and she thought she had trusted "The Chimney Sweep" but later found out they may have been wrong if they were indeed the ones who placed the metal tin on top of the chimney. I place the blame on The Chimney Sweep for what I believed they did was place metal tin on top of the chimney flues. There needs to be an investigation and they need to answer these questions about whether they did in fact try to cure the chimney swifts issue by placing metal tin on top of the chimney flues.

2. See **EXHIBIT 1**: On January 30, 2019 Pete Compton went to the house at 310 Forest St., Martinsville, Va 24112 to measure and give a price for a Chimney cover. Roberta Hill and her parents: Ken & Stella Forinash escorted him to Apt 1 to show him the fireplace which had a small amount of white residue inside, no damage to the ceiling and wall around the fireplace. They then escorted him downstairs to Apt 2 where parts of the ceiling above the fireplace had fallen and there was a lot of damage in the remaining ceiling below the hearth of the fireplace in apt 1 located above apt 2 and a lot of damage along the wall in apt 2 above and on both sides of

the fireplace as well as a lot of white residue inside of the fireplace. After this, they all went down another flight of stairs to the basement where the gas boiler heater and the gas hot water heater were located to show him that there would be 3 holes in the chimney. Pete Compton then went outside and got his ladder to measure the chimney. This was when he found out that all 3 holes were covered with tin. Knowing that the gas boiler heater & gas hot water heater needed to be vented at all times, Pete Compton immediately removed the tin covering the hole so carbon monoxide would no longer go through the house. Ms. Hill had informed Pete Compton that she had called a chimney sweep in Rocky Mount, VA in October, 2017 to clean the chimney and to put screen on all holes after the family spotted birds going into their fireplace the year before. In my 25 years of doing this type of work, this was the first time he have ever seen tin covering holes where it is important to vent gas heaters. He showed the family the tin He had just removed and had them to climb my ladder to look at the chimney. We then went back in the house, and he informed them that the white residue inside both fireplaces was from the gas that had no other place to escape and informed them that they had been exposed to carbon monoxide gas, but now that the tin had been removed, there should no longer be any problems. He returned to the house on February 4, 2019 and installed a stainless steel multifaceted chimney cap vented with screen on all 4 sides.

3. The damage to Brian David Hill caused by the carbon monoxide due to the

metal tin on the chimney flues had led to the Hospital trip of Brian David Hill on November 19, 2017. The Hospital admits that Brian David Hill had Obsessive Compulsive Disorder (OCD) taking hours of hand washing and body washing routines just to get to the Hospital. Found sinus tachycardia and abnormal levels. The more hot water is used during one of Brian Hill's hand washing routines lasting hours due to his OCD, the more the hot water heater heats up using more gas and exhausting gas with no ventilation due to the metal tin on the chimney flues causing carbon monoxide gas and worsening OCD and worsening the Autism Spectrum Disorder of Brian David Hill. See **Exhibit 2**.

4. Roberta Hill did an affidavit about the Carbon Monoxide damage in my Apartment, Apartment 2, with photos taken in 2019 while I was in jail. See **Exhibit 3**.

5. Brian David Hill suffered for months and months of Carbon Monoxide poisoning, like similar that of being on like a drug or substance. It can have affects as bad if not worse than things like bath salts or sniffing glue. It is exactly the same thing despite Brian Hill having no drug history but carbon monoxide can be just as deadly as any known street drug on record in America. It can cause known issues such as hallucinations, psychosis, constant diarrhea, worsening OCD, and abnormal behaviors not exhibited previously. See the diagnosis of Dr. Conrad Daum of Piedmont Community Services regarding "psychosis" diagnosis. See **Exhibit 4**.

6. The bad effects of carbon monoxide had caused psychosis and hallucinations of Brian David Hill. On or around September 21, 2018, it had directly caused Brian David Hill to have wandered away from home around the middle of the night with clothes then getting naked on a deserted walking trail called the Dick and Willie walking trail in the City of Martinsville. Making claims of a man wearing a hoodie threatening Brian Hill to get naked and take photos of himself or his mother would be killed. The police found no indication of Brian having diabetes. The police found no plans of being out there. The police wondered why Brian was even out there, questions which may never be answered because they don't have the levels of carbon monoxide poisoning at the time. He was diagnosed with "psychosis" for his statements regarding this matter a month later. Prior to this weird incident, Brian Hill had received two threatening emails in 2013 and threatening text messages in 2015. Not just that but Attorney Susan Basko forwarded a threatening email she received and that threat was also directed at hurting or threatening Brian Hill. Brian suffered in 2012 an incident where if Brian didn't falsely confess to a crime he didn't do his "mother would be held responsible" referring to Roberta Hill, his mother. So Brian had been subject to being threatened multiple times and receiving threats prior to the incident on September 21, 2018. Anyways, he was walking naked, admitted to "kept sitting on benches" and admitted to having blackouts, and said he may have been drugged in a letter written to a federal court in 2019. The Attorney General's Office

may request a copy of this filed letter from PACER or Courtlistener. Family gave me the link for this for the Attorney General to review: <https://www.courtlistener.com/docket/4304407/153/united-states-v-hill/> A car who went by around Hooker Street. It said from the criminal complaint “...naked white male that had been seen running on Hooker St from Church St. Officers were in the area of Hooker St and had not located the male.” See CRIMINAL COMPLAINT from Page 1, case no. CR19000009-00. The police did not understand about the carbon monoxide because nobody knew it was going on. Brian David Hill exhibited mental confusion which of course mental and brain problems come from prolonged exposure to carbon monoxide gas exhaust into the Apartment. The police did not believe Brian David Hill and had charged him with intentionally making an obscene display on September 21, 2018. Brian Hill tried to mail evidence of his prolonged exposure to carbon monoxide to both the Circuit Court and Martinsville Police Department but both had ignored it. Police refused to even look at it. Refused to even open the envelope with the evidence proof. See **Exhibit 5.**

7. Dr. Balakrishnan had some concerns with some abnormal laboratory results on July 31, 2018. A few months prior to the weird incident on September 21, 2018. He suspected something may have been wrong with Brian David Hill. That would be caused by the carbon monoxide gas which of course causes carbon monoxide poisoning. See **Exhibit 6.**

8. Before the Martinsville Police arrested Brian David Hill for indecent exposure on September 21, 2018, presumably due to the prolonged exposure to the exhaust of gas from the fireplace of Apartment 2 without proper ventilation due to “The Chimney Sweep” presumably placing metal tin on top of the chimney on October 5, 2017, as the metal tin was found by Pete Compton in January of 2019. Before the Martinsville Police arrested Brian David Hill, the Hospital had failed or refused to conduct laboratory testing, any drug testing, or even any alcohol testing. However there were multiple readings of resting blood pulse being well over 100. There were issues but the Hospital failed to do their job at that time, but it does show that had the blood tests been conducted, they would have found the hyboxyhemoglobin levels of Carbon Monoxide poisoning in my blood. Regardless, it is indisputable that Brian David Hill was exposed to carbon monoxide caused by the gas exhaust of both the gas hot water heater and the gas radiator. See **Exhibit 7**.

9. The witnesses Stella Forinash, Kenneth Forinash, Pete Compton, and Roberta Hill are all material witnesses to this complaint and the resolution process is necessary for the best interests of justice in multiple aspects. The Chimney Sweep must be held accountable for the irreparable harm and damages caused to Brian Hill. Also his federal probation officer Jason McMurray of Roanoke, VA witnessed the damage coming from Apartment 2 prior to Brian David Hill being arrested for indecent exposure. Damage on the wall surrounding the fireplace and the damage

from the ceiling. His probation officer had not known at those times prior to Brian Hill's arrest what caused such damage. An email was sent by Brian's grandparents to the Probation Officer over the carbon monoxide issues. That shall be **Exhibit 8**.

**RESOLUTION REQUESTED BY BRIAN HILL TO THE ATTORNEY
GENERAL; RESOLUTION REQUESTED OF THE DAMAGES AND
IRREPARABLE HARM CAUSED BY "THE CHIMNEY SWEEP"
BUSINESS**

Brian David Hill requests the following remedies from "The Chimney Sweep" business from Rocky Mount:

1. Brian David Hill would like whoever had worked on the chimney on October 5, 2017, to simply admit to that procedure on that date, in writing and under oath, affidavit. Admit to placing the metal tin over the chimney flues at 310 Forest Street, Martinsville, Virginia 24112. It all needs to be admitted under oath and filed with the Attorney General, a copy to myself Brian Hill, and a copy with the Commonwealth's Attorney in my criminal case

2. Brian David Hill would like acquittal of his indecent exposure charge since the carbon monoxide poisoning caused or majorly contributed to the charge against Brian David Hill because he was exposed to gas exhaust due to the placing of metal tin presumably by "The Chimney Sweep" had led to such issues with psychosis and presumably hallucinations caused by the carbon monoxide. If not acquittal then

Brian David Hill would like his criminal case legal expenses including legal fees demanded by the Commonwealth to be entirely reimbursed by “The Chimney Sweep” business for such damages and liability caused by their incompetence. The reason why reimbursement is requested is because Brian David Hill’s only source of income is his SSI disability money. He cannot afford to pay the Commonwealth of Virginia for legal expenses accrued as a result of him being forced to continually fight his criminal case caused by weird abnormal behavior caused by the Carbon Monoxide poisoning caused by prolonged exposure to the carbon monoxide gas.

3. Brian David Hill would like “The Chimney Sweep” to be witnesses in any jury trial or bench trial or any hearing in the criminal case of City of Martinsville and Commonwealth of Virginia v. Brian David Hill, criminal case no. CR19000009-00. They are at fault for the carbon monoxide because of the metal tin placed on top of the chimney flues.

4. Brian David Hill is not filing this complaint on Roberta Hill’s behalf but Brian is filing this because of the years of suffering and mental health damages and anguish caused by the criminal case caused by the exposure to carbon monoxide. Brian may ask her to email this complaint or submit this complaint and exhibits. She is not involved in this complaint other than simply submitting it to the Office of the Attorney General at Brian Hill’s insistence because he is not allowed to use the internet at this time. Roberta Hill can file a separate complaint if she feels she is

entitled to any relief or resolution. Brian Hill will testify that she has been damaged too by the carbon monoxide. Her vision is not as good requiring her to wear glasses. Brian Hill's eye vision is not as good after the prolonged exposure to the carbon monoxide.

Brian asks for resolution against "The Chimney Sweep" as soon as possible for resolution in his criminal case and for resolution outside of his case for the damages and mental health issues on September 21, 2018 and thereafter, caused by the Carbon Monoxide caused by metal tin placed on top of the chimney flues found by Pete Compton and believed to be caused by somebody working for "The Chimney Sweep" on October 5, 2017. Brian demands an investigation into the misconduct by somebody working for The Chimney Sweep.

EXHIBIT LIST

EXHIBIT LIST	EXHIBIT PAGES
EXHIBIT 1: Witness statement from Pete Compton of ACE Chimney company in Bassett, Virginia. Willing to testify under oath	1-1
EXHIBIT 2: Sovah Health Martinsville medical records of Brian David Hill dated November 19, 2017.	2-31
EXHIBIT 3: DECLARATION OF ROBERTA HILL IN SUPPORT OF THE PETITIONER BRIAN DAVID HILL'S PETITION FOR THE WRIT OF ACTUAL INNOCENCE – about the carbon monoxide gas exposure. As well as photos of the carbon monoxide damage and a letter from Brian Hill’s grandparents. It said in one portion: “...young son of the owner of the chimney company in Rocky Mount, VA” So Stella & Ken Forinash suspected it may have been the son of the owner of that chimney company.	32-48
EXHIBIT 4: Diagnosis from Dr. Conrad Daum of Piedmont Community Services diagnosing Brian David Hill with psychosis but of an unknown substance or whatever it is, read the report.	49-59

EXHIBIT 5: Arrest warrant and CRIMINAL COMPLAINT out of incident believed was caused by the carbon monoxide gas and poisoning.	60-62
EXHIBIT 6: Medical lab report from Carilion Clinic on July 31, 2018, on abnormal readings which may or may not be associated with Carbon Monoxide.	63-66
EXHIBIT 7: Sovah Health Martinsville medical records of Brian David Hill dated Friday, September 21, 2018.	67-73
EXHIBIT 8: Email printout of email from Stella and Kenneth Forinash CC to: Roberta Hill and email mainly sent to USPO Jason McMurray about the Carbon Monoxide issues.	74-87

EXHIBIT 1

To Whom This May Concern:

On January 30, 2019 I went to the house at 310 Forest St., Martinsville, Va 24112 to measure and give a price for a Chimney cover. Roberta Hill and her parents: Ken & Stella Forinash escorted me to Apt 1 to show me the fireplace which had a small amount of white residue inside, no damage to the ceiling and wall around the fireplace. They then escorted me downstairs to Apt 2 where parts of the ceiling above the fireplace had fallen and there was a lot of damage in the remaining ceiling below the hearth of the fireplace in apt 1 located above apt 2 and a lot of damage along the wall in apt 2 above and on both sides of the fireplace as well as a lot of white residue inside of the fireplace. After this, we went down another flight of stairs to the basement where the gas boiler heater and the gas hot water heater were located to show me that there would be 3 holes in the chimney.

I then went outside and got my ladder to measure the chimney. This was when I found out that all 3 holes were covered with tin. Knowing that the gas boiler heater & gas hot water heater needed to be vented at all times, I immediately removed the tin covering the hole so carbon monoxide would no longer go through the house. Ms Hill had informed me that she had called a chimney sweep in Rocky Mount, VA in October, 2017 to clean the chimney and to put screen on all holes after the family spotted birds going into their fireplace the year before. In my 25 years of doing this type of work, this was the first time I have ever seen tin covering holes where it is important to vent gas heaters. I showed the family the tin I had just removed and had them to climb my ladder to look at the chimney. We then went back in the house, and I informed them that the white residue inside both fireplaces was from the gas that had no other place to escape and informed them that they had been exposed to carbon monoxide poisoning, but now that the tin had been removed, there should no longer be any problems. I returned to the house on February 4, 2019 and installed a stainless steel multifaceted chimney cap vented with screen on all 4 sides.

**Emergency Department
 Instructions for:**

Hill, Brian D

Arrival Date:

Sunday, November 19, 2017

Thank you for choosing **Sovah Health Martinsville** for your care today. The examination and treatment you have received in the Emergency Department today have been rendered on an emergency basis only and are not intended to be a substitute for an effort to provide complete medical care. You should contact your follow-up physician as it is important that you let him or her check you and report any new or remaining problems since it is impossible to recognize and treat all elements of an injury or illness in a single emergency care center visit.

Care provided by: Ekuban-Gordon, Edna, MD

Diagnosis: Head Laceration/ Open wound of head; Hyperglycemia, unspecified

DISCHARGE INSTRUCTIONS	FORMS
Head Injury, Adult Facial Laceration Hyperglycemia, Easy-to-Read Stitches, Staples, or Adhesive Wound Closure, Easy-to-Read	Medication Reconciliation
FOLLOW UP INSTRUCTIONS	PRESCRIPTIONS
Private Physician When: 2 - 3 days; Reason: Wound Recheck	None
SPECIAL NOTES	
None	

Suicide National Hotline: 1-800-273-8255 (800-273-TALK)

If you received a narcotic or sedative medication during your Emergency Department stay you should not drive, drink alcohol or operate heavy machinery for the next 8 hours as this medication can cause drowsiness, dizziness, and decrease your response time to events.

I hereby acknowledge that I have received a copy of my transition care record and understand the above instructions and prescriptions.

Brian D Hill

Belle Tranter, RN

Brian Hill

X-RAYS and LAB TESTS:

If you had x-rays today they were read by the emergency physician. Your x-rays will also be read by a radiologist within 24 hours. If you

had a culture done it will take 24 to 72 hours to get the results. If there is a change in the x-ray diagnosis or a positive culture, we will contact you. Please verify your current phone number prior to discharge at the check out desk.

MEDICATIONS:

If you received a prescription for medication(s) today, it is important that when you fill this you let the pharmacist know all the other medications that you are on and any allergies you might have. It is also important that you notify your follow-up physician of all your medications including the prescriptions you may receive today.

is documented up to this point.

ROS:

11/19

11:52 Eyes: Negative for injury, pain, redness, and discharge, ENT: Negative for injury, pain, and discharge, Neck: Negative for injury, pain, and swelling, Cardiovascular: Negative for chest pain, palpitations, and edema, Respiratory: Negative for shortness of breath, cough, wheezing, and pleuritic chest pain, Abdomen/GI: Negative for abdominal pain, nausea, vomiting, diarrhea, and constipation, Back: Negative for injury and pain, MS/Extremity: Negative for injury and deformity. All other systems are negative, except as documented below. Skin: Positive for laceration(s), of the face. Neuro: Negative for dizziness, headache, weakness. Psych: Negative for depression, alcohol dependence, homicidal ideation, suicide gesture.

eeg

Exam:

11/19

11:53 Eyes: Pupils equal round and reactive to light, extra-ocular motions intact. Lids and lashes normal. Conjunctiva and sclera are non-icteric and not injected. Cornea within normal limits. Periorbital areas with no swelling, redness, or edema. ENT: Nares patent. No nasal discharge, no septal abnormalities noted. Tympanic membranes are normal and external auditory canals are clear. Oropharynx with no redness, swelling, or masses, exudates, or evidence of obstruction, uvula midline. Mucous membrane moist Neck: Trachea midline, no thyromegaly or masses palpated, and no cervical lymphadenopathy. Supple, full range of motion without nuchal rigidity, or vertebral point tenderness. No Meningismus. Chest/axilla: Normal chest wall appearance and motion. Nontender with no deformity. No lesions are appreciated. Cardiovascular: Regular rate and rhythm with a normal S1 and S2. ,no jvd No pulse deficits. Respiratory: Lungs have equal breath sounds bilaterally, clear to auscultation and percussion. No rales, rhonchi or wheezes noted. No increased work of breathing, no retractions or nasal flaring. Abdomen/GI: Soft, non-tender, with normal bowel sounds. No distension or tympany. No guarding or rebound. No evidence of tenderness throughout. Back: No spinal tenderness. No costovertebral tenderness. Full range of motion. MS/ Extremity: Pulses equal, no cyanosis. Neurovascular intact. Full, normal range of motion. Neuro: Awake and alert, GCS 15, oriented to person, place, time, and situation. Cranial nerves II-XII grossly intact. Motor strength 5/5 in all extremities. Sensory grossly intact. Cerebellar exam normal. Normal gait., slow, but appropriate Psych: Awake, alert, with orientation to person, place and time. Behavior, mood, and affect are within normal limits.

11:53 Constitutional: The patient appears alert, awake, non-diaphoretic.

11:53 Head/face: Noted is a laceration(s), that is linear, 3 cm(s).

11:53 Musculoskeletal/extremity: Extremities: all appear grossly normal, with no appreciated pain with palpation, ROM: intact in all extremities, Circulation is intact in all extremities. Sensation intact.

11:53 Psych: Behavior/mood is cooperative.

Emergency Department Instructions for:

Hill, Brian D

Arrival Date:

Sunday, November 19, 2017

Thank you for choosing **Sovah Health Martinsville** for your care today. The examination and treatment you have received in the Emergency Department today have been rendered on an emergency basis only and are not intended to be a substitute for an effort to provide complete medical care. You should contact your follow-up physician as it is important that you let him or her check you and report any new or remaining problems since it is impossible to recognize and treat all elements of an injury or illness in a single emergency care center visit.

Care provided by: Ekuban-Gordon, Edna, MD

Diagnosis: Head Laceration/ Open wound of head; Hyperglycemia, unspecified

DISCHARGE INSTRUCTIONS	FORMS
Head Injury, Adult Facial Laceration Hyperglycemia, Easy-to-Read Stitches, Staples, or Adhesive Wound Closure, Easy-to-Read	Medication Reconciliation
FOLLOW UP INSTRUCTIONS	PRESCRIPTIONS
Private Physician When: 2 - 3 days; Reason: Wound Recheck	None
SPECIAL NOTES	
None	

Suicide National Hotline: 1-800-273-8255 (800-273-TALK)

If you received a narcotic or sedative medication during your Emergency Department stay you should not drive, drink alcohol or operate heavy machinery for the next 8 hours as this medication can cause drowsiness, dizziness, and decrease your response time to events.

I hereby acknowledge that I have received a copy of my transition care record and understand the above instructions and prescriptions.

Brian Hill

MRN # MM00370912

ED Physician or Nurse

11/19/2017 12:14

X-RAYS and LAB TESTS:

If you had x-rays today they were read by the emergency physician. Your x-rays will also be read by a radiologist within 24 hours. If you

had a culture done it will take 24 to 72 hours to get the results. If there is a change in the x-ray diagnosis or a positive culture, we will contact you. Please verify your current phone number prior to discharge at the check out desk.

MEDICATIONS:

If you received a prescription for medication(s) today, it is important that when you fill this you let the pharmacist know all the other medications that you are on and any allergies you might have. It is also important that you notify your follow-up physician of all your medications including the prescriptions you may receive today.

Arrival Date: 11/19/2017

Time: 08:51

Account#: MM7805836274

Bed ER 6

Private MD:

Diagnosis: Head Laceration/ Open wound of head;Hyperglycemia, unspecified

Presentation:

11/19

09:08 Presenting complaint: Patient states: had a seizure this morning due to low blood sugar, laceration to head per pt, bleeding controlled. Airway is patent with good air movement. The patient is breathing without difficulty. The patient is pink, warm and dry. Heart rate is within normal limits. Patient is alert and oriented to person, place and time, Patient is moving all extremities appropriately.

11/19

09:08 Acuity: Urgent (3)

11

Historical:

- Allergies: Ranitidine;

- Home Meds:

1. Unable to Obtain

- PMHx: OCD; autism; Diabetes - IDDM;

- Sepsis Screening:: Sepsis screening negative at this time.

- Social history:: Tobacco Status: The patient states he/she has never used tobacco. The patient's primary language is English. The patient's preferred language is English.

- Family history:: Reviewed and not pertinent.

- Exposure Risk/Travel Screening:: Patient has not been out of the country in last 30 days. Have you been in contact with anyone who is ill that has traveled outside of the country in the last 30 days? No.

- Suicide Screening:: Have you recently had thoughts about hurting yourself or others? No.

- Tuberculosis screening:: No symptoms or risk factors identified.

Screening:

11/19

09:41 Fall Risk: Total Points: Med. Risk (25-44);. Abuse Screen: Patient verbally denies physical, verbal and emotional abuse/neglect. There are no cultural/spiritual considerations for care for this patient. mkk

Assessment:

11/19

09:38 Complains of pain in face Pain does not radiate. Pain currently is 7 mkk

out of 10 on a pain scale. The level of pain that is acceptable is 0 out of 10 on a pain scale. General: Appears in no apparent distress, comfortable, well developed, well nourished, well groomed, Behavior is appropriate for age, cooperative, pleasant. Neuro: Reports headache. Neuro: Reports seizure due to low blood sugar. EENT: Denies. Cardiovascular: Denies. Respiratory: Denies. GI: Denies. GU: Denies. Derm: Denies. Musculoskeletal: Denies. Injury Description: Laceration sustained to face is clean, 0.5 to 2.5 cm long, not bleeding, was sustained 4-6 hours ago.

11/19

09:38 Method Of Arrival: EMS

Private MD:

ED Physician Ekuban-Gordon, Edna

HPI:

11/19

11:49 This 27 yrs old White Male presents to ER via EMS with complaints of eeg
Fall Injury.

11/19

11:49 Onset: The symptoms/episode began/occurred today. Associated eeg
injuries: The patient sustained injury to the head. Associated signs
and symptoms: Loss of consciousness: the patient experienced no loss
of consciousness. Severity of symptoms: in the emergency department
the symptoms are unchanged. Pain Management: Patient denies pain. The
patient has experienced similar episodes in the past, a few times.
The patient has not recently seen a physician. Family report history
of low blood sugar, general low will have seizure episode when the
blood sugar is low. Blood sugar was obtained by mom at 20 repeat 40
was subsequently given some oral glucose and brought here for further
evaluation. Patient denies any headache palpitation no neck pain and
stiffness. Admits to feeling like himself..

Historical:

- Allergies: Ranitidine;

- Home Meds:

1. Unable to Obtain

- PMHx: OCD; autism; Diabetes - IDDM;

- Sepsis Screening:: Sepsis screening negative at this time.

- Social history:: Tobacco Status: The patient states he/she has
never used tobacco. The patient's primary language is English. The
patient's preferred language is English.

- Family history:: Reviewed and not pertinent.

- Exposure Risk/Travel Screening:: Patient has not been out of the
country in last 30 days. Have you been in contact with anyone who
is ill that has traveled outside of the country in the last 30
days? No.

- Suicide Screening:: Have you recently had thoughts about hurting
yourself or others? No.

- Tuberculosis screening:: No symptoms or risk factors identified.

- The history from nurses notes was reviewed: and I agree with what
is documented up to this point.

ROS:

11/19

11:52 Eyes: Negative for injury, pain, redness, and discharge, ENT: eeg
Negative for injury, pain, and discharge, Neck: Negative for injury,
pain, and swelling, Cardiovascular: Negative for chest pain,
palpitations, and edema, Respiratory: Negative for shortness of
breath, cough, wheezing, and pleuritic chest pain, Abdomen/GI:
Negative for abdominal pain, nausea, vomiting, diarrhea, and
constipation, Back: Negative for injury and pain, MS/Extremity:
Negative for injury and deformity. All other systems are negative,
except as documented below. Skin: Positive for laceration(s), of the
face. Neuro: Negative for dizziness, headache, weakness. Psych:
Negative for depression, alcohol dependence, homicidal ideation,
suicide gesture.

Exam:

11/19

11:53 Eyes: Pupils equal round and reactive to light, extra-ocular motions eeg
intact. Lids and lashes normal. Conjunctiva and sclera are
non-icteric and not injected. Cornea within normal limits.
Periorbital areas with no swelling, redness, or edema. ENT: Nares
patent. No nasal discharge, no septal abnormalities noted. Tympanic
membranes are normal and external auditory canals are clear.
Oropharynx with no redness, swelling, or masses, exudates, or
evidence of obstruction, uvula midline. Mucous membrane moist Neck:
Trachea midline, no thyromegaly or masses palpated, and no cervical
lymphadenopathy. Supple, full range of motion without nuchal
rigidity, or vertebral point tenderness. No Meningismus.
Chest/axilla: Normal chest wall appearance and motion. Nontender
with no deformity. No lesions are appreciated. Cardiovascular:
Regular rate and rhythm with a normal S1 and S2. ,no jvd No pulse
deficits. Respiratory: Lungs have equal breath sounds bilaterally,
clear to auscultation and percussion. No rales, rhonchi or wheezes
noted. No increased work of breathing, no retractions or nasal
flaring. Abdomen/GI: Soft, non-tender, with normal bowel sounds. No
distension or tympany. No guarding or rebound. No evidence of
tenderness throughout. Back: No spinal tenderness. No
costovertebral tenderness. Full range of motion. MS/ Extremity:
Pulses equal, no cyanosis. Neurovascular intact. Full, normal range
of motion. Neuro: Awake and alert, GCS 15, oriented to person,
place, time, and situation. Cranial nerves II-XII grossly intact.
Motor strength 5/5 in all extremities. Sensory grossly intact.
Cerebellar exam normal. Normal gait., slow, but appropriate Psych:
Awake, alert, with orientation to person, place and time. Behavior,
mood, and affect are within normal limits.
11:53 Constitutional: The patient appears alert, awake, non-diaphoretic.
11:53 Head/face: Noted is a laceration(s), that is linear, 3 cm(s).
11:53 Musculoskeletal/extremity: Extremities: all appear grossly normal,
with no appreciated pain with palpation, ROM: intact in all
extremities, Circulation is intact in all extremities. Sensation
intact.
11:53 Psych: Behavior/mood is cooperative.

DECLARATION OF ROBERTA HILL IN SUPPORT OF THE PETITIONER BRIAN DAVID HILL'S PETITION FOR THE WRIT OF ACTUAL INNOCENCE

I, Roberta Hill, being first duly sworn upon oath, do hereby depose and state:

On September 21, 2018, I woke up around 4 am hearing a knock at the door. A police officer informed me that they had found my son 2 miles away from home on a walking trail. He said that they took him to the hospital. He asked me if my son was autistic, and I answered "yes".

On January 20, 2019, I had a fireplace expert named Pete Compton of ACE Chimney & Wildlife come out to check on some water damage near the fireplace and he found out that the chimney had been completely covered in tin. He told me that carbon monoxide was coming into my apartment and my son's apartment. He said it condenses and that is what was causing the water damage in the ceiling next to the fireplace in my son's apartment.

Photos I had taken are below.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 9th day of January, 2022.

A handwritten signature in cursive script that reads "Roberta Hill". The signature is written in black ink and is positioned above a horizontal line.

Signed

Roberta Hill
310 Forest Street, Apartment 1
Martinsville, Virginia 24112
(276) 790-3505

March 21, 2019

201 Greyson St, Martinsville, VA 24112

Dr. Graney,

We got a letter from Brian yesterday, and he asked us to send photos of the damage on the ceiling and walls around his fireplace in the living room of the apartment where he has been living since May, 2016. There was also white residual inside of his fireplace. The chimney expert who found the carbon monoxide damage said that this could be cleaned with detergent & water so Brian's mom has already cleaned that. It needed months to dry before repairs. There is a carpenter lined up to repair it around April 20th. It was the young son of the owner of the chimney company in Rocky Mount, VA who was sent to clean the fireplace (chimney sweep) and to put screen on all 3 holes to keep birds out of the fireplace; instead he put tin over all 3 holes including the hole for the natural gas heater and the gas water heater in the basement leaving no where for the gas and water steam to escape in October, 2017. None of us were aware that there was tin there and thought it was screen. This took care of the bird problem.

In December, 2017 or January, 2018 there was a snow storm, and that was when we noticed the damage in the ceiling of Brian's apartment but no damage in his mom's ceiling above her fireplace in her apartment. We thought it was odd that there were no problems until the chimney people came. It continued getting worse through the winter, so in the spring Roberta cocked the foundation around her porch because we thought it looked like a foundation problem, not a roof problem because there was no water damage on Roberta's ceiling. Brian's ceiling was below his mom's apartment. After this the problem got worse. Brian's OCD was getting worse too. He was having a diarrhea problem and was using the hot water 6 to 8 hours a day. This is a gas hot water heater with nowhere for the gas & steam to escape. It was escaping apparently through both fireplaces leaving damage in the ceiling in Brian's apartment below the brick (hearth) on the floor in front of Roberta's apartment and all along the walls below Roberta's fireplace into the walls beside of Brian's fireplace (both sides) and the top above the mirror. At the time, it just looked like rain water. We thought eventually half of the ceiling in

Brian's apartment would have water damage. Looking at the photos now, you can clearly see that it is from the gas heaters, not rain and just covered under the hearth of Roberta's fireplace above Brian's on his ceiling so both were effected but up in Roberta's apartment, you couldn't see the damage.

Both Roberta & Brian were complaining about not feeling well, being weak and very tired. We (Brian's grandparents) were moving from one house to another in Martinsville, VA during this time, and Roberta couldn't understand where we got our energy in our 70's when she & Brian were so tired. Roberta tried to help us from time to time with the move, but she couldn't hold out like we could. Both of us are disabled and elderly and are slow and took months for this move. She was always before this stronger than we were. Her head was shaking a lot. We thought it was stress from taking care of Brian and not being able to get much sleep or rest. Brian kept complaining that he couldn't think straight. The cats' personalities had changed, but yet none of us even thought that all of the moisture damage around the fireplace was damage from the moisture & natural gas required to run the natural gas boiler furnace downstairs and the natural gas hot water heater. Now that we know the facts, we all feel bad and guilty for what all has happened to Brian. It takes a long time in Martinsville, VA to locate carpenters and wait for prices and for them to do any work on homes. We also are glad that Brian no longer came back to his house in September, 2018 due to the fact that the carbon monoxide poisoning with the use of the heater through the winter and from the hot water heater was not discovered until January, 2019.

There were many threats due to Brian's fighting to get off from false federal charges. He was set-up with child porn on his computer in 2012, and he and his family have been putting proof in the court with his 2255 since November, 2017 of his innocence, and there have been strange things happening after this date, but then along with the threats (including death threats and threats of putting more child porn in Brian's email after he is released to keep him on the sex registry, sending threats in emails to Brian's family & attorneys and actually sending and bragging about it to Brian and other alternative news people and to Brian's friends after Brian appealed his case in 2015 and the hate cards and letter sent from Nashville, TN with no return address to Brian's mom after we filed the 2255 in Nov. 2017 from Dec. 2017 till May, 2018 and the fake 911 calls in July, 2018 & police coming to the house about the calls that they didn't make.

We wanted to include more information to go along with the photos. We have had natural gas heaters and don't know much about natural gas boiler heaters. Found some photos on the internet to show here of similar in their house.

(gas Boiler furnace & gas hot water heater).

You can now see what is on top of the chimney. The tin has been removed from the hole above the gas hot water boiler (furnace) and the gas hot water heater. The chimney guy from Basset, VA who has done this type of work for 25 years who took the tin off in Jan. 2019 and put the chimney cap on top of their chimney in Feb. 2019 had us to climb on the ladder and showed us what he saw. This is now what you can see from the road, and we now know that it is vented – not even screen on the top of the furnace & water heater venting hole.

This is a similar top photo from the Internet of the chimney cap that was put on the top of Roberta's & Brian's chimney covering all 3 holes with screen on the side.

We are including 7 photos Brian's mom, Roberta took last night (March 20, 2019) of the ceiling & walls showing damage around Brian's fireplace in his living room in his apartment.

Brian's grandparents,

Stella & Ken Forinash

Copy sent to Brian David Hill and 7 photos mailed to Brian.

Juvenile and Domestic Relations District Court

Martinsville

CITY OR COUNTY

Under penalty of perjury, I, the undersigned Complainant swear or affirm that I have reason to believe that the Accused committed a criminal offense, on or about

09/21/2018

in the City County Town

DATE OFFENSE OCCURRED

of Martinsville

I base my belief on the following facts: (Print ALL information clearly.)

On the above date I responded to the area of Pine St. at the steps for the Dick and Willie Trail due to a naked white male that had been seen running on Hooker St from Church St. Officers were in the area of Hooker St and had not located the male. I walked down the steps to the trail where i herd foot steps coming towards me. I could see a person walking on the trail and they stopped. I signed my light on the male and he turned and ran. He was naked except for his shoes and socks. The male had items in his hand when he ran. I chased the suspect off the left side of the trail down a bank and into the creek. I was yelling stop and show me your hands during the chase. When the male was detained he was read Miranda and started talking about a black male in a hoodie made him get naked and take pictures of himself. He was transported to the hospital due to knee pain. While at the Hospital he stated that he was alone when he took the photos of himself and he gave Ofc. Warnick promising to view his camera. On the Camera was several photo of himself naked around the city. He was medically and psychologically cleared. He was arrested for indecent Exposure. Mr. Hill's clothing was located in his bag. All took place in the city.

The statements above are true and accurate to the best of my knowledge and belief.

In making this complaint, I have read and fully understand the following:

By swearing to these facts, I agree to appear in court and testify if a warrant or summons is issued.

The charge in this warrant cannot be dismissed except by the court, even at my request.

Sgt. R. Jones #220

END OF REPORT

Secondary Polycythemia Symptoms and Treatment

By [Deborah Leader, RN](#) 
Updated July 11, 2019

 Medically reviewed by a
[board-certified physician](#)

KTSDESIGN/SCIENCE PHOTO LIBRARY / Getty Images

Similar to [primary polycythemia vera](#) , secondary polycythemia is a disorder that causes an over-production of red blood cells. When too many red blood cells are produced, the blood becomes thick, hindering its passage through the smaller blood vessels.

The difference between the two has to do with what the disorder is associated with. Secondary polycythemia is associated with an underlying disease process (such as COPD), but primary polycythemia is not.

Causes

Because secondary polycythemia is associated with an underlying disease process, factors that affect the red blood cells are usually a cause. The job of a red blood cell is to deliver oxygen to the body tissues. Smoking, for example, interferes with this process, so it is a common cause of secondary polycythemia. Others include:

- [Chronic carbon monoxide exposure](#)

Emergency Department
Instructions for:

Hill, Brian D

Arrival Date:

Friday, September 21, 2018

Thank you for choosing **Sovah Health Martinsville** for your care today. The examination and treatment you have received in the Emergency Department today have been rendered on an emergency basis only and are not intended to be a substitute for an effort to provide complete medical care. You should contact your follow-up physician as it is important that you let him or her check you and report any new or remaining problems since it is impossible to recognize and treat all elements of an injury or illness in a single emergency care center visit.

Care provided by: Hinchman, Brant, DO

Diagnosis: Abrasion, right knee; Abrasion of unspecified front wall of thorax

DISCHARGE INSTRUCTIONS	FORMS
VIS, Tetanus, Diphtheria (Td) - CDC Abrasion, Easy-to-Read Knee Pain, Easy-to-Read	Medication Reconciliation
FOLLOW UP INSTRUCTIONS	PRESCRIPTIONS
Private Physician When: Tomorrow; Reason: Further diagnostic work-up, Recheck today's complaints, Continuance of care Emergency Department When: As needed; Reason: Fever > 102 F, Trouble breathing, Worsening of condition	None
SPECIAL NOTES	
None	

National Hopeline Network: 1-800-784-2433

If you received a narcotic or sedative medication during your Emergency Department stay you should not drive, drink alcohol or operate heavy machinery for the next 8 hours as this medication can cause drowsiness, dizziness, and decrease your response time to events.

I hereby acknowledge that I have received a copy of my transition care record and understand the above instructions and prescriptions.

X-RAYS and LAB TESTS:

If you had x-rays today they were read by the emergency physician. Your x-rays will also be read by a radiologist within 24 hours. If you had a culture done it will take 24 to 72 hours to get the results. If there is a change in the x-ray diagnosis or a positive culture, we will contact you. Please verify your current phone number prior to discharge at the check out desk.

MEDICATIONS:

If you received a prescription for medication(s) today, it is important that when you fill this you let the pharmacist know all the other medications that you are on and any allergies you might have. It is also important that you notify your follow-up physician of all your medications including the prescriptions you may receive today.

BRIAN DAVID HILL - Just found out more about Brian to share with you. This has to do with carbon monoxide poisoning

From: Ken & Stella (kenstella2007@yahoo.com)

To: jason_mcmurray@vawp.uscourts.gov

Cc: rbhill67@yahoo.com

Date: Sunday, March 10, 2019, 04:44 PM EDT

EXHIBIT 8

Hi Jason,

We (Brian's mom & grandparents) have been wanting to thank you for all of your support for Brian since 2015. He is blessed to have you in his life, knows all you have done to help him all of these years and appreciates it and you. He was impressed that you stood up for him in court and has told us all about it more than once. Right now he seems to be getting along well in Butner, meeting new friends and is impressed with all of the prison guards and employees there and was in the Roanoke and Martinsville jails as well. We think for the first time, Dr. Grainey also knows that he is innocent of the initial charge of knowingly downloading child porn. When one knows all the facts, he is innocent. The facts are in the court, all of the proof of his innocence. It will be interesting to see her report. I am sending this email to Brian's mom, Roberta. We saw Brian yesterday, and he is well looking forward to being released.

We have new information to share with you and will take a copy of this new information to his attorney in Martinsville, VA tomorrow and might need to send a copy to his federal attorney in Roanoke as well. Jason, we know that you are very busy but would appreciate a reply that you did get this email. We are enclosing a

copy of the letter Brian's mom, Roberta wrote to Brian that we will send to him in the mail tomorrow to show to Dr. Grainy. We're also sending a copy of a 6 page document we wrote to Brian in the mail to show Dr. Grainy and 2 receipts of proof.

I think you might know a little if you remember the leak in Brian's fireplace in his apartment as well as the damage along the wall and ceiling near his fireplace. It was all a mystery because his mom's fireplace, wall and ceiling above his did not have any damage. Anyway, we discovered what the problem was on January 30th this year and are now aware that this all can explain why Brian left the house the night of Sept. 21st and was walking all around Martinsville miles from home confused. We were in shock when we found out, and I'm sure that you and Preston were too. This was not anything Brian had ever done before, but the 9 pages attachment helps us understand what was going on with him. After we all 4 (Brian, his mom, and we, (grandparents) talked about this at Butner yesterday, Brian asked us to write him about it and to send the proof. He wanted to know if that could have caused his confusion and memory loss so his mom told him we would check into it when we get home and let him know.

We have also sent the proof to his attorney (Martinsville & Roanoke) about the threats he had received (as well as the emails where this person sending these threats to Brian, Sue Basko (attorney) and others admitted to setting Brian up with CP (child porn) and admitted putting it on his computer. When Brian was trying to

appeal his case in January, 2015 they were sending more emails to Sue Basko who had informed the court in Sept 2014 that Brian was innocent threatening Brian's life if he didn't stop the appeals, threatening him, his family, his attorneys, Sue and his friends. We still have copies of these in our emails and sent copies. Someone has been sending hate greeting cards to his mom from Dec. 2017 to May 2018 postmarked from Nashville, TN with no return address. It looks like they are criticizing her YouTube videos and the books she writes, but then they are also criticizing her family from WV when they told her to leave out the walnuts from WV. We all wrote affidavits in Brian's 2255 in the federal courts in Nov, 2017, so if they look up our names on google, they would find her address from the affidavits we sent to the court, her Amazon author page and her YouTube page, and would find out if they look up Brian's grandparents' names from the affidavits that we are both from WV and have written books about the roots of a hillbilly family from WV. After Roberta put the following video on YouTube in May, 2018, they didn't send anymore cards, but other things have happened since May, 2018 that could explain that all Brian went through could have been real threats that night. We sent all of this to both of his attorneys and to Dr. Grainey and others. This is Roberta's video about the greeting cards and hate mail (Brian wanted us to show you). Roberta still has the cards if anyone wants to see them.

[The RH Negative Blood Type: Hate](#)

The RH Negative Blood Type: Hate

Jason, again thank you for all of the help and understanding you have given to Brian. Here is the 2 page letter from Roberta to Brian, the 6 page history with proof from Brian's grandparents called "Carbon monoxide poisoning", and 2 other pages: work proposal Jan 30, 2019 and Receipt from February 4, 2019. If you need copies, Roberta can also take photos of the fireplace, damaged walls around it and the hole in the ceiling where that part of the ceiling fell to send to you.

Sincerely,
Brian David Hill's grandparents, Stella & Ken Forinash

Hey Brian,

I hope you are doing well.

Brian, here is an excerpt from a *USA Today* article about Hayley Moss. She is the lawyer I told you about on Saturday.

“Zumpano Patricios now calls Moss "one of the first documented autistic attorneys to join the Florida Bar and a major law firm," though firm co-founder Joe Zumpano believes "she may be one of the first nationally."”

I know you have an interest in law, too, so she reminds me of you. She also is an author, just like you.

Remember when I told you that the fireplace man found out that our chimney had been completely sealed and that would have exposed our apartments to carbon monoxide?

Brian I looked up the effects of carbon monoxide poisoning and copy and pasted them on here. Both of us were complaining that we were tired a lot. The fireplace man told us that carbon monoxide would settle down to the lowest part of our home, which would be the basement; however your apartment is just above the basement and lower than my apartment.

Because the symptoms of carbon monoxide poisoning can be vague and nonspecific, the diagnosis may be missed or not suspected, particularly when vague, flu-like symptoms develop.

- *Headache,*
- *dizziness, and*
- *nausea are the most common symptoms.*

Other possible symptoms and signs include

- *malaise,*
- *fatigue,*

- chest pain,
- shortness of breath,
- vomiting,
- diarrhea,
- weakness,
- abdominal pain, or
- fecal and urinary incontinence.

A number of different psychological and neurologic symptoms can also be present. These can include agitation, confusion, depression, lethargy, impulsiveness, hallucinations, confabulation, distractibility, and memory problems. Visual disturbances and seizure, as well as fainting (syncope), can also be related to carbon monoxide toxicity. Severe cases of carbon monoxide poisoning can lead to coma and death.

https://www.medicinenet.com/carbon_monoxide_poisoning_symptoms_and_signs/symptoms.htm

I think you need to discuss this in your next meeting with Dr. Grainy and show her this list. This also needs to be brought up at your hearing in Martinsville. You told me that you don't remember everything that happened that night.

I enjoyed our visit on Saturday! I miss you!

Love,

Mom

Carbon monoxide poisoning

By Brian David Hill's Grandparents, Stella & Ken Forinash on March 10, 2019

Roberta & Brian bought their home in January, 2016; moved in their new home in May, 2016. During the summer of 2017, we noticed many birds flying high above their house and one by one moving into the chimney each evening. <https://www.owenschimneysystems.com/its-chimney-swift-season/>. There are 3 chimney openings (one for the fireplace in Roberta's apartment, one for the fireplace in Brian's apartment and one for the gas furnace and gas hot water heater in the basement). These birds are called "Chimney Swifts". After Roberta was sure the birds were no longer here (in October or November, 2017), she called a chimney sweep company in Rocky Mount, VA to clean the chimney and put a screen over the chimney holes to keep the birds away. We noticed in 2018, there were no birds: however, a couple of months after the chimney people did their work during a snow storm in Dec. 2017, we noticed some ceiling damage in Brian's living room and what we thought was water damage in his fireplace, ceiling and walls all around his fireplace. No problems with Roberta's fireplace, so Roberta thought it was a foundation problem and cocked all around the house above Brian's fireplace. Roberta's apartment is on the top floor, Brian's apartment is below hers and the gas furnace & gas hot water heater is in the basement below Brian's apartment. She noticed more damage each month in the ceiling and around the fireplace in Brian's apartment, thought the problem was a foundation problem since her fireplace above Brian's was not getting any water damage. She noticed after she cocked the house, the leak was getting worse, She called a foundation company and waited for months for them to check the foundation of the house. They came after Brian was already in jail and told her it was not a foundation problem but a roofing problem.

We called a roofing company who said that the roof was in good shape but she needed to put some type of flashing and other things around the chimney to bring the roof up costing \$2,600. After they left, she noticed that her fireplace was now leaking and a few weeks before they came the ceiling all around Brian's fireplace had fallen down due to all of the moisture. We called a carpenter, and he noticed that the ceiling that had fallen and needed to be replaced was right below the bricks from Roberta's fireplace platform. She called the roofing people back, and they told her that she needs to have a cap put over her fireplace. They were supposed to talk to their boss and call back, but after waiting a week, we decided to call a chimney company from Bassett, VA who had an A+ rating on the Better Business web site. He came to check to see what she needed and to give a price. We showed him her fireplace, Brian's fireplace with all the damage and the gas furnace and gas hot water heater in the basement. When he climbed his ladder to look at the fireplace, he discovered that all 3 openings were blocked and instead of the screen that she thought was over the holes, there was tin covering all 3 holes. He immediately took the tin off of the hole where the gas furnace and gas hot water heater was.

Roberta's note to us on 3/10/2009

Thanks! I am reading it now. We first noticed the chimney swifts going into our chimney in October of 2016.

I couldn't find the receipt from the chimney company, but I did find my notes. The company's name is "The Chimney Sweep" from Rocky Mount and they came on Oct. 5, 2017.

They have an A plus rating. I'm shocked!

Chimney Cleaning near Rocky Mount, VA | Better Business Bureau. Start with Trust®

BBB Directory of Chimney Cleaning near Rocky Mount, VA. BBB Start with Trust®. Your guide to...

He then showed us what had happened and said that he could not leave there knowing that the tin was keeping the fumes from coming out of the chimney and couldn't believe a chimney company would cover it up. He said that was dangerous. He then came back in the house and showed us the damage in Brian's fireplace was not water damage but had come from the furnace and hot water heater because there was nowhere else for the fumes to go. He showed us all of the white residue in Brian's fireplace from the fumes & moisture escaping in his apartment. He told us the same as the carpenter to wait a few months to let everything dry before replacing the ceiling and the walls around the fireplace and he said that the white residue inside of the fireplace can be cleaned. There was now some white residue inside of Roberta's fireplace too, but the ceiling and the walls around her fireplace was still in good shape in her apartment. This is the name of the guy who took away the tin from the fireplace thus letting the gas furnace & gas water heater vent and prevent any more carbon monoxide poisoning in their basement and apartments. He can be called to confirm what we have written about this situation, and we need to have him to sign a statement about his findings on the outside chimney. This is his business card, and we are enclosing his work proposal (We also had him to do some work inside our fireplaces and replace the chimney cap on our fireplace) from 1/30/2019 when he removed the tin. He wrote that he was putting the chimney cap on Roberta's fireplace for the fireplace and boiler (furnace) & fixing something else. We are sending a copy of the receipt after he put the new chimney cap and did repairs on 2/4/2019. Here is a copy of his business card with his name, address and phone:

Brian David Hill was living in a home with carbon monoxide poisoning from Oct. 5, 2017 till September 21, 2018 (almost one year). He was home most of the time, using the natural gas hot water heater for hours each day doing his OCD washing routines. His apartment fireplace had the most damage including the walls all around the fireplace and losing some of the ceiling above his fireplace due to excessive moisture that we thought was from snow and rain. We learned on 1/30/2019 that it was residue from the boiler furnace and gas hot water heater having nowhere else for the fumes and moisture to escape. Roberta was living in this house with the carbon monoxide from Oct 5, 2017 till Jan. 30, 2019, but her apartment was not infected as badly as Brian's was.

Roberta and Brian Hill had complained for months about being real tired and weak, and we noticed that Roberta's head was shaking. Brian was complaining that he couldn't think straight and was having some memory problems. We all talked about this during our visit with him today (3/9/2019 and wondered if that had anything to do with why Brian left his home the night of Sept. 21, 2018 and was walking around confused miles from his home that night. Brian also had a bad fall in his apartment a few months after the chimney people were there during the winter of 2018 (The hospital at Martinsville, VA should have this record and date: Call [276-666-7200](tel:276-666-7200)). (Brian was a patient in this hospital in the mental department in December, 2013. The hospital should have on record that Brian is a brittle diabetic using insulin and has autism, yet when the police brought him to the hospital on Sept 21, 2018, the hospital let him be arrested instead of keeping him in the hospital doing test to see why he was acting so strangely). When his mom checked on him that winter night in 2018, he was asleep in his bed with blood all over. She called 9-1-1, but he refused to go to the hospital without doing his OCD routine. During his hand washing routine and washing the blood on his forehead, he vomited and was having bad leg cramps. We finally got him to the Martinsville, VA hospital hours later, and they put staples in his forehead. We found out later that he had fallen in his office and broke his desk. There was a lot of blood on the floor and some way he got into his bed in his bedroom and was apparently asleep when his mom, Roberta went to his room to check his blood glucose, and there was blood all over his pillows, his bed and his face. We told Brian we would check to see if the carbon monoxide from his fireplace can cause confusion, and this is what we found: **These can include agitation, confusion, depression, lethargy, impulsiveness, hallucinations, confabulation, distractibility, and memory problems.**

[Carbon monoxide poisoning](#)

Mayo Clinic

Overview

Carbon monoxide poisoning occurs when carbon monoxide builds up in your bloodstream. When too much carbon monoxide is in the air, your body replaces the oxygen in your red blood cells with carbon monoxide. This can lead to serious tissue damage, or even death.

Carbon monoxide is a colorless, odorless, tasteless gas produced by burning gasoline, wood, propane, charcoal or other fuel. Improperly ventilated appliances and engines, particularly in a tightly sealed or enclosed space, may allow carbon monoxide to accumulate to dangerous levels.

If you think you or someone you're with may have carbon monoxide poisoning, get into fresh air and seek emergency medical care.

Signs and symptoms of carbon monoxide poisoning may include:

- Dull headache; Weakness; Dizziness; Nausea or vomiting; Shortness of breath; Confusion; Blurred vision; Loss of consciousness

Carbon monoxide poisoning can be particularly dangerous for people who are sleeping or intoxicated. People may have irreversible brain damage or even die before anyone realizes there's a problem. If you or someone you're with develops signs or symptoms of carbon monoxide poisoning — headache, dizziness, nausea, shortness of breath, weakness, confusion — get into fresh air immediately and call 911 or emergency medical help.

Hospital staff will need critical information as soon as you arrive. On the way to the hospital, try to prepare to answer questions about:

- Possible sources of carbon monoxide exposure; Signs or symptoms, and when they started
- Any mental impairment, including confusion and memory problems
- When you see the doctor, note that history is more important than symptoms. The most important way to recognize carbon monoxide poisoning is by recognizing the danger signs of behaviors leading up to the moment that symptoms started appearing.
- Faulty stoves, fireplaces, or wood-burning appliances are usually to blame for carbon monoxide poisoning in the home.

Progressed Symptoms: As carbon monoxide poisoning progresses, symptoms get more serious, but are still extremely vague and difficult to identify as specific to carbon monoxide exposure:

- Confusion
- Shortness of breath
- Chest pain
- Vomiting
- Blurry or double vision
- Loss of consciousness

Self Checks/At-Home Testing

There isn't a self-diagnosis option for carbon monoxide poisoning, but anyone with confusion or a loss of consciousness should have 911 called for them.

Long-Term Complications: **As common as carbon monoxide poisoning is, there is a lot we still do not understand about this condition. [Long-term exposure](#) to elevated levels of carbon monoxide—even when the levels aren't that high, but the exposure continues for many days or weeks—can lead to [peripheral artery disease](#), [cardiomyopathy](#), and long-term, poorly understood neurological problems.**

Damage to the brain is a significant injury incurred by many patients with carbon monoxide poisoning. Patients can develop neurological complications (difficulty concentrating, memory loss, tremors, trouble speaking, etc.) at the same time as the carbon monoxide poisoning or at a later time. When the neurological signs and symptoms show up later, it's known as delayed neurologic sequelae (DNS).

- Make sure your gas appliances are vented properly. Horizontal vent pipes for appliances, such as a water heater, should go up slightly as they go toward outdoors, as shown below. This prevents CO from leaking if the joints or pipes aren't fitted tightly.
- Have your chimney checked or cleaned every year. Chimneys can be blocked by debris. This can cause CO to build up inside your home or cabin.

Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Dear Sir or Madam:

Enclosed is a copy of a complaint filed with the Virginia Attorney General's Office regarding your company. This matter was referred to our Dispute Resolution Unit. Our unit utilizes neutral dispute resolution services such as facilitation, conciliation, and mediation at no cost to the participants. Through our services, consumer disputes can be resolved quickly and amicably without the time and expense of litigation.

Please review the enclosed complaint carefully. Although participation in our dispute resolution process is voluntary, we do request an acknowledgement of this letter. If you decide to participate and respond to the complaint, please do so *in writing* within ten (10) business days from the date of this letter. All responses are shared with the consumer. I am available to answer any questions you may have about the process.

This Office will retain the enclosed complaint and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

I may be contacted at (804) 786-1244 or (800) 552-9963, extension 61244 within Virginia. My email address is AZiglar@oag.state.va.us. The fax number is (804) 225-4378.

Sincerely,

A handwritten signature in black ink that reads "Aaron Ziglar".

Aaron M. Ziglar
Dispute Resolution Specialist

Aaron M. Ziglar,
Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

I have the evidence of the check receipt of money paid to The Chimney Sweep in 2017 for the services mentioned in my son's complaint. That is Brian David Hill.

check # 168 Oct. 5, 2017 \$300.00. The Attorney General's Office and their investigators can even subpoena the bank for verification as it was SunTrust bank. We were forced into a new bank such as First Horizon Bank, so we no longer have access to older check records of my bank account.

You can let The Chimney Sweep know that we have the proof of payment for service. Service was rendered and proof of payment shall show this.

My son had also filed a complaint against the Hospital for refusing to complete the ordered laboratory tests. They would have found evidence of carbon monoxide at the time of his arrest for indecent exposure which would explain my son's indecent exposure behavior at nighttime on September 21, 2018. The Chimney Sweep and Sovah Health Martinsville memorial hospital are both at the heart of my son's wrongful criminal charge on September 21, 2018. Time for The Chimney Sweep to admit to the "metal tin" and time for them to make amends for my son's years of misery, imprisonment in both federal and state, and criminal case litigation nightmare and appeals nightmare. Clerks harassing him and being mean to him, judging him over his charge. **Somebody needs to pay for my son's wrongful conviction of indecent exposure in 2019. The jury needs to be convened and hear about the metal tin causing carbon monoxide. A new trial must be ordered in my son's criminal case.**

Thanks,
Roberta Hill

Roberta,

I also found some more things about the carbon monoxide that I will send for Brian. Just save all of these in one folder called "Carbon monoxide". Let me know if you got this. This was from check # 168 Oct. 5, 2017 \$300.00

Roberta Ruth Hill

We had a weird experience this morning. A police car stopped in front of our house and I watched the police officer come towards our house. As I walked to the door, I was afraid. He said that there had been two 911 calls from this address. I told him I didn't call 911, and he asked if anyone else lived here. I told him my son lives in the apartment below, and he wanted me to check with him. I asked if the police officer wanted to come in while I checked with Brian. He did come inside and I went down to check with Brian. I woke Brian up and he said he didn't call 911 either. I came back up and the police officer was at the top of the stairs. I told him that neither one of us called 911. Do you think someone spoofed our phone number and called 911? He said it sounded like a group of people in the background. This makes me feel paranoid with the card stuff that is going on and the hate messages I am getting on my videos.

This makes me feel paranoid with the card stuff that is going on and the hate messages I am getting on my videos.

That is a weird experience!!! It could be that because now you get calls, and if you try to call them back, it says this phone is not in use.

Roberta Ruth Hill

I've got two comments on my latest video by that Jose guy again. Here is what he wrote and what I wrote.

Ace chimney repair.JPG

66767585_1153455538198610_5796375162739752960_n.jpg

WARNING SIGNS

Because carbon monoxide results from improper burning or venting, be alert to signs indicating a problem.

SYMPTOMS MAY INCLUDE:

- Decreasing hot water supply.
- The pilot light of a furnace or other gas-fired equipment keeps going out.
- The pilot light and burner flames of a gas furnace or other gas-fired equipment are mostly yellow, rather than clear blue. (Please note that some natural gas fireplaces are designed to have yellow flames).
- A furnace unable to heat the house or one that runs constantly.
- Soot buildup around appliance vents.
- Black streaks on walls or around baseboard radiators.
- Stale or stuffy air.
- Unfamiliar or burning odor.
- You notice a sharp, penetrating odor or the smell of natural gas when your furnace or other natural gas equipment turns on.
- High humidity.
- Increased condensation inside windows.
- Rusting or water streaking on vents and chimneys.
- Chaiky white powder residue on vents and chimneys.
- Visible rust or stains on vents and chimneys.
- Loose masonry on chimney.
- Loose or missing furnace panel.
- An appliance that makes unusual sounds or emits an unusual smell.
- An appliance that keeps shutting off. Many appliances have safety devices installed that prevent dangerous operation of the unit. An appliance which constantly shuts off may be an indication that the appliance is not safe. Call a service repairman to test the appliance before you try to operate the unit again.

If you suspect that you are experiencing poisoning, get fresh air immediately. Open windows and doors for more ventilation, turn off combustion appliances and leave the house.

CALL 9-1-1 IMMEDIATELY.

TIPS ON PREVENTING CO POISONING

- Be alert to symptoms of CO poisoning.

Mean platelet volume in patients with carbon monoxide poisoning.

Karabacak M, Turkdogan KA, Coskun A, Akpinar O, Karabacak P.

Abstract
 Carbon monoxide (CO) poisoning is frequent and can lead to high morbidity and mortality. Some studies have indicated increased platelet activation and aggregation in CO poisoning. Thus, we investigated mean platelet volume (MPV), an indicator of platelet activation, in patients with CO poisoning. We included 150 (117 women) patients who presented with a diagnosis of CO poisoning between June 2011 and March 2014. Control group was consisted of 50 (16 women) patients. Troponin and creatine kinase MB levels were significantly higher in the CO poisoning group. Platelet counts were significantly higher in patients with CO poisoning (261 ± 76 vs 248 ± 68 × 10³, respectively; *P* = .01). Similar to MPV was significantly higher in the CO poisoning group (8.6 ± 0.8 vs 7.9 ± 0.9 fL, respectively; *P* = .001). Elevated MPV values may indicate that patients with CO poisoning have a higher risk of thrombotic and cardiovascular complications due to platelet activation.

Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Aaron M. Ziglar will not be in his office until June 9. The Chimney Sweep has already been asked to respond. The complaint was missing evidence of proof of money paid to that service because it was in October, 2017. The proof has been located. The check receipt picture was found proving that \$300 was paid to The Chimney Sweep.

Please make sure that is in the evidence and that The Chimney Sweep also receives a copy of this additional evidence. Thanks.

Aaron M. Ziglar,
Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

I have the evidence of the check receipt of money paid to The Chimney Sweep in 2017 for the services mentioned in my son's complaint. That is Brian David Hill.

check # 168 Oct. 5, 2017 \$300.00. The Attorney General's Office and their investigators can even subpoena the bank for verification as it was SunTrust bank. We were forced into a new bank such as First Horizon Bank, so we no longer have access to older check records of my bank account.

You can let The Chimney Sweep know that we have the proof of payment for service. Service was rendered and proof of payment shall show this.

My son had also filed a complaint against the Hospital for refusing to complete the ordered laboratory tests. They would have found evidence of carbon monoxide at the time of his arrest for indecent exposure which would explain my son's indecent exposure behavior at nighttime on September 21, 2018. The Chimney Sweep and Sovah Health Martinsville memorial hospital are both at the heart of my son's wrongful criminal charge on September 21, 2018. Time for The Chimney Sweep to admit to the "metal tin" and time for them to make amends for my son's years of misery, imprisonment in both

federal and state, and criminal case litigation nightmare and appeals nightmare. Clerks harassing him and being mean to him, judging him over his charge. **Somebody needs to pay for my son's wrongful conviction of indecent exposure in 2019. The jury needs to be convened and hear about the metal tin causing carbon monoxide. A new trial must be ordered in my son's criminal case.**

Thanks,
Roberta Hill

Roberta,

I also found some more things about the carbon monoxide that I will send for Brian. Just save all of these in one folder called "Carbon monoxide". Let me know if you got this. This was from check # 168 Oct. 5, 2017 \$300.00

We had a weird experience this morning. A police car stopped in front of our house and I watched the police officer come towards our house. As I walked to the door, I was afraid. He said that there had been two 911 calls from this address. I told him I didn't call 911, and he asked if anyone else lived here. I told him my son lives in the apartment below, and he wanted me to check with him. I asked if the police officer wanted to come in while I checked with Brian. He did come inside and I went down to check with Brian. I woke Brian up and he said he didn't call 911 either. I came back up and the police officer was at the top of the stairs. I told him that neither one of us called 911. Do you think someone spoofed our phone number and called 911? He said it sounded like a group of people in the background. This makes me feel paranoid with the card stuff that is going on and the hate messages I am getting on my videos.

WARNING SIGNS

Because carbon monoxide results from improper burning or venting, be alert to signs indicating a problem.

SYMPTOMS MAY INCLUDE:

- Decreasing hot water supply.
- The pilot light of a furnace or other gas-fired equipment keeps going out.
- The pilot light and burner flames of a gas furnace or other gas-fired equipment are mostly yellow, rather than clear blue. (Please note that some natural gas fireplaces are designed to have yellow flames).
- A furnace unable to heat the house or one that runs constantly.
- Soot buildup around appliance vents.
- Black streaks on walls or around baseboard radiators.
- Stale or stuffy air.
- Unfamiliar or burning odor.
- You notice a sharp, penetrating odor or the smell of natural gas when your furnace or other natural gas equipment turns on.
- High humidity.
- Increased condensation inside windows.
- Rusting or water streaking on vents and chimneys.
- Chaiky white powder residue on vents and chimneys.
- Visible rust or stains on vents and chimneys.
- Loose masonry on chimney.
- Loose or missing furnace panel.
- An appliance that makes unusual sounds or emits an unusual smell.
- An appliance that keeps shutting off. Many appliances have safety devices installed that prevent dangerous operation of the unit. An appliance which constantly shuts off may be an indication that the appliance is not safe. Call a service repairman to test the appliance before you try to operate the unit again.

If you suspect that you are experiencing poisoning, get fresh air immediately. Open windows and doors for more ventilation, turn off combustion appliances and leave the house.

CALL 9-1-1 IMMEDIATELY.

TIPS ON PREVENTING CO POISONING

- Be alert to symptoms of CO poisoning.

An article has come out on the justice blog about this.

It is time for light to be shown on The Chimney Sweeps, their carbon monoxide poisoning gives me the creeps.

<https://justiceforuswgo.wordpress.com/2022/05/24/brian-d-hill-v-the-chimney-sweep-complaint-against-dr-brant-hinchman-of-sovah-health-martinsville-hospital-learn-about-the-carbon-monoxide-poisoning-which-led-to-brians-state-charge-he-is-in/>

Aaron M. Ziglar, it is clear that this whole thing has turned into a damn circus. Brian is convicted because of the carbon monoxide poisoning. The FBI needs to question The Chimney Sweeps. The code enforcers need to investigate The Chimney Sweeps. The Fire Marshals need to be asking The chimney Sweeps about their operation of business of placing metal tin on top of chimneys. Was this done to only Brian Hill and Roberta Hill or was this done to other customers??? You know this may be attempted murder or clear incompetence! The State Police need to question The Chimney Sweeps. It is clear that both medical malpractice and the metal tin placed on the chimney led to Brian's indecent exposure charge. The judges knew none of this in 2018 and that was why he was convicted. Now even Chimney Sweep business is reading all about this complaint and finally seeing what their actions had caused, the ripple effect, they know and understand what they did wrong.

We all want to know why carbon monoxide started in the first place with Brian in his home??? We want answers, we've wanted answers since 2018. We want answers and we want answers NOW.

Do we need 1,000 blog articles attacking Glen Andrew Hall the corrupt Commonwealth Attorney, as well as articles on corruption of the lawyers, and calling him a liar publicly before a real investigation happens?

Do we also need 1,000 articles on The chimney Sweep placing metal tin on top of the chimney causing carbon monoxide before they admit they did wrong. If they do admit wrong, what then???? Will they make things right??? Will they turn themselves in to the State Police or the courts to admit that they caused the carbon monoxide gas???

There clearly needs to be accountability of this business. Why hasn't the Fire Marshals or code inspectors of Franklin county investigated Chimney Sweep for this yet???

If Brian wants resolution, there needs to be admission to the wrongdoing, they need to admit placing metal tin on top of the chimney and they need to testify in the circuit court in Brian's criminal case that they caused Brian's exposure to carbon monoxide prior to his indecent exposure charge. That will clear things up very quickly. They need to make amends for their wrongdoing. The Chimney Sweep should receive a copy of this email. We are all angry at the horror and torment Brian had to experience over the last three to four years by the Circuit court and the Federal Court. The Chimney Sweep needs to own up to its mistakes and apologize to Brian Hill for the damages he had experienced and his wrongful conviction. Yeah, they didn't tell Brian to go out there at night, but still they caused the CO induced paranoia, the CO induced weird abnormal behavior, the CO induced brain damage, CO induced eye vision deterioration, and almost the death of Brian David Hill. Would the police hold The Chimney Sweep accountable if Brian was found dead naked on the walking trail in 2018 and the coroner finds evidence of carbon monoxide in his blood???

It is time for there to be resolution, it is long overdue, there needs to be investigations and the Governor Youngkin needs to lay off his ass and grant Brian a full absolute pardon, otherwise this Governor is corrupt and was corrupt like his predecessor. Time to make moves, and not sit on our sorry butts while Brian Hill suffers another day of darkness of depression and hopelessness and horrors in our legal system. OUR CORRUPT LEGAL SYSTEM that is. Brian needs to be cleared. The Chimney Sweep needs to admit to their wrongdoing, even if they face technical code violations or ordinance violations over this, they need to admit to what they had done. I pray to God and Jesus Christ and our heavenly and earthly angels that The Chimney Sweep admits to their mistakes. They are only human. They can save Brian's life by admitting to what had happened. Save Brian's life Chimney Sweep????????????????? Please tell the Court that Brian was exposed to carbon monoxide. Please give Brian an affidavit on this, on the metal tin placed on top of the chimney. That will help him be cleared of his conviction. The facts need to be known and made known in the courts. Governor Youngkin needs to not be a pussy here, he needs to save Brian's life and get him off of his wrongful conviction. This needs to be done promptly before the corrupt federal judge Schroeder runs around calling Brian "obscene" and refuses to let Brian be acquitted. Many things must be done and The chimney Sweep can make things right instead of looking like the bad guys here.

Aaron M. Ziglar,
Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

I have the evidence of the check receipt of money paid to The Chimney Sweep in 2017 for the services mentioned in my son's complaint. That is Brian David Hill.

check # 168 Oct. 5, 2017 \$300.00. The Attorney General's Office and their investigators can even subpoena the bank for verification as it was SunTrust bank. We were forced into a new bank such as First Horizon Bank, so we no longer have access to older check records of my bank account.

You can let The Chimney Sweep know that we have the proof of payment for service. Service was rendered and proof of payment shall show this.

My son had also filed a complaint against the Hospital for refusing to complete the ordered laboratory tests. They would have found evidence of carbon monoxide at the time of his arrest for indecent exposure which would explain my son's indecent exposure behavior at nighttime on September 21, 2018. The Chimney Sweep and Sovah Health Martinsville memorial hospital are both at the heart of my son's wrongful criminal charge on September 21, 2018. Time for The Chimney Sweep to admit to the "metal tin" and time for them to make amends for my son's years of misery, imprisonment in both federal and state, and criminal case litigation nightmare and appeals nightmare. Clerks harassing him and being mean to him, judging him over his charge. Somebody needs to pay for my son's wrongful conviction of indecent exposure in 2019. The jury needs to be convened and hear about the metal tin causing carbon monoxide. A new trial must be ordered in my son's criminal case.

Thanks,
Roberta Hill

Good morning Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to assist in seeking a resolution to your complaint. This matter was referred to our Dispute Resolution Unit. Our unit utilizes neutral dispute resolution services such as facilitation, conciliation, and mediation at no cost to the participants. Through our services, consumer disputes can be resolved quickly and amicably without the time and expense of litigation. We have forwarded a copy of your complaint to the business but have yet to receive a response.

You should be aware that the dispute resolution process is not a legal process, we are not attorneys and cannot provide legal advice – thus, there is no final decision that our Office will make. Participation is voluntary – we cannot compel either party to respond, offer or accept the other party's offer of resolution. If a mutually agreeable resolution cannot be obtained we typically advise the complainant of other options available to pursue the complaint in court, at which point our Office is no longer involved.

Once we receive notice of agreement from the business to participate in the dispute resolution process, we ask that a written response is provided within ten (10) business days of the acknowledgment. All responses are shared with the consumer, and if there is a follow-up response from the consumer it is shared with the business as well.

This Office will retain the original complaint and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

Please let me know if you have any questions about our process or can provide any additional information.

Sincerely,

Aaron M. Ziglar
Dispute Resolution Specialist

Aaron Ziglar,

I apologize for not having the proof earlier for my son's complaint but yes \$300 was paid by check to The Chimney Sweep on October 5, 2017. My bank account was at SunTrust bank in Martinsville before it was bought by First Horizon bank, now my bank account was merged with First Horizon. The check stub is the proof I paid for such service.

This proves along with the testimony of Pete Compton of ACE Chimney service from Bassett that the carbon monoxide suffering of my son Brian David Hill and myself Roberta Hill had started since October 5, 2017. This caused prolonged exposure of carbon monoxide. The hot water heater below Apartment 2, my son's apartment, and radiator also below Apartment 2, which both used gas had nowhere to exhaust the gas had caused the carbon monoxide poisoning due to the metal tin. Improper or blocked ventilation. It may be criminal negligence. It can cause death and caused inappropriate behavior of my son. I was extremely tired during the carbon monoxide. My son has autism spectrum disorder and the carbon monoxide caused him to wander away from home (wandering) and being manipulated possibly by hallucinations to get naked on the Dick and Willie passage walking trail in Martinsville, VA on September 21st, 2018.

Prolonged exposure to the carbon monoxide gas caused my son's indecent exposure criminal charge on September 21, 2018. Case number CR1900009-00. **Please notify The Chimney Sweep by mail and email about this since I do not have their business email address. They need to agree to at least testify under affidavit and send us an affidavit about them placing the metal tin on our chimney flues connected to me and my son's apartments at 310 Forest Street which caused the carbon monoxide exposure, prolonged exposure.** They need to admit to them causing the problem and their negligence.

We have tried to file complaints with Franklin County code enforcement and Rocky Mount Code enforcement because as government they could investigate the possible code violations and verify our claims which would lead to my son's acquittal for **indecent exposure due to intoxication by carbon monoxide, caused by The Chimney Sweep.** That is a criminal defense of indecent exposure caused by intoxication due to chemical, gas, or substance. **They refused to take any action as code enforcement because of a statute of limitations. But my son was wrongfully convicted of indecent exposure because The Chimney Sweep placed metal tin on top of the chimney flues causing improper blocked ventilation.**

My son was thinking about filing an affidavit with the State Police about all this for criminal

negligence because my son is not guilty of indecent exposure and wants The Chimney Sweep to at least respond and share the criminal liability for the charged indecent exposure on September 21, 2018. My son wants them charged like he was charged. They are responsible for his indecent exposure. The Chimney Sweep is directly the cause and should be held responsible too in the criminal justice system.

If they refuse to testify and give us an affidavit about what they did on October 5, 2017 placing the metal tin on top of the chimney flues then **my son plans on going to the State Police to tell them why he was naked on September 21, 2018. The Chimney Sweep should be held culpable for what my son was charged with criminally.**

We want them to fix what they did by admitting to what they did and explain what they did to Glen Andrew Hall, Esq, the corrupt Commonwealth Attorney.

We want resolution for their carbon monoxide poisoning which had caused my son's indecent exposure charge.

Kenneth and Stella Forinash also want The Chimney Sweep to at least admit to what they did for their negligence which caused Brian David Hill to be out naked at night miles away from home on September 21st 2018. It is clear as day the carbon monoxide caused my son's criminal charge. **The Chimney Sweep needs to admit to what they had done or also be held responsible for what happened on September 21, 2018.**

Thanks,
Roberta Hill

<ccoen@oag.state.va.us>

Aaron Ziglaw, Franklin County, all of you officials,

It's good for all of you to be aware of what was really going on. The police charged a fraudulent case, a faulty case full of fraud, lies, and misconceptions.

Somebody needs to get this information directly to Robert Jones of MPD. He needs to be directly contacted, not through the corrupt police chief who protects drug dealers, somebody needs to tell Robert Jones of Martinsville PD directly and explain to him what The Chimney Sweep had done on that date of 09-05-2017 M/D/YEAR. The Chimney Sweep had caused the whole carbon monoxide poisoning. They caused the blocking of ventilation of the gas which caused Brian's criminal charge and arrest.

Not only that but Sovah Health Martinsville, according to their own medical records did not medically clear Brian Hill with a fine tooth comb. They cancelled the ordered laboratory testings. They could have easily identified the carbon monoxide poisoning levels in his blood. They refused to conduct any laboratory testing then sit there and claim under affidavit criminal complaint that Brian Hill was medically and psychologically cleared. That is a LIE, LIE, LIE, LIE, LIE. The basis for Brian's criminal charge was based on a LIE. His criminal charge was a fraud, the police report is a fraud because the police did not know he was NOT MEDICALLY CLEARED. Not cleared with any proven laboratory testing results. Brian could have sniffed glue, mind screws up, then ran out on the walking trail naked. Brian could have sniffed bath salts then went crazy out there nude. The police has no proof, no evidence of being medically cleared and yet said so in their affidavit criminal complaint. The police report I heard of and saw in the court records is a fraud because Brian was not cleared. The State Police does need to investigate all of this.

Robert Jones, Martinsville Police, needs to be directly notified about "The Chimney Sweep". He needs to interrogate The Chimney Sweep about the "metal tin" placed on the chimney top. Heck if anybody had his direct email address to that police officer, I may just email him the article after article published on my blog administration Justiceforuswgo.wordpress.com.

If anybody has his direct email, not the crappy drug dealer protecting police chief GE Cassady, NOT THE DRUG HOUSE PROTECTING CHIEF OF POLICE, NO, If anybody can give me his direct email address, I can inform investigator RD Jones about that chimney company and demand that they be investigated for the cause of Brian's indecent exposure behavior.

"CAUSE AND EFFECT". Chimney Sweep are the cause, indecent exposure WAS THE EFFECT.

The government officials need to start investigating this, contact the State Police. They aren't going to listen to Brian but they will listen to city officials or county officials. **Some people need to seriously consider making tips to State Police of VIRGINIA and tell the State Police about The Chimney Sweep and what caused the indecent exposure charge. The cause was carbon monoxide, and the evidence can better prove that than some black man wearing a hoodie they never could find anywhere, but carbon monoxide can be found, evidence of it can be found, the police can verify the carbon monoxide.** The police would have the evidence to believe Brian's claim about carbon monoxide. That claim is backed by evidence. The law clearly says anybody who compels somebody else to expose his or her genitals or naked body to commit an act of indecent exposure shall be guilty of a class 1 misdemeanor. **That means THE CHIMNEY SWEEP should be given a class one misdemeanor for being the sole cause of the carbon monoxide poisoning which led directly to hallucinations, psychosis, mental confusion, and other symptoms exhibited by Brian David Hill as evident on September 21, 2018,** according to the Federal and State court case records. I have the entire state case of Commonwealth v. Hill, I have full copies of his appeal records. I have copies thanks to Roberta Hill. I know with all the records in his criminal case that he exhibited a lot of carbon monoxide symptoms on record. CARBON MONOXIDE SYMPTOMS, prolonged exposure to gas can cause indecent exposure. Somebody with AUTISM being found NAKED, Autistic person found naked on a walking trail, not a public park, not around kids, but was found naked on a deserted walking trail because maybe one person saw him in a vehicle and called the police on him. ONE PERSON SAW HIM NAKED, AND NOBODY QUESTIONED WHY. Some police investigator didn't even know he was diabetic and never had any evidence of being medically cleared. That is called: "FRAUD", and it is "FRAUD". Brian was fraudulently charged and the police report had no evidence of carbon monoxide. That is a fraudulent police report. **All based on fraud. The Chimney Sweep must pay for what they have done to this innocent man. He has lost four years fighting this since his criminal charge in GENERAL DISTRICT COURT. The appeals will drag this case out for more years, over a damn misdemeanor.**

JUST CONVICT HIM, RUIN HIS LIFE, MAKE HIM PAY THOUSANDS OF DOLLARS TO MARTINSVILLE, DON'T INVESTIGATE ANYTHING, DON'T DO ANYTHING, DESTROY EVIDENCE, MOVE ON AND RUIN HIM FOR THE REST OF HIS LIFE. That is absolute bullshit. Brian should hold The Chimney Sweep accountable and all

of you should hold them accountable too.

Something is terribly wrong with this picture. I think his grandmother Stella may have something to say about all of this, maybe Brian's grandpa has something he wants to say here. They first thought Brian might wander away from home again and that was why he was not able to get out on bond. **Once Pete Compton came out in the court records, once his family were notified about the white residue and the carbon monoxide gas in the apartments, he was out on bond, his family trusted him to be back at his home.** Of course the corrupt Commonwealth Attorney Glen Andrew Hall made life difficult for him and tried to wreck his bond conditions by forcing him to live in his mother's apartment, but the evidence of carbon monoxide still exists and the police can still find the evidence in the chimney, the white residue, whatever is left. Somebody should be investigating this.

Start investigating THE CHIMNEY SWEEP first and see what evidence you find. Time to start arresting THE CHIMNEY SWEEP for being the cause of indecent exposure. Charge them with a CLASS 1 MISDEMEANOR. CHARGE THEM!!! I DARE YOU TO CHARGE THEM WITH CAUSE OF INDECENT EXPOSURE.

I rest my case,
Stanley Bolten
StanleyBolten@justiceforuswgo.nl

On 2022-06-10 13:21, ROBERTA HILL wrote:

Aaron Ziglar,

I apologize for not having the proof earlier for my son's complaint but yes \$300 was paid by check to The Chimney Sweep on October 5, 2017. My bank account was at SunTrust bank in Martinsville before it was bought by First Horizon bank, now my bank account was merged with First Horizon. The check stub is the proof I paid for such service.

This proves along with the testimony of Pete Compton of ACE Chimney service from Bassett that the carbon monoxide suffering of my son Brian David Hill and myself Roberta Hill had started since October 5, 2017. This caused prolonged exposure of carbon monoxide. The hot water heater below Apartment 2, my son's apartment, and radiator also below Apartment 2, which both used gas had nowhere to exhaust the gas had caused the carbon monoxide poisoning due to the metal tin. Improper or blocked ventilation. It may be criminal negligence. It can cause death and caused inappropriate behavior of my son. I was extremely tired during the carbon monoxide. My son has autism spectrum disorder and the carbon monoxide caused him to wander away from home (wandering) and being manipulated possibly by hallucinations to get naked on the Dick and Willie passage walking trail in Martinsville, VA on September 21st, 2018.

Prolonged exposure to the carbon monoxide gas caused my son's indecent exposure criminal charge on September 21, 2018. Case number CR1900009-00. Please notify The Chimney Sweep by mail and email about this since I do not have their business email address. They need to agree to at least testify under affidavit and send us an affidavit about them placing the metal tin on our chimney flues connected to me and my son's apartments at 310 Forest Street which caused the carbon monoxide exposure, prolonged exposure. They need to admit to them

causing the problem and their negligence.

We have tried to file complaints with Franklin County code enforcement and Rocky Mount Code enforcement because as government they could investigate the possible code violations and verify our claims which would lead to my son's acquittal for indecent exposure due to intoxication by carbon monoxide, caused by The Chimney Sweep. That is a criminal defense of indecent exposure caused by intoxication due to chemical, gas, or substance. They refused to take any action as code enforcement because of a statute of limitations. But my son was wrongfully convicted of indecent exposure because The Chimney Sweep placed metal tin on top of the chimney flues causing improper blocked ventilation.

My son was thinking about filing an affidavit with the State Police about all this for criminal negligence because my son is not guilty of indecent exposure and wants The Chimney Sweep to at least respond and share the criminal liability for the charged indecent exposure on September 21, 2018. My son wants them charged like he was charged. They are responsible for his indecent exposure. The Chimney Sweep is directly the cause and should be held responsible too in the criminal justice system.

If they refuse to testify and give us an affidavit about what they did on October 5, 2017 placing the metal tin on top of the chimney flues then my son plans on going to the State Police to tell them why he was naked on September 21, 2018. The Chimney Sweep should be held culpable for what my son was charged with criminally.

We want them to fix what they did by admitting to what they did and explain what they did to Glen Andrew Hall, Esq, the corrupt Commonwealth Attorney.

We want resolution for their carbon monoxide poisoning which had caused my son's indecent exposure charge.

Kenneth and Stella Forinash also want The Chimney Sweep to at least admit to what they did for their negligence which caused Brian David Hill to be out naked at night miles away from home on September 21st 2018. It is clear as day the carbon monoxide caused my son's criminal charge. The Chimney Sweep needs to admit to what they had done or also be held responsible for what happened on September 21, 2018.

Thanks,
Roberta Hill

Good morning Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to assist in seeking a resolution to your complaint. This matter was referred to our Dispute Resolution Unit. Our unit utilizes neutral dispute resolution services such as facilitation, conciliation, and mediation at no cost to the participants. Through our services, consumer disputes can be resolved quickly and amicably without the time and expense of litigation. We have forwarded a copy of your complaint to the business but have yet to receive a response.

You should be aware that the dispute resolution process is not a legal process, we are not attorneys and cannot provide legal advice – thus, there is no final decision that our Office will make. Participation is voluntary – we cannot compel either party to respond, offer or accept the other party's offer of resolution. If a mutually agreeable resolution cannot be obtained we typically advise the complainant of other options available to pursue the complaint in court, at which point our Office is no longer involved.

Once we receive notice of agreement from the business to participate in the dispute resolution process, we ask that a written response is provided within ten (10) business days of the acknowledgment. All responses are shared with the consumer, and if there is a follow-up response from the consumer it is shared with the business as well.

This Office will retain the original complaint and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

Please let me know if you have any questions about our process or can provide any additional information.

Sincerely,

Aaron M. Ziglar

Importance: High

Aaron M. Ziglar,

Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

I have the evidence of the check receipt of money paid to The Chimney Sweep in 2017 for the services mentioned in my son's complaint. That is Brian David Hill.

check # 168 Oct. 5, 2017 \$300.00. The Attorney General's Office and their investigators can even subpoena the bank for verification as it was SunTrust bank. We were forced into a new bank such as First Horizon Bank, so we no longer have access to older check records of my bank account.

You can let The Chimney Sweep know that we have the proof of payment for service. Service was rendered and proof of payment shall show this.

My son had also filed a complaint against the Hospital for refusing to complete the ordered laboratory tests. They would have found evidence of carbon monoxide at the time of his arrest for indecent exposure which would explain my son's indecent exposure behavior at nighttime on September 21, 2018. The Chimney Sweep and Sovah Health Martinsville memorial hospital are both at the heart of my son's wrongful criminal charge on September 21, 2018. Time for The Chimney Sweep to admit to the "metal tin" and time for them to make amends for my son's years of misery, imprisonment in both federal and state, and criminal case litigation nightmare and appeals nightmare. Clerks harassing him and being mean to him, judging him over his charge. **Somebody needs to pay for my son's wrongful conviction of indecent exposure in 2019. The jury needs to be convened and hear about the metal tin causing carbon monoxide. A new trial must be ordered in my son's criminal case.**

Thanks,
Roberta Hill

Roberta,

I also found some more things about the carbon monoxide that I will send for Brian. Just save all of these in one folder called "Carbon monoxide". Let me know if you got this. This was from check # 168 Oct. 5, 2017 \$300.00

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Mr. Ziglar--Thanks for speaking with me yesterday and allowing me to submit this response in email format. I really appreciate your working with me and my client on submitting this response to the complaint of Mr. Hill.

My client is Jacody Cassell and he is the owner of The Chimney Sweep in Franklin County, VA. He has been the owner since 2016. His father had owned it from 1976 until 2016. Jacody has always worked for this company. His son works for him now and intends to take over the company one day.

The Chimney Sweep is a very reputable company and has had very few complaints made against them for their work. My client claims to have no knowledge of Brian D. Hill and Roberta Hill. My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work

for the Hills at a home in Martinsville. My client has no record of ever being paid to do any work for the Hills. More importantly, until May 17, 2022, when Mr. Hill filed this complaint, my clients were never told about any of these claims.

My client has never done any work for the Hills. They have never received any complaints from the Hills. One would think that it would not take 3-5 years to make a complaint. Mr. Hill is seeking damages for payment of his legal expenses as a result of criminal charges in 2018.

Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint. Even if he did, the statute of limitations for bodily injury is two years. The appropriate statutes regarding contracts are 3 years for verbal agreements and 5 years for written agreements. Since he has no written one, one must assume that if he had an agreement, it would be verbal and therefore beyond that statute of limitation as well.

On behalf of The Chimney Sweep, I ask that this complaint be dismissed. There is no evidence to support this claim.

Please advise of any next step. Thank you for your time and consideration.

Aaron M. Ziglar,

Need an extension of time as I am requesting copies of my bank record from SunTrust/TRUIST bank as they would have the bank account record proving that a check was paid for to "The Chimney Sweep". It is having to be done by snail mail and FAX to a random TRUIST fax number hoping they will process this request quicker.

I am sending you both a copy of a request made to TRUIST bank asking for my bank account statement and records proving that \$300 was paid in October, 2017 to The Chimney Sweep for their service. Why would I pay \$300 to The Chimney Sweep on October 5, 2017 by check???

The transaction record will prove this. I ask that the Attorney General also subpoena and investigate for the financial records from my bank account at that time the check was given to The Chimney Sweep as payment, as it will prove the lawyer for The Chimney Sweep is lying. Under the Bank Secrecy Act, checks after being cleared must be retained on the record for at least five years. That was doing research on Google for how long banks have to keep financial records for things like investigations or other things.

So we have until October 5, 2022, or October 6, 2022 (whatever date that The Chimney Sweep cashed in my check) to request the record and get access to the record to prove that \$300 was paid to The Chimney Sweep by check, from my own bank account when it was SunTrust before it was bought up by another bank, First Horizon Bank.

My son wants you to know why he took so long. He actually wanted to hold The Chimney Sweep accountable in 2019, faxed the Fire Marshals in 2019 and had somebody email one of the two county (Martinsville and/or Franklin County) of Fire Marshals but the Fire Marshals did nothing about Brian's request. He didn't know about this complaint process until this year. He did try to have The Chimney Sweep contacted by his friend emailing them but it was another Chimney Sweep business. We had tried a few things to try to prove that they started the carbon monoxide gas exposure, but Brian was busy trying to fight in federal court and state court. The Circuit Court in Martinsville is CORRUPT and has dragged his misdemeanor case for years, dragged it from 2018 to 2021 through the corrupt Court of Appeals. Brian tried to demonstrate that he was innocent of indecent exposure but the judge denies every motion and every appeal fails no matter what was argued. There is judicial corruption in Martinsville, that is why it has taken so long to fight. Brian shouldn't be suffering this long for a crime

he is innocent of, and that is a misdemeanor. The judge is corrupt, the Commonwealth Attorney is corrupt, and the court appointed lawyers are corrupt as well. It has taken so long fighting them all, that was why it has taken so long to complain about The Chimney Sweep. Brian kept fighting for a few years in the corrupt Court of Appeals of Virginia, in the corrupt Circuit Court over what The Chimney Sweep has caused. Brian kept fighting and got nowhere. Now this is his only option, because Brian is innocent and he wants the witnesses to come forth and admit that why he is suffering for a crime he didn't do, a crime which wasn't a crime under the circumstances of Carbon Monoxide gas and poisoning.

This lawyer should see the suffering Brian Hill had gone through for years over a misdemeanor because of the corrupt lawyers in Virginia. Brian shouldn't be having to go after The Chimney Sweep to prove his innocence but the courts are CORRUPT. The Judges are blackmailed. The problem is the corruption in the judicial system, we aren't doing this against The Chimney Sweep out of ill will intent, but because the Court is corrupt and refuses to accept Brian David Hill was under carbon monoxide poisoning and refuses to accept his innocence. My son is INNOCENT, HE IS INNOCENT, the court is corrupt and the lawyers are corrupt.

If The Chimney Sweep had no involvement with the metal tin being placed on the chimney causing carbon monoxide gas and damage to Brian's apartment and his suffering and poisoning and his wrongful conviction of indecent exposure, then what was \$300 being paid to them for then???

Gotta ask The Chimney Sweep why they would fully deny any involvement or providing any service to the "Hills" while they were paid \$300 on October 5, 2017 by check. That money doesn't just go to a business for nothing, does it???

My son didn't want to piss off the Chimney Sweep years ago and thought he could prove his innocence in another way. He is being denied every motion he files by the Dishonorable corrupt judge Giles Carter Greer of Martinsville and it's corrupt Circuit Court of hell and torment. Brian tried to do everything he could and kept failing, wait for about a year on his appeal then his court appointed lawyer filed nothing and then delayed appeal was granted. The appeal was dragged another year. It took that long for his criminal appeals. All failed because he has a corrupt court appointed lawyer Matthew Scott Thomas Clark and another corrupt lawyer is John Ira Jones, IV who had a conflict of interest because he represented the Commonwealth of Virginia prior to being a public pretender and then he betrayed Brian and wrecked his appeal by citing Anders v. California. So we been dealing with corrupt lawyers in Virginia. Nothing but corrupt lawyers telling Brian with withdraw his appeal, to just give up, begging him over and over again to give up, to give up.

Corrupt lawyers wanting Brian to stop fighting to prove his innocence of his state charge of indecent exposure. I am not surprised.

Martinsville Police could have investigated The Chimney Sweep and had the opportunity to do so in 2019 when Brian sent a letter to Martinsville Police (also filed with the U.S. District Court, Middle District of North Carolina) about The Chimney Sweep and about the carbon monoxide. Brian mailed letters with the Circuit Court about The Chimney Sweep and/or about the carbon monoxide gas in 2019, and corrupt Commonwealth Attorney Glen Andrew Hall ignored the carbon monoxide information, and ignored it all. Another government official was emailed in 2019 which spoke of The Chimney Sweep and nothing was done about it. They refused to investigate any of it. That is why it

has taken so long. We have a corrupt local Martinsville Police Department in Martinsville who protects drug dealers and protects drug houses, it's corrupt Police Chief G. E. Cassady. They do protect certain drug houses, we are aware of this to a certain extent, a police chief afraid that Brian being intoxicated on September 21, 2018, due to the carbon monoxide (but any lab tests or drug tests would not immediately say it was carbon monoxide, but would show abnormal levels if the tests were conducted) but the police would assume my son would have been intoxicated on drugs and would want that covered up. There are investigations which the State Police need to be making into the cover up of Hospital records, medical record pages with page numbers and some of them are missing from the medical records at Martinsville City Jail. Corrupt Sheriff of Martinsville, corrupt this, corrupt that. Now you understand why Brian filed a complaint against The Chimney Sweep. Martinsville is full of corruption and thuggery in it's government, outta call it Mafiaville instead of Martinsville.

Thanks,
Roberta Hill

REQUEST FOR TRANSACTION RECORD
FROM MY BANK ACCOUNT IN OCT., 2017

TO: SunTrust Bank / TRUIST
303 Peachtree Street, Northeast
Atlanta, Georgia 30308
FAX: 1-847-676-5150

~~Attn: QWR/NOE/RFI - PO Box 26527
Richmond, VA 23261-6527~~

214 N. Tryon St., Charlotte, NC 28202-1038

June 29, 2022

To Whom it may Concern,

I am Roberta R. Hill. I had an account with SunTrust bank since 2013 until my bank in Martinsville was bought up by First Horizon Bank and account was migrated to First Horizon.

I would like to request a copy of my own bank account record of a transaction on October 5, 2017, to The Chimney Sweep and whether that money was taken out of my account. Between the dates October 4, 2017 (just to be safe) and October 10, 2017, or just the transaction records of paying \$300 to The Chimney Sweep.

My Account Number was: 1000155990541. I am Roberta Ruth Hill.

My current address is below, my address prior to my current residence was 916 Chalmers Street, APT. B, Martinsville VA 24112-4939.

I can verify that I was the account owner at that time that I paid \$300 to The Chimney Sweep. I would like to request my account transaction of when I paid by check on October 5, 2017 and when the money was transferred out of my bank account to pay the check that I signed and gave to The Chimney Sweep. I am attaching a photograph of the check stub.

Please give me a bank statement or transaction record proving that I paid \$300 by check and when my check was processed where my money left my bank account in October, 2017.

Warm regards,

Roberta Hill

Aaron Ziglar,

The address was not the correct address for inquiries made to SunTrust bank for the records. I have corrected it before mailing this out. The fax is also being sent and hopefully will hear back from them within the time period needed for their response.

The mailing will be sent out now that the address has been corrected for my request for bank account records.

SunTrust Mailing Addresses

SunTrust Bank
Mail Code RVW 3003
PO Box 26149
Richmond, VA 23260-6149

The certified mailing will be sent here to the address above to get this request started.

Lin Wood is also in the email recipients because he had been under countless deep state attacks and assaults on him, his character, and his career. It seems like my son Brian D. Hill is going under the same pattern of being lied about, attacked, lawyers lying about my son, lawyers destroying evidence to convict my son, motions always denied, appeals always fail. It is judicial corruption why my son was convicted. Convicted for running USWGO Alternative News (my son's crime was running his political website in 2012: <https://web.archive.org/web/20120815003417/http://uswgo.com/>) and he had interviewed former Congressman Virgil H. Goode of Virginia months before my son was set up for pissing off the police chief of Mayodan.

I want to make it clear to this lawyer for The Chimney Sweep that my son has been lied about for years, attacked for years, hacker attacked from 2009 to 2012 when he got set up. The indecent exposure is just another corrupt judicial decision of going after somebody who was exposed to Carbon Monoxide gas for almost a year, from October, 2017, until he left the home at around midnight on September 20, 2018, and was arrested around 3-4AM on September 21, 2018. I believe my son was intoxicated with carbon monoxide poisoning on the night he was found naked. He has not

been doing this behavior prior to that. This behavior happened because my son wasn't right in the head at that time, and Carbon Monoxide is a very good reason why this happened. Carbon Monoxide on an autistic person can cause indecent exposure. There are news stories of autistic children found naked in public places at night where others could be present. Theoretically, people who sniffed bath salts can run around naked outside. Carbon Monoxide gas can become like a drug, it can mess with the brain and can cause hallucinations, and can be fatal if the level is high enough. My son got injured in November, 2017 and went to the Emergency Room. A month after the check was paid to The Chimney Sweep.

The medical records in November, 2017, saw he hit his head, I and the first responders saw the blood on the pillow and they took a photo of my son's head wound, he assumed it was an insulin reaction but I witnessed the area of the blood drops where he somehow walked himself back to his bed while blood was dripping from his head. Part of his desk in his office fell, the smaller drawer under the desk had been broken because my son fell face forward at the desk and had that gash with blood coming out. So he fainted and then somehow while unconsciousness got back to his bed with blood coming out of the gash in his head. This was a month after the check was paid to The Chimney Sweep. They found Sinus Tachycardia, abnormal levels in his blood. All of that can come from, YOU GUESS IT, CARBON MONOXIDE POISONING. Sinus Tachycardia is a carbon monoxide symptom, abnormal blood levels. None of this happened prior to paying The Chimney Sweep the \$300 for their work.

What was the \$300 for then lawyer???

What was the \$300 for to fix the chimney swifts coming into the chimney lawyer???

Thanks,
Roberta Hill

Aaron M. Ziglar,

Need an extension of time as I am requesting copies of my bank record from SunTrust/TRUIST bank as they would have the bank account record proving that a check was paid for to "The Chimney Sweep". It is having to be done by snail mail and FAX to a random TRUIST fax number hoping they will process this request quicker.

I am sending you both a copy of a request made to TRUIST bank asking for my bank account statement and records proving that \$300 was paid in October, 2017 to The Chimney Sweep for their service. Why would I pay \$300 to The Chimney Sweep on October 5, 2017 by check???

The transaction record will prove this. I ask that the Attorney General also subpoena and investigate for the financial records from my bank account at that time the check was given to The Chimney Sweep as payment, as it will prove the lawyer for The Chimney Sweep is lying. Under the Bank Secrecy Act, checks after being cleared must be retained on the record for at least five years. That was doing research on Google for how long banks have to keep financial records for things like investigations or other things.

So we have until October 5, 2022, or October 6, 2022 (whatever date that The Chimney Sweep cashed in my check) to request the record and get access to the record to prove that \$300 was paid to The Chimney Sweep by check, from my own bank account when it was SunTrust before it was bought up by another bank, First Horizon Bank.

My son wants you to know why he took so long. He actually wanted to hold The Chimney Sweep accountable in 2019, faxed the Fire Marshals in 2019 and had somebody email one of the two county (Martinsville and/or Franklin County) of Fire Marshals but the Fire Marshals did nothing about Brian's request. He didn't know about this complaint process until this year. He did try to have The Chimney Sweep contacted by his friend emailing them but it was another Chimney Sweep business. We had tried a few things to try to prove that they started the carbon monoxide gas exposure, but Brian was busy trying to fight in federal court and state court. The Circuit Court in Martinsville is CORRUPT and has dragged his misdemeanor case for years, dragged it from 2018 to 2021 through the corrupt Court of Appeals. Brian tried to demonstrate that he was innocent of indecent exposure but the judge denies every motion and every appeal fails no matter what was argued. There is judicial corruption in Martinsville, that is why it has taken so long to fight. Brian shouldn't be suffering this long for a crime he is innocent of, and that is a misdemeanor. The judge is corrupt, the Commonwealth Attorney is corrupt, and the court appointed lawyers are corrupt as well. It has taken so long fighting them all, that was why it has taken so long to complain about The Chimney Sweep. Brian kept fighting for a few years in the corrupt Court of Appeals of Virginia, in the corrupt Circuit Court over what The Chimney Sweep has caused. Brian kept fighting and got nowhere. Now this is his only option, because Brian is innocent and he wants the witnesses to come forth and admit that why he is suffering for a crime he didn't do, a crime which wasn't a crime under the circumstances of Carbon Monoxide gas and poisoning.

This lawyer should see the suffering Brian Hill had gone through for years over a misdemeanor because of the corrupt lawyers in Virginia. Brian shouldn't be having to go after The Chimney Sweep to prove his innocence but the courts are CORRUPT. The Judges are blackmailed. The problem is the corruption in the judicial system, we aren't doing this against The Chimney Sweep out of ill will intent, but because the Court is corrupt and refuses to accept Brian David Hill was under carbon monoxide poisoning and refuses to accept his innocence. My son is INNOCENT, HE IS INNOCENT, the court is corrupt and the lawyers are corrupt.

If The Chimney Sweep had no involvement with the metal tin being placed on the chimney causing carbon monoxide gas and damage to Brian's apartment and his suffering and poisoning and his wrongful conviction of indecent exposure, then what was \$300 being paid to them for then???

Gotta ask The Chimney Sweep why they would fully deny any involvement or providing any service to the "Hills" while they were paid \$300 on October 5, 2017 by check. That money doesn't just go to a business for nothing, does it???

My son didn't want to piss off the Chimney Sweep years ago and thought he could prove his innocence in another way. He is being denied every motion he files by the Dishonorable corrupt judge Giles Carter Greer of Martinsville and it's corrupt Circuit Court of hell and torment. Brian tried to do everything he could and kept failing, wait for about a year on his appeal then his court appointed lawyer filed nothing and then delayed appeal was granted. The appeal was dragged another year. It took that long for his criminal appeals. All failed because he has a corrupt court

appointed lawyer Matthew Scott Thomas Clark and another corrupt lawyer is John Ira Jones, IV who had a conflict of interest because he represented the Commonwealth of Virginia prior to being a public pretender and then he betrayed Brian and wrecked his appeal by citing Anders v. California. So we been dealing with corrupt lawyers in Virginia. Nothing but corrupt lawyers telling Brian with withdraw his appeal, to just give up, begging him over and over again to give up, to give up.

Corrupt lawyers wanting Brian to stop fighting to prove his innocence of his state charge of indecent exposure. I am not surprised.

Martinsville Police could have investigated The Chimney Sweep and had the opportunity to do so in 2019 when Brian sent a letter to Martinsville Police (also filed with the U.S. District Court, Middle District of North Carolina) about The Chimney Sweep and about the carbon monoxide. Brian mailed letters with the Circuit Court about The Chimney Sweep and/or about the carbon monoxide gas in 2019, and corrupt Commonwealth Attorney Glen Andrew Hall ignored the carbon monoxide information, and ignored it all. Another government official was emailed in 2019 which spoke of The Chimney Sweep and nothing was done about it. They refused to investigate any of it. That is why it has taken so long. We have a corrupt local Martinsville Police Department in Martinsville who protects drug dealers and protects drug houses, it's corrupt Police Chief G. E. Cassady. They do protect certain drug houses, we are aware of this to a certain extent, a police chief afraid that Brian being intoxicated on September 21, 2018, due to the carbon monoxide (but any lab tests or drug tests would not immediately say it was carbon monoxide, but would show abnormal levels if the tests were conducted) but the police would assume my son would have been intoxicated on drugs and would want that covered up. There are investigations which the State Police need to be making into the cover up of Hospital records, medical record pages with page numbers and some of them are missing from the medical records at Martinsville City Jail. Corrupt Sheriff of Martinsville, corrupt this, corrupt that. Now you understand why Brian filed a complaint against The Chimney Sweep. Martinsville is full of corruption and thuggery in it's government, outta call it Mafiaville instead of Martinsville.

Thanks,
Roberta Hill

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Mr. Ziglar--Thanks for speaking with me yesterday and allowing me to submit this response in email format. I really appreciate your working with me and my client on submitting this response to the complaint of Mr. Hill.

My client is Jacody Cassell and he is the owner of The Chimney Sweep in Franklin County, VA. He

has been the owner since 2016. His father had owned it from 1976 until 2016. Jacody has always worked for this company. His son works for him now and intends to take over the company one day.

The Chimney Sweep is a very reputable company and has had very few complaints made against them for their work. My client claims to have no knowledge of Brian D. Hill and Roberta Hill. My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work for the Hills at a home in Martinsville. My client has no record of ever being paid to do any work for the Hills. More importantly, until May 17, 2022, when Mr. Hill filed this complaint, my clients were never told about any of these claims.

My client has never done any work for the Hills. They have never received any complaints from the Hills. One would think that it would not take 3-5 years to make a complaint. Mr. Hill is seeking damages for payment of his legal expenses as a result of criminal charges in 2018.

Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint. Even if he did, the statute of limitations for bodily injury is two years. The appropriate statutes regarding contracts are 3 years for verbal agreements and 5 years for written agreements. Since he has no written one, one must assume that if he had an agreement, it would be verbal and therefore beyond that statute of limitation as well.

On behalf of The Chimney Sweep, I ask that this complaint be dismissed. There is no evidence to support this claim.

Please advise of any next step. Thank you for your time and consideration.

Mean platelet volume in patients with carbon monoxide poisoning.

Abstract
 Carbon monoxide (CO) poisoning is frequent and can lead to high morbidity and mortality. Some studies have indicated increased platelet activation and aggregation in CO poisoning. Thus, we investigated mean platelet volume (MPV), an indicator of platelet activation, in patients with CO poisoning. We included 103 (117 women) patients who presented with a diagnosis of CO poisoning between June 2011 and March 2013. Control group was composed of 50 (14 women) patients. Troponin and creatine kinase MB levels were significantly higher in the CO poisoning group. Platelet counts were significantly higher in patients with CO poisoning (241 ± 74 vs 248 ± 68 × 10³, respectively; $P = .01$). Similarly, MPV was significantly higher in the CO poisoning group (9.4 ± 0.9 vs 7.9 ± 0.9 fL, respectively; $P = .001$). Elevated MPV values may indicate that patients with CO poisoning have a higher risk of thrombotic and atherosclerotic complications due to platelet activation.

From: Stanley Bolten <stanleybolten@justiceforuswgo.nl>
Date: 7/1/2022, 3:22 AM
To: ROBERTA HILL <rbhill67@comcast.net>
CC: "Ziglar, Aaron M." <AZiglar@oag.state.va.us>, eferguson@fergusonlaw.net, Lin Wood <lwood@linwoodlaw.com>, Lin Wood <lwood@fightback.law>, Ken & Stella Forinash <kenstella@comcast.net>, kenstella2005@comcast.net, Itgov@Itgov.virginia.gov, jacqueline.tran@Itgov.virginia.gov, julianne.condrey@Itgov.virginia.gov, katelyn.jordan@Itgov.virginia.gov

Some corrupt lawyer from Rocky Mount or god knows wherever he is, I am not surprised. I will have QAnons investigate into this. See why this is happening.

Many are watching Brian's criminal case and know that Brian is being held hostage by the system, a corrupt judicial system who needs an excuse to keep imprisoning this innocent man over and over again, giving him more criminal records to destroy his reputation so that he can never have his news organization ever come back from the dead. Being held hostage by Corrupt compromised individuals involved with SEX and DRUGS. Drug dealers in Martinsville, pedophile rings of the Globalists, Jeffrey Epstein, Bill Clinton. Brian is being held hostage by a bunch of criminals in positions of lawyers, judges, politicians.

Whoever lies about Brian will be defeated. They are liars. They will not win in the Kingdom of Christ, in the Kingdom of God, damn them all to hell as to those who want to keep hurting Brian Hill with lies and false imprisonments and false charges and destroying evidence.

The Chimney Sweep are not very Christian, they aren't Christians at all. **Real Christians would take responsibility for what they have done. Accept responsibility for what you have done to Brian Hill and his mother Roberta Hill**
This corrupt lawyer don't follow Jesus Christ either, they aren't a true follower and isn't in their hearts.

I CHALLENGE YOU IN THE NAME OF JESUS, MR. FERGUSON, I challenge you to tell the truth. I challenge The Chimney Sweep to tell the truth. Brian still has followers from the remaining alternative media allies like used to be Infowars; along with We Are Change and ActivistPost despite being framed with a crime he did not commit. Despite the corrupt judicial system, Brian still has followers. **Brian will defeat all of you who dare to ruin his life. This corrupt lawyer wants Brian ruined as well, wants Brian to just accept his guilt over a crime he has three elements of innocence and not ever investigate why he is innocent of indecent exposure.**

Brian David Hill = Innocence. STAY OUT OF OUR WAY ERIC FERGUSON, BRIAN IS INNOCENT OF INDECENT EXPOSURE AND YOU WILL NOT STAND IN THE WAY OF BRIAN BEING ACQUITTED OTHERWISE YOUR OF THE BEAST SYSTEM, THE ANTICHRIST SYSTEM. LAWYERS THESE DAYS FOLLOW

SATAN. THEY DON'T WANT BRIAN HILL ACQUITTED. Qanon was right, the judicial system is blackmailed and compromised. LIN WOOD was right, QANON followers are correct, Judges are raping children or protecting drug cartels and are being blackmailed with it. Judges are being blackmailed with whatever crime is on the books. Judges are arrested if they don't do what they are told. They are puppets, they are not true judges anymore, they are not just.

MOVE OUT OF OUR WAY ERIC FERGUSON, BRIAN HILL IS FACTUALLY INNOCENT OF INDECENT EXPOSURE. The evidence is in his court case filings. We have the case filings, it is public record, Brian Hill is innocent.

I READ BRIAN'S FEDERAL COURT CASE FILES. BRIAN CLEARLY WASN'T IN HIS RIGHT MIND ON THE DAY OF HIS ARREST. **IF HE WAS TRULY INTOXICATED THAT NIGHT, THAT MAKES SENSE WHY HE WAS FOUND NAKED. YOU CAN'T COVER UP THE TRUTH ERIC!!!!!!!!!!!!!!!**

HIS STATE CASE FILES ARE PUBLIC WITH REDACTION OF SOCIAL SECURITY NUMBERS and redaction of other personal information. BRIAN IS INNOCENT, ERIC FERGUSON.

<https://justiceforuswgo.wordpress.com/2019/07/27/breaking-more-evidence-that-uswgo-news-reporter-brian-d-hill-was-under-carbon-monoxide-poisoning/> - Read this Eric Ferguson, we suspected Carbon Monoxide right after January, 2019.

<https://justiceforuswgo.wordpress.com/2019/07/09/breaking-brian-d-hill-of-uswgo-news-was-under-carbon-monoxide-since-november-2017/> - BREAKING: Brian D. Hill of USWGO news was under carbon monoxide since November, 2017 – Justice for Brian D. Hill of USWGO Alternative News

<https://justiceforuswgo.files.wordpress.com/2019/07/hospital-records-nov.-2017.pdf> - Read these records Eric Ferguson. Does this seem normal for a man to have a diabetic fall in November 2017 but got back up with blood dripping out of the laceration of his forehead???? Is it normal Eric Ferguson for Brian to have Sinus Tachycardia a month after the money check was paid to what she written on the check as "The Chimney Sweep" on October 5, 2017??? Is it normal if Brian just had an insulin reaction to have abnormal White Blood Cell COUNT when he wasn't even sick and had no symptoms of a cold???? Brian was under Carbon Monoxide symptoms. There is enough evidence to prove that, Eric Ferguson.

I will have Qanons look and see if they can also have the White Hats in the government to investigate the \$300 paid to "THE CHIMNEY SWEEP" on October 5, 2017. We will dig up everything, we will dig up whatever we can. Once the evidence is in, it will be made available to Brian's family, we will not allow this disgrace to continue against Brian Hill and his family.

You act like there are no contracts but we can have the white hats in the Feds or any god following white hat investigators dig that up

where the paper records are somewhere, the State Police, whoever White Hats we have in offices can and will dig up these records, even if they are paper shredded. We will dig up the records then we will push for you to be arrested for obstruction of justice, Eric Ferguson. Getting in an innocent man's way trying to prove his factual innocence, standing in his way trying to stop him from proving his innocence. This is obstruction of justice when any evidence of Brian being exposed long-term to carbon monoxide was covered up, Hospital records being covered up, and then lie in federal and state court records that Brian was medically and psychologically cleared. Brian was not cleared, and Eric Ferguson wants to stand in our way from proving Brian was not medically cleared the day he was arrested for indecent exposure.

<https://justiceforuswgo.files.wordpress.com/2022/07/1.jpg> - Carbon Monoxide photo #1 given by Brian's family

<https://justiceforuswgo.files.wordpress.com/2022/07/2.jpg> - Carbon Monoxide photo #2 given by Brian's family

<https://justiceforuswgo.files.wordpress.com/2022/07/3.jpg> - Carbon Monoxide photo #3 given by Brian's family

BRIAN IS INNOCENT, ERIC FERGUSON. STAY OUT OF BRIAN'S WAY TO ACQUITTAL YOU DEMON.

BRIAN IS INNOCENT, ERIC FERGUSON. STAY OUT OF BRIAN'S WAY TO ACQUITTAL YOU DEMON.

BRIAN IS INNOCENT, ERIC FERGUSON. STAY OUT OF BRIAN'S WAY TO ACQUITTAL YOU DEMON.

Those who get in Brian's way to proving his innocence are demons. That includes GLEN ANDREW HALL, ESQ, JOHN IRA JONES IV, MATTHEW ST

CLARK, GILES CARTER GREER, ROBERT JONES, GE CASSADY, ANAND PRAKASH RAMASWAMY. All of those who oppose Brian David Hill being innocent of his crime are DEMONS. It is a true demon to make this man suffer for a crime he is innocent of yet another day.

He should have been acquitted in that damned Circuit Court years ago. It's a Circus Court for the CORRUPT COMMONWEALTH of Virginia.

Job was tortured, he lost everything, and people turned against him to get him to curse God, and Job did not. Will Brian curse God to have his suffering ending??? That's a question for Brian and Brian alone to decide.

11/19/17 12:14 Discharged to Home. Impression: Head Laceration/ Open wound of head, Hyperglycemia, unspecified.
- Condition is Stable.

They caused this, Eric Ferguson,

12:12 Differential diagnosis: abrasion, closed head injury, concussion, eeg contusion, dislocation, fracture, laceration, multiple trauma, sprain, Substance abuse. Data reviewed: vital signs, nurses notes, lab test result(s), radiologic studies. Data interpreted: Cardiac monitor: Normal rate. Counseling: I had a detailed discussion with the patient and/or guardian regarding: the historical points, exam findings, and any diagnostic results supporting the discharge/admit diagnosis, lab results, radiology results, the need for outpatient follow up, to return to the emergency department if symptoms worsen or persist or if there are any questions or concerns that arise at home. Response to treatment: the patient's symptoms have markedly improved after treatment

Improved after treatment!!!! Because Eric Ferguson, they were outside of the carbon monoxide home for hours and hours in the Emergency Room. Symptoms improved because of being away from the home.

Read the medical records. <https://justiceforuswgo.files.wordpress.com/2019/07/hospital-records-nov.-2017.pdf>

Aaron M. Ziglar,

Need an extension of time as I am requesting copies of my bank record from SunTrust/TRUIST bank as they would have the bank account record proving that a check was paid for to "The Chimney Sweep". It is having to be done by snail mail and FAX to a random TRUIST fax number hoping they will process this request quicker.

I am sending you both a copy of a request made to TRUIST bank asking for my bank account statement and records proving that \$300 was paid in October, 2017 to The Chimney Sweep for their service. Why would I pay \$300 to The Chimney Sweep on October 5, 2017 by check???

The transaction record will prove this. I ask that the Attorney General also subpoena and investigate for the financial records from my bank account at that time the check was given to The Chimney Sweep as payment, as it will prove the lawyer for The Chimney Sweep is lying. Under the Bank Secrecy Act, checks after being cleared must be retained on the record for at least five years. That was doing research on Google for how long banks have to keep financial records for things like investigations or other things.

So we have until October 5, 2022, or October 6, 2022 (whatever date that The Chimney Sweep cashed in my check) to request the record and get access to the record to prove that \$300 was paid to The Chimney Sweep by check, from my own bank account when it was SunTrust before it was bought up by another bank, First Horizon Bank.

My son wants you to know why he took so long. He actually wanted to hold The Chimney Sweep accountable in 2019, faxed the Fire Marshals in 2019 and had somebody email one of the two county (Martinsville and/or Franklin County) of Fire Marshals but the Fire Marshals did nothing about Brian's request. He didn't know about this complaint process until this year. He did try to have The Chimney Sweep contacted by his friend emailing them but it was another Chimney Sweep business. We had tried a few things to try to prove that they started the carbon monoxide gas exposure, but Brian was busy trying to fight in federal court and state court. The Circuit Court in Martinsville is CORRUPT and has dragged his misdemeanor case for years, dragged it from 2018 to 2021 through the corrupt Court of Appeals. Brian tried to demonstrate that he was innocent of indecent exposure but the judge denies every motion and every appeal fails no matter what was argued. There is judicial corruption in Martinsville, that is why it has taken so long to fight. Brian shouldn't be suffering this long for a crime he is innocent of, and that is a misdemeanor. The judge is corrupt, the Commonwealth Attorney is corrupt, and the court appointed lawyers are corrupt as well. It has taken so long fighting them all, that was why it has taken so long to complain about The Chimney Sweep. Brian kept fighting for a few years in the corrupt Court of Appeals of Virginia, in the corrupt Circuit Court over what The Chimney Sweep has caused. Brian kept fighting and got nowhere. Now this is his only option, because Brian is innocent and he wants the witnesses to come forth and admit that why he is suffering for a crime he didn't do, a crime which wasn't a crime under the circumstances of Carbon Monoxide gas and poisoning.

This lawyer should see the suffering Brian Hill had gone through for years over a misdemeanor because of the corrupt lawyers in Virginia. Brian shouldn't be having to go after The Chimney Sweep to prove his innocence but the courts are CORRUPT. The Judges are blackmailed. The problem is the corruption in the judicial system, we aren't doing this against The Chimney Sweep out of ill will intent, but because the Court is corrupt and refuses to accept Brian David Hill was under carbon monoxide poisoning and refuses to accept his innocence. My son is INNOCENT, HE IS INNOCENT, the court is corrupt and the lawyers are corrupt.

If The Chimney Sweep had no involvement with the metal tin being placed on the chimney causing carbon monoxide gas and damage to Brian's apartment and his suffering and poisoning and his wrongful conviction of indecent exposure, then what was \$300 being paid to them for then???

Gotta ask The Chimney Sweep why they would fully deny any involvement or providing any service to the "Hills" while they were paid \$300 on October 5, 2017 by check. That money doesn't just go to a business for nothing, does it???

My son didn't want to piss off the Chimney Sweep years ago and thought he could prove his innocence in another way. He is being denied every motion he files by the Dishonorable corrupt judge Giles Carter Greer of Martinsville and it's corrupt Circuit Court of hell and torment. Brian tried to do everything he could and kept failing, wait for about a year on his appeal then his court appointed lawyer filed nothing and then delayed appeal was granted. The appeal was dragged another year. It took that long for his criminal appeals. All failed because he has a corrupt court appointed lawyer Matthew Scott Thomas Clark and another corrupt lawyer is John Ira Jones, IV who had a conflict of interest because he represented the Commonwealth of Virginia prior to being a public pretender and then he betrayed Brian and wrecked his appeal by citing Anders v. California. So we been dealing with corrupt lawyers in Virginia. Nothing but corrupt lawyers telling Brian with withdraw his appeal, to just give up, begging him over and over again to give up, to give up.

Corrupt lawyers wanting Brian to stop fighting to prove his innocence of his state charge of indecent exposure. I am not surprised.

Martinsville Police could have investigated The Chimney Sweep and had the opportunity to do so in 2019 when Brian sent a letter to Martinsville Police (also filed with the U.S. District Court, Middle District of North Carolina) about The Chimney Sweep and about the carbon monoxide. Brian mailed letters with the Circuit Court about The Chimney Sweep and/or about the carbon monoxide gas in 2019, and corrupt Commonwealth Attorney Glen Andrew Hall ignored the carbon monoxide

information, and ignored it all. Another government official was emailed in 2019 which spoke of The Chimney Sweep and nothing was done about it. They refused to investigate any of it. That is why it has taken so long. We have a corrupt local Martinsville Police Department in Martinsville who protects drug dealers and protects drug houses, it's corrupt Police Chief G. E. Cassady. They do protect certain drug houses, we are aware of this to a certain extent, a police chief afraid that Brian being intoxicated on September 21, 2018, due to the carbon monoxide (but any lab tests or drug tests would not immediately say it was carbon monoxide, but would show abnormal levels if the tests were conducted) but the police would assume my son would have been intoxicated on drugs and would want that covered up. There are investigations which the State Police need to be making into the cover up of Hospital records, medical record pages with page numbers and some of them are missing from the medical records at Martinsville City Jail. Corrupt Sheriff of Martinsville, corrupt this, corrupt that. Now you understand why Brian filed a complaint against The Chimney Sweep. Martinsville is full of corruption and thuggery in it's government, outta call it Mafiaville instead of Martinsville.

Thanks,
Robert Hill

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Mr. Ziglar--Thanks for speaking with me yesterday and allowing me to submit this response in email format. I really appreciate your working with me and my client on submitting this response to the complaint of Mr. Hill.

My client is Jacody Cassell and he is the owner of The Chimney Sweep in Franklin County, VA. He has been the owner since 2016. His father had owned it from 1976 until 2016. Jacody has always worked for this company. His son works for him now and intends to take over the company one day.

The Chimney Sweep is a very reputable company and has had very few complaints made against them for their work. My client claims to have no knowledge of Brian D. Hill and Roberta Hill. My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work for the Hills at a home in Martinsville. My client has no record of ever being paid to do any work for the Hills. More importantly, until May 17, 2022, when Mr. Hill filed this complaint, my clients were never told about any of these claims.

My client has never done any work for the Hills. They have never received any complaints from the Hills. One would think that it would not take 3-5 years to make a complaint. Mr. Hill is seeking damages for payment of his legal expenses as a result of criminal charges in 2018.

Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint. Even if he did, the statute of limitations for bodily injury is two years. The appropriate statutes regarding contracts are 3 years for verbal agreements and 5 years for written agreements. Since he has no written one, one must assume that if he had an agreement, it would be verbal and therefore beyond that statute of limitation as well.

On behalf of The Chimney Sweep, I ask that this complaint be dismissed. There is no evidence to support this claim.

Please advise of any next step. Thank you for your time and consideration.

Emergency Department Instructions for:

Hill, Brian D

Arrival Date:

Sunday, November 19, 2017

Thank you for choosing **Sovah Health Martinsville** for your care today. The examination and treatment you have received in the Emergency Department today have been rendered on an emergency basis only and are not intended to be a substitute for an effort to provide complete medical care. You should contact your follow-up physician as it is important that you let him or her check you and report any new or remaining problems since it is impossible to recognize and treat all elements of an injury or illness in a single emergency care center visit.

Care provided by: Ekuban-Gordon, Edna, MD

Diagnosis: Head Laceration/ Open wound of head; Hyperglycemia, unspecified

DISCHARGE INSTRUCTIONS	FORMS
Head Injury, Adult Facial Laceration Hyperglycemia, Easy-to-Read Stitches, Staples, or Adhesive Wound Closure, Easy-to-Read	Medication Reconciliation
FOLLOW UP INSTRUCTIONS	PRESCRIPTIONS
Private Physician When: 2 - 3 days; Reason: Wound Recheck	None
SPECIAL NOTES	
None	

Suicide National Hotline: 1-800-273-8255 (800-273-TALK)

If you received a narcotic or sedative medication during your Emergency Department stay you should not drive, drink alcohol or operate heavy machinery for the next 8 hours as this medication can cause drowsiness, dizziness, and decrease your response time to events.

I hereby acknowledge that I have received a copy of my transition care record and understand the above instructions and prescriptions.

X-RAYS and LAB TESTS:

If you had x-rays today they were read by the emergency physician. Your x-rays will also be read by a radiologist within 24 hours. If you

had a culture done it will take 24 to 72 hours to get the results. If there is a change in the x-ray diagnosis or a positive culture, we will contact you. Please verify your current phone number prior to discharge at the check out desk.

MEDICATIONS:

If you received a prescription for medication(s) today, it is important that when you fill this you let the pharmacist know all the other medications that you are on and any allergies you might have. It is also important that you notify your follow-up physician of all your medications including the prescriptions you may receive today.

Private MD:

ED Physician Ekuban-Gordon, Edna

HPI:

11/19

11:49 This 27 yrs old White Male presents to ER via EMS with complaints of eeg
Fall Injury.

11/19

11:49 Onset: The symptoms/episode began/occurred today. Associated eeg
injuries: The patient sustained injury to the head. Associated signs
and symptoms: Loss of consciousness: the patient experienced no loss
of consciousness. Severity of symptoms: in the emergency department
the symptoms are unchanged. Pain Management: Patient denies pain. The
patient has experienced similar episodes in the past, a few times.
The patient has not recently seen a physician. Family report history
of low blood sugar, general low will have seizure episode when the
blood sugar is low. Blood sugar was obtained by mom at 20 repeat 40
was subsequently given some oral glucose and brought here for further
evaluation. Patient denies any headache palpitation no neck pain and
stiffness. Admits to feeling like himself..

Historical:

- Allergies: Ranitidine;

- Home Meds:

1. Unable to Obtain

- PMHx: OCD; autism; Diabetes - IDDM;

- Sepsis Screening:: Sepsis screening negative at this time.

- Social history:: Tobacco Status: The patient states he/she has
never used tobacco. The patient's primary language is English. The
patient's preferred language is English.

- Family history:: Reviewed and not pertinent.

- Exposure Risk/Travel Screening:: Patient has not been out of the
country in last 30 days. Have you been in contact with anyone who
is ill that has traveled outside of the country in the last 30
days? No.

- Suicide Screening:: Have you recently had thoughts about hurting
yourself or others? No.

- Tuberculosis screening:: No symptoms or risk factors identified.

- The history from nurses notes was reviewed: and I agree with what
is documented up to this point.

ROS:

11/19

11:52 Eyes: Negative for injury, pain, redness, and discharge, ENT: Negative for injury, pain, and discharge, Neck: Negative for injury, pain, and swelling, Cardiovascular: Negative for chest pain, palpitations, and edema, Respiratory: Negative for shortness of breath, cough, wheezing, and pleuritic chest pain, Abdomen/GI: Negative for abdominal pain, nausea, vomiting, diarrhea, and constipation, Back: Negative for injury and pain, MS/Extremity: Negative for injury and deformity. All other systems are negative, except as documented below. Skin: Positive for laceration(s), of the face. Neuro: Negative for dizziness, headache, weakness. Psych: Negative for depression, alcohol dependence, homicidal ideation, suicide gesture.

eeg

Exam:

11/19

11:53 Eyes: Pupils equal round and reactive to light, extra-ocular motions intact. Lids and lashes normal. Conjunctiva and sclera are non-icteric and not injected. Cornea within normal limits. Periorbital areas with no swelling, redness, or edema. ENT: Nares patent. No nasal discharge, no septal abnormalities noted. Tympanic membranes are normal and external auditory canals are clear. Oropharynx with no redness, swelling, or masses, exudates, or evidence of obstruction, uvula midline. Mucous membrane moist Neck: Trachea midline, no thyromegaly or masses palpated, and no cervical lymphadenopathy. Supple, full range of motion without nuchal rigidity, or vertebral point tenderness. No Meningismus. Chest/axilla: Normal chest wall appearance and motion. Nontender with no deformity. No lesions are appreciated. Cardiovascular: Regular rate and rhythm with a normal S1 and S2. ,no jvd No pulse deficits. Respiratory: Lungs have equal breath sounds bilaterally, clear to auscultation and percussion. No rales, rhonchi or wheezes noted. No increased work of breathing, no retractions or nasal flaring. Abdomen/GI: Soft, non-tender, with normal bowel sounds. No distension or tympany. No guarding or rebound. No evidence of tenderness throughout. Back: No spinal tenderness. No costovertebral tenderness. Full range of motion. MS/ Extremity: Pulses equal, no cyanosis. Neurovascular intact. Full, normal range of motion. Neuro: Awake and alert, GCS 15, oriented to person, place, time, and situation. Cranial nerves II-XII grossly intact. Motor strength 5/5 in all extremities. Sensory grossly intact. Cerebellar exam normal. Normal gait., slow, but appropriate Psych: Awake, alert, with orientation to person, place and time. Behavior, mood, and affect are within normal limits.

11:53 Constitutional: The patient appears alert, awake, non-diaphoretic.

11:53 Head/face: Noted is a laceration(s), that is linear, 3 cm(s).

11:53 Musculoskeletal/extremity: Extremities: all appear grossly normal, with no appreciated pain with palpation, ROM: intact in all extremities, Circulation is intact in all extremities. Sensation intact.

11:53 Psych: Behavior/mood is cooperative.

Vital Signs:

Emergency Department Instructions for:

Hill, Brian D

Arrival Date:

Sunday, November 19, 2017

Thank you for choosing **Sovah Health Martinsville** for your care today. The examination and treatment you have received in the Emergency Department today have been rendered on an emergency basis only and are not intended to be a substitute for an effort to provide complete medical care. You should contact your follow-up physician as it is important that you let him or her check you and report any new or remaining problems since it is impossible to recognize and treat all elements of an injury or illness in a single emergency care center visit.

Care provided by: Ekuban-Gordon, Edna, MD

Diagnosis: Head Laceration/ Open wound of head; Hyperglycemia, unspecified

DISCHARGE INSTRUCTIONS	FORMS
Head Injury, Adult Facial Laceration Hyperglycemia, Easy-to-Read Stitches, Staples, or Adhesive Wound Closure, Easy-to-Read	Medication Reconciliation
FOLLOW UP INSTRUCTIONS	PRESCRIPTIONS
Private Physician When: 2 - 3 days; Reason: Wound Recheck	None
SPECIAL NOTES	
None	

Suicide National Hotline: 1-800-273-8255 (800-273-TALK)

If you received a narcotic or sedative medication during your Emergency Department stay you should not drive, drink alcohol or operate heavy machinery for the next 8 hours as this medication can cause drowsiness, dizziness, and decrease your response time to events.

I hereby acknowledge that I have received a copy of my transition care record and understand the above instructions and prescriptions.

Brian D. Hill

Brian Hill
MRN # MM00370912

ED Physician or Nurse
11/19/2017 12:14

X-RAYS and LAB TESTS:

If you had x-rays today they were read by the emergency physician. Your x-rays will also be read by a radiologist within 24 hours. If you

had a culture done it will take 24 to 72 hours to get the results. If there is a change in the x-ray diagnosis or a positive culture, we will contact you. Please verify your current phone number prior to discharge at the check out desk.

MEDICATIONS:

If you received a prescription for medication(s) today, it is important that when you fill this you let the pharmacist know all the other medications that you are on and any allergies you might have. It is also important that you notify your follow-up physician of all your medications including the prescriptions you may receive today.

TESTS AND PROCEDURES

Bed ER 6

Private MD:

Diagnosis: Head Laceration/ Open wound of head;Hyperglycemia, unspecified

Presentation:

11/19

09:08 Presenting complaint: Patient states: had a seizure this morning due to low blood sugar, laceration to head per pt, bleeding controlled. Airway is patent with good air movement. The patient is breathing without difficulty. The patient is pink, warm and dry. Heart rate is within normal limits. Patient is alert and oriented to person, place and time, Patient is moving all extremities appropriately.

11/19

09:08 Acuity: Urgent (3)

11

Historical:

- Allergies: Ranitidine;

- Home Meds:

1. Unable to Obtain

- PMHx: OCD; autism; Diabetes - IDDM;

- Sepsis Screening:: Sepsis screening negative at this time.

- Social history:: Tobacco Status: The patient states he/she has never used tobacco. The patient's primary language is English. The patient's preferred language is English.

- Family history:: Reviewed and not pertinent.

- Exposure Risk/Travel Screening:: Patient has not been out of the country in last 30 days. Have you been in contact with anyone who is ill that has traveled outside of the country in the last 30 days? No.

- Suicide Screening:: Have you recently had thoughts about hurting yourself or others? No.

- Tuberculosis screening:: No symptoms or risk factors identified.

Screening:

11/19

09:41 Fall Risk: Total Points: Med. Risk (25-44);. Abuse Screen: Patient verbally denies physical, verbal and emotional abuse/neglect. There are no cultural/spiritual considerations for care for this patient. mkk

Assessment:

11/19

09:38 Complains of pain in face Pain does not radiate. Pain currently is 7 mkk

out of 10 on a pain scale. The level of pain that is acceptable is 0 out of 10 on a pain scale. General: Appears in no apparent distress, comfortable, well developed, well nourished, well groomed, Behavior is appropriate for age, cooperative, pleasant. Neuro: Reports headache. Neuro: Reports seizure due to low blood sugar. EENT: Denies. Cardiovascular: Denies. Respiratory: Denies. GI: Denies. GU: Denies. Derm: Denies. Musculoskeletal: Denies. Injury Description: Laceration sustained to face is clean, 0.5 to 2.5 cm long, not bleeding, was sustained 4-6 hours ago.

is ill that has traveled outside of the country in the last 30
days? No.

- Suicide Screening:: Have you recently had thoughts about hurting
yourself or others? No.

- Tuberculosis screening:: No symptoms or risk factors identified.

- The history from nurses notes was reviewed: and I agree with what
is documented up to this point.

ROS:

11/19

11:52 Eyes: Negative for injury, pain, redness, and discharge, ENT: eeg
Negative for injury, pain, and discharge, Neck: Negative for injury,
pain, and swelling, Cardiovascular: Negative for chest pain,
palpitations, and edema, Respiratory: Negative for shortness of
breath, cough, wheezing, and pleuritic chest pain, Abdomen/GI:
Negative for abdominal pain, nausea, vomiting, diarrhea, and
constipation, Back: Negative for injury and pain, MS/Extremity:
Negative for injury and deformity. All other systems are negative,
except as documented below. Skin: Positive for laceration(s), of the
face. Neuro: Negative for dizziness, headache, weakness. Psych:
Negative for depression, alcohol dependence, homicidal ideation,
suicide gesture.

Exam:

11/19

11:53 Eyes: Pupils equal round and reactive to light, extra-ocular motions eeg
intact. Lids and lashes normal. Conjunctiva and sclera are
non-icteric and not injected. Cornea within normal limits.
Periorbital areas with no swelling, redness, or edema. ENT: Nares
patent. No nasal discharge, no septal abnormalities noted. Tympanic
membranes are normal and external auditory canals are clear.
Oropharynx with no redness, swelling, or masses, exudates, or
evidence of obstruction, uvula midline. Mucous membrane moist Neck:
Trachea midline, no thyromegaly or masses palpated, and no cervical
lymphadenopathy. Supple, full range of motion without nuchal
rigidity, or vertebral point tenderness. No Meningismus.
Chest/axilla: Normal chest wall appearance and motion. Nontender
with no deformity. No lesions are appreciated. Cardiovascular:
Regular rate and rhythm with a normal S1 and S2. ,no jvd No pulse
deficits. Respiratory: Lungs have equal breath sounds bilaterally,
clear to auscultation and percussion. No rales, rhonchi or wheezes
noted. No increased work of breathing, no retractions or nasal
flaring. Abdomen/GI: Soft, non-tender, with normal bowel sounds. No
distension or tympany. No guarding or rebound. No evidence of
tenderness throughout. Back: No spinal tenderness. No
costovertebral tenderness. Full range of motion. MS/ Extremity:
Pulses equal, no cyanosis. Neurovascular intact. Full, normal range
of motion. Neuro: Awake and alert, GCS 15, oriented to person,
place, time, and situation. Cranial nerves II-XII grossly intact.
Motor strength 5/5 in all extremities. Sensory grossly intact.
Cerebellar exam normal. Normal gait., slow, but appropriate Psych:
Awake, alert, with orientation to person, place and time. Behavior,
mood, and affect are within normal limits.
11:53 Constitutional: The patient appears alert, awake, non-diaphoretic.
11:53 Head/face: Noted is a laceration(s), that is linear, 3 cm(s).
11:53 Musculoskeletal/extremity: Extremities: all appear grossly normal,
with no appreciated pain with palpation, ROM: intact in all
extremities, Circulation is intact in all extremities. Sensation
intact.
11:53 Psych: Behavior/mood is cooperative.

Aaron Ziglar,

Here is the email regarding my old bank statement. I don't know if my old SunTrust account still will work since it was migrated to First Horison Bank.

It was worth a shot. SunTrust has those bank records to prove the lying lawyer from Rocky Mount, VA lied about The Chimney Sweep never conducting any services or estimates on the Hill residence.

They were paid \$300 to do what exactly??? They do chimney work. What did they get paid \$300 for then if nothing was done???

I was so close to prove the lawyer lied, but I guess we will still have to wait on SunTrust to respond to my letter. This is frustrating. My son is frustrated.

If I am ever able to just login, which I doubt because of the bank account migration, then I could have presented the proof right away.

Thanks,
Roberta

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep - EVIDENCE OF CHIMNEY SWEEP BEING INVOLVED, EVIDENCE FOR ERIC FERGUSON (lawyer)

From: ROBERTA HILL <rbhill67@comcast.net>

Date: 7/1/2022, 7:19 AM

To: "Ziglar, Aaron M." <AZiglar@oag.state.va.us>, Attorney Eric Ferguson <eferguson@fergusonlaw.net>

CC: "stanleybolten@justiceforuswgo.nl" <StanleyBolten@justiceforuswgo.nl>, Ken & Stella Forinash <kenstella@comcast.net>, "kenstella2005@comcast.net" <kenstella2005@comcast.net>, Lin Wood <lwood@linwoodlaw.com>, Lin Wood <lwood@fightback.law>, "Coen, Chris" <ccoen@oag.state.va.us>

Aaron Ziglar,

I have additional evidence/proof that this lawyer Eric Ferguson is repeating lies from The Chimney Sweep business. They are lying, the lawyer is repeating their lies.

I have evidence, records printed from my Comcast internet and phone account for my phone number 276-790-3505 that my son had files in his legal records possession. He has proof that I called The Chimney Sweep multiple times and they called me multiple times (3 placed, 1 received). From their own business phone number. The records are there and the lawyer can verify by subpoenaing Comcast. I consent to the lawyer asking to verify these phone logs from the time periods mentioned in this email. I have provided screenshots of the phone logs with the highlights.

This lawyer is acting as though I have no proof that The Chimney Sweep was involved with my chimney. That they made no estimate. That they did no work on my chimney or at my residence. I have two sources of proof that will dispel those lies. The Comcast phone logs, and the second proofs will be the bank account check records that I am attempting to request from TRUIST/SunTrust.

We are still waiting for the records from my old SunTrust bank account and have forwarded you email proof that I had this bank account in October, 2017 but may not be able to access my online bank account statements because of the forced migration from SunTrust to First Horizon Bank in Martinsville. So attempting to receive those records will take time.

HOWEVER this evidence proved my son's complaint is with MERIT.

Maybe this lawyer needs to produce the copies of the contract for this chimney work for attempting to defraud Mediator Aaron M. Ziglar of the Attorney General Office for Virginia because I have proven with evidence of records my son had in his possession, evidence. I printed the call logs for my son as per his request in 2017. He held printouts of this call log. He went to his legal case files, found the record and has given it to me in support of my son's complaint against The Chimney Sweep.

I have proven that the lawyer Eric Ferguson has made untruthful statements and that the complaint should not be dismissed as baseless. Lawyer Eric Ferguson by and through The Chimney Sweep has defrauded Aaron M. Ziglar of this process. His office has been defrauded.

The lawyer's claims are "BASELESS".

Eric Ferguson, your client for the business "THE CHIMNEY SWEEP" has the phone number (540) 483-2468. This number is on their verified owner profile at the Chamber of Commerce.com. This is their business phone number, for your client, The Chimney Sweep.

See attachment "The Chimney Sweep in Rocky Mount, VA 24151 - (540) 483-2468.pdf"

Now let's take a look at the phone logs my son had a copy of, by the grace of Lord Jesus, and God. Thanks to Jesus Christ and the Angels who protect my son from the demons, my son has records proving that The Chimney Sweep was contacting me and I was contacting them by phone, and the amount of time period that the call had placed and when the calls had been received. They will be highlighted for the lawyer to see. Sorry, Eric Ferguson.

See attachments: "Call History October 23 2017 4_50AM (pages 1-5 excerpt records)(2).pdf" with highlights to the phone numbers belonging to The Chimney Sweep; "Call History October 23 2017 4_50AM (pages 1-5 excerpt records).pdf"; The Chimney Sweep phone logs 1.png; and The Chimney Sweep phone logs 2.png.

Isn't that interesting, the same date I paid \$300 to The Chimney Sweep, they called me one time and I received a phone call back, all on October 5, 2017. This matches the photograph of the check stub, \$300 to The Chimney Sweep. This will also match the bank account records of the check paid to The Chimney Sweep.

All glory goes to God. God is helping me prove my son's innocence.

The Chimney Sweep by and through their lawyer, their representative Eric Ferguson has lied about their client not being involved with me or my chimney, lying about not being given an estimate by Eric's client, The Chimney Sweep. The phone call lasted 3 minutes and 11 seconds on September 26, 2017 at 11:26 AM EST, Tuesday. What was I talking for 3 minutes and 11 seconds for Mr. Eric (attorney)??????????????

The Chimney Sweep needs to admit that they lied to Aaron Ziglar of The Attorney General Office on top of being involved with placing metal tin on top of the chimney. We have proof that The Chimney Sweep did work, they got paid \$300 and phone records from their phone number, and the date of two phone call records on October 5, 2017. What do you have Eric Ferguson???

Brian David Hill = Innocence - Where We Go One We Go All (WWG1WGA)

Opinion: The Deep State may have pulled some things, but Brian my son is smart as a whip despite his Autism and his vulnerabilities. He somehow knew he was going to be set up with a crime of some sort, which became indecent exposure. It's like the Angels knew this was coming down the pike and gave Brian evidence he would need right now to disprove this lawyer. We give angels credit for this evidence. What are you going to say to this proof Eric Ferguson???

Eric Ferguson, You defrauded Aaron M. Ziglar, the Dispute Resolution Specialist of the Office of the Attorney General. Explain yourself.

Eric Ferguson I have a few questions for your client.

Did your client ever get paid by anybody other than myself to do chimney work, like was your client ever paid to put metal tin on top of the chimney to put both me, Roberta Hill and my son Brian David Hill under carbon monoxide gas poisoning due to blocking exhaust from the gas hot water heater and gas radiator?

Was your client influenced in any way or did anybody ask somebody from The Chimney Sweep to put metal tin on top of the chimney to put both me, Roberta Hill and my son Brian David Hill under carbon monoxide gas poisoning due to blocking exhaust from the gas hot water heater and gas radiator?

Why did somebody working for The Chimney Sweep place metal tin on top of the chimney to put both me, Roberta Hill and my son Brian David Hill under carbon monoxide gas poisoning due to blocking exhaust from the gas hot water heater and gas radiator?

Why was The Chimney Sweep negligent in placing metal tin on top of the chimney of the Triplex me and my son both live in?

Why did The Chimney Sweep lie to they're hired attorney Eric Ferguson in order to make me, Roberta Hill and my son Brian David Hill look like liars?

Were you influenced by Commonwealth Attorney Glen Andrew Hall or Giles Carter Greer in any of this process? Did Glen Andrew Hall or Martinsville Police influence The Chimney Sweep to attempt to subvert this complaint process? Did Martinsville Police Chief Eddie Cassady influence you at all in this process?

Were you influenced by anybody working for the U.S. Attorney Office in the Middle District of North Carolina in any of this process? Did anybody at the U.S. Attorney Office influence The Chimney Sweep to attempt to subvert this complaint process?

Last question: **Did somebody from The Chimney Sweep place metal tin on top of the chimney at the Triplex located at 310 Forest Street, Martinsville, VA 24112 on October 5, 2017 and then was paid \$300 by check for the work? Who placed the metal tin on top of the chimney? Why was metal; tin placed on top of the chimney?**

Please answer these questions Eric Ferguson, under oath. That way if you lie under oath, you can go to jail for perjury.

Thanks and God bless you all,
Roberta Hill

Dear Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint. Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email.

In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken.

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Aaron M. Ziglar
Dispute Resolution Specialist

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Mr. Ziglar--Thanks for speaking with me yesterday and allowing me to submit this response in email format. I really appreciate your working with me and my client on submitting this response to the complaint of Mr. Hill.

My client is Jacody Cassell and he is the owner of The Chimney Sweep in Franklin County, VA. He has been the owner since 2016. His father had owned it from 1976 until 2016. Jacody has always worked for this company. His son works for him now and intends to take over the company one day.

The Chimney Sweep is a very reputable company and has had very few complaints made against them for their work. My client claims to have no knowledge of Brian D. Hill and Roberta Hill. My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work for the Hills at a home in Martinsville. My client has no record of ever being paid to do any work for the Hills. More importantly, until

May 17, 2022, when Mr. Hill filed this complaint, my clients were never told about any of these claims.

My client has never done any work for the Hills. They have never received any complaints from the Hills. One would think that it would not take 3-5 years to make a complaint. Mr. Hill is seeking damages for payment of his legal expenses as a result of criminal charges in 2018.

Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint. Even if he did, the statute of limitations for bodily injury is two years. The appropriate statutes regarding contracts are 3 years for verbal agreements and 5 years for written agreements. Since he has no written one, one must assume that if he had an agreement, it would be verbal and therefore beyond that statute of limitation as well.

On behalf of The Chimney Sweep, I ask that this complaint be dismissed. There is no evidence to support this claim.

Please advise of any next step. Thank you for your time and consideration.

STANLEY BOLTEN

May 24th, 2022

I am posting on behalf of Brian D. Hill, he was damaged by The Chimney Sweep. Received a copy of the complaint to Attorney General from Brian's family. Beware that if they put metal tin on top of your chimney flues, then you are BEING EXPOSED TO CARBON MONOXIDE POISONING. The Chimney Sweep may have done the same thing to you, check your chimney to see if they placed metal tin. Their mistakes like that CAN CAUSE YOU TO BE KILLED WITH CARBON MONOXIDE or face an indecent exposure charge after long term carbon monoxide exposure. Beware of The Chimney Sweep.

Complaint can be accessed by FOIA request or at the publication of complaint against The Chimney Sweep.

<http://justiceforuswgo.wordpress.com/2022/05/24/brian-d-hill-v-the-chimney-sweep-complaint-against-dr-brant-hinchman-of-sovah-health-martinsville-hospital-learn-about-the-carbon-monoxide-poisoning-which-led-to-brians-state-charge-he-is-in/>

This man wouldn't have ever been charged with indecent exposure if he had known he was being poisoned by a drug or substance known as carbon monoxide for many months no thanks to this company. They outta be ashamed of themselves. Shame on them.

Case no. 953850 Mr. Brian D. Hill VS The Chimney Sweep, case can be verified by Attorney

General. **BEN JOHNSON**

Dec 7th, 2021

“ This company is not reputable or respectful. The business must be doing really awful because of the the fact that they have the owners daughters boyfriend (Patrick Austin) posting positive reviews while he lives at his parents double wide trailer that has no chimney. I used these folks once and while I was at work, the father had the son on my roof trying to install a new liner. Needless to say, the son was scared to death. My wife called me to tell me what was going on. I immediately stopped them from working on our property after learning this business is not bonded. This so called company will try to charge you double the amount most respectful companies like Black Goose will charge. I will never use their services again. Services: Chimney inspections,      cleaning ”

**PATRICK AUSTIN**

Nov 15th, 2021

“ I couldn't be more pleased with these guys , they were very knowledgeable, friendly and great at what they do. They were very upfront with pricing and everything that needed to be done to make sure my chimney was in good shape for the winter. Highly recommend and will use again in the future      ”

**TONYA GRANTHAM**

Oct 30th, 2021

“ What a great team. Highly professional and knowledgable. I will use "The Chimney Sweep" for all my chimney cleaning and needs. ”

SANDIE ALVAREZ

Sep 29th, 2021

“ Charged a LOT of money for work not done. Was told work would be done a certain way and only a "Band aid" was placed on it to the tune of hundreds of dollars. Will NOT use his services again. ”

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep - EVIDENCE OF CHIMNEY SWEEP BEING INVOLVED, EVIDENCE FOR ERIC FERGUSON (lawyer)
From: ROBERTA HILL <rbhill67@comcast.net>
Date: 7/1/2022, 2:09 PM
To: "Ziglar, Aaron M." <AZiglar@oag.state.va.us>, Attorney Eric Ferguson <eferguson@fergusonlaw.net>
CC: "stanleybolten@justiceforuswgo.nl" <StanleyBolten@justiceforuswgo.nl>, Ken & Stella Forinash <kenstella@comcast.net>, "kenstella2005@comcast.net" <kenstella2005@comcast.net>, "Coen, Chris" <ccoen@oag.state.va.us>

Aaron Ziglar and attorney Eric Ferguson,

I have more proof for dispute specialist Aaron M. Ziglar and attorney Eric Ferguson who represents The Chimney Sweep.

The phone number (540) 483-2468 belongs to a "James Cassell". See attachments: "540-483-2468 5404832468 is a phone.pdf"; and "FireShot Capture 1600 - 540-483-2468 - 5404832468 is a phone - www.usphonebook.com.png".

Who is your client? James Cassell, Eric???

He is the designated and the reported owner of who? "The Chimney Sweep" business in Rocky Mount, VA.

See attachments: "The Chimney Sweep Better Business Bureau® Profile.pdf"; and "FireShot Capture 1601 - The Chimney Sweep - Better Business Bureau® Profile - www.bbb.org.png".

Who is the owner of that business establishment? "Mr. James Cassell, Owner", same person as US Phone Book listed for the phone number (540) 483-2468. Same number in the Comcast phone logs records for my phone number 276-790-3505. Mr. JaCody Cassell, Manager is his son, I am assuming, right? Stella Forinash said in one letter to Dr. Graney and there was also an email to Jason McMurray about the carbon monoxide gas found which in the Forinash's letter dated March 21, 2019 to Dr. Graney the Forinash letter claimed that it was the son of that chimney company. That would be "Mr. JaCody Cassell, Manager". So Mr. JaCody Cassell, Manager was the one who highly likely sealed my chimney with the metal tin causing the carbon monoxide gas. Admit or deny, Eric Ferguson???

Citation from letter: "...It was the young son of the owner of the chimney company in Rocky Mount, VA who was sent to clean the fireplace (chimney sweep) and to put screen on all 3 holes to keep birds out of the fireplace; instead he put tin over all 3 holes including the hole for the natural gas heater and the gas water heater in the basement leaving no where for the gas and water steam to escape in October,

2017. None of us were aware that there was tin there and thought it was screen. This took care of the bird problem."

So I am involved with The Chimney Sweep. The complaint by Brian D. Hill was against the correct company. They did do work on my chimney. What else were the phone calls with them about? What was the \$300 check for?

See the letters from Kenneth and Stella Forinash: Attachments: "letter-to-forensic-psychologist-March-21-2019.pdf"; and "Carbon-monoxide-poisoning-letter-March-10-2019.pdf"

Once I have the records from SunTrust bank, I am good to go. Those records will prove check was paid to The Chimney Sweep, and I bet it went to the bank account or cash out by "Mr. James Cassell, Owner", same person with the phone number (540) 483-2468.

Just wait on the bank account records for my bank account Aaron Ziglar.

Thanks,
Roberta Hill

On 7/1/2022 7:19 AM, ROBERTA HILL wrote:

Aaron Ziglar,

I have additional evidence/proof that this lawyer Eric Ferguson is repeating lies from The Chimney Sweep business. They are lying, the lawyer is repeating their lies.

I have evidence, records printed from my Comcast internet and phone account for my phone number 276-790-3505 that my son had files in his legal records possession. He has proof that I called The Chimney Sweep multiple times and they called me multiple times (3 placed, 1 received). From their own business phone number. The records are there and the lawyer can verify by subpoenaing Comcast. I consent to the lawyer asking to verify these phone logs from the time periods mentioned in this email. I have provided screenshots of the phone logs with the highlights.

This lawyer is acting as though I have no proof that The Chimney Sweep was involved with my chimney. That they made no estimate. That they did no work on my chimney or at my residence. I have two sources of proof that will dispel those lies. The Comcast phone logs, and the second proofs will be the bank account check records that I am attempting to request from TRUIST/SunTrust.

We are still waiting for the records from my old SunTrust bank account and have forwarded you email proof that I had this bank account in October, 2017 but may not be able to access my online bank account statements because of the forced migration from SunTrust to First Horizon Bank in Martinsville. So attempting to receive those records will take time.

HOWEVER this evidence proved my son's complaint is with MERIT.

Maybe this lawyer needs to produce the copies of the contract for this chimney work for

attempting to defraud Mediator Aaron M. Ziglar of the Attorney General Office for Virginia because I have proven with evidence of records my son had in his possession, evidence. I printed the call logs for my son as per his request in 2017. He held printouts of this call log. He went to his legal case files, found the record and has given it to me in support of my son's complaint against The Chimney Sweep.

I have proven that the lawyer Eric Ferguson has made untruthful statements and that the complaint should not be dismissed as baseless. Lawyer Eric Ferguson by and through The Chimney Sweep has defrauded Aaron M. Ziglar of this process. His office has been defrauded.

The lawyer's claims are "BASELESS".

Eric Ferguson, your client for the business "THE CHIMNEY SWEEP" has the phone number (540) 483-2468. This number is on their verified owner profile at the Chamber of Commerce.com. This is their business phone number, for your client, The Chimney Sweep.

See attachment "The Chimney Sweep in Rocky Mount, VA 24151 - (540) 483-2468.pdf"

Now let's take a look at the phone logs my son had a copy of, by the grace of Lord Jesus, and God. Thanks to Jesus Christ and the Angels who protect my son from the demons, my son has records proving that The Chimney Sweep was contacting me and I was contacting them by phone, and the amount of time period that the call had placed and when the calls had been received. They will be highlighted for the lawyer to see. Sorry, Eric Ferguson.

See attachments: "Call History October 23 2017 4_50AM (pages 1-5 excerpt records)(2).pdf" with highlights to the phone numbers belonging to The Chimney Sweep; "Call History October 23 2017 4_50AM (pages 1-5 excerpt records).pdf"; The Chimney Sweep phone logs 1.png; and The Chimney Sweep phone logs 2.png.

10/23/2017, 4:49 AM

Isn't that interesting, the same date I paid \$300 to The Chimney Sweep, they called me one time and I received a phone call back, all on October 5, 2017. This matches the photograph of the check stub, \$300 to The Chimney Sweep. This will also match the bank account records of the check paid to The Chimney Sweep.

All glory goes to God. God is helping me prove my son's innocence.

The Chimney Sweep by and through their lawyer, their representative Eric Ferguson has lied about their client not being involved with me or my chimney, lying about not being given an estimate by Eric's client, The Chimney Sweep. The phone call lasted 3 minutes and 11 seconds on September 26, 2017 at 11:26 AM EST, Tuesday. What was I talking for 3 minutes and 11 seconds for Mr. Eric (attorney)????????????

The Chimney Sweep needs to admit that they lied to Aaron Ziglar of The Attorney General Office on top of being involved with placing metal tin on top of the chimney. We have proof that The Chimney Sweep did work, they got paid \$300 and phone records from their phone number, and the date of two phone call records on October 5, 2017. What do you have Eric Ferguson???

Brian David Hill = Innocence - Where We Go One We Go All (WWG1WGA)

Opinion: The Deep State may have pulled some things, but Brian my son is smart as a whip despite his Autism and his vulnerabilities. He somehow knew he was going to be set up with a crime of some sort, which became indecent exposure. It's like the Angels knew this was coming down the pike and gave Brian evidence he would need right now to disprove this lawyer. We give angels credit for this evidence. What are you going to say to this proof Eric Ferguson???

Eric Ferguson, You defrauded Aaron M. Ziglar, the Dispute Resolution Specialist of the Office of the Attorney General. Explain yourself.

Eric Ferguson I have a few questions for your client.

Did your client ever get paid by anybody other than myself to do chimney work, like was your client ever paid to put metal tin on top of the chimney to put both me, Roberta Hill and my son Brian David Hill under carbon monoxide gas poisoning due to blocking exhaust from the gas hot water heater and gas radiator?

Was your client influenced in any way or did anybody ask somebody from The Chimney Sweep to put metal tin on top of the chimney to put both me, Roberta Hill and my son Brian David Hill under carbon monoxide gas poisoning due to blocking exhaust from the gas hot water heater and gas radiator?

Why did somebody working for The Chimney Sweep place metal tin on top of the chimney to put both me, Roberta Hill and my son Brian David Hill under carbon monoxide gas poisoning due to blocking exhaust from the gas hot water heater and gas radiator?

Why was The Chimney Sweep negligent in placing metal tin on top of the chimney of the Triplex me and my son both live in?

Why did The Chimney Sweep lie to they're hired attorney Eric Ferguson in order to make me, Roberta Hill and my son Brian David Hill look like liars?

Were you influenced by Commonwealth Attorney Glen Andrew Hall or Giles Carter Greer in any of this process? Did Glen Andrew Hall or Martinsville Police influence The Chimney Sweep to attempt to subvert this complaint process? Did Martinsville Police Chief Eddie Cassady influence you at all in this process?

Were you influenced by anybody working for the U.S. Attorney Office in the Middle District of North Carolina in any of this process? Did anybody at the U.S. Attorney Office influence The Chimney Sweep to attempt to subvert this complaint process?

Last question: **Did somebody from The Chimney Sweep place metal tin on top of the chimney at the Triplex located at 310 Forest Street, Martinsville, VA 24112 on October 5, 2017 and then was paid \$300 by check for the work? Who placed the metal tin on top of the chimney? Why was metal; tin placed on top of the chimney?**

Please answer these questions Eric Ferguson, under oath. That way if you lie under oath, you can go to jail for perjury.

Thanks and God bless you all,
Roberta Hill

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Mr. Ziglar--Thanks for speaking with me yesterday and allowing me to submit this response in email format. I really appreciate your working with me and my client on submitting this

response to the complaint of Mr. Hill.

My client is Jacody Cassell and he is the owner of The Chimney Sweep in Franklin County, VA. He has been the owner since 2016. His father had owned it from 1976 until 2016. Jacody has always worked for this company. His son works for him now and intends to take over the company one day.

The Chimney Sweep is a very reputable company and has had very few complaints made against them for their work. My client claims to have no knowledge of Brian D. Hill and Roberta Hill. My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work for the Hills at a home in Martinsville. My client has no record of ever being paid to do any work for the Hills. More importantly, until May 17, 2022, when Mr. Hill filed this complaint, my clients were never told about any of these claims.

My client has never done any work for the Hills. They have never received any complaints from the Hills. One would think that it would not take 3-5 years to make a complaint. Mr. Hill is seeking damages for payment of his legal expenses as a result of criminal charges in 2018.

Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint. Even if he did, the statute of limitations for bodily injury is two years. The appropriate statutes regarding contracts are 3 years for verbal agreements and 5 years for written agreements. Since he has no written one, one must assume that if he had an agreement, it would be verbal and therefore beyond that statute of limitation as well.

On behalf of The Chimney Sweep, I ask that this complaint be dismissed. There is no evidence to support this claim.

Please advise of any next step. Thank you for your time and consideration.

Eric H. Ferguson, Esq.

March 21, 2019

201 Greyson St, Martinsville, VA 24112

Dr. Graney,

We got a letter from Brian yesterday, and he asked us to send photos of the damage on the ceiling and walls around his fireplace in the living room of the apartment where he has been living since May, 2016. There was also white residual inside of his fireplace. The chimney expert who found the carbon monoxide damage said that this could be cleaned with detergent & water so Brian's mom has already cleaned that. It needed months to dry before repairs. There is a carpenter lined up to repair it around April 20th. It was the young son of the owner of the chimney company in Rocky Mount, VA who was sent to clean the fireplace (chimney sweep) and to put screen on all 3 holes to keep birds out of the fireplace; instead he put tin over all 3 holes including the hole for the natural gas heater and the gas water heater in the basement leaving no where for the gas and water steam to escape in October, 2017. None of us were aware that there was tin there and thought it was screen. This took care of the bird problem.

In December, 2017 or January, 2018 there was a snow storm, and that was when we noticed the damage in the ceiling of Brian's apartment but no damage in his mom's ceiling above her fireplace in her apartment. We thought it was odd that there were no problems until the chimney people came. It continued getting worse through the winter, so in the spring Roberta cocked the foundation around her porch because we thought it looked like a foundation problem, not a roof problem because there was no water damage on Roberta's ceiling. Brian's ceiling was below his mom's apartment. After this the problem got worse. Brian's OCD was getting worse too. He was having a diarrhea problem and was using the hot water 6 to 8 hours a day. This is a gas hot water heater with nowhere for the gas & steam to escape. It was escaping apparently through both fireplaces leaving damage in the ceiling in Brian's apartment below the brick (hearth) on the floor in front of Roberta's apartment and all along the walls below Roberta's fireplace into the walls beside of Brian's fireplace (both sides) and the top above the mirror. At the time, it just looked like rain water. We thought eventually half of the ceiling in

Brian's apartment would have water damage. Looking at the photos now, you can clearly see that it is from the gas heaters, not rain and just covered under the hearth of Roberta's fireplace above Brian's on his ceiling so both were effected but up in Roberta's apartment, you couldn't see the damage.

Both Roberta & Brian were complaining about not feeling well, being weak and very tired. We (Brian's grandparents) were moving from one house to another in Martinsville, VA during this time, and Roberta couldn't understand where we got our energy in our 70's when she & Brian were so tired. Roberta tried to help us from time to time with the move, but she couldn't hold out like we could. Both of us are disabled and elderly and are slow and took months for this move. She was always before this stronger than we were. Her head was shaking a lot. We thought it was stress from taking care of Brian and not being able to get much sleep or rest. Brian kept complaining that he couldn't think straight. The cats' personalities had changed, but yet none of us even thought that all of the moisture damage around the fireplace was damage from the moisture & natural gas required to run the natural gas boiler furnace downstairs and the natural gas hot water heater. Now that we know the facts, we all feel bad and guilty for what all has happened to Brian. It takes a long time in Martinsville, VA to locate carpenters and wait for prices and for them to do any work on homes. We also are glad that Brian no longer came back to his house in September, 2018 due to the fact that the carbon monoxide poisoning with the use of the heater through the winter and from the hot water heater was not discovered until January, 2019.

There were many threats due to Brian's fighting to get off from false federal charges. He was set-up with child porn on his computer in 2012, and he and his family have been putting proof in the court with his 2255 since November, 2017 of his innocence, and there have been strange things happening after this date, but then along with the threats (including death threats and threats of putting more child porn in Brian's email after he is released to keep him on the sex registry, sending threats in emails to Brian's family & attorneys and actually sending and bragging about it to Brian and other alternative news people and to Brian's friends after Brian appealed his case in 2015 and the hate cards and letter sent from Nashville, TN with no return address to Brian's mom after we filed the 2255 in Nov. 2017 from Dec. 2017 till May, 2018 and the fake 911 calls in July, 2018 & police coming to the house about the calls that they didn't make.

We wanted to include more information to go along with the photos. We have had natural gas heaters and don't know much about natural gas boiler heaters. Found some photos on the internet to show here of similar in their house.

(gas Boiler furnace & gas hot water heater).

You can now see what is on top of the chimney. The tin has been removed from the hole above the gas hot water boiler (furnace) and the gas hot water heater. The chimney guy from Basset, VA who has done this type of work for 25 years who took the tin off in Jan. 2019 and put the chimney cap on top of their chimney in Feb. 2019 had us to climb on the ladder and showed us what he saw. This is now what you can see from the road, and we now know that it is vented – not even screen on the top of the furnace & water heater venting hole.

This is a similar top photo from the Internet of the chimney cap that was put on the top of Roberta's & Brian's chimney covering all 3 holes with screen on the side.

We are including 7 photos Brian's mom, Roberta took last night (March 20, 2019) of the ceiling & walls showing damage around Brian's fireplace in his living room in his apartment.

Brian's grandparents,

Stella & Ken Forinash

Copy sent to Brian David Hill and 7 photos mailed to Brian.

Carbon monoxide poisoning

By Brian David Hill's Grandparents, Stella & Ken Forinash on March 10, 2019

Roberta & Brian bought their home in January, 2016; moved in their new home in May, 2016. During the summer of 2017, we noticed many birds flying high above their house and one by one moving into the chimney each evening. <https://www.owenschimneysystems.com/its-chimney-swift-season/>. There are 3 chimney openings (one for the fireplace in Roberta's apartment, one for the fireplace in Brian's apartment and one for the gas furnace and gas hot water heater in the basement). These birds are called "Chimney Swifts". After Roberta was sure the birds were no longer here (in October or November, 2017), she called a chimney sweep company in Rocky Mount, VA to clean the chimney and put a screen over the chimney holes to keep the birds away. We noticed in 2018, there were no birds: however, a couple of months after the chimney people did their work during a snow storm in Dec. 2017, we noticed some ceiling damage in Brian's living room and what we thought was water damage in his fireplace, ceiling and walls all around his fireplace. No problems with Roberta's fireplace, so Roberta thought it was a foundation problem and cocked all around the house above Brian's fireplace. Roberta's apartment is on the top floor, Brian's apartment is below hers and the gas furnace & gas hot water heater is in the basement below Brian's apartment. She noticed more damage each month in the ceiling and around the fireplace in Brian's apartment, thought the problem was a foundation problem since her fireplace above Brian's was not getting any water damage. She noticed after she cocked the house, the leak was getting worse, She called a foundation company and waited for months for them to check the foundation of the house. They came after Brian was already in jail and told her it was not a foundation problem but a roofing problem.

We called a roofing company who said that the roof was in good shape but she needed to put some type of flashing and other things around the chimney to bring the roof up costing \$2,600. After they left, she noticed that her fireplace was now leaking and a few weeks before they came the ceiling all around Brian's fireplace had fallen down due to all of the moisture. We called a carpenter, and he noticed that the ceiling that had fallen and needed to be replaced was right below the bricks from Roberta's fireplace platform. She called the roofing people back, and they told her that she needs to have a cap put over her fireplace. They were supposed to talk to their boss and call back, but after waiting a week, we decided to call a chimney company from Bassett, VA who had an A+ rating on the Better Business web site. He came to check to see what she needed and to give a price. We showed him her fireplace, Brian's fireplace with all the damage and the gas furnace and gas hot water heater in the basement. When he climbed his ladder to look at the fireplace, he discovered that all 3 openings were blocked and instead of the screen that she thought was over the holes, there was tin covering all 3 holes. He immediately took the tin off of the hole where the gas furnace and gas hot water heater was.

Roberta's note to us on 3/10/2009

Thanks! I am reading it now. We first noticed the chimney swifts going into our chimney in October of 2016.

I couldn't find the receipt from the chimney company, but I did find my notes. The company's name is "The Chimney Sweep" from Rocky Mount and they came on Oct. 5, 2017.

They have an A plus rating. I'm shocked!

Chimney Cleaning near Rocky Mount, VA | Better Business Bureau. Start with Trust®

BBB Directory of Chimney Cleaning near Rocky Mount, VA. BBB Start with Trust®. Your guide to...

He then showed us what had happened and said that he could not leave there knowing that the tin was keeping the fumes from coming out of the chimney and couldn't believe a chimney company would cover it up. He said that was dangerous. He then came back in the house and showed us the damage in Brian's fireplace was not water damage but had come from the furnace and hot water heater because there was nowhere else for the fumes to go. He showed us all of the white residue in Brian's fireplace from the fumes & moisture escaping in his apartment. He told us the same as the carpenter to wait a few months to let everything dry before replacing the ceiling and the walls around the fireplace and he said that the white residue inside of the fireplace can be cleaned. There was now some white residue inside of Roberta's fireplace too, but the ceiling and the walls around her fireplace was still in good shape in her apartment. This is the name of the guy who took away the tin from the fireplace thus letting the gas furnace & gas water heater vent and prevent any more carbon monoxide poisoning in their basement and apartments. He can be called to confirm what we have written about this situation, and we need to have him to sign a statement about his findings on the outside chimney. This is his business card, and we are enclosing his work proposal (We also had him to do some work inside our fireplaces and replace the chimney cap on our fireplace) from 1/30/2019 when he removed the tin. He wrote that he was putting the chimney cap on Roberta's fireplace for the fireplace and boiler (furnace) & fixing something else. We are sending a copy of the receipt after he put the new chimney cap and did repairs on 2/4/2019. Here is a copy of his business card with his name, address and phone:

Brian David Hill was living in a home with carbon monoxide poisoning from Oct. 5, 2017 till September 21, 2018 (almost one year). He was home most of the time, using the natural gas hot water heater for hours each day doing his OCD washing routines. His apartment fireplace had the most damage including the walls all around the fireplace and losing some of the ceiling above his fireplace due to excessive moisture that we thought was from snow and rain. We learned on 1/30/2019 that it was residue from the boiler furnace and gas hot water heater having nowhere else for the fumes and moisture to escape. Roberta was living in this house with the carbon monoxide from Oct 5, 2017 till Jan. 30, 2019, but her apartment was not infected as badly as Brian's was.

Roberta and Brian Hill had complained for months about being real tired and weak, and we noticed that Roberta's head was shaking. Brian was complaining that he couldn't think straight and was having some memory problems. We all talked about this during our visit with him today (3/9/2019 and wondered if that had anything to do with why Brian left his home the night of Sept. 21, 2018 and was walking around confused miles from his home that night. Brian also had a bad fall in his apartment a few months after the chimney people were there during the winter of 2018 (The hospital at Martinsville, VA should have this record and date: Call [276-666-7200](tel:276-666-7200)). (Brian was a patient in this hospital in the mental department in December, 2013. The hospital should have on record that Brian is a brittle diabetic using insulin and has autism, yet when the police brought him to the hospital on Sept 21, 2018, the hospital let him be arrested instead of keeping him in the hospital doing test to see why he was acting so strangely). When his mom checked on him that winter night in 2018, he was asleep in his bed with blood all over. She called 9-1-1, but he refused to go to the hospital without doing his OCD routine. During his hand washing routine and washing the blood on his forehead, he vomited and was having bad leg cramps. We finally got him to the Martinsville, VA hospital hours later, and they put staples in his forehead. We found out later that he had fallen in his office and broke his desk. There was a lot of blood on the floor and some way he got into his bed in his bedroom and was apparently asleep when his mom, Roberta went to his room to check his blood glucose, and there was blood all over his pillows, his bed and his face. We told Brian we would check to see if the carbon monoxide from his fireplace can cause confusion, and this is what we found: **These can include agitation, confusion, depression, lethargy, impulsiveness, hallucinations, confabulation, distractibility, and memory problems.**

- [Patient Care & Health Information](#)
- [Diseases & Conditions](#)

[Carbon monoxide poisoning](#)

Mayo Clinic

Overview

Carbon monoxide poisoning occurs when carbon monoxide builds up in your bloodstream. When too much carbon monoxide is in the air, your body replaces the oxygen in your red blood cells with carbon monoxide. This can lead to serious tissue damage, or even death.

Carbon monoxide is a colorless, odorless, tasteless gas produced by burning gasoline, wood, propane, charcoal or other fuel. Improperly ventilated appliances and engines, particularly in a tightly sealed or enclosed space, may allow carbon monoxide to accumulate to dangerous levels.

If you think you or someone you're with may have carbon monoxide poisoning, get into fresh air and seek emergency medical care.

Signs and symptoms of carbon monoxide poisoning may include:

- Dull headache; Weakness; Dizziness; Nausea or vomiting; Shortness of breath; Confusion; Blurred vision; Loss of consciousness

Carbon monoxide poisoning can be particularly dangerous for people who are sleeping or intoxicated. People may have irreversible brain damage or even die before anyone realizes there's a problem. If you or someone you're with develops signs or symptoms of carbon monoxide poisoning — headache, dizziness, nausea, shortness of breath, weakness, confusion — get into fresh air immediately and call 911 or emergency medical help.

Hospital staff will need critical information as soon as you arrive. On the way to the hospital, try to prepare to answer questions about:

- Possible sources of carbon monoxide exposure; Signs or symptoms, and when they started
- Any mental impairment, including confusion and memory problems
- When you see the doctor, note that history is more important than symptoms. The most important way to recognize carbon monoxide poisoning is by recognizing the danger signs of behaviors leading up to the moment that symptoms started appearing.
- Faulty stoves, fireplaces, or wood-burning appliances are usually to blame for carbon monoxide poisoning in the home.

Progressed Symptoms: As carbon monoxide poisoning progresses, symptoms get more serious, but are still extremely vague and difficult to identify as specific to carbon monoxide exposure:

- Confusion
- Shortness of breath
- Chest pain
- Vomiting
- Blurry or double vision
- Loss of consciousness

Self Checks/At-Home Testing

There isn't a self-diagnosis option for carbon monoxide poisoning, but anyone with confusion or a loss of consciousness should have 911 called for them.

Long-Term Complications: **As common as carbon monoxide poisoning is, there is a lot we still do not understand about this condition. [Long-term exposure](#) to elevated levels of carbon monoxide—even when the levels aren't that high, but the exposure continues for many days or weeks—can lead to [peripheral artery disease](#), [cardiomyopathy](#), and long-term, poorly understood neurological problems.**

Damage to the brain is a significant injury incurred by many patients with carbon monoxide poisoning. Patients can develop neurological complications (difficulty concentrating, memory loss, tremors, trouble speaking, etc.) at the same time as the carbon monoxide poisoning or at a later time. When the neurological signs and symptoms show up later, it's known as delayed neurologic sequelae (DNS).

- Make sure your gas appliances are vented properly. Horizontal vent pipes for appliances, such as a water heater, should go up slightly as they go toward outdoors, as shown below. This prevents CO from leaking if the joints or pipes aren't fitted tightly.
- Have your chimney checked or cleaned every year. Chimneys can be blocked by debris. This can cause CO to build up inside your home or cabin.

https://www.medicinenet.com/carbon_monoxide_poisoning_symptoms_and_signs/symptoms.htm

These can include agitation, confusion, depression, lethargy, impulsiveness, hallucinations, confabulation, distractibility, and memory problems. Visual disturbances and seizure, as well as fainting (syncope), can also be related to carbon monoxide toxicity. May 15, 2017. Enclosed are work proposal Jan 30,

Subject: Re: Your October 2017 Checking Statement is now available to view in Online Banking

Please respond to my mailed and faxed letter as I would like access to my pdf file bank statement from October, 2017. I need my bank statement from my old bank account. I need this for proof that I paid \$300 by check to a business called The Chimney Sweep. The check was given to them on October 5, 2017. That money came out of my bank account when I had that account in 2017. I lost that online bank account when my SunTrust bank account migrated to First Horizon bank in Martinsville. Please give me a copy of my bank statement from my old account from that time.

Thanks,
Roberta

REQUEST FOR TRANSACTION RECORD
FROM MY BANK ACCOUNT IN OCT., 2017

TO: SunTrust Bank / TRUIST
303 Peachtree Street, Northeast
Atlanta, Georgia 30308
FAX: 1-847-676-5150

Attn: QWR/NOE/RFI -- PO Box 26527

June 29, 2022

To Whom it may Concern,

I am Roberta R. Hill. I had an account with SunTrust bank since 2013 until my bank in Martinsville was bought up by First Horizon Bank and account was migrated to First Horizon.

I would like to request a copy of my own bank account record of a transaction on October 5, 2017, to The Chimney Sweep and whether that money was taken out of my account. Between the dates October 4, 2017 (just to be safe) and October 10, 2017, or just the transaction records of paying \$300 to The Chimney Sweep.

My Account Number was: 1000155990541. I am Roberta Ruth Hill.

My current address is below, my address prior to my current residence was 916 Chalmers Street, APT. B, Martinsville VA 24112-4939.

I can verify that I was the account owner at that time that I paid \$300 to The Chimney Sweep. I would like to request my account transaction of when I paid by check on October 5, 2017 and when the money was transferred out of my bank account to pay the check that I signed and gave to The Chimney Sweep. I am attaching a photograph of the check stub.

Please give me a bank statement or transaction record proving that I paid \$300 by check and when my check was processed where my money left my bank account in October, 2017.

Warm regards,

Roberta Ruth Hill

Good morning Ms. Hill,

I have forwarded the emails you have sent to me to the Chimney Sweep as your written response. When you receive the records, you can email them to me and I will add them to your file and forward them to the business.

The Dispute Resolution Unit offers alternative dispute resolution services for complaints that do not appear to involve a violation of consumer protection law. We will act as a neutral in facilitating communication between you and the business in an attempt to resolve the complaint. Where a complaint appears to involve a violation of consumer protection law, the matter may be reviewed to determine if there is a pattern or practice of violations warranting a possible law enforcement action.

The dispute resolution process is not a legal process – thus, there is no final decision that our Office will make. Participation is voluntary – we cannot compel either party to respond or accept the other party’s offer of resolution. If a mutually agreeable resolution cannot be obtained we typically advise the complainant of other options available to pursue the complaint in court, at which point our Office is no longer involved.

Please let me know if you have any questions about our process.

Sincerely,

Office of the Attorney General

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep
Importance: High

Aaron M. Ziglar,

Need an extension of time as I am requesting copies of my bank record from SunTrust/TRUIST bank as they would have the bank account record proving that a check was paid for to "The Chimney Sweep".

It is having to be done by snail mail and FAX to a random TRUIST fax number hoping they will process this request quicker.

I am sending you both a copy of a request made to TRUIST bank asking for my bank account statement and records proving that \$300 was paid in October, 2017 to The Chimney Sweep for their service. Why would I pay \$300 to The Chimney Sweep on October 5, 2017 by check???

The transaction record will prove this. I ask that the Attorney General also subpoena and investigate for the financial records from my bank account at that time the check was given to The Chimney Sweep as payment, as it will prove the lawyer for The Chimney Sweep is lying. Under the Bank Secrecy Act, checks after being cleared must be retained on the record for at least five years. That was doing research on Google for how long banks have to keep financial records for things like investigations or other things.

So we have until October 5, 2022, or October 6, 2022 (whatever date that The Chimney Sweep cashed in my check) to request the record and get access to the record to prove that \$300 was paid to The Chimney Sweep by check, from my own bank account when it was SunTrust before it was bought up by another bank, First Horizon Bank.

My son wants you to know why he took so long. He actually wanted to hold The Chimney Sweep accountable in 2019, faxed the Fire Marshals in 2019 and had somebody email one of the two county (Martinsville and/or Franklin County) of Fire Marshals but the Fire Marshals did nothing about Brian's request. He didn't know about this complaint process until this year. He did try to have The Chimney Sweep contacted by his friend emailing them but it was another Chimney Sweep business. We had tried a few things to try to prove that they started the carbon monoxide gas exposure, but Brian was busy trying to fight in federal court and state court. The Circuit Court in Martinsville is CORRUPT and has dragged his misdemeanor case for years, dragged it from 2018 to 2021 through the corrupt Court of Appeals. Brian tried to demonstrate that he was innocent of indecent exposure but the judge denies every motion and every appeal fails no matter what was argued. There is judicial corruption in Martinsville, that is why it has taken so long to fight. Brian shouldn't be suffering this long for a crime he is innocent of, and that is a misdemeanor. The judge is corrupt, the Commonwealth Attorney is corrupt, and the court appointed lawyers are corrupt as well. It has taken so long fighting them all, that was why it has taken so long to complain about The Chimney Sweep. Brian kept fighting for a few years in the corrupt Court of Appeals of Virginia, in the corrupt Circuit Court over what The Chimney Sweep has caused. Brian kept fighting and got nowhere. Now this is his only option, because Brian is innocent and he wants the witnesses to come forth and admit that why he is suffering for a crime he didn't do, a crime which wasn't a crime under the circumstances of Carbon Monoxide gas and poisoning.

This lawyer should see the suffering Brian Hill had gone through for years over a misdemeanor because of the corrupt lawyers in Virginia. Brian shouldn't be having to go after The Chimney Sweep to prove his innocence but the courts are CORRUPT. The Judges are blackmailed. The problem is the corruption in the judicial system, we aren't doing this against The Chimney Sweep out of ill will intent, but because the Court is corrupt and refuses to accept Brian David Hill was under carbon monoxide poisoning and refuses to accept his innocence. My son is INNOCENT, HE IS INNOCENT, the court is corrupt and the lawyers are corrupt.

If The Chimney Sweep had no involvement with the metal tin being placed on the chimney causing carbon monoxide gas and damage to Brian's apartment and his suffering and poisoning and his wrongful conviction of indecent exposure, then what was \$300 being paid to them for then???

Gotta ask The Chimney Sweep why they would fully deny any involvement or providing any service to the "Hills" while they were paid \$300 on October 5, 2017 by check. That money doesn't just go to a business for nothing, does it???

My son didn't want to piss off the Chimney Sweep years ago and thought he could prove his innocence in another way. He is being denied every motion he files by the Dishonorable corrupt judge Giles Carter Greer of Martinsville and it's corrupt Circuit Court of hell and torment. Brian tried to do everything he could and kept failing, wait for about a year on his appeal then his court appointed lawyer filed nothing and then delayed appeal was granted. The appeal was dragged another year. It took that long for his criminal appeals. All failed because he has a corrupt court appointed lawyer Matthew Scott Thomas Clark and another corrupt lawyer is John Ira Jones, IV who had a conflict of interest because he represented the Commonwealth of Virginia prior to being a public pretender and then he betrayed Brian and wrecked his appeal by citing Anders v. California. So we been dealing with corrupt lawyers in Virginia. Nothing but corrupt lawyers telling Brian with withdraw his appeal, to just give up, begging him over and over again to give up, to give up.

Corrupt lawyers wanting Brian to stop fighting to prove his innocence of his state charge of indecent exposure. I am not surprised.

Martinsville Police could have investigated The Chimney Sweep and had the opportunity to do so in 2019 when Brian sent a letter to Martinsville Police (also filed with the U.S. District Court, Middle District of North Carolina) about The Chimney Sweep and about the carbon monoxide. Brian mailed letters with the Circuit Court about The Chimney Sweep and/or about the carbon monoxide gas in 2019, and corrupt Commonwealth Attorney Glen Andrew Hall ignored the carbon monoxide information, and ignored it all. Another government official was emailed in 2019 which spoke of The Chimney Sweep and nothing was done about it. They refused to investigate any of it. That is why it has taken so long. We have a corrupt local Martinsville Police Department in Martinsville who protects drug dealers and protects drug houses, it's corrupt Police Chief G. E. Cassidy. They do protect certain drug houses, we are aware of this to a certain extent, a police chief afraid that Brian being intoxicated on September 21, 2018, due to the carbon monoxide (but any lab tests or drug tests would not immediately say it was carbon monoxide, but would show abnormal levels if the tests were conducted) but the police would assume my son would have been intoxicated on drugs and would want that covered up. There are investigations which the State Police need to be making into the cover up of Hospital records, medical record pages with page numbers and some of them are missing from the medical records at Martinsville City Jail. Corrupt Sheriff of Martinsville, corrupt this, corrupt that. Now you understand why Brian filed a complaint against The Chimney Sweep. Martinsville is full of corruption and thuggery in it's government, outta call it Mafiaville instead of Martinsville.

Thanks,
Roberta Hill

Aaron M. Ziglar,

My son, Brian David Hill, wanted to file his unsworn Virginia affidavit/declaration with you, in this case no. 953850. Eventually he will file this along with all other correspondence in this entire complaint case with the Circuit Court for the City of Martinsville. He wants to show the judge Giles Carter Greer that he was intoxicated by carbon monoxide gas.

This judge doesn't want to accept intoxication defense because he doesn't have the levels of carbon monoxide poisoning.

The only way possibly outside of having to prove the levels was to have The Chimney Sweep business admit to placing the metal tin on top of the chimney flues as that would establish clear and convincing evidence of "prolonged exposure" to carbon monoxide gas aka "long term exposure". Brian needs The Chimney Sweep to admit to placing the metal tin on October 5, 2017, they need to admit to their own mistake, their own booboo and this will establish evidence which will not require the levels of carbon monoxide. This will establish enough evidence of innocence to Governor Glenn Youngkin, that Brian David Hill is innocent of indecent exposure on September 21, 2018. The admission from The Chimney Sweep may be enough to have his pardon request granted and overturn the decision denying Brian's pardon application for an absolute pardon, denied on June 3, 2022.

Please do not try to mess up proving my son's innocence, Attorney Eric Ferguson. I received Stanley's email, he is right. **Brian only wants to prove his innocence and he will forgive you. He will forgive JaCody Cassell and James Cassell.** He will forgive them and not hate them for the rest of his life, he will forgive them if they simply admit to what they have done, write the judge Giles Carter Greer, write the Commonwealth Attorney Glen Andrew Hall. Write the Clerk of the Circuit Court for the City of Martinsville, Hon. Ashby

Pritchett. Your attorney can email Hon. Ashby Pritchett. Here is the Clerk's email to send electronic pdf filings. JaCody can do this quickly, he can write an affidavit and email it to the Clerk. APritchett@vacourts.gov and APritchett@courts.state.va.us. He can also email Glen Andrew Hall, Esq. of the Commonwealth's Attorney at the email address. ahall@ci.martinsville.va.us. City of Martinsville, Commonwealth of Virginia v. Brian David Hill. Case no. CR19000009-00. He can easily just admit that he made a mistake and that it caused the carbon monoxide along with the testimony of Pete Compton. We need the testimony from JaCody or whoever was placing the metal tin on top of the chimney.

Please JaCody, please write a letter to the Circuit Court for his criminal case about your witness testimony about the metal tin being placed on the chimney from you or whoever worked for you at the time. This would be considered new evidence and my son would get a new trial in front of a jury for his indecent exposure. He can show your letter and you can testify to the jury about the metal tin being placed. Pete Compton can testify about finding the metal tin. This would establish evidence acceptable in the Circuit Court rules of evidence. This would establish evidence of long term exposure to the carbon monoxide gas causing my son to take his clothes off at night in a public place. The levels would not be necessary if you or your employee will admit to blocking the chimney flues. It would establish that from October 5, 2017, to September 20, 2018 when my son left the home at night, my son Brian David Hill was in a home exposed to carbon monoxide gas poisoning. He had to leave the home to escape the carbon monoxide and took off his clothes as if needing to escape the toxins.

Please understand why my son filed the complaint, JaCody Cassell. My son has autism. Do you have autism JaCody Cassell??? Do you have autism Eric Ferguson??? Do you understand why my son was getting naked and was found naked by police??? Do you understand what you have done to my son that he hates you and will hate you for the rest of his life, he will never stop hating you until you fix what you have started, fix what you have done. My son can hate for a very long time, he won't stop hating you as years go by. The carbon monoxide and his arrest hurt him. **All he wants is for you to tell the Judge, to tell the Court, to write to the Court, explain to them under oath what you did on October 5, 2017, about the metal tin. All my son wants is a reprieve from his legal nightmare he never should have been subjected to since 2018. All you have to do is simply admit "Hey I placed metal tin on top of the chimney flues" and just say that your sorry. You made a mistake, your human, we all make mistakes. Just admit to what you did and explain what you did, and that would be the evidence my son would need to be cleared of his misdemeanor. He would be cleared of his federal conviction, he can then move on with his life being proven innocent and then can start moving forward with his life. My son will keep**

filing motions, keep filing complaints and lawsuits until he is acquitted of indecent exposure. He promises that. He will move on from you and move on from The Chimney Sweep if all you could do to fix your mistakes is WITH THE TRUTH. The bible says the truth shall make you free. The truth will help free my son from his federal probation. It will help prove his innocence in the long run. It will help reverse the probation violation and then my son can go back to proving his innocence to his 2014 issue. He wants to prove his innocence but cannot do so until he is acquitted of the indecent exposure.

Instead of using your lawyer to try to intimidate us or have us back down, you could ask your lawyer to just write an affidavit and give that affidavit to the Circuit Court for the City of Martinsville. For my son's case, then my son agrees to move on, dismiss his complaint, and walk away. My son wants to be acquitted. Please don't stand in his way, he is innocent and you hold the missing piece of evidence, you hold the missing link, the missing testimony. I understand you are angry with this complaint JaCody, but I am angry too. His family is angry, we will stand up for my son, we will all write affidavits about the chimney company if we have to. We will back my son Brian David Hill, because he is innocent of indecent exposure. Please do the right thing. Email the Clerk, tell the Judge Greer about what happened on October 5, 2017. That is all you have do to. That is all we want, we want you to testify and explain what exactly you did at 310 Forest Street, Martinsville, Virginia.

Case number: CR19000009-00; City of Martinsville; Circuit Court.

Please, all my son wants is acquittal, that is all he ever wanted. Please don't drag this out too. I don't care if the court is corrupt in Martinsville. You can fix this by admitting to what you had done.

Please admit to it, The Chimney Sweep. Please admit to it JaCody Cassell.

Theoretically, How would you feel if you were exposed to carbon monoxide and maybe ran butt naked at night or crapped on a cop car or did something stupid at night and got in trouble with the law??? What if you were in Brian's shoes and begged the chimney company to help testify in your case. This is just an example but please understand why Brian is angry and fighting so hard. He has autism, please understand, JaCody. Please understand James Cassell.

Thanks and God bless you all,
Roberta Hill

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Mr. Ziglar--Thanks for speaking with me yesterday and allowing me to submit this response in email format. I really appreciate your working with me and my client on submitting this response to the complaint of Mr. Hill.

My client is Jacody Cassell and he is the owner of The Chimney Sweep in Franklin County, VA. He has been the owner since 2016. His father had owned it from 1976 until 2016. Jacody has always worked for this company. His son works for him now and intends to take over the company one day.

The Chimney Sweep is a very reputable company and has had very few complaints made against them for their work. My client claims to have no knowledge of Brian D. Hill and Roberta Hill. My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work for the Hills at a home in Martinsville. My client has no record of ever being paid to do any work for the Hills. More importantly, until May 17, 2022, when Mr. Hill filed this complaint, my clients were never told about any of these claims.

My client has never done any work for the Hills. They have never received any complaints from the Hills. One would think that it would not take 3-5 years to make a complaint. Mr. Hill is seeking damages for payment of his legal expenses as a result of criminal charges in 2018.

Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint. Even if he did, the statute of limitations for bodily injury is two years. The appropriate statutes regarding contracts are 3 years for verbal agreements and 5 years for written agreements. Since he has no written one, one must assume that if he had an agreement, it would be verbal and therefore beyond that statute of limitation as well.

On behalf of The Chimney Sweep, I ask that this complaint be dismissed. There is no evidence to support this claim.

Please advise of any next step. Thank you for your time and consideration.

**DECLARATION OF BRIAN D. HILL IN SUPPORT OF BRIAN DAVID
HILL'S COMPLAINT AGAINST "THE CHIMNEY SWEEP" FILED ON
MAY 17, 2022**

I, Brian David Hill (“Brian D. Hill”), former news reporter and Founder of USWGO Alternative News from 2009 to 2012, being first duly sworn upon oath, do hereby depose and state, pursuant to Virginia Code § 8.01-4.3. Unsworn declarations under penalty of perjury; penalty:

1. I am not a licensed attorney but I know enough about law and drafting legal pleadings to put together this unsworn affidavit Declaration, that Brian David Hill, which is myself, have witness testimony to give Aaron M. Ziglar and the Office of the Attorney General, and a copy to Attorney Eric Ferguson in response to his claims made in the correspondence dated Tuesday, June 28, 2022.

2. Around September 26, 2017, I was aware of my mother Roberta Hill making a phone call to a business called “The Chimney Sweep”. I didn’t think making this affidavit would be important as I thought they would own up to their mistakes made on October 5, 2017, and didn’t know at that time that a mistake was even made until a later time. I now have no choice but to file this unsworn affidavit declaration and explain from my own witness testimony of what I know and remember to the best of my knowledge and abilities.
3. 11:23 AM EST, Tuesday, Around September 26, 2017, I remember my mother Roberta Hill in Apartment 1 making a phone call to a company called “The Chimney Sweep”. I was aware of how important finding a chimney service was as in 2016, a bunch of birds were flying and surrounding the chimney of our Triplex apartments, Roberta Hill’s apartment and my apartment, and birds swirling around flying at the chimney and flying into the chimney. I slightly recall birds making noises when I was around my chimney and heard the bird sounds. That would be the chimney swifts (birds). I live in Apartment 2, below Apartment 1. Apartment 3 is below Apartment 2.
4. Anyways, I do recall Roberta Hill calling the Chimney Sweep and overheard trying to get an estimate to try to get a chimney service to protect our chimney from the chimney swift birds as I heard that it would be illegal for us to remove the birds once they are in the chimney. So, we wanted something to

keep the chimney swifts out of the chimney which covers Apartment 1, Apartment 2, and below Apartment 2 was the ventilation for the hot water heater powered by natural gas and the radiator powered by natural gas. Both were powered by natural gas and both appliances are below Apartment 2.

There is Apartment 3 and an area in the back of Apartment 3 leading to two gas appliances. Every-time hot water is being used, the gas hot water heater powers up as more water comes into the tank. So, it can affect the home all-year-round. Both the hot water heater and ventilator work in the winter time and in parts of the fall when cold weather sets in. Around November, 2017, would be around the time when the radiator would start being ready for usage for the winter as temperatures get colder.

5. I remember in September 26, 2017, Roberta Hill telling me about having that chimney service to come out around October 5, 2017.
6. Can't remember exactly what time of day, but I do recall it was after 1:30PM to 2PM. I remember that a work truck or vehicle came in to work on the chimney. Roberta Hill did speak with the person outside. She went out the door to talk with the person. That at some point she came in. This was on October 5, 2017. After the work was done, I assumed that the chimney was fixed to where the chimney swifts were not going to come in our chimney that year. My mother did rush by me while I was in Apartment 1 to get the check, I

was inside. Then I remember her walking back by me with the check and went outside. I assumed she paid the check to the chimney worker who worked for The Chimney Sweep. I do recall her saying she believes it was the young-looking son of the owner of The Chimney Sweep. I am not sure as I do not have their names myself at that time but I do know it was somebody from The Chimney Sweep. The phone number 276-790-3505 rings in both Apartment 1 and Apartment 2, as both apartments are tied to this phone number, yes and includes the year of 2017. So, I was aware of this company trying to call my mother, that she did ask them to come and fix the chimney swifts issue.

7. After The Chimney Sweep left, it was days and weeks later that I started having some weird thinking issues but kept being persistent while working on something called a 2255 Motion where I was trying to prove my actual innocence in Federal Court over another matter in 2017, and was able to file it in November, 2017. My thinking started not being as good, and had to review over the 2255 at my grandma's house. My thinking started slowly getting weird.

8. In Saturday, November 18, 2017, I remember I was in my office room in Apartment 2 of my home slowly working on affidavit and evidence pleadings to try to support my actual innocence claims by proving perjury by a witness for the U.S. Attorney to mail to the U.S. District Court, at some point in my

office room in Apartment 2, I fell asleep or fainted. I blacked out. I woke up and saw my mother, Roberta Hill, and First Responders, meaning not police officers that I recall but saw EMT ambulance staff. Part of my head was bleeding. An EMT worker took his cell phone and took a photograph of my face with the wound. I believe it was on Sunday, November 19, 2017. My mother tried to explain to me about my fall and she thought it was diabetic low blood sugar, and I freaked out as I needed to clean myself with my Autism Spectrum Disorder and Obsessive Compulsive Disorder (OCD) showering and washing myself routine before I go to the Hospital. So, I kept insisting that I voluntarily go the Hospital not by ambulance to wash myself. I had to sign a legal document and the EMT staff left my bed, and left my Apartment. I started doing the OCD routine for multiple hours while a nurse relative who was a relative in my grandpa's side of the family, I cannot spell her name correctly so this nurse was also present in Apartment 1 while I was doing the hand washing and washing my body routine. I was doing this while blood was dripping from my head. I wasn't thinking straight with a life risking head injury and after hours, I finally went to the Hospital. I didn't know about the lab results at that time or maybe I was told and didn't really think much of it or forgotten. I found out in 2019 that medical records shown I had Sinus Tachycardia, abnormal Mean Platelet Volume, abnormal White Blood Cell

count or some abnormal blood cell count, I had some abnormal symptoms or lab readings at the Hospital. I assumed and my mother assumed that I fell from a diabetic seizure. She told me after I was checked out from the Hospital, she shown me part of my desk with a little cabinet below the top of my desk. That cabinet was partially damaged from the bottom wood where I fell and hit my head there. That is in my office room. You have to go down the hall to get from my office room to my bedroom. I asked my mother what happened to my pillows. She said there was blood all on it, she had to clean the blood drops from my office to my bedroom. This was abnormal. I've had Type 1 brittle diabetes for many years since I was age 1 and a half. I always had falls when my diabetic blood sugar was low. She said I fell, hit my head, then somehow, I was found in my bed with blood on the pillows, I somehow went to my bed while blood was coming out of the laceration in my head. If this were a diabetic seizure as we assumed and reported to the Hospital with my claims, it did not match my behavior. If I did have a low blood sugar episode and diabetic seizure, I would not have gotten back up from my fall without needing glucose or a doctor or nurse or anybody. This didn't seem like the low blood sugar caused this fall, but was something else. It took until 2019 to figure out what really happened. In 2019, I believe I was blacked out by a

dangerous amount of Carbon Monoxide Poisoning while I was in my office room.

9. Jason McMurray of the U.S. Probation Office who conducts the usual periodical visits, each visit to my Apartment 2, he started noticing the wall around my chimney was starting to look weird, I mean like tears dropping from certain parts, like parts of my wall were crying. I had a Jesus Christ wood painting of some sort which fell from my wall around my chimney and near my front door to Apartment 2. My mom noticed that things could not stay nailed to the wall, as it would fall down. The wall started acting like it couldn't hold things. Parts of the ceiling started falling down and deteriorating. Later on in 2018, Mr. McMurray started telling me his verbal concern as my Probation Officer, he was concerned about the damage just showing up around my fireplace in both the ceiling and wall. He started telling me his concerns and thought it should be fixed in his opinion. That would be Jason McMurray of the Roanoke, U.S. Probation Office in Virginia. Went up to Apartment 1 to tell Roberta Hill about his concerns with my Apartment with the weird mysterious damages happening without explanation.
10. There were times in late 2017 to 2018 I called my grandmother Stella Forinash with my frustrations about my federal case, telling her that I cannot think straight. I assumed that the stress was getting to me. I started acting

different, and my family noticed I was behaving differently. As the carbon monoxide issues continued, to my belief after I learned the truth from Pete Compton in 2019, it all made sense. I was acting funny in my Apartment and my mother looked into my eyes and she thought I wasn't acting right. I will not get into the specifics how I was behaving differently, but my family could tell I was not acting right. Then later on I found out from medical records that on July 31, 2018, Dr. Shyam Balakrishnan noticed weird abnormal blood levels which again those weird results would make sense if anybody reading them ever found out that I was being exposed to carbon monoxide gas.

11. I was acting so abnormal that I decided on September 20, 2018, to go walking on the Dick and Willie hiking trail at night. I was clothed when I walked out of my home. Then I remember a vision about a man wearing a hoodie threatening to kill my mother if I did not get naked, took photos of myself, and place the camera and/or SD Card at the bench. None of this made any sense to me and Martinsville Police did not believe my story because my story did not make any sense. It didn't add up. My family thought I was not making any sense. The Federal Judge, U.S. Magistrate Robert S. Ballou in Roanoke, VA thought there was a chance I was making this up as an excuse for running around naked at the Dick and Willie hiking trail at night. None of this made any sense to me. I remember at that hearing, my Probation Officer Jason

McMurray telling the judge that I was making crazy off the wall statements about my fears somebody would kill President Trump and his whole family.

He was concerned that I was losing it or wasn't mentally right in the head.

They pushed for a mental evaluation at the FCI-1 in Butner, North Carolina, a Federal Prison for conducting mental evaluations for pretrial detainees.

12. When I was at Federal Correctional Institution 1 in Butner, North Carolina, pursuant to a Federal Court order for a mental evaluation in 2019, I was given actual physical visitation with my mother Roberta Hill, Stella Forinash, and Kenneth Forinash (grandparents). Meaning not behind a sheet of glass but was able to hang out with my family sitting in the visitation room at the prison. They started talking with me and I was able to have soda drinks, eat popcorn and other good snacks. They started telling me about Pete Compton finding that our home was exposed to Carbon Monoxide gas. I started thinking and it became a big thing with me as I started realizing that Carbon Monoxide gas was the cause of why I ran down the Dick and Willie walking trail butt naked and taking photos of myself in the nude on September 21, 2018. I started realizing it, it clicked with me, it made sense why police didn't believe me. I immediately told my family at visitation to research into the carbon monoxide issue. That after visitation I begged my family that after I go back to my prison

cell, they needed to find out why I just wandered out on the deserted Dick and Willie walking trail in Martinsville, Virginia in the nude, at night.

13. Some point after they started mailing me evidence which I sent to the Circuit Court for the City of Martinsville, VA in 2019, for my criminal case. I started realizing that carbon monoxide was the cause of why I was butt naked on a walking trail in the middle of the night without a believable explanation I could give to Martinsville Police Department.

14. I asked them to get digital photos of the Carbon Monoxide damage in the ceiling, the white residue in the chimneys of both Apartment 1 and/or Apartment 2. I asked them to take photos of the damage in 2019, the damage caused by the carbon monoxide gas. I then made copies of those photos at Butner Prison and sent them by mail to the Circuit Court for the City of Martinsville. After my release from detainment, I remember taking photos of the white residue in the chimneys. I had my evidence. I brought evidence to the Circuit Court for the City of Martinsville for my indecent exposure criminal case.

15. The photographs didn't mean anything to the lawyers, I was forced by my own court appointed lawyer Matthew Scott Thomas Clark, I was by forced by circumstances and he wouldn't do anything to prove my innocence to my charge of indecent exposure. I was forced to withdraw appeal in November of

2019, in my criminal case. Two years after my fall and wound in my head, the laceration. That would be two years after The Chimney Sweep worked on our chimney on October 5, 2017.

16. The lawyers kept telling me and my family that the Circuit Court would not accept the carbon monoxide evidence and photographs because they didn't have the levels. One such lawyer was Lauren McGarry, a corrupt mean lawyer who kept badgering me to accept guilt of indecent exposure. None of the CORRUPT lawyers for the City of Martinsville, the possibly corrupt Judge Giles Carter Greer of the Circuit Court for the City of Martinsville, none of them wanted to accept that I was gas poisoned by carbon monoxide in my home because I didn't have the damn levels. So, I withdrawn appeal, I gave up because the corrupt court appointed lawyer, the possibly corrupt Giles Carter Greer, none of them would let me prove my innocence at all, all they wanted was for me to accept guilt and give up. I was forced into this; I had no choice.
17. I still filed a timely direct appeal of my criminal conviction to buy more time to gather more evidence to try another Jury trial and to buy time to hold jurisdiction while I gathered more evidence or maybe a change of laws in Virginia would cause me to bring up carbon monoxide at a later time.
18. On September 12, 2019, I was ordered to self-report to the Federal Prison, they would not give me the time I needed to fight for acquittal in the Circuit

Court in Martinsville. I wanted to go after The Chimney Sweep for what they done to me and my family. I wanted to make them pay but I was focused on going to Federal Prison in December, 2019, that I became obsessed with fighting the corrupt Federal Judge and that took me away from fighting The Chimney Sweep for causing my Federal Imprisonment. I hated The Chimney Sweep since 2019 for what they have done. They caused my indecent exposure; they ruined my life. I had to go to Federal Prison because of THEM. Anyways, I was forced to fight the corrupt Federal Judge and file motions to vacate the conviction based on evidence of fraud on the court. The judge ignored my motions, I withdrawn appeal because it was too late to do anything because I was heading to Federal Prison on December 6, 2019, I had no time to go after The Chimney Sweep, to sue them for what they had done to me. I went to the Federal Prison on December 6, 2019, was discharged that same day for overserving my sentence. By some GOD GIVEN MIRACLE I didn't have to spend any night at this Federal Prison in Federal Medical Center in Lexington, Kentucky.

19. After I was released, I was busy working with my Fourth Circuit U.S. Court of Appeals appointed lawyer Edward Ryan Kennedy from West Virginia in my federal appeal, I started filing post-conviction motions and trying to fight the Circuit Court and dealing with filing things with the Court of Appeals of

Virginia. I was dealing with that for months and months. It became a few years. Then the court appointed lawyer John Ira Jones, IV, who used to work for the Attorney General of Virginia as counsel for the Commonwealth of Virginia, he became my lawyer then he screwed up and didn't file any Petition for Appeal in 2020. The appeal cases were dismissed and he apologized for what he did to me. Promised he would file motions for delayed appeal. They succeeded and then the case was delayed until 2021. The delays got even longer because of the COVID-19 panic crisis. Edward Ryan Kennedy was the best court appointed lawyer that I ever had, the rest were shit. Pardon my language but the rest of the court appointed lawyers were useless and crappy.

20. The lawyer, Eric Ferguson wondered why it took me 3-5 years to file my complaint against The Chimney Sweep. The reason why was that I kept trying to win in the Circuit Court for my wrongful conviction of indecent exposure. I kept getting betrayed over and over by my court appointed lawyers. That would be Scott Albrecht who was a chicken who ran away from Martinsville Public Defender Office. Then I was appointed Lauren McGarry who told me that I cannot prove carbon monoxide poisoning because I didn't have the levels. She refused to subpoena The Chimney Sweep. She refused to subpoena that business in 2019 for installing the metal tin on the chimney flues. Then I was appointed Matthew Scott Thomas Clark, another piece of s-h-i-t lawyer.

This lawyer told me that I couldn't bring up any solid defense and that I would go in front of Christian bible belt jurors who would wonder why I was found naked that night. They would not hear of The Chimney Sweep business; they would not hear anything about them installing metal tin on top of the chimney flues. They would not be called forth as witnesses. I would lose, it was all straight up just like Eric David Placke of the Federal Public Defender office in Greensboro, North Carolina. The same crappy court appointed lawyer who does nothing to prove your innocence, just tells you to give up, to plead guilty to a crime I am not guilty of. What a disappointment. I been through the corrupt legal circus for years and years. That is why I took 3-5 years to go after The Chimney Sweep. I been through the corrupt Circuit Court, I been through the corrupt Public Defenders, Corrupt Federal Judges, it all is a circus. A corrupt legal circus like a Casino, gambling with years in prison or just falsely plead guilty. It is all a circus to me. The reason I took so long as constantly filing motions on a pro se basis, having to fight and file many SCOTUS petitions and Federal Appeals. One appeal after another fails. Almost every motion I ever file is denied, in both the Federal Court and State Court, one motion denied after another. I never get anywhere. That, Eric Ferguson is why I had taken so long. I been through one legal circus hell after

another. Judge after judge calling me names, lying about me, lying about the record, lying about me being guilty, lying, distorting the facts.

21. I have no choice but to go after The Chimney Sweep for causing my indecent exposure. I am angry at them for going to jail and Federal Prison for months over me being exposed to carbon monoxide gas poisoning for almost a year. I been weird and acted abnormal from November, 2017, until I was arrested for being naked on the Dick and Willie walking trail in Martinsville. The effects got bad in November, 2017, that I had a wound which I still have such a scar left in my head. I STILL HAVE THE SCAR, and The Chimney Sweep caused that scar by putting the metal tin on top of the chimney on October 5, 2017. After they told me in Federal Prison about Pete Compton, about the carbon monoxide and about the metal tin, it all made sense to me. My family felt that it explained why I was naked and found naked by Martinsville Police on a public walking trail at night. It all made sense to me.
22. I cannot let it go until I get justice. I cannot forgive The Chimney Sweep for causing years of misery and legal hell to me until they can make amends.
23. I want them to tell Glen Andrew Hall, Esquire that they did install the metal tin on the chimney as was found by chimney expert Pete Compton of ACE Chimney in Bassett, Virginia. Who else would install metal tin on top of the chimney on October 5, 2017? The Easter Bunny? Santa Claus??? NO, it was a

chimney company that caused this. I believe it was The Chimney Sweep because I recall her calling them who are from Rocky Mount, VA desperate to finding a chimney company to prevent the chimney swift birds from flying into the chimney before the winter. No chimney swifts came in, in 2017. No chimney swifts came in the chimney in 2018. That was because metal tin was placed over the flues. The Chimney Sweep are responsible in my belief, in the best of my view and abilities. I want them to be held accountable because I am angry that they caused me years of legal misery, federal and state imprisonment and jails. They caused me all of this suffering and misery. I want them to pay for what they have done. I want them to accept responsibility for what they have done. I pray to God and Jesus everyday that The Chimney Sweep will make amends and admit to what they had done. They need to write an affidavit to the corrupt Commonwealth Attorney Glen Andrew Hall and write a letter to the Judge Giles Carter Greer, and admit to installing the metal tin on top of the chimney flues at 310 Forest Street, Martinsville, Virginia. If they will make amends, I will forgive them, I WILL FORGIVE THEM. I promise God, Jesus, I promise the Angels, I will forgive The Chimney Sweep if they will admit to what they had done on October 5, 2017. All I want is for them to admit to what they done. I understand it was a mistake they made. They made a booboo. They screwed up; it is not the end of

the world for them. They are not bad guys for making a mistake. However, they need to own up to what they have done and save me from my wrongful conviction. They need to own up to their mistakes. They need to tell the judge and the Commonwealth Attorney what they did on October 5, 2017. They need to just do that and I promise God, Jesus, and the Angels that I will forgive them and move on with my life.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on July 5, 2022.

Respectfully filed with Aaron M. Ziglar and Attorney Eric Ferguson (whom represents client: The Chimney Sweep) with email service (rbhill67@comcast.net) by and through pro se filing representative Roberta R. Hill. This the 5th day of July, 2022.

Respectfully submitted,

Dear Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint. Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email. In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken.

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Office of the Attorney General

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep 2

Mr. Ziglar--I have reviewed all of these emails and Ms. Hill has been sending them to me regularly. I want to make this clear--neither my client nor myself are trying to do anything to Mr. Hill. We know nothing about what he has been through and it sounds like a lot. We are not trying to prevent him from being successful in his efforts. We are not trying to hurt his efforts. My client is trying to be as honest as he can be in this complaint. My client does not remember doing any work for the Hills in 2017 or ever. He does not believe that he has done any work for them. He has no records of ever providing estimates or doing any work for them.

I have reviewed the medical records provided with the complaint. I do not see where any medical personnel has made any diagnosis of carbon monoxide poisoning involving Mr. Hill. I tried to go over those records carefully and I do not think that I missed anything. If I did, I apologize for missing it.

I understand that Mr. Hill is trying to clear his name and I appreciate his efforts. However, my client cannot accept responsibility for something he does not recall. I cannot and will not debate Mr. Hill's medical conditions. I will leave that to him and his doctors. What they prove or show is also between him, his doctors and the courts.

I can only reiterate that my client does not recall, and has no records of, ever doing any work for the Hills.

To: "Ziglar, Aaron M." <AZiglar@oag.state.va.us>, "ltgov@ltgov.virginia.gov" <ltgov@ltgov.virginia.gov>, "LtGovernorJeanette.Nunez@eog.myflorida.com" <LtGovernorJeanette.Nunez@eog.myflorida.com>, Lin Wood <lwood@linwoodlaw.com>, Lin Wood <lwood@fightback.law>, "kenstella2005@comcast.net" <kenstella2005@comcast.net>, Kenstella <kenstella@comcast.net>, "Coen, Chris" <ccoen@oag.state.va.us>

Note: Lt. Governor, you see what is happening. The Chimney Sweep doesn't want to be held liable for anything. If they had any records, they covered up those records. It is time for the Governor to pardon Brian David Hill for being innocent. A pardon is the only way. Evidence being covered up right and left would be good enough reason for a pardon. Records being covered up would be good enough reason for an absolute pardon. Evidence and records are covered up for a reason, to prevent an innocent man from ever proving his innocence. Guilty men cover up evidence, innocent people do not cover up evidence. Brian Hill never covered up anything. The other side in his criminal case covered up anything favorable to Brian Hill. This can never be remedied in the rigged Courts. Actual Innocence is proven when evidence is covered up by the prosecution, by Martinsville Police, and any records from The Chimney Sweep just disappear as well. When evidence disappears, that means Brian Hill is innocent of his charged crime. Maybe the Innocence Project of Virginia needs to come in and assist Brian, he cannot fight this alone. He will never succeed without a lawyer or Innocence Project coming in. Otherwise he just needs to be acquitted. Cover ups just means innocence.

Aaron Ziglar,

Interesting that this lawyer doesn't want to wait until the check records are acquired from my closed bank account from the check in 2017 before responding. Interesting how Mr. Cassell claims to have no records.

That lie will be proven as a lie once the bank records are acquired.

Maybe the State Police needs to quickly subpoena the bank used by Mr. Cassell to cash in the check for \$300 from myself. Then that proves a record once existed but highly likely that record was destroyed.

Just like the Martinsville Police body-camera footage being destroyed by the Commonwealth of Virginia during pending criminal litigation and after multiple court orders for discovery materials to be retained and provided to the defense. Just like the blood samples obtained at the Sovah Hospital being destroyed after Brian said he thought he was drugged in writing to the Federal Court.

Now the records don't exist as to The Chimney Sweep???

Records just disappear, evidence just disappears. I guess Brian is guilty then because evidence just disappears because my son is only guilty right???

Attorney Lin Wood is receiving this too because he was targeted by the Deep State for the

evidence and witnesses he has access to. **That is a tactic of the enemy to destroy records, to destroy evidence.**

Did Glen Andrew Hall put you up to this??? Did the Commonwealth Attorney Glen Andrew Hall told Mr. Cassell to destroy records proving that work was done on the chimney???

This sounds familiar what this lawyer is saying about there being no records, oops no evidence just like other sources. There are tax records. Where are the tax records required by law???

Let's see, a \$300 check paid to The Chimney Sweep would have gone to Mr. Cassell. There should be some kind of record or even a financial record or tax record as records are usually kept for taxes. For a nice reputable business, they should have at least tax records or records for reporting taxes. Usually tax records regarding a service are required. **Maybe a tax record for \$300 from a customer in October, 2017. Hmmm, maybe The Chimney Sweep lost the tax records of \$300 income for October 5, 2017, or whatever date the check was cashed.**

Without any such records, it kind of seems like money laundering or some kind of scheme to get paid \$300 and not report it for taxes. Like under the table type stuff. Get paid \$300 and that record just disappears.

We will see Eric Ferguson once we get the check record. We will get whatever record exists from the bank required by five years to retain check records. We have the check stub in the photograph.

The Hospital didn't do CarboxyHemoglobin in November, 2017. If they did, then Brian Hill never would have been arrested for indecent exposure on September 21, 2018, because it never would have happened. If we had known in 2018 or late 2017 about the carbon monoxide, we would have stopped it and Brian Hill never would have been arrested and probably would have succeeded in overturning his federal case on actual innocence. The indecent exposure charge and conviction messed everything up for Brian. He has to be found innocent at all costs.

I think Eric Ferguson's response is just more cumulative proof that any evidence favorable to Brian Hill being innocent of indecent exposure has been destroyed, **any evidence favorable to Brian David Hill has been reportedly destroyed in regards to the indecent exposure case.**

Here is the evidence that has been destroyed due to both ineffective assistance of counsel, contempt of court, and judicial corruption and Martinsville Police corruption and lawyer corruption in Martinsville:

1. Police body-camera footage recorded on September 21, 2018, Brian D. Hill made statements to Officer Robert Jones, body-camera footage recorded by Officer Robert Jones;
2. Biological evidence obtained on September 21, 2018, blood vial or vials drawn from Brian Hill's arm before he was arrested by Arrest Warrant;
3. Laboratory work was to be deleted from the chart, so laboratory results were covered up at some point on or after September 21, 2018;
4. Attorney Renorda Pryor had kept her mouth shut about the cover up by omission in Federal Court transcript where Martinsville Police officer Robert Jones admitted under oath that Brian Hill was not being obscene when he originally charged Brian with obscenity;
5. **Any records or evidence of chimney work done at 310 Forest Street, Martinsville, Virginia.**

One cover up after another because Brian cannot afford the best lawyer he can get.

More and more evidence just keeps being covered up. Anything to prove my son's innocence has been covered up. I see the same pattern with The Chimney Sweep, the same pattern. "Oh I don't remember anything". **Just more and more covering up to keep my son convicted of a crime that he is innocent of. Such corruption. Such tyranny.** We had a 1776 American Revolution over this kind of corruption and tyranny and we are right back to the period before the American Revolution. **Taxation without representation, rigged jury trials, corrupt courts, corrupt judges, pedophiles and child molesters as President of the US and in other powerful government positions, government that breaks every law in the book and commits a long trail of abuses and usurpations to reduce us under absolute despotism.**

Anyways, it is just more evidence being covered up. Oh sorry, my son has no proof of innocence because it has all been covered up, haha they think. They covered up the bloodwork, they covered up the lab results, they covered up Officer Jone's admission under oath that Brian was not obscene when the whole basis was "making an obscene display", they covered up the body-camera footage.

Now the records from The Chimney Sweep just disappear. The same thing, doesn't matter which lawyer from wherever. **Just cover up the evidence to keep Brian Hill convicted of a crime. It is tough on crime, right!!!! It is great to just throw people in prison, don't care that somebody is innocent.**

This lawyer is just part of a corrupt judicial system, he is just as corrupt as the judges and other lawyers. **Just as corrupt because he is part of a corrupt system. A corrupt judicial system that doesn't care when somebody is not guilty of a crime. If somebody cannot afford a good lawyer, they get a Public Pretender. It is all the same. Virginia's court system is just as corrupt as North Carolina and just as corrupt as the Federal Courts. Corrupt, Corrupt, and Corrupt. Brian ain't a black man but he was mistreated by the corrupt judicial system all the same. He was treated the same way as criminal defendants of all skin colors, judicial corruption hurts us all. If your poor, your going to prison, that is a guarantee.**

The court is corrupt. They don't investigate anything, they don't do anything, just convict, convict, and convict. **If your rich you can break the law and get away with it, most of the time. Look at Jeffrey Epstein, look at Bill Clinton, look at the Bidens. If your poor and against the New World Order, they throw the book at you.**

The Virginia Court system needs to be reformed again, it is corrupt and the judges are corrupt. The Commonwealth Attorney is corrupt and the police are corrupt. John McAfee knew this before he was executed after his detainment, Attorney Lin Wood knows this, American actor Isaac Kappy knew how corrupt the government and courts were and he was murdered off of a bridge. Judges being blackmailed. Just part of the corrupt judicial system.

Aaron Ziglar, please wait for the check records or bank records, whatever they are called. If all records have just disappeared, that would include records needed for tax preparation, tax reporting, tax records. So if they truly have no records at all, then they were covered it up, just like Sovah Hospital on the day of his arrest, just like the body-camera footage ordered by the Court for the defendant to have access to that piece of evidence. Instead it was all destroyed.

So please wait for the check records, bank records, anything we get. It may be time for somebody in Government to subpoena the check and bank records of who cashed in my paid \$300 check in Rocky Mount, VA. I'm sure that somewhere that check was cashed. That would prove Mr. Cassell did cash that check in somewhere. Somebody cashed that check in. **Checks don't cash themselves do they, Eric Ferguson???**

If there is truly no records, then they were covered up. Covered up, just like everything else. Brian Hill cannot get anywhere because he cannot afford an expensive criminal defense attorney. It is always the same story, innocent people go to prison, and the rich people do not. **Jailhouses are for the poor folks like us. Slave camps, to make slaves of the American poor people. Poor folks are meant to go to prison, even if they are not guilty of a crime. Always the same story. Nothing ever changes.**

Thanks,
Roberta Hill

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep 2

Mr. Ziglar--I have reviewed all of these emails and Ms. Hill has been sending them to me regularly. I want to make this clear--neither my client nor myself are trying to do anything to Mr. Hill. We know nothing about what he has been through and it sounds like a lot. We are not trying to prevent him from being successful in his efforts. We are not trying to hurt his efforts. My client is trying to be as honest as he can be in this complaint. My client does not remember doing any work for the Hills in 2017 or ever. He does not believe that he has done any work for them. He has no records of ever providing estimates or doing any work for them.

I have reviewed the medical records provided with the complaint. I do not see where any medical personnel has made any diagnosis of carbon monoxide poisoning involving Mr. Hill. I tried to go over those records carefully and I do not think that I missed anything. If I did, I apologize for

missing it.

I understand that Mr. Hill is trying to clear his name and I appreciate his efforts. However, my client cannot accept responsibility for something he does not recall. I cannot and will not debate Mr. Hill's medical conditions. I will leave that to him and his doctors. What they prove or show is also between him, his doctors and the courts.

I can only reiterate that my client does not recall, and has no records of, ever doing any work for the Hills.

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep 2

From: ROBERTA HILL <rbhill67@comcast.net>

Date: 7/6/2022, 1:24 PM

To: "Ziglar, Aaron M." <AZiglar@oag.state.va.us>, "ltgov@ltgov.virginia.gov" <ltgov@ltgov.virginia.gov>, "LtGovernorJeanette.Nunez@eog.myflorida.com" <LtGovernorJeanette.Nunez@eog.myflorida.com>, Lin Wood <lwood@linwoodlaw.com>, Lin Wood <lwood@fightback.law>, "kenstella2005@comcast.net" <kenstella2005@comcast.net>, Kenstella <kenstella@comcast.net>, "Coen, Chris" <ccoen@oag.state.va.us>

I did some research and tax laws may exempt chimney services. They likely counted all income together so individual checks may not have to be reported if what I read is correct. Businesses may keep check records in cases of possible audits from the IRS, even though they may not be required to keep records like checks cashed.

However, the check record still exists from my closed bank account for the 5 year retention period. My apologies on assuming that taxes covered each service individually paid for by customers. It covers income but usually the accountant likely adds all income up together and that is what was reported, if I am correct on this.

The check was made and it was cashed, that is what the bank record will prove.

Attorney Eric Ferguson needs to wait, he cannot just rush Brian's complaint to being dismissed. All of the communications Brian plans on filing with the Circuit Court, and hopefully on appeal he will get a favorable decision.

In regards to: <https://justiceforuswgo.wordpress.com/2021/01/05/lilnwood-l-lin-woods-tweets-makes-it-clear-it-is-highly-likely-our-federal-state-judges-and-politicians-are-being-blackmailed-threatened-possibly-with-child-rape-and-murder/>, First all of the child rape and murder blackmail concerning federal/state judges will need to be ceased as **Brian plans on having Attorney Lin Wood subpoenaed and have the John McAfee evidence of blackmailed rapist judges and politicians to be investigated to stop the judicial corruption, and hopefully the patriots in law enforcement have the blackmail videos of the child rape and murder committed by the compromised judges and officials. If the patriots do have those videos, then the blackmailed judges can be removed from office, the corrupt blackmailed politicians can be removed from office.** Then we can finally start seeing corruption disappear in Virginia, in Martinsville. **The corruption will disappear once the child molesters in the courts and government offices are removed from their posts. Proving blackmail will be up to Attorney Lin Wood's source or sources. It will be up to those who have access to the cache of blackmail videos obtained by The Lizard Squad and possibly by John McAfee before he died in a jail cell.**

Anyways, this lawyer needs to wait on the check records, bank records. Rushing this seems suspicious to my son, and I believe it is suspicious to rush to have this complaint dismissed before the bank records are even given to me.

The FDIC can also intervene in this as well. The FDIC can act to make sure that I get the check records. The FDIC maybe even may be able to get that my check was cashed out, maybe.

Depending on the regulations and laws. However, just the \$300 being paid will be enough evidence. Then that along with all correspondence will be turned over to a Federal Judge for Brian's Writ of Habeas Corpus petition asking for vacatur of his wrongful criminal conviction.

This whole dispute is just further evidence that Brian Hill is innocent. **Nobody wants to admit they done wrong and wants Brian to admit to doing wrong. Such hypocrites.** These fake republicans acting like they commit no crime and done nothing wrong then blame my son for a crime he is innocent of and refuse to accept his innocence. It doesn't matter about either side of the political parties. Corruption is everywhere.

Maybe the individual checks are not reported as income tax, maybe they can count all income together from the chimney business and individual checks are not reported as income for tax purposes, but the check record still exists until October 5, 2017 or whatever date that Mr. Cassell or any agent or representative of his cashed that check in.

The IRS does audits, maybe check records are kept in case of audits. **Regardless, if there are no records period while \$300 was paid to The Chimney Sweep, then the records were likely shredded, destroyed, disappeared, GONE. There are no records because they disappeared. There is no disputing that fact when records just disappear, gone. Just another piece of evidence disappears when it is favorable to Brian Hill being acquitted of his criminal conviction.**

Another COVER UP to be brought up in the Circuit Court, and if the judge denies that too then it will go on appeal. My son is waiting until the check records before filing pdf printouts of all of this case correspondence with the Circuit Court and copies will be given to the Federal Judge over Habeas Corpus. The Chimney Sweep is involved but records were covered up. They are tied to this no matter how much they like to deny any knowledge of it.

Another cover up, another piece of evidence or witness evidence all destroyed and disappeared.

At this point hopefully a Federal Judge will see that Brian's entire criminal case is laced in cover ups, denials, contempts of court, violations of law, obstructions of justice, and just lying and disinformation. Hopefully the Federal Judge will consider this as a violation of Brian's due process rights both procedural and substantively. Brian's constitutional rights were violated since his arrest. Doesn't matter about The Chimney Sweep covering up their records when the entire criminal case was nothing but corrupt local judge, corrupt prosecutor, corrupt police, corrupt Hospital, corrupt everything. The entire criminal case should be vacated. I guess The Chimney Sweep will get away with everything, but Brian's constitutional rights were violated from the day of his arrest until even today.

On 07/06/2022 11:28 AM ROBERTA HILL <rbhill67@comcast.net> wrote:

Note: Lt. Governor, you see what is happening. The Chimney Sweep doesn't want to be held liable for anything. If they had any records, they covered up those records. It is time for the Governor to pardon Brian David Hill for being innocent. A pardon is the only way. Evidence being covered up right and left would be good enough reason for a pardon. Records being covered up would be good enough reason for a absolute pardon. Evidence

and records are covered up for a reason, to prevent an innocent man from ever proving his innocence. Guilty men cover up evidence, innocent people do not cover up evidence. Brian Hill never covered up anything. The other side in his criminal case covered up anything favorable to Brian Hill. This can never be remedied in the rigged Courts. Actual Innocence is proven when evidence is covered up by the prosecution, by Martinsville Police, and any records from The Chimney Sweep just disappear as well. When evidence disappears, that means Brian Hill is innocent of his charged crime. Maybe the Innocence Project of Virginia needs to come in and assist Brian, he cannot fight this alone. He will never succeed without a lawyer or Innocence Project coming in. Otherwise he just needs to be acquitted. Cover ups just means innocence.

Aaron Ziglar,

Interesting that this lawyer doesn't want to wait until the check records are acquired from my closed bank account from the check in 2017 before responding. Interesting how Mr. Cassell claims to have no records.

That lie will be proven as a lie once the bank records are acquired.

Maybe the State Police needs to quickly subpoena the bank used by Mr. Cassell to cash in the check for \$300 from myself. Then that proves a record once existed but highly likely that record was destroyed.

Just like the Martinsville Police body-camera footage being destroyed by the Commonwealth of Virginia during pending criminal litigation and after multiple court orders for discovery materials to be retained and provided to the defense. Just like the blood samples obtained at the Sovah Hospital being destroyed after Brian said he thought he was drugged in writing to the Federal Court.

Now the records don't exist as to The Chimney Sweep???

Records just disappear, evidence just disappears. I guess Brian is guilty then because evidence just disappears because my son is only guilty right???

Attorney Lin Wood is receiving this too because he was targeted by the Deep State for the evidence and witnesses he has access to. **That is a tactic of the enemy to destroy records, to destroy evidence.**

Did Glen Andrew Hall put you up to this???. Did the Commonwealth Attorney Glen Andrew Hall told Mr. Cassell to destroy records proving that work was done on the chimney???

This sounds familiar what this lawyer is saying about there being no records, oops no evidence just like other sources. There are tax records. Where are the tax records required by law???

Let's see, a \$300 check paid to The Chimney Sweep would have gone to Mr. Cassell. There should be some kind of record or even a financial record or tax record as records are usually kept for taxes. For a nice reputable business, they should have at least tax records or records for reporting taxes. Usually tax records regarding a service are required. **Maybe a tax record for \$300 from a customer in October, 2017. Hmmm, maybe The Chimney Sweep lost the tax records of \$300 income for October 5, 2017, or whatever date the check was cashed.**

Without any such records, it kind of seems like money laundering or some kind of scheme to get paid \$300 and not report it for taxes. Like under the table type stuff. Get paid \$300 and that record just disappears.

We will see Eric Ferguson once we get the check record. We will get whatever record exists from the bank required by five years to retain check records. We have the check stub in the photograph.

The Hospital didn't do CarboxyHemoglobin in November, 2017. If they did, then Brian Hill never would have been arrested for indecent exposure on September 21, 2018, because it never would have happened. If we had known in 2018 or late 2017 about the carbon monoxide, we would have stopped it and Brian Hill never would have been arrested and probably would have succeeded in overturning his federal case on actual innocence. The indecent exposure charge and conviction messed everything up for Brian. He has to be found innocent at all costs.

I think Eric Ferguson's response is just more cumulative proof that any evidence favorable to Brian Hill being innocent of indecent exposure has been destroyed, **any evidence favorable to Brian David Hill has been reportedly destroyed in regards to the indecent exposure case.**

Here is the evidence that has been destroyed due to both ineffective assistance of counsel, contempt of court, and judicial corruption and Martinsville Police corruption and lawyer corruption in Martinsville:

1. Police body-camera footage recorded on September 21, 2018, Brian D. Hill made statements to Officer Robert Jones, body-camera footage recorded by Officer Robert Jones;
2. Biological evidence obtained on September 21, 2018, blood vial or vials drawn from Brian Hill's arm before he was arrested by Arrest Warrant;
3. Laboratory work was to be deleted from the chart, so laboratory results were covered up at some point on or after September 21, 2018;
4. Attorney Renorda Pryor had kept her mouth shut about the cover up by omission in Federal Court transcript where Martinsville Police officer Robert Jones admitted under oath that Brian Hill was not being obscene when he originally charged Brian with obscenity;
5. **Any records or evidence of chimney work done at 310 Forest Street, Martinsville, Virginia.**

One cover up after another because Brian cannot afford the best lawyer he can get.

More and more evidence just keeps being covered up. Anything to prove my son's innocence has been covered up. I see the same pattern with The Chimney Sweep, the same pattern. "Oh I don't remember anything". **Just more and more covering up to keep my son convicted of a crime that he is innocent of. Such corruption. Such tyranny.** We had a 1776 American Revolution over this kind of corruption and tyranny and we are right back to the period before the American Revolution. **Taxation without representation, rigged jury trials, corrupt courts, corrupt judges, pedophiles and child molesters as President of the US and in other powerful government positions, government that breaks every law in the book and commits a long trail of abuses and usurpations to reduce us under absolute despotism.**

Anyways, it is just more evidence being covered up. Oh sorry, my son has no proof of innocence because it has all been covered up, haha they think. They covered up the bloodwork, they covered up the lab results, they covered up Officer Jone's admission under oath that Brian was not obscene when the whole basis was "making an obscene display", they covered up the body-camera footage.

Now the records from The Chimney Sweep just disappear. The same thing, doesn't matter which lawyer from wherever. **Just cover up the evidence to keep Brian Hill convicted of a crime. It is tough on crime, right!!!! It is great to just throw people in prison, don't care that somebody is innocent.**

This lawyer is just part of a corrupt judicial system, he is just as corrupt as the judges and other lawyers. **Just as corrupt because he is part of a corrupt system. A corrupt judicial system that doesn't care when somebody is not guilty of a crime. If somebody cannot afford a good lawyer, they get a Public Pretender. It is all the same. Virginia's court system is just as corrupt as North Carolina and just as corrupt as the Federal Courts. Corrupt, Corrupt, and Corrupt. Brian ain't a black man but he was mistreated by the corrupt judicial system all the same. He was treated the same way as criminal defendants of all skin colors, judicial corruption hurts us all. If your poor, your going to prison, that is a guarantee.**

The court is corrupt. They don't investigate anything, they don't do anything, just convict, convict, and convict. **If your rich you can break the law and get away with it, most of the time. Look at Jeffrey Epstein, look at Bill Clinton, look at the Bidens. If your poor and against the New World Order, they throw the book at you.**

The Virginia Court system needs to be reformed again, it is corrupt and the judges are corrupt. The Commonwealth Attorney is corrupt and the police are corrupt. John McAfee knew this before he was executed after his detainment, Attorney Lin Wood knows this, American actor Isaac Kappy knew how corrupt the government and courts were and he was murdered off of a bridge. Judges being blackmailed. Just part of the corrupt judicial system.

Aaron Ziglar, please wait for the check records or bank records, whatever they are called. If all records have just disappeared, that would include records needed for tax preparation, tax reporting, tax records. So if they truly have no records at all, then they were covered it up, just like Sovah Hospital on the day of his arrest, just like the body-camera footage ordered by the Court for the defendant to have access to that piece of evidence. Instead it was all destroyed.

So please wait for the check records, bank records, anything we get. It may be time for somebody in Government to subpoena the check and bank records of who cashed in my paid \$300 check in Rocky Mount, VA. I'm sure that somewhere that check was cashed. That would prove Mr. Cassell did cash that check in somewhere. Somebody cashed that check in. **Checks don't cash themselves do they, Eric Ferguson???**

If there is truly no records, then they were covered up. Covered up, just like everything else. Brian Hill cannot get anywhere because he cannot afford an expensive criminal defense attorney. It is always the same story, innocent people go to prison, and the rich people do not. **Jailhouses are for the poor folks like us. Slave camps, to make slaves of the American poor people. Poor folks are meant to go to prison, even if they are not guilty of a crime. Always the same story. Nothing ever changes.**

Thanks,
Roberta Hill

Aaron Ziglar,

My son is wanting me to email you this letter, he already faxed this to both offices.

We are still waiting on the bank records. Brian and me will be heading to TRUIST branch bank in our local area to see if this will get the records more quickly or make sure that the process is started.

Brian wants this bank account records to be his final evidence on record in both the Attorney General Office, with Aaron Ziglar, and with the office of Eric Ferguson. Brian asks for this attorney to wait for the bank records. Once they are filed, Brian will give JaCody Cassell one more chance to admit to what he done, before he files the evidence of lying to the Circuit Court in his bid for a new trial by jury or judgment of acquittal, then they will turn it over to the Federal Court in my son's petition for a writ of habeas corpus asking for vacatur of state conviction.

While we wait, my son has typed up this faxed letter. He wants this final evidence before he plans to dismiss his complaint and let the Feds handle this situation in his writ of habeas corpus request.

Once the bank records are obtained, if they do further prove that Mr. Cassell had lied as we feel those records will further prove this, Cassell will be given one more chance to do the right thing and admit to what he had done.

My son is turning this over to Jesus Christ and God to prosecute Mr. Cassell on judgment day in the Court of God, in the Court of Heaven when that day finally comes. Jesus knows all, sees all, and Jesus knows that Brian is not lying about this. Jesus knows who placed the metal tin on our chimney at our Triplex. If JaCody did not place the metal tin, then he has nothing to worry about. If he did then God will show him what he did to Brian.

We all have a life review, spiritually, and when he faces his own life review someday, JaCody Cassell will experience the feeling of the pain he caused us both. The pain and misery, the suicidal thoughts, he will feel all of that pain and emotional trauma. He will feel all of it. He will feel our pain which he caused. I believe he had caused the carbon monoxide gas for almost a year for Brian, over a year for me. Cassell will spiritually experience the pain he caused us. If you ever read spiritual and scientific studies about out of body experiences, a spiritual world does exist whether your a atheist or not. God does exist. We are all judged for our acts, whether it is technically illegal or legal. <https://www.embracedbythelight.com/>

Brian will give this issue to God to prosecute JaCody for the damage and emotional trauma he had caused, the wrongful conviction caused by the carbon monoxide. Brian will ask a federal judge to undo his state conviction.

Thanks,
Roberta Hill

--	--

To Whom it may Concern,

I would like to reach out to you more personally rather than Roberta Hill conveying messages to you.

I ask Aaron Ziglar to wait until I and Roberta Hill receive a copy of her bank account record and/or check record proving that \$300 was paid to The Chimney Sweep.

Once I do, I will have the evidence proving that Mr. JaCody Cassell is lying about not doing any chimney work for Roberta Hill at 310 Forest Street, Martinsville, Virginia 24112. Lying about no estimate. Lying through his representative Attorney Eric Ferguson who is simply repeating what his client is directing him to do. As it is ethical to always do what your client asks you to do, though my court appointed lawyers did not do much of that if any at all.

It is admirable Attorney Eric that you will do whatever your client asks you to do. Even if certain statements Attorney Ferguson had said can be proven to be untrue.

In this Attorney's statements from his client, Mr. Cassell, owner of the business titled as "The Chimney Sweep" in Rocky Mount, Virginia. Attorney Eric Ferguson said

some statements which I will directly prove are not truthful.

CITATION FROM ATTORNEY ERIC FERGUSON'S RESPONSE DATED JUNE 29, 2022: "My client has never done any work for the Hills."

The formal written requests from Roberta Hill were put in to both the FDIC, SunTrust (failed bank) through FDIC, and TRUIST bank. I successfully faxed TRUIST bank in both Martinsville branch and Ridgeway branch. I am simply waiting for the records.

Once I have the bank records, the photograph of the check stub, it will prove that \$300 was paid to The Chimney Sweep in October, 2017, on the date which the money was transferred out of Roberta Hill's bank account in October, 2017. The check was dated as to being October 5, 2017.

I am aware that SunTrust in 2017 scans checks and keeps certain electronic records such as photocopies of cashed checks. The check date on the photograph of the check stub as to being OCTOBER 5, 2017 also backs the phone records of 276-790-2505 phone account on xFinity/Comcast. It backs that Roberta Hill made a phone call to the phone number (540) 483-2468, US Phone Book printout proved that the phone number belonged to James Cassell, who was the owner of the business known as The Chimney Sweep. Roberta opened the image to tab browser feature at the BBB profile for The Chimney Sweep to view the image logo of The Chimney Sweep and it was a large image to her surprise.

Notice the logo for The Chimney Sweep is the exact same phone number as the caller logs supporting that two times of phone calling in the telephone records.

Roberta Hill received a phone call from (540) 483-2468 at around 10:04 AM EST, Thursday, Oct 5, 2017, lasted 23 seconds. Roberta Hill later made a phone call back to that number (540) 483-2468 at around 1:22 PM EST, Thursday, Oct 5, 2017, lasted 36 seconds. At the time Mr. Cassell, whichever Cassell it was had used the mobile cell phone provider U.S. CELLULAR. That we can prove.

What would cause The Chimney Sweep or Mr. Cassell to even be involved with calling Roberta Hill on October 5, 2017?

Roberta Hill made a longer phone call to that same number (540) 483-2468 at around 11:26 AM EST, Tuesday, September 26, 2017, lasted 3 minutes and 11 seconds. At the time Mr. Cassell, whichever Cassell it was had used the mobile cell phone provider U.S. CELLULAR. That we can prove. U.S. Cellular is his cell phone provider at the time. Roberta Hill did a phone lookup at a site called freecarrierlookup.com and printed the record for mne in pdf format. It is still at the cell phone provider of “US Cellular Corp.” the exact same phone provider name coming up in the caller ID in one of the phone call log entries.

UNKNOWN	(540) 483-2468	0s	PLACED	11:32 AM EST	Tue.	Sep 26, 2017
UNKNOWN	(540) 483-2468	3m 11s	PLACED	11:26 AM EST	Tue.	Sep 26, 2017
UNKNOWN	(540) 483-2468	36s	PLACED	1:22 PM EST	Thu.	Oct 5, 2017
U.S. CELLULAR	(540) 483-2468	23s	RECEIVED	10:04 AM EST	Thu.	Oct 5, 2017

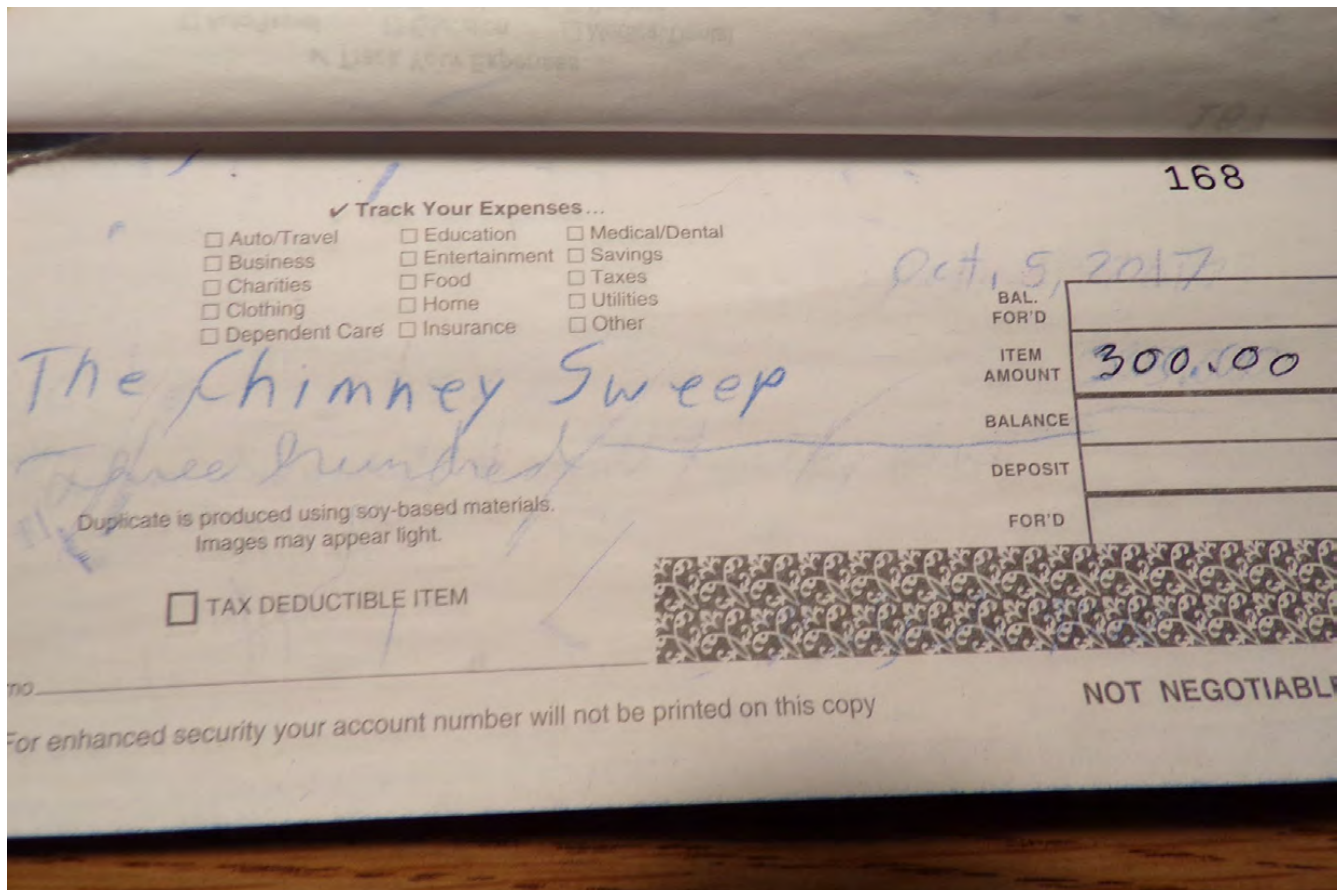

Once I have a pdf or scanned copy of Roberta Hill's bank account records and proof of \$300 leaving her bank account, I will have her sign an affidavit that the photograph of the check stub is a photo of her check stub and named as to being paid to “The Chimney Sweep” on the date of “Oct. 5, 2017” in the amount of \$300. Her affidavit, the bank account records, and the telephone records prove beyond doubt that The Chimney Sweep was doing an estimate or doing business of some sort with Roberta Hill, in 2017.

Why would Roberta Hill pay \$300 to a business called “The Chimney Sweep” on the exact same day of the telephone call logs proving that Mr. Cassell's cell phone number from provider U.S. CELLULAR was in two phone call log entries on the exact

same day as the check stub???. Both placed and received calls.

CITATION FROM ATTORNEY ERIC FERGUSON'S RESPONSE DATED JUNE 29, 2022: "Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint."

We do have evidence of payment. The bank account records will prove that the money was drawn out of her bank account and that money was being paid for by check to "The Chimney Sweep".

The reason Roberta Hill has no contract was because she was never given this paper contract to my knopwledge, she cannot find this paper contract. I find it odd that she has no paper contract despite having records of other repair work done to the same home. I don't believe Mr. Cassell ever gave her a paper contract as long as I remember, it would be their fault and not our fault.

CITATION FROM ATTORNEY ERIC FERGUSON'S RESPONSE DATED JUNE 29, 2022: "My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work for the Hills at a home in Martinsville."

We have something in this country called the Fifth Amendment, Constitutional right to remain silent. It is Mr. Cassell's right to deny everything or keep his mouth shut. Denying everything can be more detrimental than simply remaining silent under the Fifth Amendment. Especially when any denials are disproved with counter evidence.

However, if this Attorney Eric Ferguson truly wants his client's claims to be entirely true without any shadow of doubt, this lawyer and his client should have simply remained silent because the telephone records, the photograph of the check stub, the BBB profile printout, The US Phone Book printout, the logo for The Chimney Sweep, and the incoming bank account records will prove that \$300 was paid to The Chimney Sweep and the check was issued by Roberta Hill to The Chimney Sweep on the very same day the phone number (540) 483-2468 was called and call received from that number on the exact same day. That number belonged to James Cassell, at the time this mobile phone number was published on US Phone Book, and that directly ties the check stub with the exact same name as the business and the phone number in the phone logs.

I would say the 3 minutes and 11 seconds on September 26, 2017 would be plenty of time to discuss an estimate, for the visit and chimney work to be conducted on October 5, 2017. \$300 paid to "The Chimney Sweep" from Roberta Hill's bank account.

CONCLUSION

At this point the claims by Attorney Eric Ferguson regarding no work ever being done at the Hill's residence in Martinsville and no estimate are fraudulent, false statements.

Despite it being scant bits and pieces of evidence, it is enough to prove a few statements made by Attorney Eric Ferguson's client Mr. Cassell are fraudulent, false statements. Pokes holes in those statements. Shows evidence of a possible cover up. Possible cover up by Mr. Cassell.

\$300 was paid for chimney work done on October 5, 2017 at the chimney, and the phone call logs prove activity was going on around or on October 5, 2017, involving Mr. Cassell.

As I said before, he has the constitutional right to remain silent. Before ever attempting to make me out to be a liar in any way, shape, or form.

His statements had proven by and through his lawyer Eric Ferguson that he will remain silent as tight as a clam. He will never admit to what he had done. It's useless.

It is come to the best of my belief that Mr. James Cassell or JaCody Cassell will never admit to placing metal tin on top of the chimney flues on the date of October 5, 2017. The fact that the complaint process, as argued by Mr. Aaron Ziglar, Dispute Resolution Specialist, he repeatedly said that the process to respond to my complaint was voluntary. The fact that Mr. Cassell would pay money and hire a lawyer, Mr. Eric Ferguson (a lawyer from Rocky Mount, VA) just to try to shoot down my COMPLAINT with the Office of the Attorney General when Aaron Ziglar repeatedly argued that the process was voluntary tells me that he is afraid of possibly criminal liability and needed to mitigate the situation by simply acting as though I am a liar, and deny everything, act like nothing is true. I symbolically shot a few holes in Attorney Eric Ferguson's claims which came directly from his client Mr. Cassell.

Like Aaron Ziglar had warned, the dispute resolution process was voluntary and is not a legal process. I was trying to get Roberta Hill to have Mr. Cassell feel guilty enough to admit his wrongdoing. A Stanley Bolten reportedly in some emails tried a few times to try to persuade Mr. Cassell to admit to what he had done. That failed. Tight as a clam.

Mr. Cassell simply made a mistake, he didn't intentionally place metal tin on top of the chimney flues with any ill intent. He made a mistake which had caused the carbon monoxide gas exposure since October 5, 2017, after the chimney work was completed.

Of course this attorney can shoot down my unsworn affidavit/declaration dated July 5, 2022 based on any legal technicality of my federal case but Roberta Hill can write an affidavit about what had happened and hers would hold up in a court of law.

However it would have been better if Mr. Cassell had remained silent rather than deny everything which destroyed his credibility the very minute we produce records

disproving even a portion of the claims made by Mr. Cassell. His attorney is right, it is beyond the statute of limitations to file a lawsuit against Mr. Cassell and against The Chimney Sweep. So why take the time and pay attorney fees to deal with my complaint which is voluntary to respond to??? I am judgment proof, my only income is SSI disability. Why hire an attorney to respond to a supposedly “baseless” complaint if that were entirely true?

I believe there is probably some unintended consequence or consequences which scared Mr. Cassell into lawyering up. Usually certain things cause people to lawyer up.

To these reasons, I believe I have poked enough holes in Mr. Cassell's claims, that his claims of never being involved with Roberta Hill to do chimney work is baseless and based on false statements by Mr. Cassell. Enough evidence to show a reasonable doubt if Mr. Cassell made such claims against me in a court room, I can show the phone record logs, check stub, the bank account records. That would be enough to dismiss Attorney Ferguson's claims against me in front of a jury by poking those few holes which would be reasonable doubts. I have enough proof that it proved chimney work was done as \$300 was paid to a business doing CHIMNEY work. What kind of work did they do on October 5, 2017??? That can be kept to speculation but Mr. Cassell cannot disprove my claims completely by claiming no involvement when there is scant evidence proving involvement of Mr. Cassell and money paid to his business. The phone records of his phone number in contact with Roberta Hill's phone number match the date of the check stub and will match the bank account records.

I will at some point have those bank account records from Roberta Hill. I will have Roberta Hill email those records directly to Mr. Aaron M. Ziglar, as well as give me the physical copies which will be scanned and made into PDF file copies . He will have those in his office of the Attorney General, and copies will be given to the Office of the Attorney General.

I was hoping to have Mr. Cassell admit to placing the metal tin on top of the chimney on October 5, 2017, and that would establish evidence in my criminal case that Brian David Hill was subject to carbon monoxide poisoning from October 5, 2017, until the day I wandered away from home in late night September 20, 2018, and was walking naked down a deserted walking trail at night until I was arrested on September 21, 2018. My Autism Spectrum Disorder along with the Carbon Monoxide gas poisoning caused me to wander away from home and the effects of the carbon monoxide odorless tasteless gas caused me to take my clothes off and walk around naked on a deserted walking trail

for hours in the middle of the night until a passing car went by the road right close to the Dick and Willie walking trail, around Hooker Street and saw me running naked and called Martinsville Police who arrested me. The carbon monoxide effects had caused me to make confusing statements which gave Officer Robert Jones the wrong conclusion that Brian David Hill was making false statements or misleading statements. People with Autism Spectrum Disorder are known to make false confessions and misleading statements to law enforcement according to a report from Dennis Debbaudt, a law enforcement trainer. Family gave me this link to paste in here:

<https://www.polfed.org/WestMids/media/1938/interview-and-interrogation-of-people-with-autism.pdf> or

<https://web.archive.org/web/20220614102303/https://www.polfed.org/WestMids/media/1938/interview-and-interrogation-of-people-with-autism.pdf>. Carbon monoxide can worsen the symptoms of Autism or even cause a regression leading me to exhibiting a behavior usually exhibited from younger autistic children who at times are found naked outside or wandering naked at night. So I exhibited an unusual behavior that normally happens with autistic children such as wandering and walking naked and confused due to the prolonged (long term) carbon monoxide exposure from October 5, 2017, until September 20, 2018.

The fact that Mr. Cassell did not exercise his right to remain silent but instead decided to make a bold move of hiring an attorney to simply respond by denying any and all involvement in anything regarding chimney work done on October 5, 2017 at 310 Forest Street had shown me that my claims will at least be considered if I file a motion for a New Jury Trial based on the false claims made by Mr. Cassell in response to only me accusing Mr. Cassell of placing metal tin on top of the chimney flues to block the exhaust from the chimney flues, when the intent of the metal tin was only with attempting to stop the chimney swifts birds from flying into the chimney in the fall. Based on what Pete Compton from ACE Chimney found in January of 2019. We all immediately figured out that this was done by the work of The Chimney Sweep. All of my supporting family members such as Roberta Hill, Stella Forinash, and Kenneth Forinash, we all knew it had to be from the past chimney work done on October 5, 2017.

I have enough evidence to push for a new trial in my criminal case based on Mr. Cassell's denials of everything even in the face of scant evidence proving \$300 paid to The Chimney Sweep on October 5, 2017, phone call logs between Roberta Hill through 276-790-3505 and Mr. Cassell's mobile number (540) 483-2468 which is on provider U.S. CELLULAR, calls made on both September 26, 2017, and October 5, 2017. Normally a check would be paid to a contractor or business after the work was

completed. So the work would be completed on October 5, 2017. I have enough evidence to push back against Mr. Cassell's wall of denial. WALL OF DENIAL!!!!!!!!!!!!

Once I get the bank account records, copies given to Attorney Eric Ferguson and Aaron Ziglar, I will give Mr. Cassell one more chance to voluntarily be a witness in my criminal case. I do not want money, I don't want a pursue a financial claim for damages against Mr. Cassell, I make that clear. I need him to testify in my criminal case. I will provide the contact information for the Circuit Court and the criminal case number. I will give Mr. Cassell one more chance to make things right after I receive the bank account records and confront his attorney with these records. He can still agree to testify and write an affidavit as of right now. He can agree to testify and I can agree to waive liability claims against him if that makes him feel more comfortable about testifying.

I agree to sign a conditional waiver of liability where I will not hold Mr. Cassell and any of his workers and agents liable for anything he has done and will not push to hold him criminally liable either, if he agrees to tell the truth and tell the facts from his own witness testimony. I will not tell him what to say, it is up to him to testify and up to him to answer my questions and the questions of the Commonwealth Attorney at any future criminal case hearings involving my charge of indecent exposure. All I want is for him to be a witness. His denials tell me that he is lying, that he does remember what happened and denies it out of fear, out of fear that it would have him civilly and criminally liable. I understand a mistake was made and that Mr. Cassell did not intentionally place metal tin on top of the chimney flues to cause carbon monoxide. If he did, then that is between him and God, that will be something he would have to face on Judgment Day, when that day naturally comes as will come for every one of us, someday. Judgment day where you will be judged for every action you take.

I will give him one more chance to make things right. One more chance before I submit the final pieces of evidence (bank account records once acquired) to the Circuit Court and that will be filed in the Federal Court in my 2254 motion once the entire State Court criminal case records are filed by the Commonwealth of Virginia in my 2254 Motion petitioning for Writ of Habeas Corpus to overturn my state conviction.

It is clear that the Circuit Court judge will feel that Mr. Cassell was lying about not doing any chimney work for Roberta Hill in Martinsville. And was lying about not doing an estimate. Even with scant evidence, lying in an attempt to shut down a complaint which is voluntary to respond to would be viewed in a negative light. The judge may consider this enough for a New Trial based on new evidence in my criminal

case. My claims would hold weight since lying in response to a complaint is usually a sign of guilt. A wall of denials when holes can be poked in such a large wall equals guilt. Lying in a voluntary response to attempt to dismiss a complaint which isn't even a lawsuit, it isn't guaranteed to receive any financial damages claims if beyond the statute of limitations, especially a hard statute of limitations. Yet lying to get a complaint dismissed as baseless when it isn't even considered a legal process. It is voluntary.

I will submit what I have so far to the Circuit Court Clerk, then soon enough I will ask for a New Trial again in my criminal case in the Circuit Court but based on the few proven lies of Mr. Cassell. I have no need to sue Mr. Cassell. If I win the jury trial, I can sue the Commonwealth Attorney Glen Andrew Hall for malicious prosecution against an innocent man. I would be compensated by the Commonwealth of Virginia for damages caused by the prosecutor. I am confident I would win suing the prosecutor of my criminal case. I would also sue my court appointed lawyers too, and win on defective counsel. I have no need to sue Mr. Cassell. I can sue the prosecutor and the ineffective defense attorney. I will also sue Martinsville Police and sue the Police Chief G. E. Cassady. I will sue them all, and I would win. I rather sue them than sue The Chimney Sweep. Believe me, I need you as a witness and suing you would not be in my best interest even if there wasn't a statute of limitations. I rather compel you to admit the truth.

At some point, NOT NOW, I plan on dismissing my complaint voluntarily after I receive the bank account records, regardless of Mr. Cassell's decision and give Mr. Cassell one last chance to make things right and admit to what he had done placing the metal tin on top of the chimney. One more chance, write an affidavit and agree to be a witness until my criminal case is disposed of and dismissed. Regardless, the complaint will be dismissed. I will not hold this complaint over you, I about have enough evidence.

Mr. Cassell has his right to remain silent, he has the right to not be a witness against himself, and him lying in response to my complaint will not help him disprove my claims when I push for a New Trial in the Circuit Court for the City of Martinsville.

Regardless of whether Mr. Cassell will testify or not, at some point after I have my final evidence I will have the complaint dismissed upon the ground that Mr. Cassell is as tight as a clam, will not cooperate to being a witness in my criminal case, and that my complaint case is going nowhere. Regardless, I am dismissing the complaint once I have the final evidence and give Attorney Eric Ferguson's client one more chance to admit to what he had done on October 5, 2017, despite the scant evidence available.

I hope that Mr. Cassell will do the moral thing, do the smart thing, be right with God, tell the truth, and stop lying.

I pray to God that he will tell the truth and do the right thing. Denying everything only hurts me and hurts my mother Roberta Hill, and lying hurts himself. Someday in the Court of God, in his life review aka judgment day the Bible spoke of, Mr. Cassell someday after being elderly and naturally passing on to the spiritual realm, HE will be shown visions of me and will experience feeling my pain, suffering, and misery he had caused me. If you ever want to read a good spiritual book, it is called **“Embraced by the Light” by Betty Eadie**. She explained that when she faced her life review, and I think she met Jesus Christ as well, that every pain or suffering she caused, she had to experience that pain and suffering she caused another, the very pain and suffering she caused another person. Some day, Mr. Cassell will face God, will face Judgment Day, his life review after he lives a long healthy life, and he will feel my pain, my misery, my suffering, and he will feel the years of anguish and torment that Mr. Cassell had caused me. The lawyer will also feel my pain, suffering, and misery as God will give everybody a life review process. GOD'S COURT, GOD'S JUSTICE SYSTEM. **Mr. Cassell can get away with hurting me and my family in man's Court of Law, but he cannot get away with this in God's Court of Law.** He will feel my pain, my emotions, my suffering and will look at my face and body as I am naked with cuts on my body, carbon monoxide poisoning shown on my face, and me being arrested with handcuffs. God will show Mr. Cassell these visions and he will have to experience the pain that he caused me and Roberta Hill. He will see visions of Roberta Hill crying, almost killed herself and she told me that she almost killed herself when she saw that I was being arrested for indecent exposure. So Mr. Cassell will feel the pain of my mother almost killing herself in 2018, the pain of her body deteriorating, her suffering and her misery. Mr. Cassell will feel all of that someday as God shows him the wrongs and rights he has done with his life on this planet. Someday he will feel the pain of me, Roberta Hill, and pain of everybody he harmed and hurt. I have no need to do anything to Mr. Cassell, I am letting God and Jesus Christ deal with Mr. Cassell. Mr. Cassell, I am asking my lawyer Jesus Christ, Jesus is my lawyer and I have asked Jesus to hold you accountable someday in God's Court of Law of the Universe, Court of Heaven, whatever you wish to call it, and Jesus will prosecute you someday for what you have done to me.

My only interest throughout all of this is getting my life back, I want to be acquitted. Money doesn't matter to me when I can be free of my wrongful conviction. Please do the right thing JaCody Cassell. I pray to God that you will do what is right, do the right thing. **Though shall not bear false witness, one of God's Ten Commandments.**

Case #: CR19000009-00, Martinsville Circuit Court. Virginia.

Hon. Ashby Pritchett, Clerk of the Court: APritchett@vacourts.gov and
APritchett@courts.state.va.us

Commonwealth Attorney Glen Andrew Hall, Esq.: ahall@ci.martinsville.va.us.
City of Martinsville, Commonwealth of Virginia v. Brian David Hill.

Thank You. Respectfully filed with the Aaron Ziglar, this the 7th day of July, 2022.

Brian D. Hill

God bless you,
Brian D. Hill

Aaron Ziglar,

I have had to file a complaint against TRUIST Bank, Martinsville Branch. Because I am being refused access to my electronic bank statements from October, 2017. My son typed up his testimony. It is in the complaint file.

Brian has advised me of possibly filing a lawsuit against my bank but he is In Forma Pauperis. If I do, it will cost me a lot of money, money I do not have for legal. If I don't sue my bank, Mr. Eric Ferguson will call us all liars, and lying to the Office of the Attorney General that that The Chimney Sweep was never paid \$300. They were paid \$300. Brian may try to ask a Federal Judge soon to subpoena TRUIST bank for the proof that The Chimney Sweep was paid \$300. My son advised me to file a complaint with the State Corporation Commission. The only resolution I am seeking from my former bank of SUnTrust, now TRUIST, is my bank account records proving that The Chimney Sweep was paid \$300 from my bank account. TRUIST is trying to fight me on getting those records by demanding that I indefinitely pay \$25 an hour for them to search for an easy to find electronic record from my closed bank account.

I and my son went to TRUIST bank in Martinsville, we walked in and asked

I never closed my bank account from SunTrust in 2021 as it was not my fault, my bank account was migrated against my will to First Horizon Bank in Martinsville, Virginia. It is not my fault that I lost access to my SunTrust account. The attorney Eric Ferguson could subpoena TRUIST for those records but they will not because it will prove CaCody Cassell as a liar, and his lawyer will not do that to his own client. See the conflict of justice here, and I will not sit there and pay an indefinite sum of \$25 per hour with no cap on the fees, and they could take weeks, months and then they can just claim they can't find the bank account with me owing hundreds to thousands of dollars to TRUIST. I will not risk paying indefinite sums of money just to get a pdf electronic record (which is cheaply stored and can be easily found within less than a hour) to disprove Attorney Eric Ferguson and disprove liar JaCody Cassell who hired this attorney to try to dismiss my son's complaint.

I still have the photograph on record with the check stub paying \$300 to The Chimney Sweep. That check stub is somewhere, but at least I and Stella Forinash have the check stub.

Brian may write a litigation hold letter requesting that the bank not destroy my closed bank account records in case of any lawsuits or anything being pulled to try to discredit my son trying to prove his innocence to his charge of indecent exposure.

My son is already making a large stockpile of communications documents of over 350 pages to submit to the Circuit Court. He will advise them that Mr. Cassell refuses to be a witness and will never admit to placing metal tin on the chimney. Pete Compton has agreed to be a witness in 2019, so we can still compel him to testify as to the carbon monoxide gas in the home, but that alone will not prove long term Carbon Monoxide gas exposure. Mr. Cassell as witness is another dead end, he will never admit in a court of law to what he had done. Jesus Christ will hold JaCody Cassell accountable for my son's suffering and his erroneous indecent exposure charge on September 21, 2018 and wrongful conviction. Only Jesus Christ can hold The Chimney Sweep accountable. Man's justice is too corrupt, the courts are too corrupt. Nobody will let my son prove his innocence. They don't want my son to be acquitted, the lawyers are corrupt and do not want my son to be found innocent. The judges do not want my son to be acquitted and found factually innocent.

My complaint was filed with the State Corporation Commission and Brian's witness letter dated July 7, 2022 was uploaded with the FDIC in two open cases to TRUIST. Hopefully we can push TRUIST for neutral terms and conditions where we will not agree to pay an indefinite \$25 per hour for god knows how many hours they will waste wearing those face masks covering their mouths making them not think very clearly, which will push my fees for my bank account records into the hundreds of dollars, possibly thousands. I do not agree to the terms of TRUIST to charge me \$25 per hour with no end in sight, and no cap as to the research costs.

Thanks,
Roberta Hill

On 7/7/2022 3:54 AM, ROBERTA HILL wrote:

Aaron Ziglar,

My son is wanting me to email you this letter, he already faxed this to both offices.

We are still waiting on the bank records. Brian and me will be heading to TRUIST branch bank in our local area to see if this will get the records more quickly or make sure that the process is started.

Brian wants this bank account records to be his final evidence on record in both the Attorney General Office, with Aaron Ziglar, and with the office of Eric Ferguson. Brian asks for this attorney to wait for the bank records. Once they are filed, Brian will give JaCody Cassell one more chance to admit to what he done, before he files the evidence of lying to the Circuit Court in his bid for a new trial by jury or judgment of acquittal, then they will turn it over to the Federal Court in my son's petition for a writ of habeas corpus asking for vacatur of state conviction.

While we wait, my son has typed up this faxed letter. He wants this final evidence before he plans to dismiss his complaint and let the Feds handle this situation in his writ of habeas corpus request.

Once the bank records are obtained, if they do further prove that Mr. Cassell had lied as we feel those records will further prove this, Cassell will be given one more chance to do the right thing and admit to what he had done.

My son is turning this over to Jesus Christ and God to prosecute Mr. Cassell on judgment day in the Court of God, in the Court of Heaven when that day finally comes. Jesus knows all, sees all,

and Jesus knows that Brian is not lying about this. Jesus knows who placed the metal tin on our chimney at our Triplex. If JaCody did not place the metal tin, then he has nothing to worry about. If he did then God will show him what he did to Brian.

We all have a life review, spiritually, and when he faces his own life review someday, JaCody Cassell will experience the feeling of the pain he caused us both. The pain and misery, the suicidal thoughts, he will feel all of that pain and emotional trauma. He will feel all of it. He will feel our pain which he caused. I believe he had caused the carbon monoxide gas for almost a year for Brian, over a year for me. Cassell will spiritually experience the pain he caused us. If you ever read spiritual and scientific studies about out of body experiences, a spiritual world does exist whether your a atheist or not. God does exist. We are all judged for our acts, whether it is technically illegal or legal. <https://www.embracedbythelight.com/>

Brian will give this issue to God to prosecute JaCody for the damage and emotional trauma he had caused, the wrongful conviction caused by the carbon monoxide. Brian will ask a federal judge to undo his state conviction.

Thanks,
Roberta Hill

Dear Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint. Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email.

In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken.

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Office of the Attorney General

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep 2

Mr. Ziglar--I have reviewed all of these emails and Ms. Hill has been sending them to me regularly. I want to make this clear--neither my client nor myself are trying to do anything to Mr. Hill. We know nothing about what he has been through and it sounds like a lot. We are not trying to prevent him from being successful in his efforts. We are not trying to hurt his efforts. My client is trying to be as honest as he can be in this complaint. My client does not remember doing any work for the Hills in 2017 or ever. He does not believe that he has done any work for them. He has no records of ever providing estimates or doing any work for them.

I have reviewed the medical records provided with the complaint. I do not see where any medical personnel has made any diagnosis of carbon monoxide poisoning involving Mr. Hill. I tried to go over those records carefully and I do not think that I missed anything. If I did, I apologize for missing it.

I understand that Mr. Hill is trying to clear his name and I appreciate his efforts. However, my client cannot accept responsibility for something he does not recall. I cannot and will not debate Mr. Hill's medical conditions. I will leave that to him and his doctors. What they prove or show is also between him, his doctors and the courts.

I can only reiterate that my client does not recall, and has no records of, ever doing any work for the Hills.

Virginia Bureau of Financial Institutions

Mailing Address:
 Post Office Box 640
 Richmond, VA 23218-0640

Telephone: (804) 371-9657
Fax: (804) 371-9416
Web: www.scc.virginia.gov/bfi

Physical Address:
 1300 East Main Street, Suite 800, Richmond, VA 23219

PRINT OR TYPE all information in INK only. Keep a copy for your records.

Return the completed form to the Bureau of Financial Institutions at the address shown above.

PLEASE READ CAREFULLY. We are best able to assist you with your complaint if you do the following:

Answer all questions in their entirety, giving full name, titles, addresses and phone numbers. A summary of the facts surrounding the complaint and a statement of the desired resolution is necessary. Your signature is required for the Bureau to process your complaint.

Attach copies of any letters, documents, contracts or receipts pertinent to your complaint. (PLEASE DO NOT SEND ORIGINALS). Mail or fax your complaint to the address indicated on the complaint form.

Because of the complexity of some complaints, delays in processing do occur. We will make every effort to respond expeditiously to your complaint.

Our authority is limited to those entities and individuals who are, or are required to be, chartered, licensed, registered, or otherwise subject to regulation or supervision by the State Corporation Commission.

Details of complaint (use continuation sheet if additional space is needed)

TRUIST is refusing to give me my electronic bank statement from October, 2017 despite me being entitled to it by an email from onlinestatemnts@suntrust.com, dated October 17, 2017. They will not give us an easy to produce cheaply (on their end) a pdf copy of a bank statement from my closed bank account (closed by their fault due to forced merger of banks) unless I pay an indefinite sum of \$25 per hour and they give no guarantee they will find the record. Federal Law requires them to keep the bank records and check records for at least 5 years. The bank record and check record has to be retained until October, 2022.

I need this record before it may be destroyed, otherwise I will need to file a litigation hold letter asking TRUIST / SunTrust not to destroy those records because I may be sued by The Chimney Sweep with their lawyer Eric Ferguson arguing or asserting that I never paid \$300 to The Chimney Sweep but my bank account record from October 2017 would prove that. I cannot get this record because TRUIST is refusing to give me the bank account record. None of this is my fault. I didn't close my account, they merged by bank account to First Horizon against my will. I should not pay \$25 for my account being closed due to a forced bank merger. I am a customer, I shouldn't be treated like this when I am entitled to my own bank statements. They forced my bank statements to be electronic then they refuse to give me access to them in 2022.

SunTrust was merged into TRUIST. My bank account was forcefully merged with First Horizon Bank and they refuse to give me my October, 2017 bank statement I am entitled to. Check record of my check paid to The Chimney Sweep, I am entitled to those records. My bank emailed me about my bank statements. I am entitled to those records, they emailed me about accessing those records but they won't let me get my own records.

What resolution are you seeking? How would you like your complaint resolved?

That TRUIST honor their email in October, 2017, giving me access to my online bank account statement and check record without charging me indefinitely for their employees to be taking as much time as they want to look for a record they entitled me access to. See the email from onlinestatemnts@suntrust.com, dated October 17, 2017. They have no disclaimer in that email saying they can take away my access to my own bank statement within the 5 year bank record retention period. The email clearly says I can get access to my online bank statement and doesn't charge me for it and doesn't say so in that email. I am seeking my bank record, and check record dated 2017. See attached letter. I just want my bank statements and check record.

I authorize the Bureau of Financial Institutions to send a copy of this complaint, together with supporting documents, to the company against which the complaint is filed, other regulated entities, or the appropriate state or federal agency. I also authorize the company to release all records relating to this complaint to the Bureau of Financial Institutions, and I authorize the Bureau of Financial Institutions to release records relating to this complaint to the company. I also agree that by signing this form I authorize the Bureau of Financial Institutions to obtain any information required to evaluate my complaint. **Your signature is required for the Bureau to process your complaint.**

LETTER TO FDIC AND TRUIST ON BEING BLOCKED FROM
OBTAINING BANK ACCOUNT RECORD AND CHECK RECORD

RE: Cases number: 01420098, 01419660; In the FDIC

THURSDAY, JULY 7, 2022

<u>ATTN: Truist Bank</u> 214 N Tryon St Charlotte, NC 28202	<u>ATTN: Federal Deposit Insurance Corporation</u> 550 17th Street, N.W. Washington, D.C. 20429
--	--

To Whom it may Concern,

I would like to bring out my testimony of what had happened whenever me and Roberta Hill went to the Martinsville Branch of the TRUIST Bank located at 238 E Church St, Martinsville VA 24112. This was around approximately 3:30 PM, today.

We gave them a photocopy of the check stub of \$300 paid to “The Chimney Sweep” dated Oct. 5, 2017. Roberta Hill gave them her one of her last paper bank statement of her bank account which was dated in 2013 before they forced their customers onto online bank statements where the bank doesn't actually give their customers bank statements in pdf format but require you to login on your bank account, but if your account is closed or failed then you cannot access your own bank statements they claim to give you and that your entitled to.

At first the bank teller there, a woman but cannot recall her name, she was trying to lookup the information and then what appeared to be a supervisor showed up and stopped her from looking up the bank account. They refused to let us have a bank statement or photocopy of check paid to The Chimney Sweep. We explained to them that our SunTrust bank forced us into First Horizon Bank and forcefully migrated our accounts into First Horizon and only had account records from 2021 on up. They were unsympathetic and told us that we would indefinitely have to pay \$25 per hour for an indefinite period to research finding the bank statements and check paid to The Chimney Sweep. They refused to give Roberta Hill her electronic bank statement and photocopy of the check paid for to The Chimney Sweep unless we pay with loads of money we do not have. Just to prove that The Chimney Sweep was lying about her not paying \$300 to

them, just to prove that their lawyer Eric Ferguson lied.

I may have to file a lawsuit against TRUIST or against The Chimney Sweep to open up a civil case to subpoena TRUIST Bank for the bank account record. I may have to file some kind of lawsuit to get subpoena power to prove that The Chimney Sweep lied. I don't know what else to do. They didn't say it was a guarantee they will find the bank account record and check record. That means TRUIST is breaking the law under the Bank Secrecy Act. They have retain these check records for at least 5 years. They should have that record until October 5, 2022 and they had this record electronically with Roberta Hill. We have proof of this by printed email sent to rbhill67@yahoo.com.

Roberta Hill was entitled to her own electronic bank statements but they forced it to be electronically and refused to give her the electronic bank statement they were supposed to be giving her. They said in email she can have it but are refusing at TRUIST after SunTrust got bought up by TRUIST. This isn't right. We will probably sue TRUIST for the bank records if we cannot get them, I will ask Roberta Hill to give them one star ratings on every review website that exists. Fille a BBB complaint against them. These are electronic bank statements and they refused to give Roberta Hill even her own electronic bank statements despite the email to her in October, 2017 from SunTrust bank.

I am angry at Eric Ferguson for lying and angry at JaCody Cassell for lying and forcing me to possibly have to pay \$25 per hour indefinitely and they will take their sweet little time to look for an electronic bank statement which Roberta Hill was entitled to. Just to prove that Eric Ferguson was lying and JaCody Cassell was lying.

I am sick of this. Somebody needs to give us these damn Bank records so that I can prove that Eric Ferguson was lying and JaCody Cassell from The Chimney Sweep was lying.

Attachments of what pages were given to TRUIST to review over and what was faxed (4 pages were faxed) and they refuse to give Roberta Hill her own closed bank account statements despite there being an existence of those electronic bank statements. Also an attachment of an email printed by Roberta Hill with her bank account statement being ready but she has to login to her account but her account was closed so she cannot get access to her own bank statement which she is entitled to.

Attachments:

(1) 4 pages of what was faxed to TRUIST Bank at Martinsville branch and Ridgeway Branch. 2 pages were given to the teller to look at. One was the 2013 bank statement in paper format and the other pages was a photograph of the check stub to The Chimney Sweep. Includes two transmission tickets.

(2) Email printout of email from SunTrust with Roberta Hill's bank statement for October, 2017.

Signed
Brian D. Hill

God bless you,
Brian D. Hill

REQUEST FOR TRANSACTION RECORD
FROM MY BANK ACCOUNT IN OCT., 2017

TO: SunTrust Bank / TRUIST
45 Powder Creek Ln
Rocky Mount, Virginia 24151
FAX: (540) 483-0978

Attn: URGENT Request, requesting October
2017, my bank account records

July 6, 2022

To Whom it may Concern,

I am Roberta R. Hill. I had an account with SunTrust bank since 2013 until my bank in Martinsville was bought up by First Horizon Bank and account was migrated to First Horizon.

I would like to request a copy of my own bank account record of a transaction on October 5, 2017, to The Chimney Sweep and whether that money was taken out of my account. Between the dates October 4, 2017 (just to be safe) and October 10, 2017, or just the transaction records of paying \$300 to The Chimney Sweep.

My Account Number was: 1000155990541. I am Roberta Ruth Hill.

My current address is below, my address prior to my current residence was 916 Chalmers Street, APT. B, Martinsville VA 24112-4939.

I can verify that I was the account owner at that time that I paid \$300 to The Chimney Sweep. I would like to request my account transaction of when I paid by check on October 5, 2017 and when the money was transferred out of my bank account to pay the check that I signed and gave to The Chimney Sweep. I am attaching a photograph of the check stub.

Please give me a bank statement or transaction record proving that I paid \$300 by check and when my check was processed where my money left my bank account in October, 2017.

Warm regards,

Roberta Ruth Hill
310 Forest Street, Apt. 1
Martinsville, Virginia 24112

Dear Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint. Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email. In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken.

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Office of the Attorney General

Good morning Mr./Mrs. Hill,

Do you have an estimate as to when you will receive the bank records? Correspondences between parties typically must be within 10 days or the complaints will be closed. The Dispute Resolution Unit offers alternative dispute resolution services for complaints that do not appear to involve a violation of consumer protection law. We will act as a neutral in facilitating communication between you and the business in an attempt to resolve the complaint. Where a complaint appears to involve a violation of consumer protection law, the matter may be reviewed to determine if there is a pattern or practice of violations warranting a possible law enforcement action.

The dispute resolution process is not a legal process – thus, there is no final decision that our Office will make. Participation is voluntary – we cannot compel either party to respond or accept the other party’s offer of resolution. If a mutually agreeable resolution cannot be obtained we typically advise the complainant of other options available to pursue the complaint in court, at which point our Office is no longer involved.

Please let me know if you have any questions about our process.

Sincerely,

Office of the Attorney General

Date: 7/15/2022, 4:39 PM

To: "Ziglar, Aaron M." <AZiglar@oag.state.va.us>, "eferguson@fergusonlaw.net" <eferguson@fergusonlaw.net>, Kenstella <kenstella@comcast.net>, "kenstella2005@comcast.net" <kenstella2005@comcast.net>

It will take weeks according to the personal banker at TRUIST. Once I get this, I will file this and a copy with Attorney Ferguson.

Like Brian's faxed letter had said, Brian is waiting until the bank records are received and filed with you and with Mr. Ferguson, then Brian wants to give them one more chance for Mr. Cassell to admit to what he had done. Brian wants this in this case in the Attorney General's office on record, then Brian will use all correspondence including the bank record in his Federal 2254 case, Federal 2255 case, and Circuit Court criminal case to show that Mr. Cassell either will refuse to admit to what he had done even when confronted with evidence The Chimney Sweep was paid \$300 and despite the telephone records, with the statement by Pete Compton of ACE Chimney company in Bassett regarding finding the metal tin on the chimney causing the carbon monoxide poisoning of my son Brian David Hill, long term exposure, and caused the poisoning of myself, Roberta Ruth Hill, in long term exposure. My son has autism and I have not been diagnosed with autism so his carbon monoxide exposure can make him behave differently than me. My son was naked, that was his effects from the carbon monoxide. The banker had already submitted my request on my behalf through the banker at TRUIST Branch Bank. Once the check record or bank record, whatever records I get back, a \$300 taking money out of my bank account in October 5 or 6 or 7, 2017 (because maybe it took The Chimney Sweep one or two days to cash in the check) along with the photograph of the check stub proves that The Chimney Sweep was paid \$300, and would prove the money was taken out of the account after processing of my check to them. The record of this resolution case does not have that evidence yet. It needs to be in the record of this Dispute Resolution Unit case and in the record of Attorney Eric Ferguson that \$300 was paid and can be confirmed by bank record or check record or both. It was not a certified check but the check stub and the bank record or digital check photocopy record, whatever records are given to me will prove the money was paid for and that it was paid to The Chimney Sweep. If Mr. Cassell cashed the check in, his bank would have that record. So I may need to write a litigation hold letter for the Federal Court to conduct inquiry into the witness such as Cassell. The Federal Court is already aware of The Chimney Sweep somewhere in the record.

This attorney should wait for the bank records. I may write a litigation hold letter asking the bank to hold the check record of my check cashed by JaCody Cassell in October, 2017 or anybody as an agent who could have cashed the check for The Chimney Sweep. The litigation hold letter will be for the criminal case of Brian Hill. Current litigation. Doesn't have to be a lawsuit, the Feds can subpoena Mr. Cassell and if he lies to the Court that he was never contacted and never did any work or estimate, he could face perjury or contempt of court.

I think a law was broken by The Chimney Sweep because such negligence almost killed us. Carbon monoxide can kill people. That is true. Brian fell and hit his head in his office. Enough carbon monoxide can have somebody pass out, and even more can kill somebody.

The least case scenario, Brian was found naked and arrested, but worse case my son would have been dead, then I would have been angry at Mr. Cassell and never would have forgiven him for the rest of his life if my son had died from the carbon monoxide.

Thanks,
Roberta Hill

Aaron Ziglar,

Re: 953850, Mr. Brian D. Hill VS The Chimney Sweep

One more thing. My son found in his older records from his computer file records from VentaFax (does not require the internet to fax and store faxes records for years and years), he did file a complaint by fax against The Chimney Sweep back in 2019 with the local Fire Marshals office asking for an investigation or inquiry into the chimney business, nobody ever contacted him back to start any investigation, nobody ever interviewed him, and nobody ever tried to locate The Chimney Sweep to investigate Brian's claims, it was all entirely ignored. However, in his faxed letter he misspelled The Chimney Sweep as "The Chimney Sweeper" but did say that they were located in Rocky Mount, VA. However, it was up to the Fire Marshals to have to contact us in 2019 to obtain the exact business address and check the information before even starting up an investigation in response to a written complaint. Dereliction of duty for a Fire Marshal to be ignoring claims of carbon monoxide poisoning and a chimney business who caused it. So Brian's evidence proves he did fight this back in 2019, closer to the date of October 5, 2017. Brian didn't know about the carbon monoxide while sitting in federal prison until we visited my son at FCI-1 Butner, NC in 2019 and there we told my son about the carbon monoxide and he asked us to investigate and research into it. He didn't have all the information but it was up to the investigators of the Fire Marshals to investigate claims that a chimney business caused carbon monoxide issues. The Fire Marshals in the city of Martinsville are corrupt by derelicting duty, dereliction of duty. Neglect of duty to protect Martinsville and Henry County citizens who face carbon monoxide poisoning. The Fire Marshals were neglectful in 2019. Neglecting to investigate a credible claim of carbon monoxide caused by installation of metal tin instead of chicken wire or a protective thing on top of the chimney. The transmission tickets are attached in this email for the record in this Dispute Resolution Unit proving transmission of faxes of the letter about the carbon monoxide. They failed and refused to investigate The Chimney Sweep in 2019 when my son was willing to prove that back then. Back when we did have SunTrust but nobody investigated anything, nobody asked us questions about any of this.

The letter regarding The Chimney Sweep carbon monoxide issues was faxed twice in September 2019 to the Fire Marshals Office for the city of Martinsville and Henry County. They never attempted to do anything about any of this. They did email me one time but simply gave some advice or something to that affect, but never sanctioned any investigation, and never asked about contacting

the exact business. Just like the lawyers, they do nothing about it. Renorda Pryor a criminal defense attorney appointed by the U.S. District Court was faxed a copy of the letter about the carbon monoxide poisoning inquiry with the Fire Marshals, and **this attorney never attempted to contact Mr. Cassell either. Nobody did anything to investigate anything.** NOW DO YOU GET IT ERIC FERGUSON!!!!!!! **The corruption is so bad in Virginia that nobody wanted to investigate the carbon monoxide, nobody wanted to criminally investigate The Chimney Sweep for anything, not even code violations.** Nobody wanted to do anything **because Brian was charged with indecent exposure so they let only the lawyers handle everything and they ignored the carbon monoxide because Brian didn't have the levels. If we had the levels and the only way we would have the levels was if we found out about the CO gas, we would have stopped the carbon monoxide immediately, removed the metal tin from the flues and Brian never would have been charged and arrested, none of that ever would have happened if we had the levels.**

The lawyer was wrong that Brian waited this long to complain about the business of Mr. Cassell. Brian has enough records to prove the lawyer wrong on multiple claims mirrored from JaCody Cassell.

The only thing left we are waiting for IS THE BANK RECORDS, MR CASSELL and ATTORNEY ERIC FERGUSON. PLEASE WAIT PATIENTLY. We have plenty of evidence to disprove the attorney's claims. The phone records and the phone number in the phone records belonging to James Cassell who was the owner of The Chimney Sweep, Brian's letter to the Fire Marshals asking for an investigation in 2019. Copy to Attorney Renorda Pryor in 2019. The request for a copy of my bank account records and/or check records along with the check stub photograph emailed to Aaron Ziglar and Eric Ferguson will prove enough against Mr. Cassell, it proves both Cassell and his attorney are liars to protect a business, not protecting their customers. They care more about protecting their business than they do about protecting their customers from any damage caused by the business. That is bad customer service in my opinion. Caring more about the reputation of a business rather than caring to make sure they don't damage and harm their customers, then deny any involvement if law enforcement is involved.

This record should be somewhere in the Fire Marshal's Office in Martinsville which serves Henry County and Martinsville. Was faxed on September 22, 2019, and September 23, 2019.

When the lawyer Eric Ferguson had claimed or argued or attempted to argue that Brian had waited so long like 5 years to file a complaint against The Chimney Sweep or his client, that wasn't truthful either. The Fire Marshals were contacted about the carbon monoxide in 2019. Brian got out of imprisonment on May 14, 2019 over the indecent exposure caused by the intoxication. Brian found out about the carbon monoxide earlier in 2019 while he was in imprisonment, it took time to gather information while sitting in prison which is almost impossible. **Eric Ferguson owes us an apology for making assumptions. You say Brian and I didn't contact Mr. Cassell directly about this issue back then, well we were afraid if we did then he would have denied it and destroyed any records back then, we had to have people investigate this so that it wouldn't trigger any possible destruction of records out of fear. If we had spoke directly with Mr Cassell in 2019, it would have panicked him and he would have denied it back then. We had to see if anybody investigated, and nobody ever did, years later, nobody ever does anything to investigate anything, just convict my son and move**

on with a criminal record, they don't care. Michael Jackson was right, they don't really care about us.

Brian did file a complaint against The Chimney Sweep aka The Chimney Sweeper (he cannot use the internet so he could not find the exact name but he did refer to the chimney sweeping business in Rocky Mount, VA asking for an investigation into Casell's business but nobody did anything about Brian's letters. **Nobody investigated anything, nobody did anything. This is not my son's fault, Mr. Ferguson, this is local corruption, police corruption, Fire Marshals corruption, lawyer corruption, judge corruption, all kinds of corruption and malfeasance and extortion and racketeering and drug money.** It is all there, crime after crime after crime, and nobody ever gets in any trouble. Hunter Biden the son of illegitimate President Joe Biden can look at as much child porn as he wants (according to the Biden Laptop and those who have looked at it as members of the media) and Ashley Biden feels like she may have been sexually abused or molested, and the FBI never arrests Hunter Biden or Joe Biden. **The real criminals never go to prison. That is corruption.** That is why we fight for my son to be acquitted even when lawyers attack us since 2014.

Wait for the check records and bank records, Eric Ferguson owes us this opportunity to obtain the final records, the financial records. My son will continue finding more and more pieces of evidence, **he will never give up until he is acquitted even if my son gets assassinated he will fight to be acquitted even if it means he is going to be targeted again,** then he walks away. **He will do whatever it takes to be acquitted. Use whatever proof he can get access to.**

God bless you, hope you all have a good day. This evidence can be overwhelming.

Thanks,
Roberta Hill

Letter to Martinsville asking for Investigation into Carbon Monoxide Poisoning

Sunday, September 22, 2019 - 10:41 PM

ATTN: To Whom it may Concern
Fire Marshal's Office
1024 DuPont Road
Martinsville, VA 24112
Phone: (276) 634-4660
Fax: (276) 634-4770

Fire Marshal's Office,

I like to request that there be an investigation into the Carbon Monoxide ("CO") gas poisoning and as to the cause of the CO gas. A business from Rocky Mount, VA known as "The Chimney Sweeper" from October, 2017 is alleged to have put metal tin on top of the chimney flues causing gas to flow freely into Apartment 1 and Apartment 2 causing costly damage to the entire apartment complex and criminal ramifications against me (Criminal charge against me in Martinsville Circuit Court case). I did not know about the Carbon Monoxide gas poisoning until February or March of this year. It takes a while for my friends and family to research who I should filing any complaints or requests with to see if anything can be done about the Carbon Monoxide gas problem since October, 2017, and to hold the business accountable for their error in judgment by blocking all three chimney flues with metal tin. The metal tin was removed in late January of this year so the source of the cause of the CO gas has been removed, but the repair costs, health issues, and legal ramifications I have suffered cannot be undone. I must hold somebody accountable for my suffering caused by the unprofessional misconduct of "The Chimney Sweeper" business.

I have the following pieces of evidence on record:

1. Abnormal Red Blood Cell count Carilion Clinic medical record dated July 31, 2018.
2. Abnormal White Blood Cell Count and Sinis Tachycardia in November, 2017 from Sovah Hospital medical record.
3. Multiple Sinus Tachycardia readings in resting blood pulse in Sovah Hospital medical record before being discharged to Martinsville City Jail, dated September 21, 2018.

4. Diagnosis of "Psychosis" by Dr. Conrad Daum (a forensic psychiatrist) of Piedmont Community Services a month after I was arrested, dated October, 2018. Psychosis is a documented condition of Carbon Monoxide gas poisoning.
5. Statement from Chimney Sweeping service expert Pete Compton from Bassett Virginia.
6. Statements of Brian David Hill in federal court filings showing mental confusion and making confusing statements.
7. Photocopies of three envelopes where correct information was entered on the envelopes except invalid city/state/zip-code which may also be a documented case of mental confusion which can be caused by CO gas poisoning if that is indeed the case.
8. Photos of white residue and moisture accumulated in the fireplaces connected to the single chimney with multiple flues. White residue outside of chimney. Photos of damage in the ceiling and wall right around the fireplace.
9. Any other relevant evidence accumulated that may point to Carbon Monoxide gas.

How much would it cost to have an investigation done to determine whether I was under Carbon Monoxide poisoning last year based on the Sinus Tachycardia, photos of white residue in fireplaces and chimney, photos of damage in the home, abnormally high Red Blood Cell count and White Blood Cell count, mental confusion, hallucinations, psychosis and delusions?

Was "The Chimney Sweeper" in violation of the fire safety codes by placing metal tin on top of the chimney flues, blocking the flues, around October, 2017? Can The Chimney Sweeper be investigated for violation of fire safety codes? Can The Chimney Sweeper lose their license for such misconduct? Can they be held accountable for creating huge enough issues in the City of Martinsville to prosecute a criminal case based on conduct caused by Carbon Monoxide poisoning and enough damage to spend thousands of dollars and all of the health ramifications (brain damage, heart problems, any other health issues) caused by what "The Chimney Sweeper" had done?

I ask that the Fire Marshals investigate "The Chimney Sweeper" for possible

violations of professional conduct and possible violations of the fire safety codes by placing metal tin on top of the chimney. If Henry County cannot investigate, I ask that my request be forwarded by fax, mail or email to the jurisdiction of the Fire Marshals for Franklin County where Rocky Mount, VA is to conduct an investigation into "The Chimney Sweeper" business for possible violation of fire safety codes and caused a lot of unnecessary legal paperwork and frustration for the Commonwealth Attorney of Martinsville, caused my wrongful arrest, caused my wrongful revocation of my federal Probation, and caused health problems which may be irreversible and caused thousands of dollars of damage to the apartment complex where I had lived and still live, and had made my home a less safer place to live last year.

I would like to receive a written response as soon as possible.

I would like business of The Chimney Sweeper to have their license revoked based upon any merit of grounds for violation of the fire codes if found during any investigation. This I pray for and request.

If any of my friends or family had emailed or mailed you evidence concerning my issues of living in a home last year with Carbon Monoxide, then you know the situation.

Thank You,

Brian D. Hill

Martinsville, VA 24112
Phone: (276) 634-4660
Fax: (276) 634-4770

Fire Marshal's Office,

I like to request that there be an investigation into the Carbon Monoxide ("CO") gas poisoning and as to the cause of the CO gas. A business from Rocky Mount, VA known as "The Chimney Sweeper" from October, 2017 is alleged to have put metal tin on top of the chimney flues causing gas to flow freely into Apartment 1 and Apartment 2 causing costly damage to the entire apartment complex and criminal ramifications against me (Criminal charge against me in Martinsville Circuit Court case). I did not know about the Carbon Monoxide gas poisoning until February or March of this year. It takes a while for my friends and family to research who I should filing any complaints or requests with to see if anything can be done about the Carbon Monoxide gas problem since October, 2017, and to hold the business accountable for their error in judgment by blocking all three chimney flues with metal tin. The metal tin was removed in late January of this year so the source of the cause of the CO gas has been removed, but the repair costs, health issues, and legal ramifications I have suffered cannot be undone. I must hold somebody accountable for my suffering caused by the unprofessional misconduct of "The Chimney Sweeper" business.

I have the following pieces of evidence on record:

1. Abnormal Red Blood Cell count Carilion Clinic medical record dated July 31, 2018.
2. Abnormal White Blood Cell Count and Sinis Tachycardia in November, 2017 from Sovah Hospital medical record.
3. Multiple Sinus Tachycardia readings in resting blood pulse in Sovah Hospital medical record before being discharged to Martinsville City Jail, dated September 21, 2018.

Letter to Martinsville asking for Investigation into Carbon Monoxide Poisoning

Sunday, September 22, 2019 - 10:41 PM

ATTN: To Whom it may Concern
Fire Marshal's Office
1024 DuPont Road
Martinsville, VA 24112
Phone: (276) 634-4660
Fax: (276) 634-4770

Fire Marshal's Office,

I like to request that there be an investigation into the Carbon Monoxide ("CO") gas poisoning and as to the cause of the CO gas. A business from Rocky Mount, VA known as "The Chimney Sweeper" from October, 2017 is alleged to have put metal tin on top of the chimney flues causing gas to flow freely into Apartment 1 and Apartment 2 causing costly damage to the entire apartment complex and criminal ramifications against me (Criminal charge against me in Martinsville Circuit Court case). I did not know about the Carbon Monoxide gas poisoning until February or March of this year. It takes a while for my friends and family to research who I should filing any complaints or requests with to see if anything can be done about the Carbon Monoxide gas problem since October, 2017, and to hold the business accountable for their error in judgment by blocking all three chimney flues with metal tin. The metal tin was removed in late January of this year so the source of the cause of the CO gas has been removed, but the repair costs, health issues, and legal ramifications I have suffered cannot be undone. I must hold somebody accountable for my suffering caused by the unprofessional misconduct of "The Chimney Sweeper" business.

I have the following pieces of evidence on record:

1. Abnormal Red Blood Cell count Carilion Clinic medical record dated July 31, 2018.
2. Abnormal White Blood Cell Count and Sinis Tachycardia in November, 2017 from Sovah Hospital medical record.
3. Multiple Sinus Tachycardia readings in resting blood pulse in Sovah Hospital medical record before being discharged to Martinsville City Jail, dated September 21, 2018.

URGENT

Pages 1 of 3

**RECEIPT CONFIRMATION
REQUESTED**

4. Diagnosis of "Psychosis" by Dr. Conrad Daum (a forensic psychiatrist) of Piedmont Community Services a month after I was arrested, dated October, 2018. Psychosis is a documented condition of Carbon Monoxide gas poisoning.
5. Statement from Chimney Sweeping service expert Pete Compton from Bassett Virginia.
6. Statements of Brian David Hill in federal court filings showing mental confusion and making confusing statements.
7. Photocopies of three envelopes where correct information was entered on the envelopes except invalid city/state/zip-code which may also be a documented case of mental confusion which can be caused by CO gas poisoning if that is indeed the case.
8. Photos of white residue and moisture accumulated in the fireplaces connected to the single chimney with multiple flues. White residue outside of chimney. Photos of damage in the ceiling and wall right around the fireplace.
9. Any other relevant evidence accumulated that may point to Carbon Monoxide gas.

How much would it cost to have an investigation done to determine whether I was under Carbon Monoxide poisoning last year based on the Sinus Tachycardia, photos of white residue in fireplaces and chimney, photos of damage in the home, abnormally high Red Blood Cell count and White Blood Cell count, mental confusion, hallucinations, psychosis and delusions?

Was "The Chimney Sweeper" in violation of the fire safety codes by placing metal tin on top of the chimney flues, blocking the flues, around October, 2017? Can The Chimney Sweeper be investigated for violation of fire safety codes? Can The Chimney Sweeper lose their license for such misconduct? Can they be held accountable for creating huge enough issues in the City of Martinsville to prosecute a criminal case based on conduct caused by Carbon Monoxide poisoning and enough damage to spend thousands of dollars and all of the health ramifications (brain damage, heart problems, any other health issues) caused by what "The Chimney Sweeper" had done?

I ask that the Fire Marshals investigate "The Chimney Sweeper" for possible

violations of professional conduct and possible violations of the fire safety codes by placing metal tin on top of the chimney. If Henry County cannot investigate, I ask that my request be forwarded by fax, mail or email to the jurisdiction of the Fire Marshals for Franklin County where Rocky Mount, VA is to conduct an investigation into "The Chimney Sweeper" business for possible violation of fire safety codes and caused a lot of unnecessary legal paperwork and frustration for the Commonwealth Attorney of Martinsville, caused my wrongful arrest, caused my wrongful revocation of my federal Probation, and caused health problems which may be irreversible and caused thousands of dollars of damage to the apartment complex where I had lived and still live, and had made my home a less safer place to live last year.

I would like to receive a written response as soon as possible.

I would like business of The Chimney Sweeper to have their license revoked based upon any merit of grounds for violation of the fire codes if found during any investigation. This I pray for and request.

If any of my friends or family had emailed or mailed you evidence concerning my issues of living in a home last year with Carbon Monoxide, then you know the situation.

Thank You,

Brian D. Hill

To Whom This May Concern:

On January 30, 2019 I went to the house at 310 Forest St., Martinsville, Va 24112 to measure and give a price for a Chimney cover. Roberta Hill and her parents: Ken & Stella Forinash escorted me to Apt 1 to show me the fireplace which had a small amount of white residue inside, no damage to the ceiling and wall around the fireplace. They then escorted me downstairs to Apt 2 where parts of the ceiling above the fireplace had fallen and there was a lot of damage in the remaining ceiling below the hearth of the fireplace in apt 1 located above apt 2 and a lot of damage along the wall in apt 2 above and on both sides of the fireplace as well as a lot of white residue inside of the fireplace. After this, we went down another flight of stairs to the basement where the gas boiler heater and the gas hot water heater were located to show me that there would be 3 holes in the chimney.

I then went outside and got my ladder to measure the chimney. This was when I found out that all 3 holes were covered with tin. Knowing that the gas boiler heater & gas hot water heater needed to be vented at all times, I immediately removed the tin covering the hole so carbon monoxide would no longer go through the house. Ms Hill had informed me that she had called a chimney sweep in Rocky Mount, VA in October, 2017 to clean the chimney and to put screen on all holes after the family spotted birds going into their fireplace the year before. In my 25 years of doing this type of work, this was the first time I have ever seen tin covering holes where it is important to vent gas heaters. I showed the family the tin I had just removed and had them to climb my ladder to look at the chimney. We then went back in the house, and I informed them that the white residue inside both fireplaces was from the gas that had no other place to escape and informed them that they had been exposed to carbon monoxide poisoning, ^{GAS} but now that the tin had been removed, there should no longer be any problems. I returned to ^{EPC} the house on February 4, 2019 and installed a stainless steel multifaceted chimney cap vented with screen on all 4 sides.

Research request to prove \$300 paid to The Chimney Sweep. Started July 8, 2022. Research may take weeks according to this source from the bank who received my letter. Almost two weeks so this record should be obtained at some point from the bank.

Once the research request for records is complete, it will not be redacted. The redaction of this email is to protect those investigating from any possible interference from anybody. I am not playing around here with protecting the potential records and witnesses and investigators. Once the research is completed, the bank records will be available. The voicemail will be available not redacted once the research is complete. Have to protect my sources while the request is being processed and not completed. Once it is completed, there is no risk of interference.

Hey Roberta this is [REDACTED] calling from [REDACTED]. I got your fax yesterday with your request on this check from 2017 for \$300 to-chimney(?) sweep. We don't have access to this information at all at this time. What I had to do was submit a research request these might take weeks. I'm just being upfront with me and I know that this is urgent but I have submitted it out for it to be researched. If you need to reach me my name is [REDACTED] and my phone number is 276-956-[REDACTED]. I do understand that you need this documentation and I have I've sent it out to the appropriate team to get it researched on your

behalf. I hope you have a great weekend thank you bye.

Good afternoon Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to attempt to assist in the resolution of your complaint. The dispute resolution process is not a legal process – thus, there is no final decision that our Office will make. Participation is voluntary – we cannot compel either party to respond or accept the other party's offer of resolution. If a mutually agreeable resolution cannot be obtained we typically advise the complainant of other options available to pursue the complaint in court, at which point our Office is no longer involved.

Unfortunately, it does not seem the dispute resolution process is the appropriate forum to resolve your dispute with The Chimney Sweep. As a result, we are closing your complaint. Consequently, your only recourse may be to pursue this matter through the appropriate court. You may wish to consult with a private attorney to discuss your options in this matter. If you do not have an attorney, you may contact one through the Virginia Lawyer Referral Service at (804) 775-0808 or toll-free inside Virginia at 1-800-552-7977 or by visiting: www.vsb.org/vlrs/. You may also consider filing in Small Claims court. For more information about Virginia's court system, please visit www.courts.state.va.us/courts/home.html, or contact your local General District Court Clerk's office.

This Office will retain your complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

Aaron M. Ziglar | Dispute Resolution Specialist
Office of the Attorney General

Aaron Ziglar and attorney Eric Ferguson,

My son Brian David Hill is filing one more letter in this case otherwise he will file a second complaint against The Chimney Sweep and may file a complaint against Aaron Ziglar (if he refuses to accept this letter with the final evidence) with the Judicial Inquiry and Review Commission to force this information on the record at the Attorney General's office, it must be on record, the bank account records. Brian will just file those in his federal and state cases to force this information to be filed on record to disprove Mr. Cassell's wall of denials. He is a difficult witness as my son has claimed in this letter. By legal definition, Jacody Cassell refuses to be a witness, so he is a difficult witness.

We have the bank records and it does have a \$300 check paid on October 6, 2017, a day after the check was given to somebody working for "The Chimney Sweep". Along with the telephone numbers from the phone logs which can be verified by xFinity / Comcast. All it proves the wall of denials by Jacody Cassell will not suffice as facts in a Federal Court on an evidentiary hearing for Writs of Habeas Corpus.

My son is filing this last letter in this case. Please accept it and file it in the record.

There is also a litigation hold letter. My son will be adding Jacody Cassell in his witness lists to push for requiring Jacody Cassell to appear in federal court in North Carolina and in Roanoke or Abingdon or on Zoom, for any court ordered evidentiary hearings.

I am sorry but my son will not give up until he is properly acquitted of his state charge.

This will be his last letter in this complaint case. Since Brian w

Thanks,
Roberta Hill

Good afternoon Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to attempt to assist in the resolution of your complaint. The dispute resolution process is not a legal process – thus, there is

no final decision that our Office will make. Participation is voluntary – we cannot compel either party to respond or accept the other party’s offer of resolution. If a mutually agreeable resolution cannot be obtained we typically advise the complainant of other options available to pursue the complaint in court, at which point our Office is no longer involved.

Unfortunately, it does not seem the dispute resolution process is the appropriate forum to resolve your dispute with The Chimney Sweep. As a result, we are closing your complaint. Consequently, your only recourse may be to pursue this matter through the appropriate court. You may wish to consult with a private attorney to discuss your options in this matter. If you do not have an attorney, you may contact one through the Virginia Lawyer Referral Service at (804) 775-0808 or toll-free inside Virginia at 1-800-552-7977 or by visiting: www.vsb.org/vlrs/. You may also consider filing in Small Claims court. For more information about Virginia's court system, please visit www.courts.state.va.us/courts/home.html, or contact your local General District Court Clerk's office.

This Office will retain your complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

--	--

To JaCody Cassell through Attorney Eric Ferguson and Aaron Ziglar,

I finally have the bank statement record of Roberta Hill's bank account proving that \$300 was taken out of the bank account of Roberta R. Hill, check record the exact same as the check stub photograph which is a carbon copy of the original check paid to "The Chimney Sweep" on October 5, 2017. The money was taken out of the bank account on October 6, 2017, a day after the money was paid for by paper check to The Chimney Sweep on October 5, 2017.

The rules of evidence allow a carbon copy sheet or carbon copy of the check or document to be admissible as evidence when the original record is not available, especially when the bank confirms or verifies a transaction of paying by check. Because I have enough evidence that Mr. Jacody Cassell through his private lawyer (legal counsel) Eric Ferguson had lied in making complete denials of ever doing work at 310 Forest Street, Martinsville, Virginia 24112 and never conducted an estimate for the chimney work, and thus makes **Mr. Jacody Cassell a difficult witness**. A difficult witness because he is refusing to be a witness and is refusing to admit to anything which would be favorable to the criminal defense of Brian David Hill, working on a pro se basis representing himself, pro se. Aaron Ziglar must accept this final evidence, and he must admit this in the record of the Dispute Resolution Unit, otherwise I may file

another complaint against The Chimney Sweep of them lying in response to my complaint which may be defamation or lying with complete denials to dismiss a complaint. I rather not file a second complaint to get this on record Mr. Ziglar, so Aaron Ziglar must accept this letter and the evidence attached to this letter. I may mail a copy by certified mail to his office, if I have to. He must accept this final evidence.

Mr. Cassell has one more chance to voluntarily admit to him or one of his employees placing metal tin on top of the chimney flues on October 5, 2017, sealing the flues, causing blockage of exhaust of two gas appliances in Apartment 3 and is exhausted by the flue or flues, below Apartment 2 at 310 Forest Street, Martinsville, Virginia 24112. He has one more chance to voluntarily admit to making this mistake, a human error. I will let this go if he can simply be a witness for his business causing the carbon monoxide intoxication. It is not a deserved criminal conviction to be naked in public at night on a deserted walking trail when under intoxication. Carbon monoxide poisoning along with AUTISM SPECTRUM DISORDER can cause the incident of being naked outside. News article examples of autistic children and autistic teens being found by police walking around naked outdoors and carbon monoxide can cause a regression of autistic adults to behave more like a autistic child or cause an autistic adult to exhibit behaviors normally caused by autistic children and autistic teenagers.

I have proven that \$300 was paid for to the business entity known as “THE CHIMNEY SWEEP” by check on October 5, 2017, and was cashed on October 6, 2017, money left the SunTrust bank account of Roberta Hill at the time.

See the attached three pages in the following order:

1. USWGO_20220723_165251(OCR).pdf: Account Statement/summary from SUNTRUST BANK. Account of Roberta Hill. Her tax ID number is partially redacted as required under Federal Rules of Criminal and Civil Procedures. (one page)
2. USWGO_20220723_165737(OCR).pdf: Envelope received on July 23, 2022, containing the bank account statement. (one page)
3. Oct 5 2017 check stub.pdf: Photograph of the carbon copy of the original check paid \$300 to “THE CHIMNEY SWEEP”. (one page)
4. Litigation hold letter to bank(s) requesting to retain evidence beyond five year financial record retention period under the Bank Secrecy Act. (five pages)

Here is the further proof I have, further disproving Mr. Cassell's complete denials.

DEPOSITS/CREDITS: 11

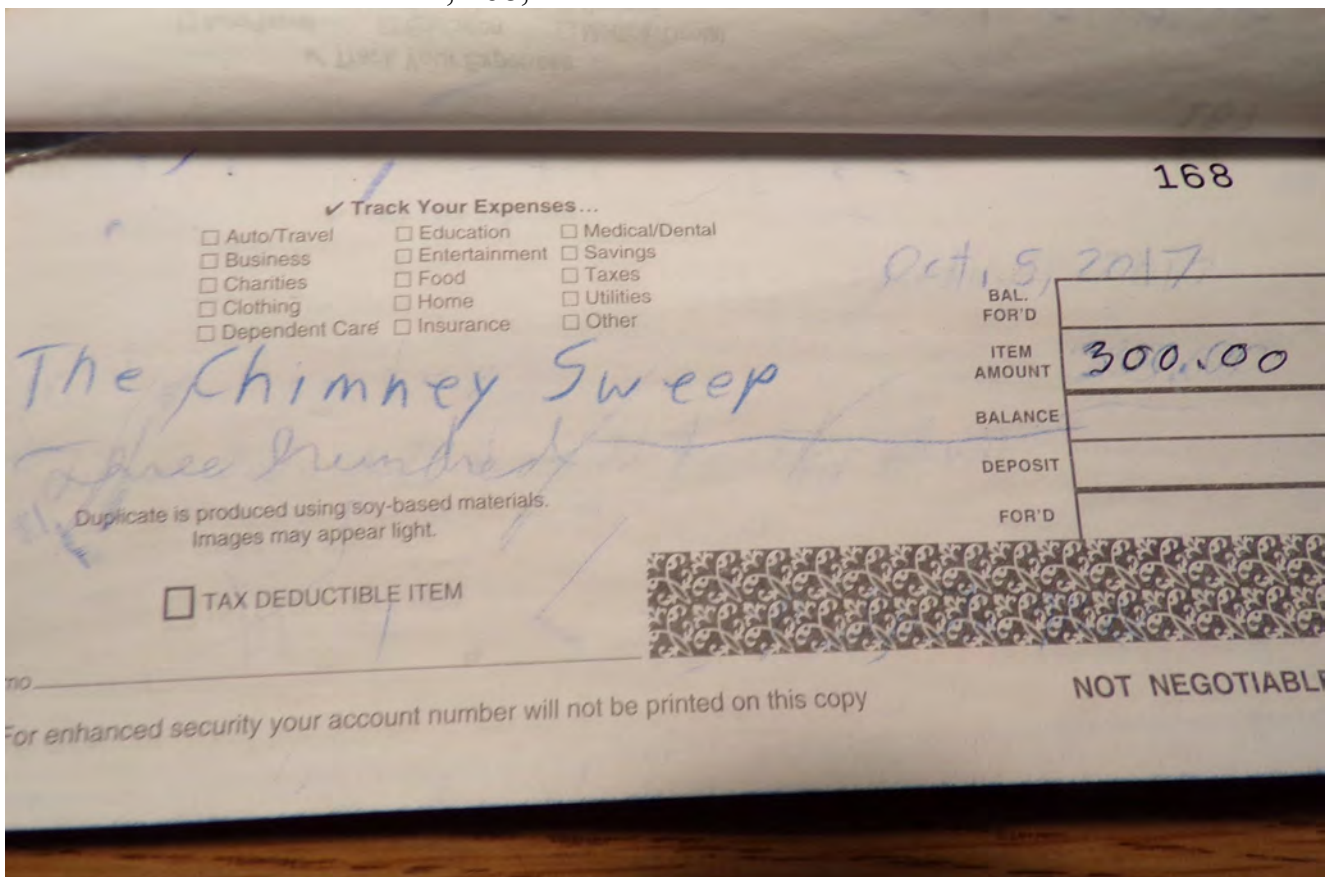

TOTAL ITEMS DEPOSITED: 0

CHECK NUMBER	AMOUNT	DATE PAID	SR	CHECKS BATCH
167	325.00	10/10	20	75241135
168	300.00	10/06	20	78221138

CHECKS: 3

MEMBER FDIC

See the check number in bank statement of bank account Roberta Ruth Hill in October, 2017. It is 168. The exact same check number as the check stub, a carbon copy of the original check paid to The Chimney Sweep, the business owned by Mr. Jacody Cassell. See the exact number, 168, same as the bank transaction record.

The check number 168, 300.00 was paid, was paid for on 10/06 (October 6, 2017) SR is 20, and check batch number was 78221138.

\$300 was paid for to The Chimney Sweep. In case the lawyer takes advantage of the 5 year check record retention period running out in October 6, 2022, this year, a LITIGATION HOLD LETTER is being filed with the Courts and with the banks.

Mr. Cassell has one more chance to voluntarily admit to his company placing metal tin on top of the chimney. It is human error and every business establishment makes human error, or caused human error. Mr. Cassell should understand this.

Aaron Ziglar, it is clear that regardless of whether Mr. Cassell wants to be a difficult witness or will admit to the human error mistake on October 5, 2017, all communications and evidence concerning the complaint and Dispute Resolution case will be filed with the Circuit Court in hundreds of pages of correspondence and letters and evidence. I will be filing a motion for a new trial based on this difficult witness of The Chimney Sweep, refusing to testify and refusing to admit to the human error caused by his own company.

So I am okay with the case being closed as I cannot force Mr. Cassell to admit to any wrongdoing as he has the Fifth Amendment right to not be a witness against himself under the U.S. Constitution but I do make one demand, that this letter and all attached evidence be filed in the foregoing Dispute Resolution case; Case number: 953850; Mr. Brian D. Hill VS The Chimney Sweep. Please Aaron Ziglar, file this last letter.

My evidence letter to Aaron Ziglar and Attorney Eric Ferguson, the letter dated July 6, 2022, addresses the evidence that Mr. Cassell's business mobile phone number (540) 483-2468 from provider U.S. CELLULAR was in contact with Roberta Hill on September 26, 2017, and October 5, 2017. The bank transaction said the check was paid on October 6, 2017, a day after the check was given to an employee of the business entity known as The Chimney Sweep. The check number in the account transaction matches the carbon copy check stub. The account number is in the record attached to this letter. Proof that The Chimney Sweep was paid \$300 for what kind of work do they offer as a business? chimney services.

Regardless of what Mr. Cassell decides to do with this bank transaction record and matches the carbon copy check stub under check number 168 matches the SunTrust bank account record. The only record that we do not have yet is the digital photocopy of

the original check cashed by Mr. Cassell but the LITIGATION HOLD LETTER should cause the bank to retain such evidence for as long as necessary.

I have proven that The Chimney Sweep was paid \$300 on October 6, 2017, the day after they received the check on October 5, 2017 payable to "THE CHIMNEY SWEEP" and they were contacted by phone, calls to and from The Chimney Sweep and Roberta Hill. The call logs from xFinity / Comcast prove this. It all comes together.

The attorney Eric Ferguson is wrong. Money wasn't paid for nothing, a check was paid for something. \$300 was paid for something. The call log on October 5, 2017, the day before the check record was paid from the account by financial record. Can be confirmed by Eric Ferguson the attorney upon subpoena or record request.

Mr. Cassell is being a difficult witness. Witness lists in two federal habeas corpus cases and one state criminal case may be filed with his name in one of the witness list slots. He cannot weasel out of this, and I have the legal right to have him subpoenaed.

He will have to answer these questions under oath, under penalty of perjury, I will make sure he is asked under oath about the metal tin work done by an employee of The Chimney Sweep on October 5, 2017. The questions will be asked under penalty of perjury. If Mr. Cassell wishes to again deny everything like he did in his lawyer's responses July 5, 2022, June 29, 2022, it will be under oath, under penalty of perjury. He can choose not to say anything as is his right under the Fifth Amendment of the U.S. Constitution, however the questions regarding the carbon monoxide will always go unanswered with never a full explanation as to what all happened. However, if he again denies everything under oath, the financial bank record, the litigation hold letter requesting preservation of the check cashed by Jacody Cassell or one of his authorized employees or agents, the telephone records which can be verified by xFinity/Comcast, and the check carbon copy will all be used to disprove Mr. Cassell denying everything and he could face a perjury charge.

He is a witness, a difficult witness, but he cannot deny everything as there is enough evidence to prove chimney work was conducted on October 5, 2017. The denial of everything in response to the complaint makes Jacody appear suspicious, like he is hiding something, and that will make any reasonable person feel that he did make a human error on October 5, 2017 and this human error almost costed the lives of Brian Hill and Roberta Hill with carbon monoxide gas poisoning. Damaged the nerves of both of us, but I have repaired the damage with alternative medicine such as BIO-PQQ and

other supplements. I have repaired the damage to my body caused by the carbon monoxide poisoning, but the damage caused of me being wrongfully convicted must be resolved and corrected.

Jacody Cassell, you have one more opportunity to voluntarily file a witness letter with the Circuit Court for the City of Martinsville and serve rbhill67@comcast.net a copy of your witness letter. You have one more opportunity to make things right, as you have been a difficult witness but you can still come clean, tell the truth about the human error caused by your business on October 5, 2017. Please come clean about the human error and I can finally move on with my life. Simply admitting will make the truth more clear.

Case #: CR19000009-00, Martinsville Circuit Court. Virginia.

Hon. Ashby Pritchett, Clerk of the Court: APritchett@vacourts.gov and APritchett@courts.state.va.us
Commonwealth Attorney Glen Andrew Hall, Esq.: ahall@ci.martinsville.va.us.
City of Martinsville, Commonwealth of Virginia v. Brian David Hill.

This will be my last letter to Aaron Ziglar, emailed by Roberta Hill at rbhill67@comcast.net. Hopefully if the client of Eric Ferguson agrees to make a voluntary statement, I will not have to push witness lists with Jacody Cassell being a difficult witness. Not having to file hundreds of pages of correspondence.

See article: Deposition: Turning the Tables on Difficult Witnesses (and Counsel). “Due to their importance, there can be nothing more exacerbating than dealing with the antics of difficult witnesses (and opposing counsel) during the course of a deposition. So how do you stay above the fray and still get the discovery you need?”

Jacody Cassell is a difficult witness, that is a fact. He has one more chance to fix the mess his company caused on October 5, 2017. Regardless, I am done with the complaint case and am okay that it is closed. I have to file my witness list in federal court and state court.

Thank You. Respectfully filed with the Aaron Ziglar, this the 24th day of July, 2022.

Brian D. Hill

God bless you,
Brian D. Hill

To Whom it may Concern,

I would like to respectfully request a litigation hold of evidence and records with TRUIST Bank, SunTrust Bank, and the bank which Mr. JaCody Cassell (owner) or any authorized agent for the business named “THE CHIMNEY SWEEP” cashed in or

LITIGATION HOLD LETTER TO BANKS, FDIC

withdrawn from a \$300 check from Roberta R. Hill, check dated October 5, 2017.

This is the business which the records would show that somebody from this company had cashed in the check or withdrawn the money from the check:

The Chimney Sweep
1590 Blue Bend Road
Rocky Mount, Virginia 24151
(540) 483-2468

This is a litigation hold letter. This letter will be filed in two federal cases and one state case. So this litigation hold letter is being filed with the banks and with the FDIC by Brian David Hill by and through Roberta R. Hill (rbhill67@comcast.net) as Petitioner Brian David Hill cannot use the internet and must use a filing representative to file and communicate electronically on behalf of Brian David Hill over this matter.

The litigation hold letter has attached a check stub record of \$300 being paid for to a business entity known as "THE CHIMNEY SWEEP", the check dated October 5, 2017, and was paid from the bank account of Roberta Ruth Hill on October 6, 2017 (when the money had left her account) at the time while under SunTrust bank, now is known as TRUIST. So the obtained record received on July 23, 2022 was given to Brian Hill by Roberta Hill as evidence. The bank should also be aware of who cashed the check in, or can forward this LITIGATION HOLD LETTER to the bank which Mr. JaCody Cassell had cashed the \$300 check from Roberta Ruth Hill to pay for a service from this chimney company in Rocky Mount, Virginia. A photograph of the \$300 check stub with the check number, also referenced in the bank statement of Roberta Hill's bank account, will be included as attached to this letter.

I am proceeding In Forma Pauperis in all three listed cases and cannot afford the fees for this litigation hold letter. It will be up to the U.S. Attorney Office who prosecuted me and the Commonwealth Attorney who prosecuted me to investigate the issues I have raised in this litigation hold letter, and to deal with the legal costs for retention of evidence subject to Brady v. Maryland, 373 U.S. 83 (1963); and Giglio v. United States, 405 U.S. 150 (1972).

Under the Bank Secrecy Act, all banks have to retain check records and bank records for at least five (5) years. Brian Hill, the Petitioner in two cases and criminal defendant in the Circuit court case asks the bank for retention of specific records beyond

LITIGATION HOLD LETTER TO BANKS, FDIC

the five year retention period of the Bank Secrecy Act until the litigation of the foregoing listed three cases (two are federal, one is state) have been resolved and disposed of under the Federal Rules of Evidence, Federal Rules of Civil and Criminal Procedures, and Rules of the Virginia Courts.

The following Brian David Hill requests such records in the bank(s) be retained, preserved, and not destroyed and not be spoliated (spoliation):

1. Photocopy of the cashed in or withdrawn check from the company: "The Chimney Sweep" for the amount of \$300, check dated October 5, 2017, and cashed in on October 6, 2017 and was cashed in from any authorized agent of the company: "The Chimney Sweep" or Mr. JaCody Cassell (owner) of the company: "The Chimney Sweep".
2. Bank statements from both Roberta Ruth Hill in October, 2017, and any account statements regarding cashing in or withdrawing money from the \$300 check from any authorized agent of the company: "The Chimney Sweep" or Mr. JaCody Cassell (owner) of the company: "The Chimney Sweep".

These records are important as this person is a difficult witness who will not cooperate with Brian David Hill requesting that he testify in his criminal case in admitting to a simple mistake which changed the life of Brian David Hill by being subject long-term to carbon monoxide poisoning in Apartment 2 of 310 Forest Street, Martinsville, Virginia 24112, from October 5, 2017, until September 20, 2018, prior to the arrest of Brian David Hill on September 21, 2018.

The records help prove that Mr. JaCody Cassell through his legal counsel Mr. Eric Ferguson had lied about never doing any chimney work and never doing any estimate to Aaron Ziglar of the Dispute Resolution Unit, a office of the Attorney General Office for the Commonwealth of Virginia. Case no. 953850. Lied about conducting no estimate and not doing any work at the residence of Roberta Hill. \$300 was paid to The Chimney Sweep and retention of those records is necessary for the litigation in all three cases.

The purpose is to help prove the actual innocence of Brian David Hill for his charge of indecent exposure on September 21, 2018, in the General District Court for the City of Martinsville, appealed to the Circuit Court for the City of Martinsville. As any evidence of carbon monoxide induced intoxication is a recognized criminal defense of "intoxication" which can cause incidents such as indecent exposure. Not just proving actual innocence for the state charge, but also to help prove actual innocence in the

LITIGATION HOLD LETTER TO BANKS, FDIC

Federal Court in petitioning for Writ of Habeas Corpus in the Western District of Virginia by federal 2254 motion. As well as proving actual innocence to the supervised release violation charge on November 13, 2018. All three cases will need preservation of these records due to the difficulty of witness from The Chimney Sweep to ever admit to the issue of metal tin being placed on top of the chimney flues blocking the exhaust of the gas hot water heater and gas radiator below Apartment 2, the gas appliances in Apartment 3. The blocking of the exhaust of gas ventilation at the top of the chimney had caused the carbon monoxide gas poisoning and carbon monoxide gas exposure of Brian David Hill from October 5, 2017, until September 20, 2018, prior to the arrest of Brian David Hill on September 21, 2018. The type of gas which was in the issue of carbon monoxide was “natural gas”. His mental health disorders of AUTISM SPECTRUM DISORDER, a neurological disorder, had worsened with the carbon monoxide exposure, prolonged exposure, long term exposure, had caused Mr. Hill to walk around naked outside at night on a deserted walking trail for hours causing the police to arrest this innocent man for indecent exposure, the police unaware of the carbon monoxide gas. A chimney business expert known as Pete Compton of ACE Chimney & Wildlife; Bassett, VA, found the metal tin blocking the exhaust flue or flues of the chimney, and that was on January 30, 2019.

The legal reasons for why retention of those financial records and check records are necessary for this difficult witness, Mr. JaCody Cassell. He is refusing to accept responsibility and refusing to cooperate with Brian Hill's repeated requests for him to voluntarily testify and admit to or admit that one of his employees had placed the metal tin on the chimney on October 5, 2017. Denying ever doing an estimate, denying ever conducting a service. Denied everything. He is a difficult witness and such difficult witness warrants preservation of the listed records until all three litigation cases listed herein are resolved.

The three cases which the litigation hold letter is regarding preservation of evidence for three different cases listed herein:

Title of case or case style:	Case number:	Courthouse:
Brian David Hill v. Commonwealth of Virginia	7:22-cv-00336	U.S. District Court, Western District of Virginia
Brian David Hill v. United States of America	1:22-CV-00074, 1:13-cr-435-1	U.S. District Court, Middle District of North Carolina
Commonwealth of Virginia	CR19000009-00	Circuit Court for the City of

LITIGATION HOLD LETTER TO BANKS, FDIC

v. Brian David Hill		Martinsville, Commonwealth of Virginia
---------------------	--	---

Brian did not wanted to take things this far but to prove actual innocence he must fight with every avenue he has at his disposal to clear his name of any misdoing on September 21, 2018. Brian must prove his innocence and therefore the records must be retained due to the witness Mr. JaCody Cassell being a difficult witness refusing to admit to anything which caused the metal tin to further cause the issue of carbon monoxide poisoning of Brian David Hill.

Thank You. Respectfully filed with the banks and FDIC, this the 23rd day of July, 2022.

Signed
Brian D. Hill

God bless you,
Brian D. Hill

Aaron Ziglar and attorney Eric Ferguson,

My son Brian David Hill is filing one more letter in this case otherwise he will file a second complaint against The Chimney Sweep and may file a complaint against Aaron Ziglar (if he refuses to accept this letter with the final evidence) with the Judicial Inquiry and Review Commission to force this information on the record at the Attorney General's office, it must be on record, the bank account records. Brian will just file those in his federal and state cases to force this information to be filed on record to disprove Mr. Cassell's wall of denials. He is a difficult witness as my son has claimed in this letter. By legal definition, Jacody Cassell refuses to be a witness, so he is a difficult witness.

We have the bank records and it does have a \$300 check paid on October 6, 2017, a day after the check was given to somebody working for "The Chimney Sweep". Along with the telephone numbers from the phone logs which can be verified by xFinity / Comcast. All it proves the wall of denials by Jacody Cassell will not suffice as facts in a Federal Court on an evidentiary hearing for Writs of Habeas Corpus.

My son is filing this last letter in this case. Please accept it and file it in the record.

There is also a litigation hold letter. My son will be adding Jacody Cassell in his witness lists to push for requiring Jacody Cassell to appear in federal court in North Carolina and in Roanoke or Abingdon or on Zoom, for any court ordered evidentiary hearings.

I am sorry but my son will not give up until he is properly acquitted of his state charge.

This will be his last letter in this complaint case. Since Brian w

Good afternoon Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to attempt to assist in the resolution of your complaint. The dispute resolution process is not a legal process – thus, there is no final decision that our Office will make. Participation is voluntary – we cannot compel either party to respond or accept the other party's offer of resolution. If a mutually agreeable resolution cannot be obtained we typically advise the complainant of other options available to pursue the complaint in court, at which point our Office is no longer involved.

Unfortunately, it does not seem the dispute resolution process is the appropriate forum to resolve your dispute with The Chimney Sweep. As a result, we are closing your complaint. Consequently, your only recourse may be to pursue this matter through the appropriate court. You may wish to consult with a private attorney to discuss your options in this matter. If you do not have an attorney, you may contact one through the Virginia Lawyer Referral Service at (804) 775-0808 or toll-free inside Virginia at 1-800-552-7977 or by visiting: www.vsb.org/vlrs/. You may also consider filing in Small Claims court. For more information about Virginia's court system, please visit www.courts.state.va.us/courts/home.html, or contact your local General District Court Clerk's office.

This Office will retain your complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

Photocopy of check signed by Mr. Cassell, photocopy from TRUIST Bank after weeks of research the bank needed as per my request. Brian will be filing a new complaint against Mr. Cassell for lying to the Attorney General to dismiss a complaint with factual issues of carbon monoxide gas caused by metal tin being placed on chimney flues by denying everything to the extent where there is lying, with proof that Eric Ferguson and JaCody Cassell lied to the Office of the Attorney General. Lied by claiming never did any work/service or estimate for the Hills. \$300 check was signed for by Cassell. His signature in cursive writing does show his signature.

By denying ever conducting any service or estimate, \$300 was assumed to have been paid for absolutely nothing. That is business fraud, \$300 paid for nothing. TRUIST has the records.

A new complaint will be filed by Brian Hill with the evidence proving that JaCody Cassell lied through his attorney, that may be fraud.

See Virginia Code, Chapter 6. Crimes Involving Fraud, § 18.2-178. Obtaining money or signature, etc., by false pretense.

Since \$300 was paid for no service since JaCody Cassell denied everything, then \$300 was paid for no service, therefore **if Cassell wishes to continue denying, then \$300 was paid for no service which may be a false pretense. It is your choice Eric Ferguson and JaCody Cassell, if you wish to continue denying that any service was ever done, continue denying any estimate, well then I paid \$300 for nothing to you and that isn't true. That may be considered business fraud depending on how the laws are interpreted.**

The U.S. Probation Office may also receive this evidence to conduct their own investigation, the State Police may receive a copy. It is time for Brian David Hill to be acquitted of his state charge of indecent exposure, Brian

David Hill = Innocence.

Re: Everyday Checking Account ending in 0541
Consumer Financial Protection Bureau (CFPB) Case 220708-9015906
Federal Deposit Insurance Corporation (FDIC) Case 01419660

Dear Ms. Hill:

We have received and reviewed your concerns forwarded to us from the CFPB and the FDIC regarding your request for a statement and check copy from the account referenced above. I understand you did not have a positive experience and apologize for any frustration caused. I appreciate the opportunity to respond.

Our records indicate that your statement dated October 19, 2017, shows Check 168, payable to The Chimney Sweep, was paid on October 6, 2017 for \$300.00. Enclosed is a copy of the statement and check for your review.

Ms. Hill, I hope this information is helpful and will alleviate further concerns. Should you have any questions or additional concerns, please call us at 844-4TRUIST (844-487-8478). A representative will be glad to speak with you.

Sincerely,

Kathy Bowles

Subject: FW: 953850 Mr. Brian D. Hill VS The Chimney Sweep, PHOTOCOPY OF SIGNED CHECK, CASSELL SIGNED CHECK

From: "Ziglar, Aaron M." <AZiglar@oag.state.va.us>

Date: 8/19/2022, 11:36 AM

To: "rbhill67@comcast.net" <rbhill67@comcast.net>

Dear Mr. Hill/Mr. Ferguson,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint. Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email.

In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken. **Please note that I will be on an extended leave of absence from the office after today. Please direct any questions or written correspondence to Demetrice Davis. Her email address is DADavis@oag.state.va.us and her telephone number is (804) 786-1304.**

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Office of the Attorney General

Aaron M. Ziglar | Dispute Resolution Specialist

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep, PHOTOCOPY OF SIGNED CHECK, CASSELL SIGNED CHECK

Importance: High

Photocopy of check signed by Mr. Cassell, photocopy from TRUIST Bank after weeks of research the bank needed as per my request. Brian will be filing a new complaint against Mr. Cassell for lying to the Attorney General to dismiss a complaint with factual issues of carbon monoxide gas caused by metal tin being placed on chimney flues by denying

everything to the extent where there is lying, with proof that Eric Ferguson and JaCody Cassell lied to the Office of the Attorney General. Lied by claiming never did any work/service or estimate for the Hills. \$300 check was signed for by Cassell. His signature in cursive writing does show his signature.

By denying ever conducting any service or estimate, \$300 was assumed to have been paid for absolutely nothing. That is business fraud, \$300 paid for nothing. TRUIST has the records.

A new complaint will be filed by Brian Hill with the evidence proving that JaCody Cassell lied through his attorney, that may be fraud.

See Virginia Code, Chapter 6. Crimes Involving Fraud, § 18.2-178. Obtaining money or signature, etc., by false pretense.

Since \$300 was paid for no service since JaCody Cassell denied everything, then \$300 was paid for no service, therefore **if Cassell wishes to continue denying, then \$300 was paid for no service which may be a false pretense. It is your choice Eric Ferguson and JaCody Cassell, if you wish to continue denying that any service was ever done, continue denying any estimate, well then I paid \$300 for nothing to you and that isn't true. That may be considered business fraud depending on how the laws are interpreted.**

The U.S. Probation Office may also receive this evidence to conduct their own investigation, the State Police may receive a copy. It is time for Brian David Hill to be acquitted of his state charge of indecent exposure, Brian David Hill = Innocence.

Dear Mrs. Hill,

This email is to advise you that your complaint has been re-assigned to my attention. Aaron Ziglar will be out of the office on extended leave; however, he did forward the new information that you provided to Mr. Ferguson (see the below email). Please feel free to contact me if you have any questions or concerns.

I see that you have copied others here at the Attorney General's Office regarding your son's complaint. Do you currently have a criminal case that our office is involved in? I do not work in that section so I do not have access to that information.

Thank you,

Re: Everyday Checking Account ending in 0541
Consumer Financial Protection Bureau (CFPB) Case 220708-9015906
Federal Deposit Insurance Corporation (FDIC) Case 01419660

Dear Ms. Hill:

We have received and reviewed your concerns forwarded to us from the CFPB and the FDIC regarding your request for a statement and check copy from the account referenced above. I understand you did not have a positive experience and apologize for any frustration caused. I appreciate the opportunity to respond.

Our records indicate that your statement dated October 19, 2017, shows Check 168, payable to The Chimney Sweep, was paid on October 6, 2017 for \$300.00. Enclosed is a copy of the statement and check for your review.

Ms. Hill, I hope this information is helpful and will alleviate further concerns. Should you have any questions or additional concerns, please call us at 844-4TRUIST (844-487-8478). A representative will be glad to speak with you.

Sincerely,

Kathy Bowles

Subject: Re: FW: 953850 Mr. Brian D. Hill VS The Chimney Sweep, PHOTOCOPY OF SIGNED CHECK, CASSELL SIGNED CHECK

From: ROBERTA HILL <rbhill67@comcast.net>

Date: 8/25/2022, 10:17 PM

To: "Davis, Demetrice A." <DADavis@oag.state.va.us>

CC: Kenstella <kenstella@comcast.net>, "kenstella2005@comcast.net"

<kenstella2005@comcast.net>, "stanleybolten@justiceforuswgo.nl"

<stanleybolten@justiceforuswgo.nl>, Lin Wood <lwood@linwoodlaw.com>

Here is the evidence, not all of it, but the most important evidence which the Attorney General can use for criminal investigations into The Chimney Sweep or the State Police should start up an investigation depending on the level of crimes here. They can still resolve this complaint by admitting to they're own mistake on October 5, 2017 of installing metal tin causing my son and I to suffer months and months of gas poisoning. Your office also is involved with the Criminal Appellate Section on three ongoing appeals on a judge denying my son's request for a new trial or judgment of acquittal in my son's criminal case, and his dismissed Petition for Writ of Innocence because he is innocent and he has the solid evidence proving he is innocent (not being medically cleared as previously assumed by police). He will at at some point be filing with the Circuit Court this new evidence of the more solid evidence he is innocent of his conviction. The Chimney Sweep are the beginning of all of this, they caused the issues which caused my son to run away from home then running naked on a deserted walking trail at night then was hospitalized but lab tests were never completed despite medicaid being billed for procedure partially conducted.

The Chimney Sweep is the fault of all of this but the paragraph below is briefly on what had happened. After the paragraphs, see the relevance and issues caused by The Chimney Sweep as to why this is very important and must be resolved either by The Chimney Sweep or investigate thoroughly by the Department of State Police through criminal referral. My son plans on filing a report or multiple reports with the State Police if necessary to have his indecent exposure conviction done away with as he has solid evidence that he didn't have back in 2018 when he was arrested. He didn't have this evidence and his lawyer refused to investigate any of it, he was just like Eric Placke, he just doesn't do anything. The Chimney Sweep is the fault for this, but they didn't make him go out there naked, but they caused the carbon monoxide gas by installing the metal tin on top of my Triplex chimney flues. Carbon monoxide poisoning can cause indecent exposure, it can cause somebody with autism to see hallucinations of a man in a hoodie threatening him to get naked and run around a deserted walking trail at night. It was carbon monoxide, it was a medical emergency and not a crime.

My son Brian David Hill was charged on September 21, 2018 with indecent exposure. He was reportedly running around between 2-3AM around a deserted walking trail at night. He has autism and that is in the Department of Motor Vehicles handicap system from a medical doctor. He has diabetes but the police officer admitted under oath that he never knew Brian Hill was diabetic, but that would be because he was out of it, he was not in his right mind at that time due to the carbon monoxide. A vehicle around Hooker Street where the Dick and Willie walking trail was near a small road, a vehicle saw him and reported that a naked male was running. He didn't stop and masturbate, he didn't do any of that when I read my son's affidavits also filed in the Circuit Court. He has type one brittle diabetes. My son said his memories were blacked out, he suspected he was drugged. He told the court he thought he was drugged in writing but nobody ever conducted completed laboratory tests, he could have been injected with some street drug and they never checked him for drugs????

The hospital did not conduct any laboratory testings, they billed Medicaid for drawing blood from my son's arm but wasted the blood, Medicaid fraud or waste. **They ordered (from medical record page) what we believe may be drug tests, and they were lab tests, but we believe at the beginning they wanted to determine if he was on any illegal drugs or anything but the lab results were deleted from the chart without a valid explanation why. That is currently under criminal or civil investigation with the Department of Health Professions.** The U.S. Probation Office may be conducting it's own criminal investigation into the medical neglect and destruction of evidence and doctor lying to the local police. Officer Robert Jones of Martinsville Police was questioned under oath for a probation hearing, he said they usually do lab work and other stuff and assumed Brian Hill was medically and psychologically cleared. It is unlawful for false information to be in a police criminal investigation report. The false information was that "he was medically and psychologically cleared". Medicaid was billed for procedures not completed, lab work after blood drawn and billed to Medicaid. **The lab tests could have shown carbon monoxide gas poisoning caused by The Chimney Sweep since October 5, 2017. After they sealed the chimney flues, my son started saying he couldn't think straight, hit his head on the desk with blood coming out of his forehead, and ambulance services showed up taking a photograph of his bloody wound while blood was on the bed he was laying on, in November, 2017.** Months later my son kept complaining that he couldn't think straight and kept having diarrhea that went nonstop. He took hours for repeatedly washing his clothes while they were on his body, washing his body, had soap suds on his clothes and his probation officer saw that and thought he was mentally losing it. My son was diagnosed with a psychosis a month after he was arrested. The court never knew about the psychosis and was never informed during the General District Court proceedings. The court was misled and we were misled, and that was why my son was convicted. The police were misled. **The truth is we believe it was carbon monoxide gas poisoning since October 5, 2017, which caused all the different issues between then and the date of his arrest. Even after his arrest he was still writing weird paranoid things and made no sense in his writings. He said he kept his doors unlocked and was afraid to sleep in his bed. Claimed somebody was observing him in the thicket in the neighbor's yard. Case no. CR1900009-00. Appeals actively under 0290-22-3, 0289-22-3, and SCV of CAV no. 0173-22-3.**

As to The Chimney Sweep, they had denied ever conducting any chimney work or estimate for the residence of 310 Forest Street, Martinsville, VA 24112.

The Chimney Sweep also denied having any record of the chimney work done. Yet this month me and my son received from TRUIST bank the signed check by Cassell, meaning that Cassell and The Chimney Sweep was paid \$300 for chimney work they denied ever doing and denied ever conducting an estimate despite me having phone records from Comcast/xFinity proving that a phone number belonging to James Cassell, father of JaCody Cassell had been in touch with me multiple times in September and October, 2017. Those are in the records of this Dispute Resolution Unit case.

See attachment: "Scan_13-06-2019_2359.pdf". Also see: "2017-9-27--1056AM.mp3". At the time I had called multiple chimney services in 2017 because of chimney swifts which are birds had gone into our chimney in 2016. My son lives in Apartment 2. He heard bird sounds from the fireplace connected to our chimney in 2016, they were the chimney swifts. The voicemail from Karen Compton of ACE Chimney, "2017-9-27--1056AM.mp3", she did try reach back to me about the "chimney cap". That was why I had asked The Chimney Sweep for an estimate. I called them around September 26, 2017. See attachment: "2.28-7-1-2022-Call History October 23 2017 4_50AM (pages 1-5 excerpt records)(2).pdf". They have a logo for their business with the phone number, the same phone number as the phone records.

They lied to the Attorney General office about not ever providing an estimate but they had a phone call with me over 3 minutes in length. Can be verified with xFinity/Comcast by subpoena depending on how long they retain phone call records. They lied about providing no service because of \$300 check signed by Cassell himself. So he has lied to your office by and through his attorney Eric Ferguson.

Now with their response to my son's complaint they are claiming they never did service but received \$300 signed by Cassell when he cashed in my check. They denied everything including ever providing service in response to my son's complaint giving them a copy of his arrest warrant, Pete Compton witness letter, medical records, and my son is blaming them since 2019 for the carbon monoxide gas poisoning which he believes had caused his indecent exposure. It can cause psychosis, hallucinations, Sinus Tachycardia (found in November, 2017 medical record), abnormal WBC, abnormal MPV-Mean Platelet Volume.

Here is what I am willing to say under affidavit about The Chimney Sweep if needed from the State Police or Attorney General:

1. I am Roberta Hill. I live in Apartment 1, 310 Forest Street, Martinsville, VA 24112. My son lives below my apartment, in Apartment 2. The hot water heater and big radiator heating system is below Apartment 2. Both systems use natural gas heating. They ventilate through the chimney flue or flues. We call it the Triplex because it has three apartments stacked on top of the other. The third has an apartment and then the radiator and hot water heater below my son's apartment.

2. Around September 26, 2017, I was contacting chimney services for them to place a chimney cap or screening to prevent the birds from flying into the chimney of the Triplex. See 2017-9-27--1056AM.mp3. Karen Compton also was aware in 2017 that I had been interested in looking for a chimney cap or some kind of screen to protect our chimney from those birds. I had called The Chimney Sweep on September 26, 2017. Around October 5, 2017, there had been some phone exchanges in the phone logs because that was the date they had scheduled an appointment with me to come by the house.

3. October 5, 2017, I believe it was the young son of that chimney company, cannot say for a complete fact whether it was JaCody Cassell or not as it was almost five years ago. They installed something and the chimney swifts didn't come into the chimney that year. I paid \$300 to The Chimney Sweep after they did their work on that chimney. I never contracted services from any other chimney service after when in October 5, 2017 the The Chimney Sweep had finished their job. I did not contract chimney work after The Chimney Sweep in October 5, 2017, until I had asked ACE Chimney Service which employed a service man named Pete Compton to come over in January, 2019. See Scan_13-06-2019_2359.pdf. Prior to ACE Chimney, I had somebody else hired to do work on why water damage was coming into my son's apartment even after my son was arrested. I think that had costed over a thousand dollars I believe. We thought it was foundation issues until later finding out about the carbon monoxide. We thought that it had something to do with the foundation and wasted money on foundation work because it didn't cure the problem which was the carbon monoxide.

4. My son started complaining that he couldn't think straight, didn't want to do things he had planned to work on. He had constant diarrhea and thought it was candida fungus in his stomach but got a colonoscopy I think in maybe 2018. Brian said he spoke with his gastroenterologist doctor and they said he had no candida. The only issues found was the acid reflex being extreme to the point where he had to be on acid reflex medication, some kind of medication temporarily. He still had constant diarrhea. He thought it was the stress of his criminal case in him trying to have it

overturned on actual innocence, his 1st 2255 case. He kept paying a lot of money to buy probiotics and used his EBT money to buy these probiotic cultures. His diarrhea had gotten worse afterwards, and he tried different probiotics cultures. He tried alternative medicine to get rid of candida yeast fungus. My son knows that it was the carbon monoxide why he kept having really bad diarrhea in late 2017, and then throughout 2018 until my son's arrest.

5. In 2018, His U.S. probation officer Jason McMurray of Roanoke had concerns with me and my son Brian David Hill. He saw damage in his ceiling in his Apartment (Apartment 2). Brian had a Jesus Christ wood art on his wall at one point beside the door and right beside the fireplace (where the carbon monoxide was coming out) and it fell from the wall towards the floor but fell on furniture. Other things started looking like they wanted to fall off the wall. Wall had what appeared to be like it was crying tears and it coming down in the wall. The ceiling started breaking apart as each month went by. Part of the ceiling collapsed and had to be redone. Lots of money was spent repairing the damage caused by the carbon monoxide gas.

6. In 2018, I saw my son in the backyard giving weird looks like he didn't act right, he acted like he wasn't himself. Carilion Clinic also did lab work and saw weird abnormal levels in my son's blood in July 31, 2018 according to medical records I reviewed with my son. My son didn't act right. Kept sleeping on my couch which he had not done before, didn't want to go to his own bed. His bowel movements were so bad with his OCD routines where he kept washing his hands for hours, he couldn't take it and kept sleeping on my couch a lot, playing video games then sleeping on my couch in Apartment 1. I had to keep getting onto him about that then at a later time he slept on my couch again. He said in affidavit (2018) that he was afraid to sleep in his own bed but kept the doors unlocked downstairs. Almost as if he wanted to run away from home from something he didn't know what it was. IT WAS CARBON MONOXIDE.

7. After hearing about my son being arrested, I thought it was weird for my son to walk out of the house at night for hours, taking photos of himself. He acted like he was drunk or somebody may have given him drugs. The hospital never completed the ordered lab tests. I reviewed over the medical records from that time with my son which is how I know. We will never know if he was on fentanyl, bath salts, any of those weird drugs. Somebody could have just influenced him that night while he was walking as he has autism and can be manipulated by others into easily comply with demands. Once we found out about the carbon monoxide, my son was back home on bond conditions after the US Court ordered his release in May 2019. I trusted my son afterwards and he was never been charged with indecent exposure afterwards, was never accused of it again. He had not done it before, I feel like carbon monoxide is the truth, it is more provable than some kind wearing a hoodie.

8. In January, 2019, Pete Compton had us look at the white residue on the chimney, white residue in the fireplaces. I think he insisted to us that he could not leave the residence until he removed the carbon monoxide issue. He said it felt hot, the metal tin placed on the chimney flues. He said metal tin was placed on those chimney flues, never seen anything like that as far as he was aware of. The only chimney business which was hired prior to Pete Compton was The Chimney Sweep in October 5, 2017. We paid for gas fire logs and the gas logs may not work anymore as it has been damaged by moisture, that evidence is still in the fireplaces for State Police to use as evidence of the carbon monoxide gas caused by The Chimney Sweep. We paid a lot for remote controlled gas logs to give a little more heat and pretty gas fire on fake logs. Now they are damaged by the water damage caused by the Carbon Monoxide. They are not safe to operate in my opinion.

9. I and my son Brian Hill, Stella and Kenneth Forinash all believe that carbon monoxide had caused my son's indecent exposure. My son never exhibited that behavior since his arrest and

release on bond in May, 2019. He never exhibited that behavior prior to September 21, 2018. We all believe it was carbon monoxide gas poisoning.

10. We want The Chimney Sweep to be held accountable if they will not voluntarily admit to their human error. They made a mistake, installing the metal tin on top of the chimney. I felt they are the ones at fault for my son's indecent exposure charge. I knew something was wrong with my son in 2018, but I didn't know what it was. I wish I had known, I would have had me and my son move temporarily into a motel or his grandparents home if we had known that carbon monoxide was in the home. We would have stopped it earlier if we had known, and my son never would have been charged and convicted of indecent exposure in Virginia.

They denied ever providing a service in response to Brian's complaint but I paid him \$300. I don't remember ever receiving any contract copy or paper from them, just paid them the \$300 for the service not knowing at the time that it was important to have such paperwork. They didn't provide the estimate paperwork, I didn't realize that maybe they should have done that or were supposed to do that.

Since The Chimney Sweep don't want to admit responsibility for causing the carbon monoxide gas causing my son to be found naked running in the middle of the night, they have reportedly written through lawyer Eric Ferguson to one of the Attorney General offices that they never provided a service and never gave an estimate. Was paid \$300 for what they was reported was over nothing. That may be tax fraud or business fraud. It may be criminal neglect. Anyways, if the \$300 was paid for a service that had never existed, then fraud had happened, by their own words, fraud of paying for a service that they said had never happened.

If they are continuing to repeatedly deny ever conducting a service for \$300 paid to them, the State Police can investigate them for a number of things. Why was \$300 paid to them??? Was it reported in the income tax forms??? Was that income by JaCody Cassell by and through his business reported in the tax reporting???

If he is willing to continue denying ever providing a service but got paid \$300, no record ever existing, then did The Chimney Sweep receive \$300 under the table without reporting that income which means that the State Police could investigate them for possible tax misreporting or tax fraud. They didn't keep records that pertained to their business operations as far back as 2017 in case of any IRS audits or any record audits.

My son also faxed the Henry County Fire Marshals (also over Martinsville) in September, 2019 complaining about this business and asking for an investigation but we were never asked questions about this businesses conduct and what they did on October 5, 2017.

As to me and my son Brian David Hill, we want JaCody Cassell to just accept responsibility of causing metal tin to be installed on top of the chimney flues at my Triplex at 310 Forest Street, Martinsville, VA. The Resolution we seek is either that The Chimney Sweep accepts responsibility and admits in affidavit and under oath to their human error or misdoings about October 5, 2017, that they did install metal tin causing blocked flow of natural gas appliances exhaust. It had caused carbon monoxide damage in Apartment 2, and had caused white residue in fireplaces. It damaged remote controlled gas fire logs in both fireplaces. The State Police can take photographs of the fire log devices which were damaged by the carbon monoxide. If we had used the gas

fire logs at the wrong time during the carbon monoxide gas flowing, it could have exploded the Triplex, who knows!!! That the carbon monoxide gas of natural gas had caused my son's medical accident in November, 2017, where he had to had staples on his forehead because of blood pouring out of his forehead, lacerations. Sinus Tachycardia found at the hospital. Sinus Tachycardia can be caused by exposure to carbon monoxide. After what Pete Compton had told me, Stella Forinash, and Kennneth Forinash, we believe my son fainted in his office, fell and hit his head due to the level of carbon monoxide where he could have died.

We want resolution, we want JaCody Cassell and his business to accept responsibility and write an affidavit to the Judge Giles Carter Greer, write an affidavit to the Circuit Court clerk, to Mr. Hill, and to the Commonwealth's Attorney named Glen Andrew Hall. They should all receive affidavits from Mr. Cassell about what his business had done to us, about the installing of metal tin on October 5, 2017.

We want JaCody Cassell to accept responsibility or for one of his employees who installed the metal tin on top of the chimney to accept responsibility, whoever at his business had done the deed should write an affidavit. He should accept responsibility for installing metal tin on top of the chimney flues on October 5, 2017, and never really checked into the gas appliances that may use those flues before installing the metal tin. They could have done a better job. We we not told it was being completely sealed up that day. I admit I should have asked them more questions but they are supposed to be the licensed experts. Why did JaCody Cassell never asked me about the gas appliances being connected to the chimney they sealed up and why did he not check to see the exhaust coming out of the flues???

That caused the carbon monoxide and my son's wrongful conviction concerning cases no. CR1900009-00. Appeals actively under 0290-22-3, 0289-22-3, and SCV of CAV no. 0173-22-3.

If The Chimney Sweep continues refusing to accept responsibility and refuses to testify in his criminal and Habeas Corpus case, I would like to request that the Office of the Attorney General refer this matter to the Department of State Police for a criminal investigation, and that the State Police should conduct an investigation into The Chimney Sweep in the matter of Martinsville Police criminal complaint in the General District Court which became Circuit Court case no. CR1900009-00. The Chimney Sweep should be part of the criminal investigation by the Virginia State Police.

The things the State Police can investigate The Chimney Sweep for are the following possible

criminal acts:

1. Criminal neglect of almost killing and damaging Brian David Hill and Roberta Hill with carbon monoxide gas first caused by human error but when they learned of their error, they denied ever providing a service when responding to the Dispute Resolution Unit of the Attorney General when the bank had records of Cassell signing a \$300 check. Denying ever providing an estimate even after telephone records were provided to the Attorney General's Dispute Resolution Unit and a copy to lawyer Eric Ferguson.
2. Possibly business fraud or destruction of business records which could go down a slippery slope into possibly working under the table aka possibly tax fraud or bank fraud or any kind of fraud it could possibly be concerning. There is some form of fraud, whether it be illegal or legal, it is up to Virginia statutes and how they are interpreted by the courts.
3. Licensed business and/or contractors are usually supposed to be experts and being given expert training. They are supposed to have basic knowledge of carbon monoxide gas and how it can happen when conducting chimney work. They didn't know the consequences of installing a metal tin on top of chimney flues with exhaust of natural gas appliances. Didn't know or understood what installing a metal tin could do to a home or to the people inside.
4. Possibly code violations or infractions.

They have the chance to resolve this before my son wishes to pursue criminal charges against The Chimney Sweep. My son feels if he is to be forever convicted of indecent exposure for being a victim of carbon monoxide and being a victim of the liar JaCody Cassell, my son wants criminal charges against JaCody Cassell and the entire business. My son wants them to be held accountable for what had caused the indecent exposure charge and wrongful conviction. My son says he wants justice or justice. He wants justice, he rather have justice for the bad things which were done to him. He wants JaCody Cassell arrested on whatever crimes he committed where Brian Hill is the victim and The Chimney Sweep being the sole cause of the carbon monoxide. Brian wants him arrested if he continually refuses to accept what his business did and refuses to ever tell The Court and the prosecutor what they did on October 5, 2017.

Brian wants them to file testimony or witness letters with the court on their conduct on October 5, 2017, on installing the metal tin. Brian wants them to do that and he will let it go, he will not pursue criminal charges, but Brian is ready to push for criminal charges as soon as possible to get his life back after he works on pending legal pro se paperwork. He has a new motion or two motions he will file asking for new trial and will likely have to file two more appeals in the Court of Appeals of Virginia. My son will ask two or three more times for a new trial on new evidence he acquires. He is innocent of indecent exposure. JaCody Cassell is on notice that my son wants criminal charges against him for causing the carbon monoxide which made him leave home on September 20, 2018, and was arrested on September 21, 2018.

Thanks,
Roberta Hill
310 Forest Street, Apt. 1, Martinsville, VA 24112.

on behalf of Brian David Hill
310 Forest Street, Apt. 2, Martinsville, VA 24112.

Dear Mrs. Hill,

This email is to advise you that your complaint has been re-assigned to my attention. Aaron Ziglar will be out of the office on extended leave; however, he did forward the new information that you provided to Mr. Ferguson (see the below email). Please feel free to contact me if you have any questions or concerns.

I see that you have copied others here at the Attorney General's Office regarding your son's complaint. Do you currently have a criminal case that our office is involved in? I do not work in that section so I do not have access to that information.

Thank you,

Dear Mr. Hill/Mr. Ferguson,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint. Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email.

In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken. **Please note that I will be on an extended leave of absence from the office after today. Please direct any questions or written correspondence to Demetrice Davis. Her email address is DADavis@oag.state.va.us and her telephone number is (804) 786-1304.**

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Office of the Attorney General

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep, PHOTOCOPY OF SIGNED CHECK,

CASSELL SIGNED CHECK

Importance: High

Photocopy of check signed by Mr. Cassell, photocopy from TRUIST Bank after weeks of research the bank needed as per my request. Brian will be filing a new complaint against Mr. Cassell for lying to the Attorney General to dismiss a complaint with factual issues of carbon monoxide gas caused by metal tin being placed on chimney flues by denying everything to the extent where there is lying, with proof that Eric Ferguson and JaCody Cassell lied to the Office of the Attorney General. Lied by claiming never did any work/service or estimate for the Hills. \$300 check was signed for by Cassell. His signature in cursive writing does show his signature.

By denying ever conducting any service or estimate, \$300 was assumed to have been paid for absolutely nothing. That is business fraud, \$300 paid for nothing. TRUIST has the records.

A new complaint will be filed by Brian Hill with the evidence proving that JaCody Cassell lied through his attorney, that may be fraud.

See Virginia Code, Chapter 6. Crimes Involving Fraud, § 18.2-178. Obtaining money or signature, etc., by false pretense.

Since \$300 was paid for no service since JaCody Cassell denied everything, then \$300 was paid for no service, therefore **if Cassell wishes to continue denying, then \$300 was paid for no service which may be a false pretense. It is your choice Eric Ferguson and JaCody Cassell, if you wish to continue denying that any service was ever done, continue denying any estimate, well then I paid \$300 for nothing to you and that isn't true. That may be considered business fraud depending on how the laws are interpreted.**

The U.S. Probation Office may also receive this evidence to conduct their own investigation, the State Police may receive a copy. It is

time for Brian David Hill to be acquitted of his state charge of indecent exposure, Brian David Hill = Innocence.

To Whom This May Concern:

On January 30, 2019 I went to the house at 310 Forest St., Martinsville, Va 24112 to measure and give a price for a Chimney cover. Roberta Hill and her parents: Ken & Stella Forinash escorted me to Apt 1 to show me the fireplace which had a small amount of white residue inside, no damage to the ceiling and wall around the fireplace. They then escorted me downstairs to Apt 2 where parts of the ceiling above the fireplace had fallen and there was a lot of damage in the remaining ceiling below the hearth of the fireplace in apt 1 located above apt 2 and a lot of damage along the wall in apt 2 above and on both sides of the fireplace as well as a lot of white residue inside of the fireplace. After this, we went down another flight of stairs to the basement where the gas boiler heater and the gas hot water heater were located to show me that there would be 3 holes in the chimney.

I then went outside and got my ladder to measure the chimney. This was when I found out that all 3 holes were covered with tin. Knowing that the gas boiler heater & gas hot water heater needed to be vented at all times, I immediately removed the tin covering the hole so carbon monoxide would no longer go through the house. Ms Hill had informed me that she had called a chimney sweep in Rocky Mount, VA in October, 2017 to clean the chimney and to put screen on all holes after the family spotted birds going into their fireplace the year before. In my 25 years of doing this type of work, this was the first time I have ever seen tin covering holes where it is important to vent gas heaters. I showed the family the tin I had just removed and had them to climb my ladder to look at the chimney. We then went back in the house, and I informed them that the white residue inside both fireplaces was from the gas that had no other place to escape and informed them that they had been exposed to carbon monoxide poisoning, ^{GAS} but now that the tin had been removed, there should no longer be any problems. I returned to ^{EPC} the house on February 4, 2019 and installed a stainless steel multifaceted chimney cap vented with screen on all 4 sides.

Demetrice A. Davis,

Here is a letter from my son. Typed up today to be emailed to you.

filename: Letter-Demetrice-Davis-EricFergusonAugust30-2022.pdf

This will be the last written letter from him as there is nothing else coming to further prove anything further. At this point this is going nowhere. So this is the last letter from my son over this matter. He will be asking the courts at this point to subpoena or have him asked questions about the carbon monoxide poisoning long term of my son caused by the metal tin. Brian David Hill = Innocence. He doesn't want to waste any more time on this if it continues going nowhere. He still has the evidence he was not medically cleared and officers were misled as lab tests were ordered then deleted from the chart without explanation why before he was arrested. My son was neglected by the hospital. If they had done their job, the carbon monoxide levels would have been documented, Mr. Cassell would have been questioned by the police in 2018 had the tests not been deleted, and my son never would have been charged with indecent exposure in the first place.

case no. 953850, Mr. Brian D. Hill VS The Chimney Sweep, for Office of Dispute Resolution

Thanks,
Roberta Hill
310 Forest Street, Apt. 1, Martinsville, VA 24112.

on behalf of Brian David Hill
310 Forest Street, Apt. 2, Martinsville, VA 24112.

Dear Mrs. Hill,

This email is to advise you that your complaint has been re-assigned to my attention. Aaron Ziglar will be out of the office on extended leave; however, he did forward the new information that you

provided to Mr. Ferguson (see the below email). Please feel free to contact me if you have any questions or concerns.

I see that you have copied others here at the Attorney General's Office regarding your son's complaint. Do you currently have a criminal case that our office is involved in? I do not work in that section so I do not have access to that information.

Thank you,

Demetrice A. Davis | Unit Manager, CIRU and DRU

Dear Mr. Hill/Mr. Ferguson,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint. Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email.

In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken. **Please note that I will be on an extended leave of absence from the office after today. Please direct any questions or written correspondence to Demetrice Davis. Her email address is DADavis@oag.state.va.us and her telephone number is (804) 786-1304.**

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Office of the Attorney General

Importance: High

Photocopy of check signed by Mr. Cassell, photocopy from TRUIST Bank after weeks of research the bank needed as per my request. Brian will be filing a new complaint against Mr. Cassell for lying to the Attorney General to dismiss a complaint with factual issues of carbon

monoxide gas caused by metal tin being placed on chimney flues by denying everything to the extent where there is lying, with proof that Eric Ferguson and JaCody Cassell lied to the Office of the Attorney General. Lied by claiming never did any work/service or estimate for the Hills. \$300 check was signed for by Cassell. His signature in cursive writing does show his signature.

By denying ever conducting any service or estimate, \$300 was assumed to have been paid for absolutely nothing. That is business fraud, \$300 paid for nothing. TRUIST has the records.

A new complaint will be filed by Brian Hill with the evidence proving that JaCody Cassell lied through his attorney, that may be fraud.

See Virginia Code, Chapter 6. Crimes Involving Fraud, § 18.2-178. Obtaining money or signature, etc., by false pretense.

Since \$300 was paid for no service since JaCody Cassell denied everything, then \$300 was paid for no service, therefore **if Cassell wishes to continue denying, then \$300 was paid for no service which may be a false pretense. It is your choice Eric Ferguson and JaCody Cassell, if you wish to continue denying that any service was ever done, continue denying any estimate, well then I paid \$300 for nothing to you and that isn't true. That may be considered business fraud depending on how the laws are interpreted.**

The U.S. Probation Office may also receive this evidence to conduct their own investigation, the State Police may receive a copy. It is time for Brian David Hill to be acquitted of his state charge of indecent exposure, Brian David Hill = Innocence.

LETTER TO OFFICE OF DEMETRICE A. DAVIS, ATTORNEY GENERAL,
DISPUTE RESOLUTION UNIT, AND ATTORNEY ERIC FERGUSON

RE: Case number: 953850; Mr. Brian D. Hill VS The Chimney Sweep

TUESDAY, AUGUST 30, 2022

<u>ATTN: Demetrice A. Davis</u> Unit Manager, CIRU and DRU Office of the Attorney General 202 North 9th Street Richmond, Virginia 23219 Phone: (804) 786-1304 DADavis@oag.state.va.us	<u>ATTN: Eric H. Ferguson, Esq.</u> RHODES & FERGUSON ATTORNEYS AT LAW 305 S. Main Street Rocky Mount, VA 24151 eferguson@fergusonlaw.net Phone: 540-483-5234 FAX: 540-483-5763
---	--

To JaCody Cassell through Attorney Eric Ferguson and Demetrice A. Davis,

I now have the photocopy of the signed check by either James Cassell or JaCody Cassell, the business owner of The Chimney Sweep. It is undeniable. The TRUIST bank's Kathy Bowles, Assistant Vice President, Client Resolution Senior Specialist, has given Roberta Hill and me the evidence we need which had proven that Roberta Hill had paid \$300 to Cassell of The Chimney Sweep. It isn't my word on it, it is the word of Kathy Bowles, Assistant Vice President. That person's credibility and the record itself is credible evidence.

The lawyer Eric Ferguson said the following on Tuesday, July 5, 2022 10:54 AM in email to Aaron Ziglar forwarded to Roberta Hill at rbhill67@comcast.net, the following lie or disregard for the truth:

Eric Ferguson on behalf of JaCody Cassell: "My client is trying to be as honest as he can be in this complaint. My client does not remember doing any work for the Hills in 2017 or ever. He does not believe that he has done any work for them. He has no records of ever providing estimates or doing any work for them."

Well then, I guess he does not believe he signed for a \$300 check that went directly to his company with the same name as his company The Chimney Sweep, \$300

paid to Cassell. The telephone records proving that the mobile phone number belonging directly to James Cassell at U.S. Cellular phone company, and was in contact with phone number due to records for (276) 790-3505 phone number of xFinity/Comcast account of Roberta Hill and used by Brian Hill. I guess he does not remember any of that or all of that. That \$300 with his signature on it, I guess that doesn't mean anything either. The attorney did have a point where if we ever did produce the photocopy of the signed check by Mr. Cassell, we should produce it or drop the matter. We produced it.

The lawyer Eric Ferguson said the following on Monday, July 11, 2022 9:51 AM in email to Aaron Ziglar forwarded to Roberta Hill at rbhill67@comcast.net, the following challenge assuming that Roberta Hill would never get a photocopy of the signed check:

Eric Ferguson on behalf of JaCody Cassell: The only thing I am interested in is if The Chimney Sweep did any work for them in 2017. If they have a check, then produce it. If not, then drop this matter. ”

CHALLENGE ACCEPTED!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Brian D. Hill, formerly of USWGO Alternative News, that is why I am such a pain in the butt, because I used to be an alternative news reporter and I always get down to the bottom of things. I interviewed Congressman Virgil H. Goode on May, 2012.

Challenge accepted!!! JaCody Cassell and his lawyer Eric Ferguson.

Roberta Hill already sent you the photocopy by email, but I want to also present the photocopy in this letter. We have the electronic photocopy of the check from the bank, the signed check signed for by JaCody or James Cassell. I will not drop this matter because we completed your challenge and defeated you. I have the photocopy of the signed check, even the bank TRUIST is acknowledging that \$300 was paid for by Roberta Hill's bank account to The Chimney Sweep business, to Mr. Cassell, because Cassell owns The Chimney Sweep. The records prove it, the bank proves it. You lost, Eric Ferguson. You need to admit your defeat Eric Ferguson. I will fax this letter to you when I have the time. Time to admit defeat. Challenge accepted and you been defeated.

I have the evidence, the photocopy is downsized to fit in the next page. Here it is.

7/20/22, 12:01 PM

[Signature]

We produced the check, so we are giving The Chimney Sweep one more chance.

I have already produced a witness list for the United States District Court for the Middle District of North Carolina, along with filing the litigation hold letter for TRUIST bank to retain the photocopy of the signed check until disposition of all listed pending cases. JaCody Cassell is already being listed as a witness and will also be made known to the Circuit Court for the City of Martinsville once a formal motion for a judgment of acquittal or new trial is prepared for the Clerk. The Clerk already has the signed check photocopy and litigation hold letter. Roberta Hill sent the email on Sunday to the Clerk.

JaCody Cassell is being listed as the primary witness of who we believe to the best of our knowledge his company The Chimney Sweep got paid on October 5, 2017, phone call logs also show his company mobile phone number involved on October 5, 2017. In September 27, 2017, Karen Compton of ACE Chimney & Wildlife had returned a voicemail from an earlier phone call from Roberta Hill inquiring and getting estimates on a chimney cap and Karen also mentioned about a chimney cleaning, probably because of the chimney swifts pooping in the fireplace in 2016. This proved that Roberta Hill was seeking something for the chimney, to block the chimney swift birds from coming into the chimney.

JaCody Cassell is being listed as the primary witness of who we believe to the best of our knowledge his company The Chimney Sweep had installed metal tin on top of the chimney flues at 310 Forest Street on October 5, 2017. Photo of the house.

Of course the photograph was taken by Google Street view in 2022, the photograph should jog his memory. The house in the photograph, the one with the tall chimney, had metal tin placed on top of the chimney flues. You can still slightly see the white residue on the chimney itself on the outside. White residue in one fireplace is barely present because of cleaning but the other fireplace still has the white residue. I also have the evidence of water damage in the gas heat logs which are remote controlled. That water damage proof is also being kept in fireplaces to retain the evidence of the damage caused by the carbon monoxide gas, proof that Brian Hill was exposed to carbon monoxide gas from October 5, 2017, until he left the home and was arrested on September 21, 2018 for indecent exposure. Chimney still had carbon monoxide coming into the home until the metal tin was removed from the chimney flue(s) on January 30, 2019. The one who removed it was Pete Compton of ACE Chimney & Wildlife.

Because of witness Pete Compton who removed the metal tin from the chimney flues, no other chimney service did work on the chimney between October 5, 2017, and January 30, 2019. The only culprit or suspect would be The Chimney Sweep.

So they are suspect now, and the State Police has a right to investigate this incident. Here is why as I have stated over and over again both in Federal Court, State Court, and in letters.

The Chimney Sweep caused the carbon monoxide gas damage and gas poisoning caused by exhaust of natural gas appliances. Radiator and hot water heater. It would be impossible for there not to be poisoning. It is obvious that Brian David Hill and Roberta Hill were poisoned with carbon monoxide gas. Even the State Police will accept this if given this information. It is more believable than some black man wearing a hoodie threatening to kill Roberta Hill if Brian Hill did not take his clothes off and do what was directed of the man in the hoodie which landed Brian David Hill in an indecent exposure charge on September 21, 2018. Carbon Monoxide gas can cause mental confusion, psychosis, diarrhea, hallucinations, Sinus Tachycardia, abnormally high resting blood pulse readings over 100, abnormal White Blood Cell (WBC) count, abnormal Mean Platelet Volume (MPV). We have proof of all of that for the Attorney General and the Department of State Police to review if necessary. I am ready to file a criminal complaint against JaCody Cassell if necessary for playing these mind games with his lawyer to prevent testifying about him or somebody working for his business placing metal tin on top of the chimney flues, and that metal tin was found by Pete Compton on January 30, 2019.

Brian David Hill had been exposed to carbon monoxide anytime he had resided in the home between October 5, 2017 and September 20, 2018, late before he left the house at night for a walk, then stripped naked and was found naked on September 21, 2018.

Roberta R. Hill has been exposed to carbon monoxide anytime she had resided in the home between October 5, 2017 and January 30, 2019 when the metal tin was taken off of the home.

Of course Roberta Hill wasn't getting naked, but she doesn't have AUTISM SPECTRUM DISORDER. Those with autism have been known medically that when they were children they had issues of taking clothes off at inappropriate times. It is believed that the carbon monoxide had caused hallucinations of the black man wearing the hoodie, which hallucinations can be caused by both lengthy period of dehydration for hours walking for miles on the Dick and Willie walking trail butt naked without any liquids or sodas or even juices for a type 1 brittle diabetic, and hallucinations can also be caused by prolonged exposure to Carbon Monoxide gas.

Brian Hill had over 5-6 or more reported symptoms same as what symptoms are known for Carbon Monoxide poisoning as evidenced. The only missing variable was the lack of levels documented to be acceptable by Virginia legal standards. However, evidence of carbon monoxide does exist, the symptoms of it exists. Reasonable Doubt.

Six days after he was arrested for indecent exposure, he was writing claims that he believed he was drugged, had blacked out memories, kept his doors unlocked, was psychologically afraid to sleep in his bed. All of that was filed in Federal Court records, Document #153. Was written in September 27, 2018, had to be mailed again in October, 2018, because he had written the wrong address which he had not done in jail before. Mental confusion is also a symptom of the CO gas exposure.

JaCody Cassell is the primary suspect of him or somebody else directly working for his business The Chimney Sweep placing the metal tin on top of the chimney flues. Getting paid \$300 for that cheap labor. The cost of chimney caps can be kind of expensive, so the cheaper work to cut corners is sealing the chimney. That is what I believed The Chimney Sweep did for the amount they were paid, they were not paid a high amount of money to afford a chimney cap, but the cheaper labor was placing metal tin on the flues to seal them away. Roberta Hill was not informed of this operation and she was not provided with any receipt or documentation or paperwork of what was done to her chimney. Very unprofessional in my view as a former news reporter of USWGO

Alternative News. They need to be under serious investigation here. They must!

They have no records despite Cassell signing for a \$300 check by Roberta Hill from her bank account at SunTrust before it became TRUIST. Check was on October 5, 2017, cashed in on October 6, 2017. His signature in the back of the check in the bank digital photocopy record of checks. They have no records and no paper trail despite phone call logs showing the business mobile phone number, same as the one in the logo of their business, showing the phone number belonging to James Cassell according to USPhoneBook and the other line was 276-790-3505.

No paper trail, no records, nothing, no evidence at their business that any work was ever done, how interesting. Such a cover up or lack of keeping records. Whatever the case is, it is time for there to be a long investigation into The Chimney Sweep. The State Police needs to start contacting anybody who has had similar procedures done to their chimneys and needs to find out if they also had metal tin placed on top of their chimney flues. If any other customer of that business has similar “metal tin” issues then this is a major problem and they could be causing home damage, brain damage, body damage, wrongful arrests, wrongful conviction, psychosis, and death. This is unacceptable for a business to be not keeping records at all or destroyed records or concealed existence of records all for the purpose of denying everything over a serious issue.

This letter hopes that somebody at the Office of Attorney General is competent enough to demand criminal and civil investigations into this business. There is enough funny business that investigations should be the first thing done, right away.

I am still willing to let it go and drop this matter on one condition with JaCody Cassell, Eric Ferguson, and The Chimney Sweep business as whole:

This business, whoever employee had done the metal tin installment, needs to file an affidavit with the Clerk of the Circuit Court for the City of Martinsville, a copy with myself, a copy with Roberta Hill, a copy with the Hon. Giles Carter Greer (judge), a copy with the Commonwealth Attorney Office, a copy with the U.S. Attorney Office for the Middle District of North Carolina, and a copy with the Attorney General Office.

The affidavit needs to specify when the metal tin was installed, how it was installed, what areas of the chimney flues were covered, and how the business did not verify whether or not gas exhaust ever came out of the chimney flues and did not verify

whether or not that gas appliances were ventilating through the chimney flue or flues.

I don't want lies, I don't want excuses, I want the truth from JaCody Cassell. I want the truth and I want it under affidavit, I want it in writing or in a recorded statement made to law enforcement officials or in a recorded statement to the Circuit Court Judge with copies made to all parties of the criminal case.

His testimony could cause the acquittal or new jury trial of Brian David Hill's criminal case where the jury could hear that carbon monoxide of long termed exposure lead to the indecent exposure and hallucinations of Brian David Hill around and during the time of the incident which lead to his arrest by Officer Robert Jones on September 21, 2018. The jury needs to hear this, and the jury needs to hear this from JaCody Cassell himself pursuant to the confrontation clause of the U.S. Constitution. The jury needs to understand that Brian David Hill had no prior history of indecent exposure and no prior criminal record of indecent exposure, that after the carbon monoxide gas which caused brain issues for many months, it led to the indecent exposure incident which was charged against Brian David Hill on September 21, 2018. I have the facts. It is time for Mr. Cassell to get his facts straight and not cover up anything further.

He needs to acknowledge what his business did, and he has one more opportunity.

The State Police can show the photograph of the chimney, a photograph of the house in question to jog his memory. Hopefully he will then remember something.

I hope I can get the truth out of this man while complying with the Fifth Amendment, U.S. Constitution protection against self incrimination. He has the right to remain silent, he has the right to not say anything. He can plead the fifth.

However, I want the truth and the truth will set me free, the truth will acquit me of indecent exposure. The truth will show the jury that I did not make any excuses for why I was out there naked that night. I am not guilty and I am not making excuses for why I was out there, I was not purposefully out there, I was not being obscene, I was not medically and psychologically cleared. I had no intent. I was intoxicated.

I push this defense to the Office of the Attorney General.

Brian David Hill was intoxicated presumably not by an illegal street drug or alcoholic beverage, but was involuntarily intoxicated by Carbon Monoxide gas. This can

be proven by Pete Compton, by white residue, by photographs of the falling ceiling and damage on the wall areas near the fireplace, the multiple symptoms proven of Brian Hill's behavior which all of those symptoms are usually exhibited by carbon monoxide damaged patients.

Time to stop playing games Eric Ferguson and JaCody Cassell. This is my last letter to you before I go straight to the U.S. District Court and Circuit Court asking for subpoenaing you as a difficult witness and difficult witness in who his business has caused the carbon monoxide poisoning of Brian David Hill.

In short, Brian D. Hill was exposed to carbon monoxide, directly caused by work done by The Chimney Sweep on October 5, 2017, caused the indecent exposure incident and charge as of September 21, 2018, in the City of Martinsville on a deserted walking trail called the Dick and Willie passage walking trail.

I will be asking the Courts to subpoena you for your testimony where you will be asked under penalty of perjury whether you still deny everything because the signed check and phone records can have you charged with perjury if you continue denying it all. You can keep your mouth shut pleading the fifth in front of the jury of my peers, the jury will feel odd about my indecent exposure charge hearing you keeping your mouth shut or denying everything. The jury will find me not guilty of indecent exposure.

Thank You. Respectfully filed with the Demetrice Davis, this the 30th day of August, 2022.

Signed
Brian D. Hill

God bless you,
Brian D. Hill

Dear Mrs. Hill,

Unfortunately, I am unable to provide you with any information involving the Criminal Appeals section and your son's case. I am not an attorney, and as I mentioned in my last email I do not work in the Criminal Appeals section. If you have information that you would like forwarded to that section you should contact them directly. I nor Aaron Ziglar has ever been contacted by Criminal Appeals for any information related to the consumer complaint that you filed against Chimney Sweep.

As I review the notes from your file it appears that an explanation of the dispute resolution process may not have been communicated to you. Whenever our office receives a consumer complaint such as yours, it is handled as a dispute where we attempt to facilitate the discussion between the disputants in order to help them come up with a mutually agreeable resolution. The dispute resolution process is not a legal process – it is an informal mediation where the office acts as a neutral party and the go-between for the disputing parties when it comes to sharing communication. The process is voluntary. We cannot compel either party to participate, nor can we compel either party to respond to follow-up communication attempts. We do not make a decision of fault or liability with consumer complaints. Additionally, the Attorney General's Office acts as the law firm for state agencies and/or state officials. We do not provide legal counsel to private individuals, nor does the office pursue criminal action at the request of private individuals. If you feel that you have evidence that warrants criminal prosecution you may want to contact your local police and/or Commonwealth Attorney's office.

When you provided the checks with your last email, follow-up correspondence was sent to The Chimney Sweep. If they respond, I will forward that information to you. If they do not respond, unfortunately, the complaint will remain closed.

Please let me know if you have any questions about the dispute resolution process.

Respectfully,

Demetrice A. Davis | Unit Manager, CIRU and DRU
Office of the Attorney General

CHECK

Importance: High

Here is the evidence, not all of it, but the most important evidence which the Attorney General can use for criminal investigations into The Chimney Sweep or the State Police should start up an investigation depending on the level of crimes here. They can still resolve this complaint by admitting to they're own mistake on October 5, 2017 of installing metal tin causing my son and I to suffer months and months of gas poisoning. Your office also is involved with the Criminal Appellate Section on three ongoing appeals on a judge denying my son's request for a new trial or judgment of acquittal in my son's criminal case, and his dismissed Petition for Writ of Innocence because he is innocent and he has the solid evidence proving he is innocent (not being medically cleared as previously assumed by police). He will at at some point be filing with the Circuit Court this new evidence of the more solid evidence he is innocent of his conviction. The Chimney Sweep are the beginning of all of this, they caused the issues which caused my son to run away from home then running naked on a deserted walking trail at night then was hospitalized but lab tests were never completed despite medicaid being billed for procedure partially conducted.

The Chimney Sweep is the fault of all of this but the paragraph below is briefly on what had happened. After the paragraphs, see the relevance and issues caused by The Chimney Sweep as to why this is very important and must be resolved either by The Chimney Sweep or investigate thoroughly by the Department of State Police through criminal referral. My son plans on filing a report or multiple reports with the State Police if necessary to have his indecent exposure conviction done away with as he has solid evidence that he didn't have back in 2018 when he was arrested. He didn't have this evidence and his lawyer refused to investigate any of it, he was just like Eric Placke, he just doesn't do anything. The Chimney Sweep is the fault for this, but they didn't make him go out there naked, but they caused the carbon monoxide gas by installing the metal tin on top of my Triplex chimney flues. Carbon monoxide poisoning can cause indecent exposure, it can cause somebody with autism to see hallucinations of a man in a hoodie threatening him to get naked and run around a deserted walking trail at night. It was carbon monoxide, it was a medical emergency and not a crime.

My son Brian David Hill was charged on September 21, 2018 with indecent exposure. He was reportedly running around between 2-3AM around a deserted walking trail at night. He has autism and that is in the Department of Motor Vehicles handicap system from a medical doctor. He has diabetes but the police officer admitted under oath that he never knew Brian Hill was diabetic, but that would be because he was out of it, he was not in his right mind at that time due to the carbon monoxide. A vehicle around Hooker Street where the Dick and Willie walking trail was near a small road, a vehicle saw him and reported that a naked male was running. He didn't stop and masturbate, he didn't do any of that when I read my son's affidavits also filed in the Circuit Court. He has type one brittle diabetes. My son said his memories were blacked out, he suspected he was drugged. He told the court he thought he was drugged in writing but nobody ever conducted completed laboratory tests, he could have been injected with some street drug and they never checked him for drugs????

The hospital did not conduct any laboratory testings, they billed Medicaid for drawing blood from my son's arm but wasted the blood, Medicaid fraud or waste. **They ordered (from medical record page) what we believe may be drug tests, and they were lab tests, but we believe at the beginning they wanted to determine if he was on any illegal drugs or anything but the lab results were deleted from the chart without a valid explanation why. That is currently under criminal or civil investigation with the Department of Health Professions.** The U.S. Probation Office may be conducting it's own criminal investigation into the medical neglect and destruction of

evidence and doctor lying to the local police. Officer Robert Jones of Martinsville Police was questioned under oath for a probation hearing, he said they usually do lab work and other stuff and assumed Brian Hill was medically and psychologically cleared. It is unlawful for false information to be in a police criminal investigation report. The false information was that "he was medically and psychologically cleared". Medicaid was billed for procedures not completed, lab work after blood drawn and billed to Medicaid. **The lab tests could have shown carbon monoxide gas poisoning caused by The Chimney Sweep since October 5, 2017. After they sealed the chimney flues, my son started saying he couldn't think straight, hit his head on the desk with blood coming out of his forehead, and ambulance services showed up taking a photograph of his bloody wound while blood was on the bed he was laying on, in November, 2017.** Months later my son kept complaining that he couldn't think straight and kept having diarrhea that went nonstop. He took hours for repeatedly washing his clothes while they were on his body, washing his body, had soap suds on his clothes and his probation officer saw that and thought he was mentally losing it. My son was diagnosed with a psychosis a month after he was arrested. The court never knew about the psychosis and was never informed during the General District Court proceedings. The court was misled and we were misled, and that was why my son was convicted. The police were misled. **The truth is we believe it was carbon monoxide gas poisoning since October 5, 2017, which caused all the different issues between then and the date of his arrest. Even after his arrest he was still writing weird paranoid things and made no sense in his writings. He said he kept his doors unlocked and was afraid to sleep in his bed. Claimed somebody was observing him in the thicket in the neighbor's yard. Case no. CR1900009-00. Appeals actively under 0290-22-3, 0289-22-3, and SCV of CAV no. 0173-22-3.**

As to The Chimney Sweep, they had denied ever conducting any chimney work or estimate for the residence of 310 Forest Street, Martinsville, VA 24112.

The Chimney Sweep also denied having any record of the chimney work done. Yet this month me and my son received from TRUIST bank the signed check by Cassell, meaning that Cassell and The Chimney Sweep was paid \$300 for chimney work they denied ever doing and denied ever conducting an estimate despite me having phone records from Comcast/xFinity proving that a phone number belonging to James Cassell, father of JaCody Cassell had been in touch with me multiple times in September and October, 2017. Those are in the records of this Dispute Resolution Unit case.

See attachment: "Scan_13-06-2019_2359.pdf". Also see: "2017-9-27--1056AM.mp3". At the time I had called multiple chimney services in 2017 because of chimney swifts which are birds had gone into our chimney in 2016. My son lives in Apartment 2. He heard bird sounds from the fireplace connected to our chimney in 2016, they were the chimney swifts. The voicemail from Karen Compton of ACE Chimney, "2017-9-27--1056AM.mp3", she did try reach back to me about the "chimney cap". That was why I had asked The Chimney Sweep for an estimate. I called them around September 26, 2017. See attachment: "2.28-7-1-2022-Call History October 23 2017 4_50AM (pages 1-5 excerpt records)(2).pdf". They have a logo for their business with the phone number, the same phone number as the phone records.

They lied to the Attorney General office about not ever providing an estimate but they had a phone call with me over 3 minutes in length. Can be verified with xFinity/Comcast by subpoena depending on how long they retain phone call records. They lied about providing no service because of \$300 check signed by Cassell himself. So he has lied to your office by and through his attorney Eric Ferguson.

Now with their response to my son's complaint they are claiming they never did service but

received \$300 signed by Cassell when he cashed in my check. They denied everything including ever providing service in response to my son's complaint giving them a copy of his arrest warrant, Pete Compton witness letter, medical records, and my son is blaming them since 2019 for the carbon monoxide gas poisoning which he believes had caused his indecent exposure. It can cause psychosis, hallucinations, Sinus Tachycardia (found in November, 2017 medical record), abnormal WBC, abnormal MPV-Mean Platelet Volume.

Here is what I am willing to say under affidavit about The Chimney Sweep if needed from the State Police or Attorney General:

1. I am Roberta Hill. I live in Apartment 1, 310 Forest Street, Martinsville, VA 24112. My son lives below my apartment, in Apartment 2. The hot water heater and big radiator heating system is below Apartment 2. Both systems use natural gas heating. They ventilate through the chimney flue or flues. We call it the Triplex because it has three apartments stacked on top of the other. The third has an apartment and then the radiator and hot water heater below my son's apartment.

2. Around September 26, 2017, I was contacting chimney services for them to place a chimney cap or screening to prevent the birds from flying into the chimney of the Triplex. See 2017-9-27--1056AM.mp3. Karen Compton also was aware in 2017 that I had been interested in looking for a chimney cap or some kind of screen to protect our chimney from those birds. I had called The Chimney Sweep on September 26, 2017. Around October 5, 2017, there had been some phone exchanges in the phone logs because that was the date they had scheduled an appointment with me to come by the house.

3. October 5, 2017, I believe it was the young son of that chimney company, cannot say for a complete fact whether it was JaCody Cassell or not as it was almost five years ago. They installed something and the chimney swifts didn't come into the chimney that year. I paid \$300 to The Chimney Sweep after they did their work on that chimney. I never contracted services from any other chimney service after when in October 5, 2017 the The Chimney Sweep had finished their job. I did not contract chimney work after The Chimney Sweep in October 5, 2017, until I had asked ACE Chimney Service which employed a service man named Pete Compton to come over in January, 2019. See Scan_13-06-2019_2359.pdf. Prior to ACE Chimney, I had somebody else hired to do work on why water damage was coming into my son's apartment even after my son was arrested. I think that had costed over a thousand dollars I believe. We thought it was foundation issues until later finding out about the carbon monoxide. We thought that it had something to do with the foundation and wasted money on foundation work because it didn't cure the problem which was the carbon monoxide.

4. My son started complaining that he couldn't think straight, didn't want to do things he had planned to work on. He had constant diarrhea and thought it was candida fungus in his stomach but got a colonoscopy I think in maybe 2018. Brian said he spoke with his gastroenterologist doctor and they said he had no candida. The only issues found was the acid reflex being extreme to the point where he had to be on acid reflex medication, some kind of medication temporarily. He still had constant diarrhea. He thought it was the stress of his criminal case in him trying to have it overturned on actual innocence, his 1st 2255 case. He kept paying a lot of money to buy probiotics and used his EBT money to buy these probiotic cultures. His diarrhea had gotten worse afterwards, and he tried different probiotics cultures. He tried alternative medicine to get rid of candida yeast fungus. My son knows that it was the carbon monoxide why he kept having really bad diarrhea in late 2017, and then throughout 2018 until my son's arrest.

5. In 2018, His U.S. probation officer Jason McMurray of Roanoke had concerns with me and my

son Brian David Hill. He saw damage in his ceiling in his Apartment (Apartment 2). Brian had a Jesus Christ wood art on his wall at one point beside the door and right beside the fireplace (where the carbon monoxide was coming out) and it fell from the wall towards the floor but fell on furniture. Other things started looking like they wanted to fall off the wall. Wall had what appeared to be like it was crying tears and it coming down in the wall. The ceiling started breaking apart as each month went by. Part of the ceiling collapsed and had to be redone. Lots of money was spent repairing the damage caused by the carbon monoxide gas.

6. In 2018, I saw my son in the backyard giving weird looks like he didn't act right, he acted like he wasn't himself. Carilion Clinic also did lab work and saw weird abnormal levels in my son's blood in July 31, 2018 according to medical records I reviewed with my son. My son didn't act right. Kept sleeping on my couch which he had not done before, didn't want to go to his own bed. His bowel movements were so bad with his OCD routines where he kept washing his hands for hours, he couldn't take it and kept sleeping on my couch a lot, playing video games then sleeping on my couch in Apartment 1. I had to keep getting onto him about that then at a later time he slept on my couch again. He said in affidavit (2018) that he was afraid to sleep in his own bed but kept the doors unlocked downstairs. Almost as if he wanted to run away from home from something he didn't know what it was. IT WAS CARBON MONOXIDE.

7. After hearing about my son being arrested, I thought it was weird for my son to walk out of the house at night for hours, taking photos of himself. He acted like he was drunk or somebody may have given him drugs. The hospital never completed the ordered lab tests. I reviewed over the medical records from that time with my son which is how I know. We will never know if he was on fentanyl, bath salts, any of those weird drugs. Somebody could have just influenced him that night while he was walking as he has autism and can be manipulated by others into easily comply with demands. Once we found out about the carbon monoxide, my son was back home on bond conditions after the US Court ordered his release in May 2019. I trusted my son afterwards and he was never been charged with indecent exposure afterwards, was never accused of it again. He had not done it before, I feel like carbon monoxide is the truth, it is more provable than some kind wearing a hoodie.

8. In January, 2019, Pete Compton had us look at the white residue on the chimney, white residue in the fireplaces. I think he insisted to us that he could not leave the residence until he removed the carbon monoxide issue. He said it felt hot, the metal tin placed on the chimney flues. He said metal tin was placed on those chimney flues, never seen anything like that as far as he was aware of. The only chimney business which was hired prior to Pete Compton was The Chimney Sweep in October 5, 2017. We paid for gas fire logs and the gas logs may not work anymore as it has been damaged by moisture, that evidence is still in the fireplaces for State Police to use as evidence of the carbon monoxide gas caused by The Chimney Sweep. We paid a lot for remote controlled gas logs to give a little more heat and pretty gas fire on fake logs. Now they are damaged by the water damage caused by the Carbon Monoxide. They are not safe to operate in my opinion.

9. I and my son Brian Hill, Stella and Kenneth Forinash all believe that carbon monoxide had caused my son's indecent exposure. My son never exhibited that behavior since his arrest and release on bond in May, 2019. He never exhibited that behavior prior to September 21, 2018. We all believe it was carbon monoxide gas poisoning.

10. We want The Chimney Sweep to be held accountable if they will not voluntarily admit to their human error. They made a mistake, installing the metal tin on top of the chimney. I felt they are the ones at fault for my son's indecent exposure charge. I knew something was wrong with my son in 2018, but I didn't know what it was. I wish I had known, I would have

had me and my son move temporarily into a motel or his grandparents home if we had known that carbon monoxide was in the home. We would have stopped it earlier if we had known, and my son never would have been charged and convicted of indecent exposure in Virginia.

They denied ever providing a service in response to Brian's complaint but I paid him \$300. I don't remember ever receiving any contract copy or paper from them, just paid them the \$300 for the service not knowing at the time that it was important to have such paperwork. They didn't provide the estimate paperwork, I didn't realize that maybe they should have done that or were supposed to do that.

Since The Chimney Sweep don't want to admit responsibility for causing the carbon monoxide gas causing my son to be found naked running in the middle of the night, they have reportedly written through lawyer Eric Ferguson to one of the Attorney General offices that they never provided a service and never gave an estimate. Was paid \$300 for what they was reported was over nothing. That may be tax fraud or business fraud. It may be criminal neglect. Anyways, if the \$300 was paid for a service that had never existed, then fraud had happened, by their own words, fraud of paying for a service that they said had never happened.

If they are continuing to repeatedly deny ever conducting a service for \$300 paid to them, the State Police can investigate them for a number of things. Why was \$300 paid to them??? Was it reported in the income tax forms??? Was that income by JaCody Cassell by and through his business reported in the tax reporting???

If he is willing to continue denying ever providing a service but got paid \$300, no record ever existing, then did The Chimney Sweep receive \$300 under the table without reporting that income which means that the State Police could investigate them for possible tax misreporting or tax fraud. They didn't keep records that pertained to their business operations as far back as 2017 in case of any IRS audits or any record audits.

My son also faxed the Henry County Fire Marshals (also over Martinsville) in September, 2019 complaining about this business and asking for an investigation but we were never asked questions about this businesses conduct and what they did on October 5, 2017.

As to me and my son Brian David Hill, we want JaCody Cassell to just accept responsibility of causing metal tin to be installed on top of the chimney flues at my Triplex at 310 Forest Street, Martinsville, VA. The Resolution we seek is either that The Chimney Sweep accepts responsibility and admits in affidavit and under oath to their human error or misdoings about October 5, 2017, that they did install metal tin causing blocked flow of natural gas appliances exhaust. It had caused carbon monoxide damage in Apartment 2, and had caused white residue in fireplaces. It damaged remote controlled gas fire logs in both fireplaces. The State Police can take photographs of the fire log devices which were damaged by the carbon monoxide. If we had used the gas fire logs at the wrong time during the carbon monoxide gas flowing, it could have exploded the Triplex, who knows!!! That the carbon monoxide gas of natural gas had caused my son's medical accident in November, 2017, where he had to had staples on his forehead because of blood pouring out of his forehead, lacerations. Sinus Tachycardia found at the hospital. Sinus Tachycardia can be caused by exposure to carbon monoxide. After what Pete

Compton had told me, Stella Forinash, and Kennneth Forinash, we believe my son fainted in his office, fell and hit his head due to the level of carbon monoxide where he could have died.

We want resolution, we want JaCody Cassell and his business to accept responsibility and write an affidavit to the Judge Giles Carter Greer, write an affidavit to the Circuit Court clerk, to Mr. Hill, and to the Commonwealth's Attorney named Glen Andrew Hall. They should all receive affidavits from Mr. Cassell about what his business had done to us, about the installing of metal tin on October 5, 2017.

We want JaCody Cassell to accept responsibility or for one of his employees who installed the metal tin on top of the chimney to accept responsibility, whoever at his business had done the deed should write an affidavit. He should accept responsibility for installing metal tin on top of the chimney flues on October 5, 2017, and never really checked into the gas appliances that may use those flues before installing the metal tin. They could have done a better job. We we not told it was being completely sealed up that day. I admit I should have asked them more questions but they are supposed to be the licensed experts. Why did JaCody Cassell never asked me about the gas appliances being connected to the chimney they sealed up and why did he not check to see the exhaust coming out of the flues???

That caused the carbon monoxide and my son's wrongful conviction concerning cases no. CR1900009-00. Appeals actively under 0290-22-3, 0289-22-3, and SCV of CAV no. 0173-22-3.

If The Chimney Sweep continues refusing to accept responsibility and refuses to testify in his criminal and Habeas Corpus case, I would like to request that the Office of the Attorney General refer this matter to the Department of State Police for a criminal investigation, and that the State Police should conduct an investigation into The Chimney Sweep in the matter of Martinsville Police criminal complaint in the General District Court which became Circuit Court case no. CR1900009-00. The Chimney Sweep should be part of the criminal investigation by the Virginia State Police.

The things the State Police can investigate The Chimney Sweep for are the following possible criminal acts:

1. Criminal neglect of almost killing and damaging Brian David Hill and Roberta Hill with carbon monoxide gas first caused by human error but when they learned of their error, they denied ever providing a service when responding to the Dispute Resolution Unit of the Attorney General when the bank had records of Cassell signing a \$300 check. Denying ever providing an estimate even

after telephone records were provided to the Attorney General's Dispute Resolution Unit and a copy to lawyer Eric Ferguson.

2. Possibly business fraud or destruction of business records which could go down a slippery slope into possibly working under the table aka possibly tax fraud or bank fraud or any kind of fraud it could possibly be concerning. There is some form of fraud, whether it be illegal or legal, it is up to Virginia statutes and how they are interpreted by the courts.

3. Licensed business and/or contractors are usually supposed to be experts and being given expert training. They are supposed to have basic knowledge of carbon monoxide gas and how it can happen when conducting chimney work. They didn't know the consequences of installing a metal tin on top of chimney flues with exhaust of natural gas appliances. Didn't know or understood what installing a metal tin could do to a home or to the people inside.

4. Possibly code violations or infractions.

They have the chance to resolve this before my son wishes to pursue criminal charges against The Chimney Sweep. My son feels if he is to be forever convicted of indecent exposure for being a victim of carbon monoxide and being a victim of the liar JaCody Cassell, my son wants criminal charges against JaCody Cassell and the entire business. My son wants them to be held accountable for what had caused the indecent exposure charge and wrongful conviction. My son says he wants justice or justice. He wants justice, he rather have justice for the bad things which were done to him. He wants JaCody Cassell arrested on whatever crimes he committed where Brian Hill is the victim and The Chimney Sweep being the sole cause of the carbon monoxide. Brian wants him arrested if he continually refuses to accept what his business did and refuses to ever tell The Court and the prosecutor what they did on October 5, 2017.

Brian wants them to file testimony or witness letters with the court on their conduct on October 5, 2017, on installing the metal tin. Brian wants them to do that and he will let it go, he will not pursue criminal charges, but Brian is ready to push for criminal charges as soon as possible to get his life back after he works on pending legal pro se paperwork. He has a new motion or two motions he will file asking for new trial and will likely have to file two more appeals in the Court of Appeals of Virginia. My son will ask two or three more times for a new trial on new evidence he acquires. He is innocent of indecent exposure. JaCody Cassell is on notice that my son wants criminal charges against him for causing the carbon monoxide which made him leave home on September 20, 2018, and was arrested on September 21, 2018.

Thanks,
Roberta Hill

Dear Mrs. Hill,

This email is to advise you that your complaint has been re-assigned to my attention. Aaron Ziglar will be out of the office on extended leave; however, he did forward the new information that you provided to Mr. Ferguson (see the below email). Please feel free to contact me if you have any questions or concerns.

I see that you have copied others here at the Attorney General's Office regarding your son's complaint. Do you currently have a criminal case that our office is involved in? I do not work in that section so I do not have access to that information.

Thank you,

Dear Mr. Hill/Mr. Ferguson,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint.

Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email.

In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken. **Please note that I will be on an extended leave of absence from the office after today. Please direct any questions or written correspondence to Demetrice Davis. Her email address is DADavis@oag.state.va.us and her telephone number is (804) 786-1304.**

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Aaron M. Ziglar | Dispute Resolution Specialist

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep, PHOTOCOPY OF SIGNED CHECK, CASSELL SIGNED CHECK

Importance: High

Photocopy of check signed by Mr. Cassell, photocopy from TRUIST Bank after weeks of research the bank needed as per my request. Brian will be filing a new complaint against Mr. Cassell for lying to the Attorney General to dismiss a complaint with factual issues of carbon monoxide gas caused by metal tin being placed on chimney flues by denying everything to the extent where there is lying, with proof that Eric Ferguson and JaCody Cassell lied to the Office of the Attorney General. Lied by claiming never did any work/service or estimate for the Hills. \$300 check was signed for by Cassell. His signature in cursive writing does show his signature.

By denying ever conducting any service or estimate, \$300 was assumed to have been paid for absolutely nothing. That is business fraud, \$300 paid for nothing. TRUIST has the records.

A new complaint will be filed by Brian Hill with the evidence proving that JaCody Cassell lied through his attorney, that may be fraud.

See Virginia Code, Chapter 6. Crimes Involving Fraud, § 18.2-178. Obtaining money or signature, etc., by false pretense.

Since \$300 was paid for no service since JaCody Cassell denied everything, then \$300 was paid for no service,

therefore **if Cassell wishes to continue denying, then \$300 was paid for no service which may be a false pretense. It is your choice Eric Ferguson and JaCody Cassell, if you wish to continue denying that any service was ever done, continue denying any estimate, well then I paid \$300 for nothing to you and that isn't true. That may be considered business fraud depending on how the laws are interpreted.**

The U.S. Probation Office may also receive this evidence to conduct their own investigation, the State Police may receive a copy. It is time for Brian David Hill to be acquitted of his state charge of indecent exposure, Brian David Hill = Innocence.

RESOLUTION UNIT OF
ATTORNEY GENERAL IN
VIRGINIA ABOUT NEVER
CONDUCTING ANY SERVICE
ON OCTOBER 5, 2017 OR ANY
ESTIMATE AND DAMAGES
CAUSED**

**FILED IN THE CONSUMER PROTECTION
SECTION OF THE OFFICE OF THE
ATTORNEY GENERAL OF VIRGINIA**

I, Brian David Hill, on the date of August 16, 2022, hereby file a second complaint with the Consumer Protection Section of the Office of the Attorney General of Virginia. I file a complaint against JaCody Cassell and against lawyer Eric Ferguson who represented the business entity known as “The Chimney Sweep” at the address of 1590 Blue Bend Rd, Rocky Mount, VA 24151. I file a complaint for damages and defamation/lying caused by JaCody Cassell and/or Attorney Eric Ferguson lying against me and lying against Roberta Hill (my mother) in response to complaint of injury caused by this company and lying about its service of what was done to the chimney at 310 Forest Street, Martinsville Virginia (See **Exhibit 2:**

COMPLAINT EXHIBIT PAGES 42 OF 47). I live in Apartment 2 of the Triplex there. Damages done to me and irreparable harm such as both criminal liability against me and misc. civil damages done to me caused by certain procedure which was done or at least believed to have been done on the date of October 5, 2017. See the ORIGINAL COMPLAINT and all correspondences, filed May 17, 2022.

1. Read the original COMPLAINT and all correspondences under case no. 953850 Mr. Brian D. Hill VS The Chimney Sweep, Dispute Resolution Unit, original complaint. See all correspondence from that case with the responses from legal counsel: Attorney Eric Ferguson who represented JaCody Cassell of the business entity known as The Chimney Sweep. See **Exhibit 1**: COMPLAINT EXHIBIT PAGES 1 through 7 of 47.

2. I believe in my personal opinion and based upon new evidence from TRUIST Bank (See **Exhibit 3**: COMPLAINT EXHIBIT PAGES 43 through 47) and based upon previously submitted documented evidence concerning four phone call log entries (xFinity/Comcast phone records) of phone number (540) 483-2468 the phone number of The Chimney Sweep (See **Exhibit 2**: COMPLAINT EXHIBIT PAGES 8 through 26 of 47), that JaCody Cassell by and through his attorney/lawyer Eric Ferguson had made blatantly false statements to myself, that JaCody Cassell by and through his attorney/lawyer Eric Ferguson had made blatantly false statements to Roberta Hill, and that Eric Ferguson had made blatantly false statements to Aaron

Ziglar, Dispute Resolution Specialist who works for the Dispute Resolution Unit of the Office of the Attorney General, the Commonwealth of Virginia. So essentially, JaCody Cassell had LIED to the Office of the Attorney General in response to Brian David Hill's complaint filed on May 17, 2022 by and through his legal representative Eric Ferguson. Lied about never conducting an estimate and by doing no work or service or anything. **Brian expected The Chimney Sweep business to not remember every little chimney work conducted and expected that he could have simply said he couldn't remember what happened back then, but it is ridiculous for Mr. Cassell to deny everything and act like no service or estimate was ever preformed at all.** In contradiction to the signed check received on August 15, 2022, and in contradiction to the telephone records from October, 2017, from xFinity/Comcast concerning account phone number 276-790-3505. The Attorney can subpoena to verify all of this evidence and authenticate it.

3. The dispute resolution process including any response(s) to a complaint is voluntary as repeatedly stated by Aaron Ziglar, JaCody Cassell and his legal representative did not have to respond to the Office of the Attorney General in response to Brian David Hill's original complaint, dated May 17, 2022, original COMPLAINT under case no. 953850 Mr. Brian D. Hill VS The Chimney Sweep, Dispute Resolution Unit, original complaint. See citation of email message from Aaron Ziglar dated June 10, 2022 (not included in exhibits due to limited file size

limits):

CITATION:

Subject: RE: Tell Brian this is the receipt he wants. Let me know if you got it.
(Re: 953850)

From: "Ziglar, Aaron M." <AZiglar@oag.state.va.us>

Date: 6/10/2022, 10:54 AM

To: ROBERTA HILL <rbhill67@comcast.net>

“You should be aware that the dispute resolution process is not a legal process, we are not attorneys and cannot provide legal advice – thus, there is no final decision that our Office will make. Participation is voluntary – we cannot compel either party to respond, offer or accept the other party’s offer of resolution. If a mutually agreeable resolution cannot be obtained we typically advise the complainant of other options available to pursue the complaint in court, at which point our Office is no longer involved.”

4. JaCody Cassell did respond by and through his legal representative (Attorney) Eric Ferguson who blatantly ignored the evidence of xFinity/Comcast telephone records (including the phone numbers and length of time of the phone calls in the Comcast/xFinity records) between the official phone number of the business entity (540) 483-2468 known as The Chimney Sweep and Roberta Hill at (276) 790-3505 (See **Exhibit 2**: COMPLAINT EXHIBIT PAGES 8 through 26 of 47), ignored the check stub carbon copy photograph (See **Exhibit 2**: COMPLAINT EXHIBIT PAGES 36 OF 47), and **this lawyer refused to wait patiently for weeks while the bank researched the records and pushed for dismissal of the complaint** (See **Exhibit 1**: COMPLAINT EXHIBIT PAGES 5 OF 47) **until Aaron Ziglar did**

dismiss the complaint on July 18, 2022 refusing to wait for the bank records from TRUIST which would have proven Brian Hill's claims that The Chimney Sweep did get paid for chimney work in the amount of \$300, a business usually gets paid to render a service or product for the fee paid, the bank records from TRUIST which was formerly SunTrust Bank at the time when Roberta Hill had an account in 2017 at that time. The check record proved that Cassell did withdrawn or cashed in the check by signing for the check on October 6, 2017 when the money was transferred out of Roberta Hill's bank account. See Exhibit 3: COMPLAINT EXHIBIT PAGES 45 and 46 OF 47.

5. The evidence I have received thanks to Roberta Hill who gave me the envelope mailing from the TRUIST Bank (See Exhibit 3: COMPLAINT EXHIBIT PAGES 47 OF 47) who sent the envelope mailing dated August 12, 2022 (See Exhibit 3: COMPLAINT EXHIBIT PAGES 47 OF 47). That envelope contains a letter (See Exhibit 3: COMPLAINT EXHIBIT PAGES 44 OF 47) about \$300 paid by check to The Chimney Sweep, and contains a photocopy of the check (See Exhibit 3: COMPLAINT EXHIBIT PAGES 45 OF 47), YES THE ORIGINAL CHECK and not just the check stub carbon copy. I have a printed digital photocopy made by and retained by the bank of the signed check from Cassell, YES CASSELL. Even in cursive writing I can understand that the last name says "cassell".

6. Anyways, the responses which JaCody Cassell by and through his lawyer

Eric Ferguson and his lawyer's additional responses, attached to this complaint entirely as **EXHIBIT 1** (cumulative responses; See **Exhibit 1**: COMPLAINT EXHIBIT PAGES 1 through 7 of 47), all show that JaCody Cassell didn't just deny everything and anything to do with ever conducting any chimney work done at 310 Forest Street, Martinsville, Virginia 24112 (See **Exhibit 1**: COMPLAINT EXHIBIT PAGES 4 through 5 of 47), he outright denied everything to the point where he was caught lying (See **Exhibit 2**: COMPLAINT EXHIBIT PAGES 27 through 36 of 47). The telephone records would prove a major probability along with the "cassell" signed photocopy of the check cashed in at the bank that an estimate was given on September 26, 2017 when combined with all other cumulative evidence. However, the check record, the photocopy of that check cashed in and signed for by Cassell, for \$300 proved that The Chimney Sweep business entity was paid on October 5, 2017 by check (See **Exhibit 3**: COMPLAINT EXHIBIT PAGES 45 of 47), and that check was cashed in on October 6, 2017 (See **Exhibit 3**: COMPLAINT EXHIBIT PAGES 46 of 47), signed by a "Cassell". JaCody Cassell or James Cassell??? Take your pick.

7. This secondary COMPLAINT is to prove to the Office of the Attorney General that JaCody Cassell by and through his legal representative Eric Ferguson (See **Exhibit 1**: COMPLAINT EXHIBIT PAGES 4 through 5 of 47) had lied to an employee of the Office of the Attorney General. That employee happens to be Aaron

Ziglar, Dispute Resolution Specialist, of the Dispute Resolution Unit. Lying to a government legal official or any government official in the performance of his or her duties may or may not be a crime, depending on the state or commonwealth statutes, especially if the lying amounts to that of fraud. However, this COMPLAINT must be filed with the new evidence, evidence that was not filed in the case of the original COMPLAINT under case no. 953850 Mr. Brian D. Hill VS The Chimney Sweep, Dispute Resolution Unit, original complaint. The reason this new evidence has to be filed in this NEW COMPLAINT was because Aaron Ziglar refused to hear anything further and refused to accept any further evidence because Attorney Eric Ferguson was insistent upon the case dismissal and refused to wait for the check records from the bank, likely out of fear that it would hurt his client with this evidence proving that his client lied to the Commonwealth's Office of the Attorney General, by lying to the Dispute Resolution Unit. Thus this new COMPLAINT is being filed to put on the record that Eric Ferguson who represented JaCody Cassell had lied to the Dispute Resolution Unit, lied to Aaron Ziglar to make him biased and prejudiced enough to dismiss the complaint made on May 17, 2022, and refused to wait for the check records from TRUIST.

8. That means the claim by Attorney Eric Ferguson that the complaint on May 17, 2022 is baseless, those words mean nothing from a LIAR. They were caught lying to Aaron Ziglar and the attorney was hoping to prejudice the specialist Aaron

Ziglar enough to have the complaint dismissed to prevent anybody from the Office of Attorney General from seeing the evidence, the actual evidence. At one point in one correspondences, this attorney tried to make out like the complaint was only to: “make these continued rantings about criminal charges and mistreatment of Mr. Hill have nothing to do with this complaint.” (See **Exhibit 1**: COMPLAINT EXHIBIT PAGES 6 of 47). However, this Attorney did inform Aaron Ziglar that: “If they have a check, then produce it. If not, then drop this matter.” The photocopy of the check signed by “cassell” was produced. Eric Ferguson and JaCody Cassell both have lied and defamed the COMPLAINANT BRIAN DAVID HILL to have his complaint dismissed on May 17, 2022. Now this second complaint is relevant and is material to the ORIGINAL COMPLAINT and all correspondence in ORIGINAL COMPLAINT dated May 17, 2022, original COMPLAINT under case no. 953850 Mr. Brian D. Hill VS The Chimney Sweep, Dispute Resolution Unit, original complaint. Again, the claim by Attorney Eric Ferguson that the complaint is baseless, those words mean nothing from a LIAR. Because there are two lies by this Attorney, one lie that there was no estimate and the proof to counter that is the 3 minutes 11 seconds (See EXHIBIT PAGES 25 OF 47) telephone call length in the phone call logs. The other lie is no work was ever done for Roberta Hill. Proven as a lie by the photocopy of the check, signed by “cassell”. This means the entire COMPLAINT filed on May 17, 2022 is considered true on its merits. When one party aka one side

is caught in intentional lying or falsification, which then the other party is usually awarded victory on the merits. Also known throughout the court system as the coined term: “FRAUD ON THE COURT” except it is FRAUD ON THE DISPUTE RESOLUTION UNIT, FRAUD ON THE ATTORNEY GENERAL. The entire complaint by Brian David Hill on May 17, 2022, all of its claims are in fact true because the respondent to that complaint had lied by complete denials. The Dispute Resolution Unit is a victim of FRAUD by JaCody Cassell by and through his legal counsel. Therefore the complaint has merit, and is not baseless since the licensed attorney and the licensed business of The Chimney Sweep are proven to be LIARS.

9. It should be investigated by the Attorney General and by the Department of State Police whether the false statements by Attorney Eric Ferguson who represented JaCody Cassell of the business entity known as The Chimney Sweep may be a criminal offense or not to lie to an employee of the Dispute Resolution Unit or lying to an employee of the Office of the Attorney General since that Unit is part of that office. It is a government office. Usually supplying fraudulent claims to a government office is a wrongdoing. That is why Aaron Ziglar warned that all responses are voluntary, **because it is better to not respond at all than lie to the state.** JaCody Cassell didn't have to respond to the complaint at all but he did and lied about it with complete denials.

10. The business entity known as The Chimney Sweep and Mr. JaCody Cassell

should be investigated for criminal negligence or criminal fraud or business fraud which had harmed and almost killed Brian David Hill in November, 2017 and almost had caused Brian Hill to have been killed in September, 2018, but instead was wrongfully arrested due to the carbon monoxide gas caused by placing of metal tin on top of the chimney flues at 310 Forest Street, as the original complaint had photocopy of hospital records regarding Mr. Hill falling and injuring himself, and Mr. Hill asserted that he believed it was caused by carbon monoxide poisoning. All claims in that original complaint have merit since JaCody Cassell had been caught lying, twice.

11. It should be investigated whether the false statements by Attorney Eric Ferguson who represented JaCody Cassell may be a form of business fraud or defrauding the Commonwealth of Virginia in response to a complaint which did not favorably paint the business entity known as The Chimney Sweep in a positive light. They simply made a human error on October 5, 2017 which any private contracting business or home improvement business can do. All can produce human error which isn't a crime. The crime herein if not simply just a crime of bearing false witness is that this business is willing to lie to the Office of Attorney General by lying to the Dispute Resolution Unit, to protect its own interests and to the disarray of Brian David Hill, to his misery and suffering, to almost being dead, twice, and wrongful imprisonment, and wrongful incarceration. They caused a lot of Brian's misery and

years of misery and they simply lie to get away with their misdoings. They should be criminally investigated by whatever legal means are necessary at the disposal of any Law Enforcement entity.

12. Since Attorney Eric Ferguson who represented JaCody Cassell had made response statements of a “wall of denials” (See **Exhibit 2**, COMPLAINT EXHIBIT PAGES 17 OF 47) denying everything including denying ever conducting an estimate and denying ever doing any kind of business work or chimney work in 2017 for Roberta Hill or even at the address of 310 Forest Street, Martinsville, VA, the photocopy of the check, signed for by Cassell, in the amount of \$300, and the telephone records prove that The Chimney Sweep had lied to an employee working for the Office of the Attorney General. Brian Hill is not a lawyer and cannot say for certain whether a criminal act was committed by them or not. However, this feels like fraud, lies to hurt a victim of them. The Chimney Sweep and their legal representative has victimized and defamed Brian David Hill by denying ever doing any work or estimate at all, and don’t even care about the check records or telephone records or anything. Just another greedy lawyer who gets paid to care less about a victim of a business. Brian isn’t just a victim of the carbon monoxide poisoning caused by an employee of The Chimney Sweep’s mistakes, he is a victim of them lying about Brian Hill’s complaint. Lying about no work being done.

13. JaCody Cassell had completely denied doing any chimney work and denied

giving any estimate. Since the check photocopy from TRUIST Bank proves otherwise, the wall of denial made to an employee working for the GOVERNMENT of Virginia aka the Commonwealth of Virginia, Office of the Attorney General.

14. Receiving \$300 while claiming to have done no work and no estimate for Hill aka Roberta Hill. If that is the route that JaCody Cassell wishes to go and deny everything, then he received \$300 for no service rendered which may be considered business fraud. He should give that money back to Roberta Hill if he truly wishes to further assert that he did not conduct any service to warrant being paid \$300.

15. See Virginia Code, Chapter 6. Crimes Involving Fraud, § 18.2-178. Obtaining money or signature, etc., by false pretense. If JaCody Cassell wishes to continue denying ever conducting a service and deny everything, then he was signing for receiving (by check) \$300 for nothing, and that may be considered being paid money under a false pretense. Roberta Hill paid The Chimney Sweep to conduct chimney work, and that business is acting like they never done any work for Roberta Hill. That is business fraud, could be check fraud, who knows what kind of fraud that is, fraud, whatever fraud it is.

16. It is clear that since Eric Ferguson who is a licensed attorney who represented JaCody Cassell, that Mr. Cassell had fully denied any and all involvement of conducting any estimate and business activity (work) involving

Roberta Hill, then \$300 was claimed by them as to not being paid for any service according to Mr. Cassell's own wall of denials, then he may be liable for possibly obtaining money fraudulently or under false pretenses under Virginia Code, Chapter 6. Crimes Involving Fraud, § 18.2-178. Obtaining money or signature, etc., by false pretense. \$300 by check being paid to a business who claimed in response to Brian Hill's COMPLAINT to have provided no service, made such claim to Aaron Ziglar of the Office of the Attorney General.

17. Last but not least, it is clear that JaCody Cassell is being childish, being a difficult witness by not ever accepting responsibility for any of his mistakes, his company's mistakes or any wrongdoing by any employee of his company known as The Chimney Sweep. He doesn't want to admit when he did wrong or when one of his employees did wrong. That is not a good business model but that is a crappy business model. With this behavior, Brian Hill and his family and friends will never hire this business, and Roberta Hill will never hire this business again. They have shown the kind of nasty people that they are. They care more about maintaining their reputation than they do about their own customers and customer's family members they damage and cause to be wrongfully imprisoned after committing an abnormal behavior caused by carbon monoxide gas poisoning exposure caused by their misdoing. It is clear they will never do the right thing and never admit to causing the problem that they did cause. They will never admit to any mistake that they did. It is

clear as day, they are not a good company, in Brian's opinion.

18. The photograph of the very home which was damaged by The Chimney Sweep by carbon monoxide gas, the very home which metal tin was installed on the chimney flues is photographed by Google Street View, year 2022. This same photo was filed with the U.S. District Court asking that Mr. JaCody Cassell as well as others in a proposed witness list be compelled to be a witness in the federal criminal case to testify about the chimney work of placing metal tin on top of chimney flues causing carbon monoxide poisoning (long-term) since October 5, 2017, after the work was completed. See **Exhibit 2**, COMPLAINT EXHIBIT PAGES 42 OF 47. White residue was trying to find a way out of the side of the chimney due to the natural gas having nowhere to exhaust, but the white residue would have been more noticeable in 2018 and January, 2019.

**RESOLUTION REQUESTED BY BRIAN HILL TO THE ATTORNEY
GENERAL; RESOLUTION REQUESTED OF THE DAMAGES AND
IRREPARABLE HARM CAUSED BY "THE CHIMNEY SWEEP"
BUSINESS**

Brian David Hill requests the following remedies from "The Chimney Sweep" business from Rocky Mount:

1. As originally requested in the COMPLAINT dated May 17, 2022, Brian David Hill would like whoever had worked on the chimney on October 5, 2017, to

simply admit to that procedure on that date, in writing and under oath, affidavit. Admit to placing the metal tin over the chimney flues at 310 Forest Street, Martinsville, Virginia 24112. It all needs to be admitted under oath and filed with the Attorney General, a copy to myself Brian Hill, a copy to the Clerk of the Circuit Court, a copy to the Hon. Giles Carter Greer, and a copy with the Commonwealth's Attorney in my criminal case.

2. Brian David Hill would like acquittal of his indecent exposure charge since the carbon monoxide poisoning caused or majorly contributed to the charge against Brian David Hill because he was exposed to gas exhaust due to the placing of metal tin on the chimney flues presumably by "The Chimney Sweep" had led to such issues with psychosis and presumably hallucinations caused by the carbon monoxide. If not acquittal then Brian David Hill would like his criminal case legal expenses including legal fees demanded by the Commonwealth to be entirely reimbursed by "The Chimney Sweep" business for such damages and liability caused by their incompetence. The reason why reimbursement is requested is because Brian David Hill's only source of income is his SSI disability money. He cannot afford to pay the Commonwealth of Virginia for legal expenses accrued as a result of him being forced to continually fight his criminal case caused by weird abnormal behavior caused by the Carbon Monoxide poisoning caused by prolonged exposure to the carbon monoxide gas.

3. Brian David Hill would like “The Chimney Sweep” to be witnesses in any jury trial or bench trial or any hearing in the criminal case of City of Martinsville and Commonwealth of Virginia v. Brian David Hill, criminal case no. CR19000009-00. They are at fault for the carbon monoxide because of the metal tin placed on top of the chimney flues.

4. Brian David Hill is not filing this complaint on Roberta Hill’s behalf but Brian is filing this because of the years of suffering and mental health damages and anguish caused by the criminal case caused by the exposure to carbon monoxide. Brian may ask her to email this complaint or submit this complaint and exhibits. She is not the complainant but she is working to communicate with the Office of the Attorney General and communicate with Attorney Eric Ferguson at Brian Hill’s insistence because he is not allowed to use the internet at this time. Roberta Hill can file a separate complaint if she feels she is entitled to any relief or resolution. Brian Hill will testify that she has been damaged too by the carbon monoxide. Her vision is not as good requiring her to wear glasses.

5. That the Office of the Attorney General conduct an investigation and find through an investigation on whether they have committed any criminal acts by claiming that they did not ever do any work for Roberta Hill or Hills.

6. That the Office of the Attorney General conduct an investigation and find through an investigation on why JaCody Cassell had lied in the first place.

Brian asks for resolution against “The Chimney Sweep” as soon as possible for resolution in his criminal case and for resolution outside of his case for the damages and mental health issues on September 21, 2018 and thereafter, caused by the Carbon Monoxide caused by metal tin placed on top of the chimney flues found by Pete Compton and believed to be caused by somebody working for “The Chimney Sweep” on October 5, 2017. Brian demands an investigation into the misconduct by somebody working for The Chimney Sweep.

Brian asks for resolution against “The Chimney Sweep” as soon as possible for resolution in the issue that JaCody Cassell and Eric Ferguson have both participated in lying with a wall of denials when a check was signed by “cassell” and \$300 was paid to The Chimney Sweep and then later Mr. Cassel acts as though they never done any chimney work and have no records, then they need to give that \$300 back if they insist with claims of doing no such work and have defrauded Roberta Hill and Brian Hill and Aaron Ziglar with lying about no chimney work and no estimate. They have two choices, Cassell needs to admit to what his business had done or at least admit to even performing a service warranting the check paid for \$300, or face the consequences for receiving \$300 for what Cassell claimed is no service which may be a criminal act of a business receiving money under false pretenses. It’s their choice what path they want to take on this. Brian Hill will push for State Police to criminally investigate The Chimney Sweep. Brian will not tolerate scum like this. Brian is

Dear Mr. Hill,

Thank you for authorizing the Virginia Attorney General's Office to assist in the resolution of your dispute. Our Office has received the below written response from the business to your complaint. Please review it carefully and, if you would like to provide a response, please do so in writing within ten (10) business days from the date of this email. In the event I fail to hear from you in writing within ten business days, the complaint will be closed and no further action will be taken.

This Office will retain the complaint form and copies of all official correspondence regarding the complaint in accordance with the applicable state retention schedule. Under the Virginia Freedom of Information Act, please be advised that these materials will be available to the public for review, upon request.

If you have any additional information or need further assistance, please feel free to contact me or respond to this message.

Sincerely,

Office of the Attorney General

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep 2

Mr. Ziglar--I have reviewed all of these emails and Ms. Hill has been sending them to me regularly. I want to make this clear--neither my client nor myself are trying to do anything to Mr. Hill. We know nothing about what he has been through and it sounds like a lot. We are not trying to prevent him from being successful in his efforts. We are not trying to hurt his efforts. My client is trying to be as honest as he can be in this complaint. My client does not remember doing any work for the Hills in 2017 or ever. He does not believe that he has done any work for them. He has no records of ever providing estimates or doing any work for them.

I have reviewed the medical records provided with the complaint. I do not see where any medical personnel has made any diagnosis of carbon monoxide poisoning involving Mr. Hill. I tried to go over those records carefully and I do not think that I missed anything. If I did, I apologize for missing it.

I understand that Mr. Hill is trying to clear his name and I appreciate his efforts. However, my client cannot accept responsibility for something he does not recall. I cannot and will not debate Mr. Hill's medical conditions. I will leave that to him and his doctors. What they prove or show is also between him, his doctors and the courts.

I can only reiterate that my client does not recall, and has no records of, ever doing any work for the Hills.

Subject: Re: 953850 Mr. Brian D. Hill VS The Chimney Sweep

Mr. Ziglar--Thanks for speaking with me yesterday and allowing me to submit this response in email format. I really appreciate your working with me and my client on submitting this response to the complaint of Mr. Hill.

My client is Jacody Cassell and he is the owner of The Chimney Sweep in Franklin County, VA. He has been the owner since 2016. His father had owned it from 1976 until 2016. Jacody has always worked for this company. His son works for him now and intends to take over the company one day.

The Chimney Sweep is a very reputable company and has had very few complaints made against them for their work. My client claims to have no knowledge of Brian D. Hill and Roberta Hill. My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work

for the Hills at a home in Martinsville. My client has no record of ever being paid to do any work for the Hills. More importantly, until May 17, 2022, when Mr. Hill filed this complaint, my clients were never told about any of these claims.

My client has never done any work for the Hills. They have never received any complaints from the Hills. One would think that it would not take 3-5 years to make a complaint. Mr. Hill is seeking damages for payment of his legal expenses as a result of criminal charges in 2018.

Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint. Even if he did, the statute of limitations for bodily injury is two years. The appropriate statutes regarding contracts are 3 years for verbal agreements and 5 years for written agreements. Since he has no written one, one must assume that if he had an agreement, it would be verbal and therefore beyond that statute of limitation as well.

On behalf of The Chimney Sweep, I ask that this complaint be dismissed. There is no evidence to support this claim.

Please advise of any next step. Thank you for your time and consideration.

Mr. Ziglar--I have nothing new to offer to the Attorney General's Office. These continued rantings about criminal charges and mistreatment of Mr. Hill have nothing to do with this complaint. The only thing I am interested in is if The Chimney Sweep did any work for them in 2017. If they have a check, then produce it. If not, then drop this matter.

LETTER TO OFFICE OF AARON M. ZIGLAR, ATTORNEY GENERAL,
DISPUTE RESOLUTION UNIT, AND ATTORNEY ERIC FERGUSON

RE: Case number: 953850; Mr. Brian D. Hill VS The Chimney Sweep

EDITED, FINISHED ON THURSDAY, JULY 7, 2022, 12:53 AM

<p><u>ATTN: Aaron M. Ziglar</u> Dispute Resolution Specialist Office of the Attorney General 202 North 9th Street Richmond, Virginia 23219 Phone: (804) 786-1244 FAX: (804) 225-4378 AZiglar@oag.state.va.us</p>	<p><u>ATTN: Eric H. Ferguson, Esq.</u> RHODES & FERGUSON ATTORNEYS AT LAW 305 S. Main Street Rocky Mount, VA 24151 eferguson@fergusonlaw.net Phone: 540-483-5234 FAX: 540-483-5763</p>
--	--

To Whom it may Concern,

I would like to reach out to you more personally rather than Roberta Hill conveying messages to you.

I ask Aaron Ziglar to wait until I and Roberta Hill receive a copy of her bank account record and/or check record proving that \$300 was paid to The Chimney Sweep.

Once I do, I will have the evidence proving that Mr. JaCody Cassell is lying about not doing any chimney work for Roberta Hill at 310 Forest Street, Martinsville, Virginia 24112. Lying about no estimate. Lying through his representative Attorney Eric Ferguson who is simply repeating what his client is directing him to do. As it is ethical to always do what your client asks you to do, though my court appointed lawyers did not do much of that if any at all.

It is admirable Attorney Eric that you will do whatever your client asks you to do. Even if certain statements Attorney Ferguson had said can be proven to be untrue.

In this Attorney's statements from his client, Mr. Cassell, owner of the business titled as "The Chimney Sweep" in Rocky Mount, Virginia. Attorney Eric Ferguson said

some statements which I will directly prove are not truthful.

CITATION FROM ATTORNEY ERIC FERGUSON'S RESPONSE DATED JUNE 29, 2022: "My client has never done any work for the Hills."

The formal written requests from Roberta Hill were put in to both the FDIC, SunTrust (failed bank) through FDIC, and TRUIST bank. I successfully faxed TRUIST bank in both Martinsville branch and Ridgeway branch. I am simply waiting for the records.

Once I have the bank records, the photograph of the check stub, it will prove that \$300 was paid to The Chimney Sweep in October, 2017, on the date which the money was transferred out of Roberta Hill's bank account in October, 2017. The check was dated as to being October 5, 2017.

I am aware that SunTrust in 2017 scans checks and keeps certain electronic records such as photocopies of cashed checks. The check date on the photograph of the check stub as to being OCTOBER 5, 2017 also backs the phone records of 276-790-2505 phone account on xFinity/Comcast. It backs that Roberta Hill made a phone call to the phone number (540) 483-2468, US Phone Book printout proved that the phone number belonged to James Cassell, who was the owner of the business known as The Chimney Sweep. Roberta opened the image to tab browser feature at the BBB profile for The Chimney Sweep to view the image logo of The Chimney Sweep and it was a large image to her surprise.

Notice the logo for The Chimney Sweep is the exact same phone number as the caller logs supporting that two times of phone calling in the telephone records.

Roberta Hill received a phone call from (540) 483-2468 at around 10:04 AM EST, Thursday, Oct 5, 2017, lasted 23 seconds. Roberta Hill later made a phone call back to that number (540) 483-2468 at around 1:22 PM EST, Thursday, Oct 5, 2017, lasted 36 seconds. At the time Mr. Cassell, whichever Cassell it was had used the mobile cell phone provider U.S. CELLULAR. That we can prove.

What would cause The Chimney Sweep or Mr. Cassell to even be involved with calling Roberta Hill on October 5, 2017?

Roberta Hill made a longer phone call to that same number (540) 483-2468 at around 11:26 AM EST, Tuesday, September 26, 2017, lasted 3 minutes and 11 seconds. At the time Mr. Cassell, whichever Cassell it was had used the mobile cell phone provider U.S. CELLULAR. That we can prove. U.S. Cellular is his cell phone provider at the time. Roberta Hill did a phone lookup at a site called freecarrierlookup.com and printed the record for mne in pdf format. It is still at the cell phone provider of “US Cellular Corp.” the exact same phone provider name coming up in the caller ID in one of the phone call log entries.

UNKNOWN	(540) 483-2468	0s	PLACED	11:32 AM EST	Tue.	Sep 26, 2017
UNKNOWN	(540) 483-2468	3m 11s	PLACED	11:26 AM EST	Tue.	Sep 26, 2017
UNKNOWN	(540) 483-2468	36s	PLACED	1:22 PM EST	Thu.	Oct 5, 2017
U.S. CELLULAR	(540) 483-2468	23s	RECEIVED	10:04 AM EST	Thu.	Oct 5, 2017

Once I have a pdf or scanned copy of Roberta Hill's bank account records and proof of \$300 leaving her bank account, I will have her sign an affidavit that the photograph of the check stub is a photo of her check stub and named as to being paid to “The Chimney Sweep” on the date of “Oct. 5, 2017” in the amount of \$300. Her affidavit, the bank account records, and the telephone records prove beyond doubt that The Chimney Sweep was doing an estimate or doing business of some sort with Roberta Hill, in 2017.

Why would Roberta Hill pay \$300 to a business called “The Chimney Sweep” on the exact same day of the telephone call logs proving that Mr. Cassell's cell phone number from provider U.S. CELLULAR was in two phone call log entries on the exact

same day as the check stub???. Both placed and received calls.

CITATION FROM ATTORNEY ERIC FERGUSON'S RESPONSE DATED JUNE 29, 2022: "Mr. Hill's complaint is baseless and he has no evidence to support it. He has offered no contract, no estimate, and no evidence of payment. He has nothing with which to back up his complaint."

We do have evidence of payment. The bank account records will prove that the money was drawn out of her bank account and that money was being paid for by check to "The Chimney Sweep".

The reason Roberta Hill has no contract was because she was never given this paper contract to my knopwledge, she cannot find this paper contract. I find it odd that she has no paper contract despite having records of other repair work done to the same home. I don't believe Mr. Cassell ever gave her a paper contract as long as I remember, it would be their fault and not our fault.

CITATION FROM ATTORNEY ERIC FERGUSON'S RESPONSE DATED JUNE 29, 2022: "My client has no records of ever providing an estimate for work to be done at the home of the Hills in Martinsville and he has no evidence of ever doing any work for the Hills at a home in Martinsville."

We have something in this country called the Fifth Amendment, Constitutional right to remain silent. It is Mr. Cassell's right to deny everything or keep his mouth shut. Denying everything can be more detrimental than simply remaining silent under the Fifth Amendment. Especially when any denials are disproved with counter evidence.

However, if this Attorney Eric Ferguson truly wants his client's claims to be entirely true without any shadow of doubt, this lawyer and his client should have simply remained silent because the telephone records, the photograph of the check stub, the BBB profile printout, The US Phone Book printout, the logo for The Chimney Sweep, and the incoming bank account records will prove that \$300 was paid to The Chimney Sweep and the check was issued by Roberta Hill to The Chimney Sweep on the very same day the phone number (540) 483-2468 was called and call received from that number on the exact same day. That number belonged to James Cassell, at the time this mobile phone number was published on US Phone Book, and that directly ties the check stub with the exact same name as the business and the phone number in the phone logs.

I would say the 3 minutes and 11 seconds on September 26, 2017 would be plenty of time to discuss an estimate, for the visit and chimney work to be conducted on October 5, 2017. \$300 paid to "The Chimney Sweep" from Roberta Hill's bank account.

CONCLUSION

At this point the claims by Attorney Eric Ferguson regarding no work ever being done at the Hill's residence in Martinsville and no estimate are fraudulent, false statements.

Despite it being scant bits and pieces of evidence, it is enough to prove a few statements made by Attorney Eric Ferguson's client Mr. Cassell are fraudulent, false statements. Pokes holes in those statements. Shows evidence of a possible cover up. Possible cover up by Mr. Cassell.

\$300 was paid for chimney work done on October 5, 2017 at the chimney, and the phone call logs prove activity was going on around or on October 5, 2017, involving Mr. Cassell.

As I said before, he has the constitutional right to remain silent. Before ever attempting to make me out to be a liar in any way, shape, or form.

His statements had proven by and through his lawyer Eric Ferguson that he will remain silent as tight as a clam. He will never admit to what he had done. It's useless.

It is come to the best of my belief that Mr. James Cassell or JaCody Cassell will never admit to placing metal tin on top of the chimney flues on the date of October 5, 2017. The fact that the complaint process, as argued by Mr. Aaron Ziglar, Dispute Resolution Specialist, he repeatedly said that the process to respond to my complaint was voluntary. The fact that Mr. Cassell would pay money and hire a lawyer, Mr. Eric Ferguson (a lawyer from Rocky Mount, VA) just to try to shoot down my COMPLAINT with the Office of the Attorney General when Aaron Ziglar repeatedly argued that the process was voluntary tells me that he is afraid of possibly criminal liability and needed to mitigate the situation by simply acting as though I am a liar, and deny everything, act like nothing is true. I symbolically shot a few holes in Attorney Eric Ferguson's claims which came directly from his client Mr. Cassell.

Like Aaron Ziglar had warned, the dispute resolution process was voluntary and is not a legal process. I was trying to get Roberta Hill to have Mr. Cassell feel guilty enough to admit his wrongdoing. A Stanley Bolten reportedly in some emails tried a few times to try to persuade Mr. Cassell to admit to what he had done. That failed. Tight as a clam.

Mr. Cassell simply made a mistake, he didn't intentionally place metal tin on top of the chimney flues with any ill intent. He made a mistake which had caused the carbon monoxide gas exposure since October 5, 2017, after the chimney work was completed.

Of course this attorney can shoot down my unsworn affidavit/declaration dated July 5, 2022 based on any legal technicality of my federal case but Roberta Hill can write an affidavit about what had happened and hers would hold up in a court of law.

However it would have been better if Mr. Cassell had remained silent rather than deny everything which destroyed his credibility the very minute we produce records

disproving even a portion of the claims made by Mr. Cassell. His attorney is right, it is beyond the statute of limitations to file a lawsuit against Mr. Cassell and against The Chimney Sweep. So why take the time and pay attorney fees to deal with my complaint which is voluntary to respond to??? I am judgment proof, my only income is SSI disability. Why hire an attorney to respond to a supposedly “baseless” complaint if that were entirely true?

I believe there is probably some unintended consequence or consequences which scared Mr. Cassell into lawyering up. Usually certain things cause people to lawyer up.

To these reasons, I believe I have poked enough holes in Mr. Cassell's claims, that his claims of never being involved with Roberta Hill to do chimney work is baseless and based on false statements by Mr. Cassell. Enough evidence to show a reasonable doubt if Mr. Cassell made such claims against me in a court room, I can show the phone record logs, check stub, the bank account records. That would be enough to dismiss Attorney Ferguson's claims against me in front of a jury by poking those few holes which would be reasonable doubts. I have enough proof that it proved chimney work was done as \$300 was paid to a business doing CHIMNEY work. What kind of work did they do on October 5, 2017??? That can be kept to speculation but Mr. Cassell cannot disprove my claims completely by claiming no involvement when there is scant evidence proving involvement of Mr. Cassell and money paid to his business. The phone records of his phone number in contact with Roberta Hill's phone number match the date of the check stub and will match the bank account records.

I will at some point have those bank account records from Roberta Hill. I will have Roberta Hill email those records directly to Mr. Aaron M. Ziglar, as well as give me the physical copies which will be scanned and made into PDF file copies . He will have those in his office of the Attorney General, and copies will be given to the Office of the Attorney General.

I was hoping to have Mr. Cassell admit to placing the metal tin on top of the chimney on October 5, 2017, and that would establish evidence in my criminal case that Brian David Hill was subject to carbon monoxide poisoning from October 5, 2017, until the day I wandered away from home in late night September 20, 2018, and was walking naked down a deserted walking trail at night until I was arrested on September 21, 2018. My Autism Spectrum Disorder along with the Carbon Monoxide gas poisoning caused me to wander away from home and the effects of the carbon monoxide odorless tasteless gas caused me to take my clothes off and walk around naked on a deserted walking trail

for hours in the middle of the night until a passing car went by the road right close to the Dick and Willie walking trail, around Hooker Street and saw me running naked and called Martinsville Police who arrested me. The carbon monoxide effects had caused me to make confusing statements which gave Officer Robert Jones the wrong conclusion that Brian David Hill was making false statements or misleading statements. People with Autism Spectrum Disorder are known to make false confessions and misleading statements to law enforcement according to a report from Dennis Debbaudt, a law enforcement trainer. Family gave me this link to paste in here:

<https://www.polfed.org/WestMids/media/1938/interview-and-interrogation-of-people-with-autism.pdf> or

<https://web.archive.org/web/20220614102303/https://www.polfed.org/WestMids/media/1938/interview-and-interrogation-of-people-with-autism.pdf>. Carbon monoxide can worsen the symptoms of Autism or even cause a regression leading me to exhibiting a behavior usually exhibited from younger autistic children who at times are found naked outside or wandering naked at night. So I exhibited an unusual behavior that normally happens with autistic children such as wandering and walking naked and confused due to the prolonged (long term) carbon monoxide exposure from October 5, 2017, until September 20, 2018.

The fact that Mr. Cassell did not exercise his right to remain silent but instead decided to make a bold move of hiring an attorney to simply respond by denying any and all involvement in anything regarding chimney work done on October 5, 2017 at 310 Forest Street had shown me that my claims will at least be considered if I file a motion for a New Jury Trial based on the false claims made by Mr. Cassell in response to only me accusing Mr. Cassell of placing metal tin on top of the chimney flues to block the exhaust from the chimney flues, when the intent of the metal tin was only with attempting to stop the chimney swifts birds from flying into the chimney in the fall. Based on what Pete Compton from ACE Chimney found in January of 2019. We all immediately figured out that this was done by the work of The Chimney Sweep. All of my supporting family members such as Roberta Hill, Stella Forinash, and Kenneth Forinash, we all knew it had to be from the past chimney work done on October 5, 2017.

I have enough evidence to push for a new trial in my criminal case based on Mr. Cassell's denials of everything even in the face of scant evidence proving \$300 paid to The Chimney Sweep on October 5, 2017, phone call logs between Roberta Hill through 276-790-3505 and Mr. Cassell's mobile number (540) 483-2468 which is on provider U.S. CELLULAR, calls made on both September 26, 2017, and October 5, 2017. Normally a check would be paid to a contractor or business after the work was

completed. So the work would be completed on October 5, 2017. I have enough evidence to push back against Mr. Cassell's wall of denial. WALL OF DENIAL!!!!!!!!!!!!

Once I get the bank account records, copies given to Attorney Eric Ferguson and Aaron Ziglar, I will give Mr. Cassell one more chance to voluntarily be a witness in my criminal case. I do not want money, I don't want a pursue a financial claim for damages against Mr. Cassell, I make that clear. I need him to testify in my criminal case. I will provide the contact information for the Circuit Court and the criminal case number. I will give Mr. Cassell one more chance to make things right after I receive the bank account records and confront his attorney with these records. He can still agree to testify and write an affidavit as of right now. He can agree to testify and I can agree to waive liability claims against him if that makes him feel more comfortable about testifying.

I agree to sign a conditional waiver of liability where I will not hold Mr. Cassell and any of his workers and agents liable for anything he has done and will not push to hold him criminally liable either, if he agrees to tell the truth and tell the facts from his own witness testimony. I will not tell him what to say, it is up to him to testify and up to him to answer my questions and the questions of the Commonwealth Attorney at any future criminal case hearings involving my charge of indecent exposure. All I want is for him to be a witness. His denials tell me that he is lying, that he does remember what happened and denies it out of fear, out of fear that it would have him civilly and criminally liable. I understand a mistake was made and that Mr. Cassell did not intentionally place metal tin on top of the chimney flues to cause carbon monoxide. If he did, then that is between him and God, that will be something he would have to face on Judgment Day, when that day naturally comes as will come for every one of us, someday. Judgment day where you will be judged for every action you take.

I will give him one more chance to make things right. One more chance before I submit the final pieces of evidence (bank account records once acquired) to the Circuit Court and that will be filed in the Federal Court in my 2254 motion once the entire State Court criminal case records are filed by the Commonwealth of Virginia in my 2254 Motion petitioning for Writ of Habeas Corpus to overturn my state conviction.

It is clear that the Circuit Court judge will feel that Mr. Cassell was lying about not doing any chimney work for Roberta Hill in Martinsville. And was lying about not doing an estimate. Even with scant evidence, lying in an attempt to shut down a complaint which is voluntary to respond to would be viewed in a negative light. The judge may consider this enough for a New Trial based on new evidence in my criminal

case. My claims would hold weight since lying in response to a complaint is usually a sign of guilt. A wall of denials when holes can be poked in such a large wall equals guilt. Lying in a voluntary response to attempt to dismiss a complaint which isn't even a lawsuit, it isn't guaranteed to receive any financial damages claims if beyond the statute of limitations, especially a hard statute of limitations. Yet lying to get a complaint dismissed as baseless when it isn't even considered a legal process. It is voluntary.

I will submit what I have so far to the Circuit Court Clerk, then soon enough I will ask for a New Trial again in my criminal case in the Circuit Court but based on the few proven lies of Mr. Cassell. I have no need to sue Mr. Cassell. If I win the jury trial, I can sue the Commonwealth Attorney Glen Andrew Hall for malicious prosecution against an innocent man. I would be compensated by the Commonwealth of Virginia for damages caused by the prosecutor. I am confident I would win suing the prosecutor of my criminal case. I would also sue my court appointed lawyers too, and win on defective counsel. I have no need to sue Mr. Cassell. I can sue the prosecutor and the ineffective defense attorney. I will also sue Martinsville Police and sue the Police Chief G. E. Cassidy. I will sue them all, and I would win. I rather sue them than sue The Chimney Sweep. Believe me, I need you as a witness and suing you would not be in my best interest even if there wasn't a statute of limitations. I rather compel you to admit the truth.

At some point, NOT NOW, I plan on dismissing my complaint voluntarily after I receive the bank account records, regardless of Mr. Cassell's decision and give Mr. Cassell one last chance to make things right and admit to what he had done placing the metal tin on top of the chimney. One more chance, write an affidavit and agree to be a witness until my criminal case is disposed of and dismissed. Regardless, the complaint will be dismissed. I will not hold this complaint over you, I about have enough evidence.

Mr. Cassell has his right to remain silent, he has the right to not be a witness against himself, and him lying in response to my complaint will not help him disprove my claims when I push for a New Trial in the Circuit Court for the City of Martinsville.

Regardless of whether Mr. Cassell will testify or not, at some point after I have my final evidence I will have the complaint dismissed upon the ground that Mr. Cassell is as tight as a clam, will not cooperate to being a witness in my criminal case, and that my complaint case is going nowhere. Regardless, I am dismissing the complaint once I have the final evidence and give Attorney Eric Ferguson's client one more chance to admit to what he had done on October 5, 2017, despite the scant evidence available.

I hope that Mr. Cassell will do the moral thing, do the smart thing, be right with God, tell the truth, and stop lying.

I pray to God that he will tell the truth and do the right thing. Denying everything only hurts me and hurts my mother Roberta Hill, and lying hurts himself. Someday in the Court of God, in his life review aka judgment day the Bible spoke of, Mr. Cassell someday after being elderly and naturally passing on to the spiritual realm, HE will be shown visions of me and will experience feeling my pain, suffering, and misery he had caused me. If you ever want to read a good spiritual book, it is called **“Embraced by the Light” by Betty Eadie**. She explained that when she faced her life review, and I think she met Jesus Christ as well, that every pain or suffering she caused, she had to experience that pain and suffering she caused another, the very pain and suffering she caused another person. Some day, Mr. Cassell will face God, will face Judgment Day, his life review after he lives a long healthy life, and he will feel my pain, my misery, my suffering, and he will feel the years of anguish and torment that Mr. Cassell had caused me. The lawyer will also feel my pain, suffering, and misery as God will give everybody a life review process. GOD'S COURT, GOD'S JUSTICE SYSTEM. **Mr. Cassell can get away with hurting me and my family in man's Court of Law, but he cannot get away with this in God's Court of Law.** He will feel my pain, my emotions, my suffering and will look at my face and body as I am naked with cuts on my body, carbon monoxide poisoning shown on my face, and me being arrested with handcuffs. God will show Mr. Cassell these visions and he will have to experience the pain that he caused me and Roberta Hill. He will see visions of Roberta Hill crying, almost killed herself and she told me that she almost killed herself when she saw that I was being arrested for indecent exposure. So Mr. Cassell will feel the pain of my mother almost killing herself in 2018, the pain of her body deteriorating, her suffering and her misery. Mr. Cassell will feel all of that someday as God shows him the wrongs and rights he has done with his life on this planet. Someday he will feel the pain of me, Roberta Hill, and pain of everybody he harmed and hurt. I have no need to do anything to Mr. Cassell, I am letting God and Jesus Christ deal with Mr. Cassell. Mr. Cassell, I am asking my lawyer Jesus Christ, Jesus is my lawyer and I have asked Jesus to hold you accountable someday in God's Court of Law of the Universe, Court of Heaven, whatever you wish to call it, and Jesus will prosecute you someday for what you have done to me.

My only interest throughout all of this is getting my life back, I want to be acquitted. Money doesn't matter to me when I can be free of my wrongful conviction. Please do the right thing JaCody Cassell. I pray to God that you will do what is right, do the right thing. **Though shall not bear false witness, one of God's Ten Commandments.**

Case #: CR19000009-00, Martinsville Circuit Court. Virginia.

Hon. Ashby Pritchett, Clerk of the Court: APritchett@vacourts.gov and
APritchett@courts.state.va.us

Commonwealth Attorney Glen Andrew Hall, Esq.: ahall@ci.martinsville.va.us.
City of Martinsville, Commonwealth of Virginia v. Brian David Hill.

Thank You. Respectfully filed with the Aaron Ziglar, this the 7th day of July, 2022.

Brian D. Hill

God bless you,
Brian D. Hill

LETTER TO OFFICE OF AARON M. ZIGLAR, ATTORNEY GENERAL,
DISPUTE RESOLUTION UNIT, AND ATTORNEY ERIC FERGUSON

RE: Case number: 953850; Mr. Brian D. Hill VS The Chimney Sweep

SATURDAY, JULY 23, 2022

EDITED, FINISHED ON SUNDAY, JULY 24, 2022, 12:28 AM

<p><u>ATTN: Aaron M. Ziglar</u> Dispute Resolution Specialist Office of the Attorney General 202 North 9th Street Richmond, Virginia 23219 Phone: (804) 786-1244 FAX: (804) 225-4378 AZiglar@oag.state.va.us</p>	<p><u>ATTN: Eric H. Ferguson, Esq.</u> RHODES & FERGUSON ATTORNEYS AT LAW 305 S. Main Street Rocky Mount, VA 24151 eferguson@fergusonlaw.net Phone: 540-483-5234 FAX: 540-483-5763</p>
--	--

To JaCody Cassell through Attorney Eric Ferguson and Aaron Ziglar,

I finally have the bank statement record of Roberta Hill's bank account proving that \$300 was taken out of the bank account of Roberta R. Hill, check record the exact same as the check stub photograph which is a carbon copy of the original check paid to "The Chimney Sweep" on October 5, 2017. The money was taken out of the bank account on October 6, 2017, a day after the money was paid for by paper check to The Chimney Sweep on October 5, 2017.

The rules of evidence allow a carbon copy sheet or carbon copy of the check or document to be admissible as evidence when the original record is not available, especially when the bank confirms or verifies a transaction of paying by check. Because I have enough evidence that Mr. Jacody Cassell through his private lawyer (legal counsel) Eric Ferguson had lied in making complete denials of ever doing work at 310 Forest Street, Martinsville, Virginia 24112 and never conducted an estimate for the chimney work, and thus makes **Mr. Jacody Cassell a difficult witness**. A difficult witness because he is refusing to be a witness and is refusing to admit to anything which would be favorable to the criminal defense of Brian David Hill, working on a pro se basis representing himself, pro se. Aaron Ziglar must accept this final evidence, and he must admit this in the record of the Dispute Resolution Unit, otherwise I may file

another complaint against The Chimney Sweep of them lying in response to my complaint which may be defamation or lying with complete denials to dismiss a complaint. I rather not file a second complaint to get this on record Mr. Ziglar, so Aaron Ziglar must accept this letter and the evidence attached to this letter. I may mail a copy by certified mail to his office, if I have to. He must accept this final evidence.

Mr. Cassell has one more chance to voluntarily admit to him or one of his employees placing metal tin on top of the chimney flues on October 5, 2017, sealing the flues, causing blockage of exhaust of two gas appliances in Apartment 3 and is exhausted by the flue or flues, below Apartment 2 at 310 Forest Street, Martinsville, Virginia 24112. He has one more chance to voluntarily admit to making this mistake, a human error. I will let this go if he can simply be a witness for his business causing the carbon monoxide intoxication. It is not a deserved criminal conviction to be naked in public at night on a deserted walking trail when under intoxication. Carbon monoxide poisoning along with AUTISM SPECTRUM DISORDER can cause the incident of being naked outside. News article examples of autistic children and autistic teens being found by police walking around naked outdoors and carbon monoxide can cause a regression of autistic adults to behave more like a autistic child or cause an autistic adult to exhibit behaviors normally caused by autistic children and autistic teenagers.

I have proven that \$300 was paid for to the business entity known as “THE CHIMNEY SWEEP” by check on October 5, 2017, and was cashed on October 6, 2017, money left the SunTrust bank account of Roberta Hill at the time.

See the attached three pages in the following order:

1. USWGO_20220723_165251(OCR).pdf: Account Statement/summary from SUNTRUST BANK. Account of Roberta Hill. Her tax ID number is partially redacted as required under Federal Rules of Criminal and Civil Procedures. (one page)
2. USWGO_20220723_165737(OCR).pdf: Envelope received on July 23, 2022, containing the bank account statement. (one page)
3. Oct 5 2017 check stub.pdf: Photograph of the carbon copy of the original check paid \$300 to “THE CHIMNEY SWEEP”. (one page)
4. Litigation hold letter to bank(s) requesting to retain evidence beyond five year financial record retention period under the Bank Secrecy Act. (five pages)

Here is the further proof I have, further disproving Mr. Cassell's complete denials.

DEPOSITS/CREDITS: 11

TOTAL ITEMS DEPOSITED: 0

CHECK NUMBER	AMOUNT	DATE PAID	SR	CHECKS
				BATCH
167	325.00	10/10	20	75241135
168	300.00	10/06	20	78221138

CHECKS: 3

MEMBER FDIC

See the check number in bank statement of bank account Roberta Ruth Hill in October, 2017. It is 168. The exact same check number as the check stub, a carbon copy of the original check paid to The Chimney Sweep, the business owned by Mr. Jacody Cassell. See the exact number, 168, same as the bank transaction record.

The check number 168, 300.00 was paid, was paid for on 10/06 (October 6, 2017) SR is 20, and check batch number was 78221138.

\$300 was paid for to The Chimney Sweep. In case the lawyer takes advantage of the 5 year check record retention period running out in October 6, 2022, this year, a LITIGATION HOLD LETTER is being filed with the Courts and with the banks.

Mr. Cassell has one more chance to voluntarily admit to his company placing metal tin on top of the chimney. It is human error and every business establishment makes human error, or caused human error. Mr. Cassell should understand this.

Aaron Ziglar, it is clear that regardless of whether Mr. Cassell wants to be a difficult witness or will admit to the human error mistake on October 5, 2017, all communications and evidence concerning the complaint and Dispute Resolution case will be filed with the Circuit Court in hundreds of pages of correspondence and letters and evidence. I will be filing a motion for a new trial based on this difficult witness of The Chimney Sweep, refusing to testify and refusing to admit to the human error caused by his own company.

So I am okay with the case being closed as I cannot force Mr. Cassell to admit to any wrongdoing as he has the Fifth Amendment right to not be a witness against himself under the U.S. Constitution but I do make one demand, that this letter and all attached evidence be filed in the foregoing Dispute Resolution case; Case number: 953850; Mr. Brian D. Hill VS The Chimney Sweep. Please Aaron Ziglar, file this last letter.

My evidence letter to Aaron Ziglar and Attorney Eric Ferguson, the letter dated July 6, 2022, addresses the evidence that Mr. Cassell's business mobile phone number (540) 483-2468 from provider U.S. CELLULAR was in contact with Roberta Hill on September 26, 2017, and October 5, 2017. The bank transaction said the check was paid on October 6, 2017, a day after the check was given to an employee of the business entity known as The Chimney Sweep. The check number in the account transaction matches the carbon copy check stub. The account number is in the record attached to this letter. Proof that The Chimney Sweep was paid \$300 for what kind of work do they offer as a business? chimney services.

Regardless of what Mr. Cassell decides to do with this bank transaction record and matches the carbon copy check stub under check number 168 matches the SunTrust bank account record. The only record that we do not have yet is the digital photocopy of

the original check cashed by Mr. Cassell but the LITIGATION HOLD LETTER should cause the bank to retain such evidence for as long as necessary.

I have proven that The Chimney Sweep was paid \$300 on October 6, 2017, the day after they received the check on October 5, 2017 payable to "THE CHIMNEY SWEEP" and they were contacted by phone, calls to and from The Chimney Sweep and Roberta Hill. The call logs from xFinity / Comcast prove this. It all comes together.

The attorney Eric Ferguson is wrong. Money wasn't paid for nothing, a check was paid for something. \$300 was paid for something. The call log on October 5, 2017, the day before the check record was paid from the account by financial record. Can be confirmed by Eric Ferguson the attorney upon subpoena or record request.

Mr. Cassell is being a difficult witness. Witness lists in two federal habeas corpus cases and one state criminal case may be filed with his name in one of the witness list slots. He cannot weasel out of this, and I have the legal right to have him subpoenaed.

He will have to answer these questions under oath, under penalty of perjury, I will make sure he is asked under oath about the metal tin work done by an employee of The Chimney Sweep on October 5, 2017. The questions will be asked under penalty of perjury. If Mr. Cassell wishes to again deny everything like he did in his lawyer's responses July 5, 2022, June 29, 2022, it will be under oath, under penalty of perjury. He can choose not to say anything as is his right under the Fifth Amendment of the U.S. Constitution, however the questions regarding the carbon monoxide will always go unanswered with never a full explanation as to what all happened. However, if he again denies everything under oath, the financial bank record, the litigation hold letter requesting preservation of the check cashed by Jacody Cassell or one of his authorized employees or agents, the telephone records which can be verified by xFinity/Comcast, and the check carbon copy will all be used to disprove Mr. Cassell denying everything and he could face a perjury charge.

He is a witness, a difficult witness, but he cannot deny everything as there is enough evidence to prove chimney work was conducted on October 5, 2017. The denial of everything in response to the complaint makes Jacody appear suspicious, like he is hiding something, and that will make any reasonable person feel that he did make a human error on October 5, 2017 and this human error almost costed the lives of Brian Hill and Roberta Hill with carbon monoxide gas poisoning. Damaged the nerves of both of us, but I have repaired the damage with alternative medicine such as BIO-PQQ and

other supplements. I have repaired the damage to my body caused by the carbon monoxide poisoning, but the damage caused of me being wrongfully convicted must be resolved and corrected.

Jacody Cassell, you have one more opportunity to voluntarily file a witness letter with the Circuit Court for the City of Martinsville and serve rbhill67@comcast.net a copy of your witness letter. You have one more opportunity to make things right, as you have been a difficult witness but you can still come clean, tell the truth about the human error caused by your business on October 5, 2017. Please come clean about the human error and I can finally move on with my life. Simply admitting will make the truth more clear.

Case #: CR19000009-00, Martinsville Circuit Court. Virginia.

Hon. Ashby Pritchett, Clerk of the Court: APritchett@vacourts.gov and APritchett@courts.state.va.us
Commonwealth Attorney Glen Andrew Hall, Esq.: ahall@ci.martinsville.va.us.
City of Martinsville, Commonwealth of Virginia v. Brian David Hill.

This will be my last letter to Aaron Ziglar, emailed by Roberta Hill at rbhill67@comcast.net. Hopefully if the client of Eric Ferguson agrees to make a voluntary statement, I will not have to push witness lists with Jacody Cassell being a difficult witness. Not having to file hundreds of pages of correspondence.

See article: Deposition: Turning the Tables on Difficult Witnesses (and Counsel). “Due to their importance, there can be nothing more exacerbating than dealing with the antics of difficult witnesses (and opposing counsel) during the course of a deposition. So how do you stay above the fray and still get the discovery you need?”

Jacody Cassell is a difficult witness, that is a fact. He has one more chance to fix the mess his company caused on October 5, 2017. Regardless, I am done with the complaint case and am okay that it is closed. I have to file my witness list in federal court and state court.

Thank You. Respectfully filed with the Aaron Ziglar, this the 24th day of July, 2022.

Brian D. Hill

God bless you,
Brian D. Hill

<u>ATTN: SUNTRUST BANK</u> PO BOX 305183 NASHVILLE, TN 37230-5183	<u>All Federal and State Courts listed herein</u>

To Whom it may Concern,

I would like to respectfully request a litigation hold of evidence and records with TRUIST Bank, SunTrust Bank, and the bank which Mr. JaCody Cassell (owner) or any authorized agent for the business named “THE CHIMNEY SWEEP” cashed in or

LITIGATION HOLD LETTER TO BANKS, FDIC

withdrawn from a \$300 check from Roberta R. Hill, check dated October 5, 2017.

This is the business which the records would show that somebody from this company had cashed in the check or withdrawn the money from the check:

The Chimney Sweep
1590 Blue Bend Road
Rocky Mount, Virginia 24151
(540) 483-2468

This is a litigation hold letter. This letter will be filed in two federal cases and one state case. So this litigation hold letter is being filed with the banks and with the FDIC by Brian David Hill by and through Roberta R. Hill (rbhill67@comcast.net) as Petitioner Brian David Hill cannot use the internet and must use a filing representative to file and communicate electronically on behalf of Brian David Hill over this matter.

The litigation hold letter has attached a check stub record of \$300 being paid for to a business entity known as "THE CHIMNEY SWEEP", the check dated October 5, 2017, and was paid from the bank account of Roberta Ruth Hill on October 6, 2017 (when the money had left her account) at the time while under SunTrust bank, now is known as TRUIST. So the obtained record received on July 23, 2022 was given to Brian Hill by Roberta Hill as evidence. The bank should also be aware of who cashed the check in, or can forward this LITIGATION HOLD LETTER to the bank which Mr. JaCody Cassell had cashed the \$300 check from Roberta Ruth Hill to pay for a service from this chimney company in Rocky Mount, Virginia. A photograph of the \$300 check stub with the check number, also referenced in the bank statement of Roberta Hill's bank account, will be included as attached to this letter.

I am proceeding In Forma Pauperis in all three listed cases and cannot afford the fees for this litigation hold letter. It will be up to the U.S. Attorney Office who prosecuted me and the Commonwealth Attorney who prosecuted me to investigate the issues I have raised in this litigation hold letter, and to deal with the legal costs for retention of evidence subject to Brady v. Maryland, 373 U.S. 83 (1963); and Giglio v. United States, 405 U.S. 150 (1972).

Under the Bank Secrecy Act, all banks have to retain check records and bank records for at least five (5) years. Brian Hill, the Petitioner in two cases and criminal defendant in the Circuit court case asks the bank for retention of specific records beyond

LITIGATION HOLD LETTER TO BANKS, FDIC

the five year retention period of the Bank Secrecy Act until the litigation of the foregoing listed three cases (two are federal, one is state) have been resolved and disposed of under the Federal Rules of Evidence, Federal Rules of Civil and Criminal Procedures, and Rules of the Virginia Courts.

The following Brian David Hill requests such records in the bank(s) be retained, preserved, and not destroyed and not be spoliated (spoliation):

1. Photocopy of the cashed in or withdrawn check from the company: “The Chimney Sweep” for the amount of \$300, check dated October 5, 2017, and cashed in on October 6, 2017 and was cashed in from any authorized agent of the company: “The Chimney Sweep” or Mr. JaCody Cassell (owner) of the company: “The Chimney Sweep”.
2. Bank statements from both Roberta Ruth Hill in October, 2017, and any account statements regarding cashing in or withdrawing money from the \$300 check from any authorized agent of the company: “The Chimney Sweep” or Mr. JaCody Cassell (owner) of the company: “The Chimney Sweep”.

These records are important as this person is a difficult witness who will not cooperate with Brian David Hill requesting that he testify in his criminal case in admitting to a simple mistake which changed the life of Brian David Hill by being subject long-term to carbon monoxide poisoning in Apartment 2 of 310 Forest Street, Martinsville, Virginia 24112, from October 5, 2017, until September 20, 2018, prior to the arrest of Brian David Hill on September 21, 2018.

The records help prove that Mr. JaCody Cassell through his legal counsel Mr. Eric Ferguson had lied about never doing any chimney work and never doing any estimate to Aaron Ziglar of the Dispute Resolution Unit, a office of the Attorney General Office for the Commonwealth of Virginia. Case no. 953850. Lied about conducting no estimate and not doing any work at the residence of Roberta Hill. \$300 was paid to The Chimney Sweep and retention of those records is necessary for the litigation in all three cases.

The purpose is to help prove the actual innocence of Brian David Hill for his charge of indecent exposure on September 21, 2018, in the General District Court for the City of Martinsville, appealed to the Circuit Court for the City of Martinsville. As any evidence of carbon monoxide induced intoxication is a recognized criminal defense of “intoxication” which can cause incidents such as indecent exposure. Not just proving actual innocence for the state charge, but also to help prove actual innocence in the

LITIGATION HOLD LETTER TO BANKS, FDIC

Federal Court in petitioning for Writ of Habeas Corpus in the Western District of Virginia by federal 2254 motion. As well as proving actual innocence to the supervised release violation charge on November 13, 2018. All three cases will need preservation of these records due to the difficulty of witness from The Chimney Sweep to ever admit to the issue of metal tin being placed on top of the chimney flues blocking the exhaust of the gas hot water heater and gas radiator below Apartment 2, the gas appliances in Apartment 3. The blocking of the exhaust of gas ventilation at the top of the chimney had caused the carbon monoxide gas poisoning and carbon monoxide gas exposure of Brian David Hill from October 5, 2017, until September 20, 2018, prior to the arrest of Brian David Hill on September 21, 2018. The type of gas which was in the issue of carbon monoxide was “natural gas”. His mental health disorders of AUTISM SPECTRUM DISORDER, a neurological disorder, had worsened with the carbon monoxide exposure, prolonged exposure, long term exposure, had caused Mr. Hill to walk around naked outside at night on a deserted walking trail for hours causing the police to arrest this innocent man for indecent exposure, the police unaware of the carbon monoxide gas. A chimney business expert known as Pete Compton of ACE Chimney & Wildlife; Bassett, VA, found the metal tin blocking the exhaust flue or flues of the chimney, and that was on January 30, 2019.

The legal reasons for why retention of those financial records and check records are necessary for this difficult witness, Mr. JaCody Cassell. He is refusing to accept responsibility and refusing to cooperate with Brian Hill's repeated requests for him to voluntarily testify and admit to or admit that one of his employees had placed the metal tin on the chimney on October 5, 2017. Denying ever doing an estimate, denying ever conducting a service. Denied everything. He is a difficult witness and such difficult witness warrants preservation of the listed records until all three litigation cases listed herein are resolved.

The three cases which the litigation hold letter is regarding preservation of evidence for three different cases listed herein:

Title of case or case style:	Case number:	Courthouse:
Brian David Hill v. Commonwealth of Virginia	7:22-cv-00336	U.S. District Court, Western District of Virginia
Brian David Hill v. United States of America	1:22-CV-00074, 1:13-cr-435-1	U.S. District Court, Middle District of North Carolina
Commonwealth of Virginia	CR19000009-00	Circuit Court for the City of

LITIGATION HOLD LETTER TO BANKS, FDIC

v. Brian David Hill		Martinsville, Commonwealth of Virginia
---------------------	--	---

Brian did not wanted to take things this far but to prove actual innocence he must fight with every avenue he has at his disposal to clear his name of any misdoing on September 21, 2018. Brian must prove his innocence and therefore the records must be retained due to the witness Mr. JaCody Cassell being a difficult witness refusing to admit to anything which caused the metal tin to further cause the issue of carbon monoxide poisoning of Brian David Hill.

Thank You. Respectfully filed with the banks and FDIC, this the 23rd day of July, 2022.

Signed
Brian D. Hill

God bless you,
Brian D. Hill

Federal Deposit Insurance Corporation (FDIC) Case 01419660

Dear Ms. Hill:

We have received and reviewed your concerns forwarded to us from the CFPB and the FDIC regarding your request for a statement and check copy from the account referenced above. I understand you did not have a positive experience and apologize for any frustration caused. I appreciate the opportunity to respond.

Our records indicate that your statement dated October 19, 2017, shows Check 168, payable to The Chimney Sweep, was paid on October 6, 2017 for \$300.00. Enclosed is a copy of the statement and check for your review.

Ms. Hill, I hope this information is helpful and will alleviate further concerns. Should you have any questions or additional concerns, please call us at 844-4TRUIST (844-487-8478). A representative will be glad to speak with you.

Sincerely,

Kathy Bowles

Section 4: Description Information

Section 4: Description Information

Complaint Description Roberta Hill is submitting online complaint on behalf of Brian David Hill. This is new evidence that JaCody Cassell had lied and the photocopy of the signed check for \$300 paid for to The Chimney Sweep, signed by "cassell". The original complaint was May 17, 2022. JaCody Cassell by and through his lawyer Eric Ferguson had prejudiced Aaron Ziglar into dismissing complaint without resolution. They lied two times to the dispute Resolution Unit, lied two times to Aaron Ziglar. Lied about doing no estimate and lying about no work done for Roberta Hill. This may be fraud since they claimed to have never done any work for Roberta Hill. They lied to have a valid complaint dismissed. Instead of simply claiming not to remember, he claimed to have no records and done no work at all. \$300 for paid by check signed by "cassell" of The Chimney Sweep. That payment was reportedly for nothing since Mr. Cassell is denying ever doing any work for which the \$300 was paid. That is fraud, he has defrauded the Attorney General by such false claims. He didn't have to respond, it was voluntary. Cassell lied to Aaron Ziglar, lied to the dispute Resolution Unit. They have engaged in fraud or deception or both. See the attached evidence brief and exhibits 1-3: "OAG_Consumer_Complaint August 16, 2022 brief(1) w_evidence.pdf". The check record, a photocopy, signed by the business owner or manager, Mr. JaCody Cassell or James Cassell. Phone records, all proving cumulatively that this business has lied to dismiss a complaint and has lied to refuse to correct their own human error. They have lied to try to win. They have defamed Brian David Hill, they have victimized my son, they lied to get out of accepting responsibility for their human error of almost killing Brian Hill and Roberta Hill with the carbon monoxide gas by blocking the chimney flues of chimney. They are refusing to accept responsibility for their mistakes, they are not worthy of being licensed as a business.
