To Whom It concerns,

My son Brian D. Hill wanted me to email you his letter for Stewart Rhode's attorneys. He wanted to write this letter before the jury may or may not convict Elmer Stewart Rhodes of his charged crimes in federal court.

Stewart Rhodes used to be involved with my son in 2012 in fighting the NDAA 2012 law when he ran an alternative media organization. So, this letter is relevant and is important to review over after the jury verdict. It is not case critical. It does not need to be read during his jury trial. You can give him a printout of this letter after the verdict. That is what my son wishes.

Thanks,
Roberta Hill
