My friend TheStarChild2009 has been hacked today by the Tesla live stream hack. All her videos are gone. Please email her yahoo email which is her account email. Please recover it as it was hacked today. Please restore her account. Thank you.

She used a yahoo email for her account. You can verify her cell phone number before her account was hacked into today. Please contact her and restore her account. She worked hard for her channel. Has many important videos since 2009.

Google can tell it was hacked as the hacker forgot to change the profile picture showing a woman in the photo. That is Roberta and that is her account which was hacked. This can be recovered since it is recent as of today.

I have evidence for the Admins and Google Security. I have evidence from Roberta that her email received a copyright infringement notice, she clicked on the link and it stole her password, then locked her YouTube account with two factor authentication, changed her old password, and changed her email to9669382261awdqwd@gmail.com. Deleted all of her videos.

She had this account for 13 years I believe. She wanted me to bring this to your attention. Many are upset that her account was hacked, just like that, and then her videos, gone.

I have the evidence, the metadata of the email was uploaded here in raw email format. The admins can ask for the raw data and copy of the eml file.

We have the emails from rbhill67. It was hacked 11:01 last night, or at least that was when the email had changed.

She wants the email changed back to what it was before it was hacked. She has the evidence emails, she has the proof of how her account got hacked, she has downloaded the hacked pdf files, and so the security IT people can ask for a copy of the virus pdf files in a archive or some way of transferring the evidence to you. We have the evidence.

Please restore her deleted YouTube videos over the last 13 years or at least give her a backup of her YouTube account. Please call her or contact her.

Here is the evidence. You can conduct an investigation and I beg of you to restore her account back to before it was hacked. She had hundreds of videos, over 11,000 subscribers. This makes her not want to use YouTube anymore, and many of her supporters feel like walking away from YouTube and never going back there. Please fix this as soon as possible. Please call her, you have her cell phone number. You can Direct Message me and I will give you her phone number or you can check her verified phone number in her YouTube account before it was hacked. Just please contact her and ask her about how her account got hacked.
