Tammy Pearson <tpearson@ci.martinsville.va.us> of Martinsville City Council,

I have evidence as well as many people that Martinsville former police chief G. Eddie Cassady committed obstruction of justice and contempt of court multiple times. He unlawfully destroyed evidence subject to a federal investigation in 2018. It is being filed in federal court according to records uploaded on the Justice for Brian Hill blog from Brian's family members. **The city has to think about what to do when a former police chief commits a very serious crime here. Crimes of cover up and destruction of evidence. Destroying ordered lab tests as well. Crimes after crimes after crimes by somebody in top position.** Once it is in the federal court system. It will be uploaded to courtlistener by anybody with access to PACER where anybody can look up this former police chief and find this evidence. Anybody can find it. Anybody from courtlistener can search it up within the fed court records. Evidence is in, Cassady your former police chief obstructed justice to convict an innocent autistic man, autism spectrum disorder. Oh Boy your city violated the Americans with DISABILITIES ACT law, and committed obstruction of justice and violation of the civil rights act. Bet Mr. former ATTORNEY Monday wanted that covered up as fast as he could. This is going to have to go to the FBI and DOJ here. I cannot commit misprision of a felony by not reporting this, what Cassady had done.

18 U.S. Code § 1519 is violated here. Research the law. Anytime there is an investigation from the United States, evidence destruction is unlawful when it impedes, obstructs, or influences a federal investigation.

Here is the evidence being emailed to you and is being filed in federal court today according to the tracking information.

Time for the city to figure out what is the appropriate step to deal with these crimes of destroying evidence favorable to corrupt Commonwealth lawyer Glen A. Hole I mean Andy Hall. The big tall ugly guy lawyer who could care less what laws he violates along with Cassady. Two birds of a feather should sit in JAIL together.

Evidence attachments in email:	Brief summary:
2.Brian Hill FOIA Request.pdf	FOIA request summary letter proves evidence of body-camera footage was destroyed on April 9, 2019, despite court orders and letters to Eddie Cassady.
E9-Pages from Motion-Circuit-Court-Jan-20-2022.pdf	Handwritten letter to Eddie Cassady. Was mailed two times from mailing logs which are going into federal court records TODAY. A nice little bird told me it will be delivered today to the deputy clerks in federal court.
E4-Pages from E4-Photocopy of typed letter and original letter.pdf	Return receipt and certified mail of letter to police chief Eddie Cassady.

E10-court-orders-support-foia.pdf

orders of the general district court and circuit court for city of Martinsville. Proves court orders were ignored and evidence deleted and not marked as evidence in response to court orders. COURT ORDERS dated February 6, 2019 and November 28, 2019 were ignored and evidence deleted on April 9, 2019. Nothing illegal to see here, right??? Move along??? Lol this is very cartoonish how this happened

Laws were violated here. It is time for investigations and time for people to be interviewed in this whole scandal.

The QANONS are watching Brian's cases since Brian filed the blackmail scheme case involving Chief Justice John Roberts. <https://8kun.top/qresearch/res/18104442.html#q18104921>

Not a Brunson Update, a very weird case at SC

This case is Ally of Qanon and Lin Wood as atty, with 17 pages request to recuse SC John Robert, due to blackmail
