Friends of Les Adams,

Please make sure that Les Adams receives the foregoing forwarded email as I do not know if he is receiving this letter from Brian Hill. My son who is asking for inquiry, investigation, and possibly impeachment of two individuals who are violating laws and/or malfeasance. Seven (7) Attachments of evidence which proves laws were violated and evidence was illegally destroyed. Two government officials who have broken laws may need to be impeached or **anarchy could happen in the city of Martinsville or it is already happening which is lawlessness** as the U.S. Supreme Court had said in *Olmstead v. United States*, 277 U.S. 438; <https://casetext.com/case/olmstead-v-united-states-green-v-same-innis-v-same>. Anarchy such as evidence can destroyed in every case prosecuted by Commonwealth's Attorney Glen Andrew Hall, even in contradiction of police department's own policy. Then after he is caught violating court orders as a contemnor, he is allowed to get away with violating court orders and illegally destroying evidence during a federal investigation. **If Mr. Andy Hall doesn't get punished, then in every past case, and every future case prosecuted by Glen Andrew Hall can have evidence destruction, obstruction of justice, court orders can be not complied with**, and laws can be freely violated. We must have laws, without laws we have anarchy. Destroying evidence makes the Commonwealth Attorney a "lawbreaker" to secure a conviction against an innocent man by use of fraud and deception. Committing crimes to convict the innocent.

Olmstead v. United States, 277 U.S. 438, 483 (1928) ("And if this Court should permit the Government, by means of its officers' crimes, to effect its purpose of punishing the defendants, there would seem to be present all the elements of a ratification. If so, the Government itself would become a lawbreaker.")

Olmstead v. United States, 277 U.S. 438, 485 (1928) ("Decency, security and liberty alike demand that government officials shall be subjected to the same rules of conduct that are commands to the citizen. In a government of laws, existence of the government will be imperilled if it fails to observe the law scrupulously. Our Government is the potent, the omnipresent teacher. For good or for ill, it teaches the whole people by its example. Crime is contagious. If the Government becomes a lawbreaker, it breeds contempt for law; it invites every man to become a law unto himself; it invites anarchy. To declare that in the administration of the criminal law the end justifies the means — to declare that the Government may commit crimes in order to secure the conviction of a private criminal — would bring terrible retribution. Against that pernicious doctrine this Court should resolutely set its face.")

Please make sure that Virginia Delegate Leslie R. (Les) Adams receives Brian's letter. As his mother I do believe there needs to be an investigation into this matter as Glen Andrew Hall has violated laws here. We have proof of this and this evidence of Glen Andrew Hall violating the law and committing obstruction of justice is in federal court records at courtlistener.com as well. **Who will prosecute and indict Glen Andrew Hall for violating laws??? He will not prosecute himself and he will not turn himself into jail for committing crimes. So who will prosecute the Commonwealth Attorney for committing crimes???**

Thanks,
Roberta
