Secretary of the Commonwealth,

My son Brian David Hill wanted me to send you his emergency request declaration under penalty of perjury and the evidence/case files in support of his emergency request. Brian is providing under penalty of perjury the justification needed for an absolute pardon. It can be reviewed in filename: "Emergency-Request-March19-2023.pdf". This is in support of the application submitted on February 21, 2023.

Files:

2. Staff Directory • Martinsville, VA • CivicEngage.pdf: Accidentally omitted from EXHIBIT 5 Declaration. 2-pages evidence/proof.

Case files from the Trial Court provided by Court of Appeals of Virginia, the link will expire at some point.

Note: As to the sealed case files, the Secretary of the Commonwealth should avoid reviewing those until requesting access to the sealed records by filing a request with the Circuit Court. Those sealed records can be avoided and the clemency staff can download the public case files instead.

[REDACTED]

[REDACTED] it may cost money for the clemency staff to receive the case files, they should have free access to them so that they can investigate and determine if a Absolute Pardon is warranted here.

Thanks,
Roberta Hill
